BOY SCOUTS, MAYBE

Billy Wilson Goes Sleuthing and Gets Some "Information"

Billy Wilson, who works in the sheriff's office with Mr. Hackett, went down into the Oak Grove district recently looking for "daylight robbers." Near the river the sheriff found a camp of boys, and in the camp were a number of U. S. army blankets.

"Where did you get those blankets," Mr. Wilson asked the boys. He knew that U. S. army blankets lon't usually lie around loose.

"Aw, we're boy scouts, and the blankets were issued to us along with the rest of our kit," replied one of the youths.

Mr. Wilson, who works in the sheriff's office with Mr. Hackett, didn't know much about boy scouts, but he thought that perhaps they had army blankets. When he got back to the county seat he asked one of the national guardsmen about it, and the militiaman told him that boy scouts were not usually equipped with army paraphranalia.

"But the armory here in Oregon City was robbed some months ago and a number of army blankets taken," added the guardsman.

Now Mr. Wilson is wondering if possibly the boys lied to him.

The Joy of Health

IT is no longer a question of "how to GET well," but rather "how to KEEP well." The world is coming to recognize the fact that disease comes as a result of either a violation of Nature's laws, or as a result of an interference with Nature's way to keep the body in perfect health. That is why thousands of sufferers are turning to

Chiropractic Adjustment.

Through this new science thousands of suffering beings have been put in line with Nature's own sure method of healing and are loud in their praises of its benefits.

The Chiropractor has discovered that many of the diseases which the flesh is "heir" to are the result of interruption of the nerve force, due to pressure of bone on nerve. He adjusts the pressure, freeing the impinged nerve, thus allowing free and unobstructed nerve energy (Nature) to restore Health.

If we Chiropractors can do what we claim, isn't it worth a few moments of your time to investigate and get a free analysis?
