

MILWAUKIE & NORTHERN CLACKAMAS

PAVEMENT CONNECTS WITH LAKE HIGHWAY

The paving of Main street has been completed and makes a connecting link between the Highway and Lake Road. One block of Monroe street was also paved.

NEW SUPERINTENDENT OF SCHOOLS ARRIVES

Professor Wakefield, the new superintendent of schools, has arrived and taken charge of school work at the high school building. Mr. Wakefield will move his family from Salem as soon as he can get a suitable house.

McNICHOL'S DEATH SADDENS.

The news of the murder of Duncan McNichols at his farm home near Harmony came as a shock to his many friends here. Mr. McNichols was well known and well respected in Milwaukie.

FIREWORKS SALE BRISK.

The merchants are doing a rushing business in fireworks this week and young America is rejoicing that one place is left where fireworks for the proper celebration of the 4th can be bought.

MILWAUKIE HOTEL LEASED.

D. A. Heathman and family left for Seattle the last of the week. Mr. Heathman sold his lease on the Milwaukie hotel to Mrs. Thomas a couple of weeks ago.

MILWAUKIE LOCALS.

Miss Annie J. Young is home for the summer vacation. Miss Young just finished a very successful year's work in Coos County and will return in September to take a position in one of the large schools there.

C. A. Lakin is making extensive improvements to his house on Front street.

Mrs. Rinehart's new bungalow on Oak street is nearly finished and is quite an improvement to that street.

Mrs. Al Thomas, who has been quite ill for the past ten days, has recovered so as to be able to set up to-day.

Frank M. Barrett of Portland, was a Milwaukie visitor Tuesday looking after insurance business.

L. W. Prasier returned last week from a three months visit with relatives in Ohio.

SECRETARY LANE SUBMITS FIGURES ON RECLAMATION

WASHINGTON, June 27.—In figures submitted to the irrigation committee of the senate, Secretary Lane has estimated the amount of work needed to complete each of the existing reclamation projects, and the length of time in which it may be done, if funds are provided as needed. This exhibit is made in connection with the effort Senator Jones of Washington is making, with the backing of Chairman McNary of the irrigation committee, and Secretary Lane, to secure \$50,000,000 at once for the speedy prosecution of work on existing projects. During the war this work was slowed up in several states, and has not yet been speeded up as before hostilities.

Secretary Lane indicates that the work remaining to be done on the Umatilla project in Oregon is the completion of laterals, estimated to cost \$350,000 beyond the expenditures of the fiscal year now closing. It is estimated that one year would be required to complete the work if construction is hurried.

Three years is considered necessary for completion of the Klamath project, but much depends upon the rate with which the waters of Tulare lake are lowered. The work there is for completion of the canal system and drainage, estimated to cost \$2,700,000 after the present year.

The Jones amendment, if carried, will mean full speed for existing projects and for new units of such projects. Preference in employment is provided for discharged soldiers, sailors and marines.

U. S. SOLDIERS ARE KILLED BY RUSSIAN REDS

WASHINGTON, June 26.—One officer and three men of the American expedition in Siberia were killed and two men wounded when they went to the assistance of five of their comrades captured by anti-Kolchak forces, June 22. Major General William Graves died of the war department today. All killed and wounded were members of the Thirty-first infantry, a regular army unit.

The men killed were Second Lieutenant Albert Francis Ward, Corporal Jesse M. Reed, Privates D. P. Craig and Charles L. Flake.

The wounded are Corporal George A. Jensen and Private Clarence G. Crail.

The extent of the injuries of the wounded men has not been reported.

President's Granddaughter, Who Had Extra Candle on Her Birthday Cake "To Gro On"

If you happen to be only four years old and your mother bakes a birthday cake on puts five instead of four candles on it, what can be the reason? Miss Eleanor McAdoo can tell you. The little daughter of the former secretary of the treasury and granddaughter of President Wilson says, "You need one to grow on." She is seen here waiting impatiently to cut her birthday cake.

JAPANESE RESPONSIBLE FOR RUSSIAN TROUBLE CLAIMS LIEUTENANT

CENTRALIA, Wash., June 26.—That the Siberian expedition has more trouble with the Japanese than with the Bolsheviks is the assertion of Lieutenant Warren O. Grimm, a Centralia attorney and former University of Washington athlete, who recently returned from seven months' service in Siberia with the American expeditionary forces.

"We killed more Japanese than we did Bolsheviks," he said, "and more Americans were killed by the Japanese than by the Bolsheviks. The relations between the two armies were strained at all times."

