Oscar Hoffman Fatally Shot
While Hunting; Coroner
Holds No Inquest.

CANBY, Ore., Dec. 30.—(Special)—Oscar Hoffman, 16, son of Mr. and Mrs. Charles Hoffman of Needy killed himself at 11 o'clock this morning by accidentally discharging his shot gun.

Young Hoffman, who resides upon the farm of his parents, seven miles from this city, was out hunting. He was standing on a log on the Solom Kinney place, a short distance from his home conversing with James Wilson, a friend. As Wilson started towards Hoffman, he heard the report of the gun, and looked up to see the lad lying on the ground. Death had been instantaneous.

Previous to the accident, Hoffman had placed the gun on the log. Shortly afterward it slipped and the hammer caught in the bark, causing it to discharge.

Coroner O. A. Pace, of Oregon City, was summoned to the scene of the tragedy, but was immediately convinced that this was an accident, and no inquest was held.

The body was removed to the family home, and the Miller undertaking establishment of Aurora, has charge of the funeral services, which will be held from the Rock Creek church Sunday afternoon at 2 o'clock, with interment in the Rock Creek cemetery.

Oscar Hoffman had completed his studies at the Needy school, and was a student of the Woodburn high school, enjoying his vacation at the Hoffman farm.

POOL HALLS TO BE REQUIRED TO POST \$500 BOND

OLD REQUIREMENTS ARE EXHUMED

Large Crowd Witnesses Short and Quiet Session of City Council.

Effective immediately, pool halls in Oregon City will be required to post \$500 bond and to have their applications passed on by the city council. Notice to this effect was given at the council meeting Wednesday night, when Chief of Police May was instructed to notify owners of the establishments to prepare their applications at once.

The council is slated to take action upon the individual applications January 13 at a special session.

A large crowd, which filled the council chambers, to overflowing, gathered at the meeting last night, but were disappointed. It had been expected that the protests slated from the pool hall owners would develop some snappy arguments. Difficulties were ironed out at a private session with Mayor Shannon during the afternoon.

The requirements made by the council involve only the enforcement of laws already on the books. Regular applications for licenses have not been filed with the council by the majority of the pool halls and none have given the required bond. It is further understood that the mayor's ruling, closing the pool halls on Sunday is to be carried out to the letter under the new orders.

The council, transacted very little routine business. Chief of Police May was instructed to work city prisoners on the streets and a petition for an arc light at 7th and Harrison was referred to the street committee.

CITY WINS FIRST LEGAL TILT OVER BUS ORDINANCE

REGULATIONS VALID
SAYS CAMPBELL

New State Legislation May
Make Complications;
Appeal Is Slated.

Oregon City's inter-urban bus law passed muster in the lower courts when Judge J. U. Campbell held that it was valid.

The case came to trial in the action brought up in the circuit court for a writ of review from the recorder's court. E. William Dent, manager of the Portland-Salem stage company, was arrested for violation of the law which requires that all busses or trucks operating through Oregon City to and from points outside its corporate limits must apply for franchise before they can pass over the city streets. The action is in the nature of a test case.

Although Judge Campbell's ruling would establish the validity of the ordinance, it is understood that some legal complications may arise due to the recent enactment by the state of laws governing the operation of motor busses, and it is questioned whether or not the state requirements will supersede municipal police power and make it impossible for Oregon City to pass special regulations.

It is understood that the matter is to be carried to the supreme court, although no appeal has yet been filed.

The suggestion has been made that in order to avoid the complications likely to arise due to the new state legislation, that a new ordinance be drafted, but it is believed that in view of Judge Campbell's decision, this will not be done.

A most enjoyable afternoon was spent by the old time friends, when reminiscences of early days were features.

Game Licenses Show Decrease Over Last Year

Despite the doubling of fees for hunters and fishermen's licenses in the state, revenue derived in Clackamas county during the year of 1921 was very little more than that which accrued under the old fee of \$1.50 in 1920, according to a report completed Wednesday by County Clerk Fred J. Miller, of the issuance of licenses during the past 12 months.

A decrease of 906 in the number of licenses issued is evidenced over 1920, and the revenue last year was \$5383, as against \$4678.25 for the year previous.

FEE IS INCREASED

During the first part of the year, licenses were issued at \$1.50 each, and \$3 for a combination hunters-and-fisherman's license. February 21, this was boosted to \$3 each and \$5 for a combination license. Issuance of special licenses to boys between 14 and 18 years of age was allowed at the old price. The law also abolished the allowance of five per cent of the collections to be retained by the counties and under the present rules, no money is given the counties to pay for the expense of issuing the certificates.

The difference in the cost of single licenses and combination licenses made a large increase in the sale of the latter during the past year. They increased from 68 to 384. Angler's licenses however dropped from 2011 to 1110 and hunter's licenses from 966 in 1920 to 624 in 1921.

FREE PERMITS ISSUED

There were 63 free licenses issued to civil war veterans in 1921 as against 113 the year before. This is accounted for the fact that issuance of these is required but once. There were 23 of the new boy's hunter's licenses issued last year and 50 angler's licenses. Issuance of lost certificates decreased 5 last year over 1920.

The total number of licenses issued in 1921 was 2287 as against 3193 the year before.

JAPAN CONTROLS RUSSIA, CLAIMS CHITA REPUBLIC

MORE DOCUMENTS ARE
MADE PUBLIC

Agreement For Protectorate
Of Siberia Is Alleged
Made With France.

WASHINGTON, Jan. 4.—Five additional documents were made public tonight by the delegation of the far-eastern republic of Chita to show "that the Japanese created their own 'Russian governments' that are in reality puppets in the hands of Japanese."

Through these governments, it was added, "the Japanese are able to control economically and politically the Russian far east."

Publication of the five tonight followed the disclosure by the Chita delegation of an alleged agreement between France and Japan for a protectorate by the latter over Siberia and of an alleged treaty, given out last night, to show that General Semionoff, anti-bolshevik leader in Siberia, was among other things, in the pay of the Japanese.
