## CALHOUN JURY IS UNABLE TO AGREE

POLL SHOWS TEN JURORS ARE FOR ACQUITTAL.

### ONLY FIVE BALLOTS TAKEN

Will Rank With Historic Trials for Time Occupied—Estimated to Have Cost \$50,000.

San Francisco, June 21.—Terminating in a disagreement of the jury, with ten men determined on acquittal and two steadfastly resolved upon conviction, the trial of Patrick Calhoun, president of the United Railroads, came to an end at 12 o'clock Sunday. Five months and a week had elapsed since the wealthy streetcar magnate made his first appearance in court to answer to the charge of offering a bribe of \$1000 to a supervisor to obtain a privilege for his corporation, and a period of 24 hours had been consumed in fruitless deliberation.

Not until each juror had pronounced as hopeless the prospect of a verdict was the order for their liberation made by Judge Wm. P. Lawlor. Prosecution and defense gave assent to the discharge and the

proceeding ended within 15 minutes. But five ballots were taken, as it developed, and three of these were within the first few hours after deliberation had commenced. Upon the first vote the jury stood eight for acquittal and four for conviction. Two of the four joined the majority upon the second ballot.

The trial of Patrick Calhoun has been one of the longest and most sensational in Western history, being only surpassed by the Beecher-Tilton trial in New York. It required 180 days of actual court sessions to secure a jury, and in that time 2310 talesmen were summoned and 1423 interrogated. Empanelling of jurors began on January 12 and was completed on April 14. The trial is estimated to have cost \$50,000.

At the request of attorneys for Calhoun, one of the remaining indictments against him was set for trial next Monday, June 28.

### The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root if you do you will be disappointed.

On the right of the picture is the Alaska building, one of the Government group. In the center is the European Exhibits Palace. On the left is a facade of the Palace of Agriculture. The last two named are in the French renaissance and were completed before December 1, 1903. The Alaska building was completed April 15.