Lieutenant Grimm said that there are at the present time 17 different governments in Siberia, with Admiral Kolchak at the head of the Siberian government, which has the greatest following. The others have for their heads old Russian generals and colonels, he said, who have rounded up some of their former soldiers and published proclamations of their authority and power. The country, he said, is disrupted and torn by jealousy and strife. Ninety per cent of all Siberians, he asserted, can neither read nor write. The majority, he said, resented the arrival of the Americans, the exceptions being friends of the former czar.

Siberia is a land of many opportunities, according to the officer and, when the proper time arrives, there will be many fortunes taken out of the country.

REQUEST THAT OLCOTT INVESTIGATE BABY HOME IS REFUSED

SALEM, Or., June 26.—Because the Oregon child welfare commission is created anew by the 1919 legislature is clothed with authority to investigate institutions having to do with children, Governor Olcott has advised Mayor Baker of Portland that the executive office is without authority to cause a probe into conditions at the Waverly home by a specially appointed commission. An epidemic at the Waverly home recently caused the death of more than a dozen children.

CROWN PRINCE SAYS ANOTHER WAR IS COMING

LONDON, June 27.—"After peace is signed, I will return to Germany to live on my estates in Silesia and perform my duties as a land owner," said the former German crown prince in an interview last week at Wieringen, according to a Brussels dispatch to the Daily Mirror.

The prince is also quoted as declaring that "East Prussia and Silesia will never consent to be governed by Poland. There will be another war in 10 years."

Decorated for Turning Out Locomotives That Got Our Boys to the Front in Time

Assistant Secretary of War Cromwell recently pinned a Distinguished Service Medal on Samuel Mathews Vauclain. Mr. Vauclain did not do any valorous deed at the front, but he did a lot to help beat the huns. As president of the Baldwin Locomotive Company he speeded up work and provided the necessary engines to take the doughboys and their supplies to the front. Then he helped very much in producing a mobile battery that silenced the big Krupp guns.

LICENSED TO WED

Marriage licenses were issued Friday to Florence A. Strongren, 20, and Charles N. Harlow, 26, both of Oregon City, and Cora E. Wilmet, 41, and Orin C. Davidson, 38, both of Oswego.

ACTION ON SELLING OF BEER YET UNDECIDED

WASHINGTON, June 30.—The department of justice will take no action, pending decision in the present litigation, against persons manufacturing or selling beer and wines containing 2 1/2 per cent or less alcoholic content. This announcement was made tonight by Attorney-General Palmer.

The attorney-general's statement said: "After today it will be unlawful to sell for beverage purposes any distilled spirit and any beer, wine or other intoxicating malt or vinous liquor, except for export. This prohibition will continue under the terms of the law 'until the conclusion of the present war and thereafter until the termination of demobilization.' As long as the law thus remains in force, it must be obeyed and I intend that the department of justice shall do its utmost to perform the duty which the congress has placed upon it."

CONCILIATION BOARD STILL INVESTIGATES TELEPHONE STRIKE

PORTLAND, July 2.—Though its preliminary investigations of the telephone operators' and electrical workers' strike, instituted at the hearing this afternoon at Central library hall, led the state board of conciliation into a blind alley of conflicting authority, members of the board are as one in asserting that they will continue the inquiry, if for no other purpose than to flood the local situation with light and definitely place the blame for the interruption of the city's telephone service.

Called to order by Chairman W. F. Woodward, with his conferees, J. K. Flynn and Otto Hartwig, the board of conciliation, through the testimony of union and company officials, received the positive information that neither the strikers nor their local employers are empowered to treat with the board in any mediation movement, though the investigation itself is welcomed.

PRESIDENT IS UNABLE TO LIFT BOOZE BAN

WASHINGTON, June 28.—President Wilson has decided he cannot legally lift the wartime prohibition ban before the country goes dry at midnight Monday, but he expects to do so as soon thereafter as his power has been cleared by the completion of demobilization.

In a cablegram made public tonight at the White House the president said he was convinced after consultation with his legal advisers that he had no authority to act at this time.

"When demobilization is terminated," he continued, "my power to act without congressional action will be exercised."

The message expressed no opinion as to the authority of the president, when he raises the ban, to make his action applicable only to beer and wine.

CHAIRMAN HAYS SAYS REPUBLICAN PARTY NOT AGAINST LEAGUE

WASHINGTON, June 27.—It is important that the American people should not get the idea that the Republican party is opposing the League of Nations, Republican National Chairman Will H. Hays declared in a statement Thursday after he had discussed the status of the league controversy in the senate with a number of Republican senators at the capitol.

