SAXON "SIX"

Price \$1025.00 Oregon City

A Wonderful Performing Car

If you were buying a car today, could you afford to overlook a car like the SAXON "SIX"? A wonderful performing car—one that you will take pride in owning.

The answer to the performance power of Saxon "Six" is located in the motor—the famous Saxon "Six" high-speed motor. In high gear work, in pulling power, in smoothness and flexibility, Saxon "Six" gives a performance that seems incredible in a car of its price class.

We have compared Saxon "Six" with other cars in its price class of fewer cylinders. Under the same working conditions Saxon "Six" showed just 98% greater continuity—greater smoothness—and greater uniformity of torque.

In the last analysis engineers' tests are the only basis for comparison. These tests are made under equal condition and under the impartial, unprejudiced inspection of disinterested engineers. These tests, which we have made, prove to us conclusively:

- that vibration is the fiercest foe a motor car has to face.
- that the amount of vibration is inversely proportionate to the number of power impulses in the motor.
- that Saxon "Six" has approximately 98% more power impulses per minute than the "less than six" motor, which gives it 98% greater continuity—greater smoothness.
- that Saxon "Six" motor gives 22% faster pickup than the "less than six" motor.
- that Saxon "Six" has greater pulling power than the "less than six" motor in its price class.

DO YOU MEAN TO TELL ME THAT IS THE OLD GENUINE GRAVELY TOBACCO!

YES, AND IT'S HELD ITS REPUTATION FOR 85 YEARS

GRAVELY'S CELEBRATED Chewing Plug

BEFORE THE INVENTION OF OUR PATENT AIR-PROOF POUCH GRAVELY PLUG TOBACCO MADE STRICTLY FOR ITS CHEWING QUALITY WOULD NOT KEEP FRESH IN THIS SECTION. NOW THE PATENT POUCH KEEPS IT FRESH AND CLEAN AND GOOD. A LITTLE CHEW OF GRAVELY IS ENOUGH AND LASTS LONGER THAN A BIG CHEW OF ORDINARY PLUG.

BELIEVE BILLY POSTER, THAT NEW POUCH IS A PEACH
