Willamette Falls offer an unlimited source of waterpower for the development of electric power, and in the near future many new industries may be looked for to develop here. All of this gives a solid foundation for the statement that West Linn is on the verge of a rapid, and unprecedented development.

Ordinarily, the average city has reached its full growth before it perfects its school system, but the citizens of West Linn and Willamette realized that good schools do more for the rapid development of a community than any other factor, consequently they voted to secure an adequate system now.

The new high school building is arranged with a view to community service, a large auditorium with a commodious stage will allow of civic gatherings as well as being a social center. A well equipped, modern gymnasium will allow every student the opportunity of securing physical education in compliance with the new state law. The school grounds comprising six acres, will be laid off into playgrounds and athletic fields, for tennis, track, baseball and football. West Linn High School expects to make a good showing in athletic circles during the coming year.

VALLEY APPLE CROP FAR IN EXCESS OF ALL PREVIOUS MARKS

For the first time in Oregon history the Willamette valley this year will enter the apple shipping class, sending out, in addition to the fruit used in the valley, between 300 and 400 carloads, according to data collected by F. L. Kent, state field agent for the federal bureau of crop estimates.

The sensational increase, which appears almost beyond belief in the light of the few scattered cars sent out last year, is ascribed by Kent to the heavy acreage in all parts of the valley which is just coming into bearing. Last year only some four or five cars were sent out of the Monroe district, and a few cars out of the Sheridan district, in addition to the fruit raised for local consumption.

FEDERAL RAILROAD COMPANY SUGGESTED AS REAL SOLUTION

Washington, Aug. 27.—Railroad reorganization under a plan combining the most desirable features of both government and private ownership and operation was offered today as a solution

tion of the railroad problem by Judge George W. Anderson of the United States district court, Boston, a former member of the Interstate commerce commission, who appeared before the house interstate commerce committee.

Formation of a federal company with broad powers, including eminent domain, to take over existing transportation facilities, so as to provide a single national highway and carrier system, was advocated by Judge Anderson, who admitted his plan contained no element not already presented in essence, but was a combination of elements that is radically new.

Labor would, by the proposals of the witness, have a new status and responsibility, including profit sharing, but strikes would be illegal. Along with capital and the public, labor would have equal representation on the board of directors selected to manage the roads. Rates would be initiated on the service-at-cost principle by the federal company, subject to the approval of the interstate commerce commission; states would deal with purely local questions such as commutation rates, improvements and safety precautions.

Present owners of the carriers, by his plan, would be protected in that all valid and properly outstanding bonds would be assumed by the federal company and guaranteed by the government, and stockholders in regular dividend-paying companies would be permitted to exchange their holdings on a basis not exceeding the return during federal control, while others would have due process of law. Stockholders in the new company, Judge Anderson proposed, would have an incentive for efficiency, economy and progress by authorizing a dividend in excess of the standard one and pro-rata issues of new stock at par.

Public interests, he said, could be insured against undue capitalization by limiting a majority of capital in the new company to bonds, issued at the lowest available interest rate. Stock certificates on the federal company he proposed should contain provision that they might be taken over at any time by the government at par and the accrued standard dividend.

Government control of the railroads during the war was deferred by Judge Anderson, who asserted that under such control there was "less failure in the railroad business than in any other big industry" a statement which he said he recognized was "inconsistent with public sentiment."

Several representatives of railroads appearing before the committee urged that equipment purchased by the railroad administration at war prices be sold to the companies when the roads were returned at reduced prices.

In the senate a bill was introduced by Senator Lenroot, republican, Wisconsin, providing for unification of the railroads into one privately owned system with minimum earnings guaranteed and management shared by the security holders, public and employees.

Ever Get Bilious? Try This

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

NR Tonight—Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming on, instead of prodding your liver with dangerous calomel and lashing your bowels with strong irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gnawing pains or doubling stomachache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing. Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "dopey," want-to-crawl-down-hole feeling disappears, energy,

"pep" and appetite return and you find yourself entirely, completely relieved. There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day—more than five million boxes sold every year. If you've not already done so, get a 25c box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.