"We are doing nothing of the sort," Hays said. "We are only seeking a basis for united and conservative action with respect to certain amendments or reservations, such as those proposed by Mr. Root, which would, in our judgment, make the league covenant more acceptable to the senate and the country."

ADMIT INDEBTEDNESS

J. R. Maroney and J. R. Coalman, partners in business, filed a confession of judgment without action Saturday, admitting that they were indebted to D. C. Latourette for a note given by them April 14, 1919.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
F. J. CHENEY & CO., Toledo, Ohio.

Hall's Family Pills for constipation.

General Who Ordered U. S. Troops Into Mexico

Within ten minutes after Brigadier-General James B. Erwin had issued orders for United States troops to cross the border into Mexico a force of 3,600 men was on Mexican soil. He acted after a woman had been killed and several persons had been wounded by bullets during fighting between the Villa and Carranza forces at Juarez. The American troops routed the Villistas after a short encounter.

You can't cover blackheads, pimples, red spots on the face with powder; they're bound to be seen—don't worry or spoil your temper, take Hollister's Rocky Mountain Tea each week—twice banish them thru the blood, the only sure way. 35c. Huntley Drug Co.—Adv.

SECRETARY DANIELS TO INSPECT COAST FOR NAVAL BASE SITES

WASHINGTON, June 27.—Commandants of navy yards and stations on the Pacific coast were directed today by Secretary Daniels to make surveys of their stations so as to be ready when he reaches the west coast to submit recommendations for extensions and improvements necessary to care for the new Pacific fleet. The secretary expects to arrive early in August with his fleet, which will leave Hampton Roads between July 15 and 20.

Secretary Daniels will inspect the naval facilities in the Panama Canal Zone while en route. He will spend about two weeks visiting the navy yards and stations at San Diego, San Francisco, Puget sound and other points and will submit his recommendations to congress after his return.

Naval officers said today one of the most pressing needs is a drydock at San Francisco capable of accommodating the largest warships. Such a basin has been constructed by a private concern under a guarantee of a certain amount of naval revenue each year. Mr. Daniels will inspect this dock and also will confer with naval officers on the subject of the contemplated new navy yard at San Francisco. This yard was in prospect when the war put a stop to all except the most urgent construction work.

Saloon Men Are To Test Laws

ST. LOUIS, June 30.—With reservations at cafes, clubs and saloons indicating the greatest celebration in the long history of wet St. Louis, wartime prohibition will become effective here at midnight tonight. Saloonkeepers affiliated with the St. Louis Retail Liquor Dealers' association have announced their intention to disregard wartime prohibition in an effort to test its enforcement.

Ill for Years, Open Air Made Him 100 Per Cent. West Point Candidate

"Open air did it," says George A. Saxton of Dorchester, Mass., who in his examination for admission to West Point was found 100 per cent perfect physically and mentally. Although up to five years ago he was almost constantly ill, he now weighs 210 pounds. He stands six feet one and a half inches.

STRIKE ENDED

NEW YORK, July 2.—The strike of the Western Union and Postal Telegraph companies was declared off this afternoon, it was announced.

COLLECTION OF VITAL STATISTICS ASKED BY LABOR DEPARTMENT

WASHINGTON, D. C., June 28.—With only 20 states collecting complete vital statistics, labor department and census officials plan to ask the present congress for national machinery to record such facts, particularly births and deaths.

The war has shown the great need of complete national statistics along this line, officials say, and in this respect the United States is far behind European countries.

The greatest present need is the complete registration of births, as most states now make registration of all deaths compulsory. The only national registration of births is through the bureau of the census, which accepts the state figures in states where at least 90 per cent of the births are recorded. Less than 20 states and the District of Columbia come under this classification.

During the war officials often asked for statistics of this sort, but few were available. Complete birth records in years past would have made possible the detection of several thousand slackers, who being near the age limits escaped service by false statements as to their ages, it is stated by the provost marshal general's office. Others were unable to prove citizenship through the incomplete records.

Meanwhile the children's bureau of the department of labor is urging that the present state registration machinery be made more effective. Cities also are being urged to keep complete records and birth registration cards are now being sent out.

PROBATE COURT

L. W. Davies filed Wednesday for letters of administration in the estate of the late Frank O. Boden, who died here June 18, 1919. The estate consists of real and personal property valued at \$1,500.
