KENT MOODY RETURNS AFTER LONG SERVICE WITH MOTOR SECTION

Kent Moody, first sergeant of Motor Transport Section, Third Army Corps, who has been in the service for over two years, in France and Germany 11 months of this time, returned July 4.

Sergeant Moody spent the Fourth this year much differently than that of last year. Kent was greeted by his many friends, who are glad to welcome him home again.

Sergeant Moody left here with the 162nd Infantry, being with the headquarters company. After his arrival over seas he was transferred to the Motor transport section.

Sergeant Moody served in some of the big battles. These were Champagne-Marne, Aisne-Marne, Oise-Marne, and Meuse-Argonne. He was in the army of occupation for six months, and was among the first American soldiers to go into Germany, an event he will not soon forget.

After arriving in the United States Sergeant Moody visited his grandfather, H. H. Moody, whose home is in northern New York, where he had a most enjoyable visit, but did not appreciate the warm weather of the East, and was glad to be back in the Webfoot country, where the nights are cool.

Moody is the only son of Mrs. H. S. Moody, of this city, who went to Portland to meet her son, and with other relatives and friends, the young man was given a most cordial homecoming. Kent will soon resume his position with the Miller-Parker Company.

MOLALLA PUBLISHER WORKS PASSAGE HOME FROM SUNNY FRANCE

Gordon Taylor, editor of the Molalla Pioneer, who has been overseas for past year working in the interests of the Y. M. C. A. and delivering his lecture on "Dad" in France, Germany and England, has returned to the United States and is expected to arrive in Portland Wednesday of this week.

Fearing transportation would not be allowed the warworkers in France to the United States, Mr. Taylor shipped as a seaman to the United States on an oil tanker, and upon his arrival in New York had well earned his way over-sea, and will be glad to be back at his old desk in his printing office at Molalla.

REV. E. E. GILBERT AND COMPANION FALL IN COLD CLACKAMAS

Dodge Park was the destination of a jolly party leaving Oregon City Friday morning, where July 4th was observed. Before returning to Oregon City in the evening, Bull Run was visited.

Several of the party, including Rev. E. E. Gilbert and Mr. Satterly, had some exciting experiences while on this trip. They decided to wade in the beautiful Clackamas river, and not appreciating the fact that the river was deep where they had planned their "tootsie wootsie," and the rocks slippery, they both took "headers" to the bottom of the river, getting a shower bath they had not expected. Rev. Gilbert was game and suggested they climb onto one of the big dry and warm rocks where they could sit and dry their clothing. Even the rock was shaken from its foundation, as these two men were shivering from the cold. They both stayed with the rocks until their clothing was dry, and were soon ready to join other members of the party in the day's events.

Luncheon and supper were enjoyed by the banks of the Clackamas river in the beautiful grove that is arranged for campers.

Those composing the party were Mr. and Mrs. C. I. Stafford, Miss Dorothy Stafford, Rev. and Mrs. E. E. Gilbert, daughter, Miss Ida, and son, Wendall, Mr. and Mrs. Burr Tatro and little daughter, Margaret, Mr. and Mrs. Satterly, Miss Neva Satterly, Mrs. Minnie Michels, of Maple Lane.

M'GRATH CONFESSION OF JUDGMENT IS NOT RIGHT TO SCHUEBEL

T. J. McGrath, acting as president of the pulp, sulphite and paper mill workers' union, filed a confession of judgment in the Justice Court Monday in the suit of W. E. Carver against both unions.

Attorney C. Schuebel, appearing for the defendants, obtained a judgment upon the pleadings in the case against the papermakers' local, and contends that Martin Sumner is the legal president of the union of which McGrath claims to be the head. Schuebel is therefore unwilling to accept the confession of judgment on the part of McGrath, and proposes to argue the matter before the court.

McGrath is working on a plan to raise money among individual members of the union to pay the claim of Carver, who brought suit for the value of a pool table at the union headquarters.

New York All Right, but Not the Old New York He Knew, Says "Boss" Croker

Richard Croker

New York may be all right but it isn't what it used to be. This is the opinion expressed by Richard (Boss) Croker, who recently left the New York he ruled some years ago to return to Ireland and look after his racing stables. This photograph was taken as he stood on the deck of the Carmania saying good bye to several of his old Tammany cronies.

