

A Kodak Will Please

No wonder the Kodak takes pictures that charm by their very naturalness! It is so easy to work and so automatic that it does practically everything but select the view for you.

You carry it with you all the time—as you do your watch. And it gets into action so quickly that the picture is “snapped” when it happens—before the subjects fall into uninteresting, posey attitudes.

The Kodak fits every purpose, the opportunity and the purse. It also fits the needs of the beginner, the advanced amateur and the professional. It is the kodak for human interest pictures.

SECRETARY APPROVES 15 OREGON ROAD PROJECTS

District Forester George H. Cecil, Portland, Oregon, announces that approval has been given by the secretary of agriculture to cooperative road work in Oregon involving \$1,114,194, which is distributed to fifty projects. This amount is matched by the State, assisted in some instances by counties. Cooperation of this nature is warranted by the Stackerford Road Bill, which became an Act July 11, 1916, and which is the direct outgrowth of an effort by Chief Forester Graves and Secretary Houston to make the national forests contribute to road building enterprises pending the time when large timber sales from these forests will automatically help the county exchequers.

The projects on which cooperation is authorized by the Secretary are as follows: McKenzie Pass road, Mount Hood Loop road, Eugene-Florence road, Pendleton-La Grande road, Medford-Klamath Falls road, Ochoco Creek road, Canyonville-Galesville road, Reedsport-Coos Bay road, Little Nestucca road, John Day road, Florn Enterprise road, La Pine-Lakeview road, Pilot Rock-Prairie City road, Crescent-Klamath Falls road, Zigzag road.

The McKenzie Pass road is along the well known river of that name and connects eastern and western Oregon. It is about 44 miles in length. It is the first road across the E-90 mountains south of the Barlow road. It is a part of the main trans-state highway leading from Eugene to Bend, Mitchell, and thence up the John Day river, and on through to the Idaho line.

The Mount Hood Loop road will consist of entirely new construction, beginning near Government Camp and extending along the south-easterly base of Mount Hood to the upper Hood River valley, where it will connect with a county road leading to the Columbia highway. As the name implies, it is a loop between the old Barlow road and the Columbia highway. Its length is about 25 miles. It will give the residents of upper Hood River valley more direct access to the northern Willamette valley and will also give the Columbia River highway as a road of scenic beauty.

The Eugene-Florence road will give a suitable outlet from the northern part of the Willamette valley to the coast. It will serve farming, logging and tourist interests, and will also be of considerable military advantage. Its length is approximately 18 miles.

The Pendleton-La Grande road will connect two of the most populous and important farming sections of eastern Oregon. The road will also be a part of the main highway traveled by interstate tourists who wish to go through the northeastern part of Oregon rather than more directly across by the John Day highway and McKenzie Pass. Its length is about 15 miles.

The Medford-Klamath Falls road will make easy access between the points mentioned by way of Crater Lake. Its length is about 25 miles. A satisfactory road already exists within the national park and it is the desire of the state and county, assisted by the forest service, to make suitable connections with this road.

Ochoco Creek road is a part of the main trans-state highway, of which the McKenzie Pass and John Day roads are sections. Its length is about 13 miles.

Canyonville-Galesville road is the only national forest road in Oregon lying directly on the Pacific highway. It is in Douglas county and is about 8 miles in length. At present it is one of the worst sections in southern Oregon.

Reedsport-Coos Bay road is a 6-mile section lying in Coos county on the southerly extension of the Eugene-Florence road. It is a part of the coast highway.

Little Nestucca road, the location of which has not been determined, will serve as an outlet for the Willamette valley to the various coast resorts in Tillamook county. The length of this project is approximately 5 1/2 miles.

The John Day project, as the name implies, follows the John Day river in eastern Oregon and is a part of a main trans-state highway. It is believed that this road will be open for travel practically the whole year. Its length is about 20 miles.

The Florn-Enterprise road is about 12 miles in length and lies in Walla Walla county. It will connect the thriving districts of Enterprise and Florn. Considerable tonnage now passes over a steep and crooked mountain road.

La Pine-Lakeview road lies on the east side of the Cascade range and is a part of the main north-and-south highway of eastern Oregon. Its length is about five miles.

The Pilot Rock-Prairie City road will be an artery of travel connecting the populous Pendleton region with settlements along the John Day river and intervening points. It will be a direct route for travel to Bend and points westerly, or to points in Idaho without going over the high Blue Mountain range. Length, approximately 16 miles.