Hunting the Cows.—It is told among the boys of the town that a certain young man of this city determined to make an evening call on a fair damsel on the hill. He had just entered the gate and was marching boldly for the front door when the young lady's father confronted him. This "dashed" the young man and after saying "good evening" he managed to stammer out "Have you seen anything of a little spotted cow?" He is said to hate the sight of a spotted cow since the above occurrence.

GEORGE V. ELY WELL KNOWN GROCER HAS ATTACK OF SMALLPOX

Among the new cases of smallpox reported during the past few days to City Health Officer Norris is George V. Ely, well known grocer. Mr. Ely's youngest daughter, Eloise, has the disease, and is now recovering, but Mr. Ely was quarantined from her since she was taken ill. The grocery store has been closed until Mr. Ely's recovery, which will be in about three weeks.

Dr. Norris has been very strict regarding the cases of smallpox that have been reported to him, and the patients and members of the families where the disease has appeared are kept under a careful watch to prevent further spread of the disease. Only by co-operation of the people and the physicians is there a chance to keep the disease from spreading. In several cases families have been afflicted with the smallpox in this city, and where a physician has not been summoned. There are several cases thus reported to Dr. Norris, and he has visited these homes to find the disease, and has placed a strict quarantine on the families.

Very few cases have been of a critical nature, except two or three.

A number of cases have been reported to the county health officer, Dr. Orel Welsh, where they have appeared outside of the city.

GARY MOTOR TRUCKS WIN IN ROAD WORK COMPETITION

GARY 3 1/2 TON TRUCKS

Three Gary 3 1/2-ton Trucks, purchased by Kay County, Oklahoma, for public road work—after a competitive test with five other leading makes of trucks.

We now have twenty trucks on the way like those shown above, all equipped with 3 1/2 yard steel lined bodies, with Hydraulic Hoist, that we are bringing in for road construction work. These will be sold under the factory's absolute guarantee for the full period of one year.

GARY steel products lead the world. GARY Trucks are in the same class. Don't chance an unknown quality.

REPORT OF W. C. NORRIS CO.

Here is the report of the W. C. Norris Motor Sales Company, of Tulsa, Oklahoma, on the three trucks shown above, and covering their experience with motor trucks in general and GARY Trucks in particular.

"We have just closed the deal with the County Commissioners of Kay County for three GARY 3 1/2-ton trucks. We competed with five other makes, and outperformed them all. The performance of the trucks we frankly state is marvelous. The "H" and "HU," 2 and 2 1/2-ton models with four speed transmission outpull, overpower and outclass everything in their rated capacity; while the 3 1/2-ton is even greater in pulling power and load carrying capacity. We consider your worm drive, semi-floating Sheldon Axle as the only safe and sure form of construction for hard usage and to withstand the strain and abuse to which a truck is subjected in the oil fields and kindred lines of work. Our observation, experience and knowledge of actual results in meeting oil field requirements, with heavy loads and no roads, convinces us that GARY TRUCKS can be relied upon in every instance and will deliver a long life of service at a nominal upkeep and low cost of operation. We are for the GARY TRUCKS strong and shall concentrate our future efforts exclusively on the GARY line.

R. C. NORRIS MOTOR SALES CO.
(Signed) N. D. Southerland, Gen. Mgr.

Note: The W. C. Norris Motor Sales Company are a million dollar concern, and one of the largest in Oklahoma. After several years' experience with other lines of trucks, they have dropped them all and rely exclusively on GARY Trucks for heavy duty oil field work and for all purpose usage.

There is a Gary Truck for every purpose, one to five-ton sizes. All of the highest quality of design and construction. Certainty of Service is our slogan, and as WEST COAST FACTORY AGENCY we shall always be prepared to supply any duplicate part that may be required, and do any repair or service work necessary.

Citizenship

In the news columns of The Enterprise Tuesday there appeared the names of eleven men, who had just been presented with papers entitling them to full citizenship in the United States. They were natives of Germany, Austria, Canada, England, Scotland and Wales, and they were as fine a body of men as one would wish to see, when they lined up before Circuit Judge Campbell for patriotic instruction.

Citizenship in this country is something to be treasured. It was an impressive spectacle to see eleven men forever renounce allegiance to the several countries of their birth and to the rulers of those countries, to become actual citizens of this vast domain, where there is limitless liberty for all who are willing to uphold our great constitution and defend our flag.

We are at peace with the Central Powers, and a German or an Austrian, if he has committed no overt act against this country while we were at war, may be just as good a citizen and is entitled to as much respect and consideration from native-born Americans as a native of one or the other of our allied countries on the other side of the Atlantic.

Most of us will be slow to forget the horrors of the Great War, and will not be quick to forgive those countries who were responsible for so much of the devastation of Europe, but we cannot, in justice, visit these reflections upon the heads of those people who are our daily associates and who, during the months of bloody strife that ended with the armistice, respected the attitude of the United States and recognized our right to defend our international relations.

Let us then extend the hand of welcome to those who have cast away all foreign ties and become one of us for the honor and glory of our land.

Meissner Family Back From South

Dr. and Mrs. C. H. Meissner and son, William, who have been in California for the past two weeks, returned to Oregon City Friday. At Los Angeles Dr. and Mrs. Meissner were met by the former's sister, Miss Little Meissner, of Portland, who motored to California in her automobile, and the Meissners formed a party enjoying many automobile trips. They visited a number of summer resorts, making their headquarters at Los Angeles.

Before returning to Oregon City they visited Mr. and Mrs. Bothwell Avison, of San Francisco, the former a brother of Mrs. Meissner, and who resided in Oregon City before entering the service and who attended the University of Oregon.

Astoria District to Refuse all Releases

ASTORIA, Ore., July 7.—The Astoria school board has decided to enforce its contracts with teachers. No releases will be granted as in previous years, as the shortage of teachers this year makes it difficult to get good instructors during the summer. At the last meeting of the board, requests that resignations be accepted were turned down by the board. The policy was announced that all teachers who break their contracts will be prosecuted if necessary to secure justice for the board of education. According to the law, the state superintendent of public instruction may annul a teacher's certificate if a contract is broken. The board considers the contracts as binding on the teachers as on the board.

MRS. GEORGE DEBOK HAS GREAT SUCCESS IN POULTRY RAISING

Mrs. George DeBok, of Willamette, and daughter, Miss Ethel, business secretary of the Y. W. C. A., of Portland, left Tuesday evening for Yakut, Montana, where they are to be guests of Mrs. Lizzie Gillet, sister of Mrs. DeBok, and other relatives. While enroute home they will visit the Yellowstone Park, and after arriving in Washington will visit the Washington State College at Pullman, where Mrs. DeBok will visit the poultry department. Mrs. DeBok is a bird fancier, and is engaged in breeding pure blooded White Leghorns.

Mrs. DeBok has had much experience in the poultry business, having been engaged in this industry for the past 20 years, and keeps a record of the production of her hens each year. From January 1 to June 1 Mrs. DeBok's hens have produced 25,000 eggs, and a ready market has been found for these eggs at the highest price. She has 700 chickens, 450 of them being young chickens, and will be ready for laying about August 1. They will then be four months old. A large number of the older hens are now being sold by Mrs. DeBok, for which she receives \$1.50.

By visiting the poultry department of the Washington State College, and noting the contests that are being carried on, this Clackamas county woman wants to see if the Washington state chickens can do any better than those of Clackamas county, Oregon.

BOY OPENS LETTERS SENT TO FAMILY OF MANNING NEAR DOVER

George Clark, aged 11, is facing investigation by the postal authorities for opening letters addressed to members of the family of Clifford Manning, where the boy was staying. The Manning family live on a homestead in the Dover section. His mother, Mrs. Pluma Clark, is employed in a Portland department store, and has been divorced from her husband, who lives in Baltimore, Md. The lad is accused of abstracting two checks from letters and he hid one of them under a bridge but cannot remember what he did with the other. He was turned over to the care of Mrs. Minda Church, county juvenile officer.