The Crescent-Klamath Falls road is a part of the main north-and-south highway east of the Cascade range. The length of this project is about 22 miles.

The lengths above given do not constitute the total lengths of the respective projects, but only approximately the mileage on which cooperation by the government is to be given. Owing to the fact that but few location surveys have been made, the scarcity of labor, and the shortness of the dry season, but little construction work can be done this year. However, location surveys and the letting contracts and other preliminaries necessary will be made for a vigorous construction program next year.

THE BEST TEST

IS THE Test of Time

Years ago this Oregon City resident told of good results from using Doan's Kidney Pills. Now Frank H. Busch, hardware and furniture dealer, of 11 Eleventh St., confirms the former statement—says there has been no return of the trouble. Can Oregon City people ask for more convincing testimony?

"I suffered from an acute attack of kidney and bladder trouble and got no relief until I used Doan's Kidney Pills," says Mr. Busch. "They stopped the trouble after I had taken two boxes and I have no sign of it now. (Statement given March, 1910).

A LASTING CURE

On April 17, 1916, Mr. Busch added: "I have been permanently cured of kidney trouble. Doan's Kidney Pills are entitled to all the credit."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Busch has twice publicly recommended. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

LOITERER ALLOWED TO GO

Man Who Lived in Grove Ordered Out of County

"I would have left there long ago if the 'bills' and residents had not hounded me," was the explanation given by Richard Griffin for making his abode in a grove near Milwaukee for the past several months. Griffin was arrested by Deputy Sheriff H. M. Chittwood Friday night and lodged in the city jail here after several complaints were made against the man. Griffin claims he is 32 years old and comes from Albany, N. Y., but that his relatives are dead. He was questioned by Sheriff W. J. Wilson and Chief of Police Lee French Saturday and allowed to go on his promise to leave the county.

RED CROSS WORKERS ACTIVE

More Helpers Can Be Used, Say Ladies of Organization

Members of the Red Cross society are busily engaged from two to five o'clock Monday, Tuesday, Thursday and Friday of each week making bandages and surgical dressings in the Masonic hall here and considerable valuable work has been accomplished under the direction of Mrs. Linn Jones, chairman, Mrs. James Carey, Mrs. E. Ormund and Mrs. J. N. Wilson, but more helpers could be accommodated, say the ladies and those who desire to assist may do so whether they are members or not of the Red Cross.

LAST MEETING OF CLUB

Woman's Club May Hold Meeting in McLoughlin Home in Fall

The last meeting of the season of the Women's Club was held in the Commercial club rooms Thursday afternoon. A feature of the meeting was the preparation of scrap books for the soldiers. The next meeting place for the club was discussed and the McLoughlin home was under consideration. Mrs. Rosina Evans and Mrs. Charles Caulfield were named on the committee to take up the matter with the McLoughlin association.

DULL AND SHARP SHOOTING PAINS

Michigan Lady Suffered Such Pains

In Back and Head, But Says

Cardui Stopped These

Bad Spells.

Palmyra, Mich.—Mrs. Chas. T. Fuller, of this place, writes: "In 1911 I got run-down, and I suffered great pain...with both dull and sharp shooting pains...also back and head. I was weak and could only drag around, and should have been in bed, for I really wasn't able to be up. At times I would have spells that would be so bad I'd have to go to bed, and suffered intensely. I decided to try Cardui, and saw a great improvement in less than a month's time. I used 7 or 8 bottles and was stronger...I got so much better that my strength returned and my work was easy for me. Cardui did me a world of good. It built me up in health and strength. I haven't had one of those bad spells since. I haven't had to take any more medicine since or have any doctors either and have been able to do my work right along...I recommend it to other women highly as the best medicine I know of for women who suffer from female trouble."

If you suffer from female troubles, follow this advice. Get a bottle of Cardui today and give it a thorough trial. It should help you, as it has helped thousands of other women in the past 40 years. At all druggists.

Citizens of Kelso are proud of the record made by their community in the recent drive for Red Cross funds. Over \$100 was collected by the solicitors in the district. Of this amount \$92.70 was contributed in Kelso and \$12.25 was collected at Sandy Ridge. Mrs. C. Timmerman, Mrs. Robert Jonsrud, Miss Angela Canning and Albert Jonsrud were the collectors.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take, its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Makes Clubbing Arrangement With

The Oregon Farmer

Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with **THE OREGON FARMER** whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to **THE OREGON FARMER**, will be entitled to receive **THE OREGON FARMER** in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
