UNION HALL VOTES FOR SCHOOL CONSOLIDATION

Mass Meeting Approves Move To Form Joint District With Central Building at Canby.

CANBY, Feb. 10.—That sentiment in the Union Hall district, which will be included in the proposed new union high school district, is decidedly in favor of consolidation, was indicated Thursday evening, when at a mass meeting held in the Union Hall school building, the movement was approved by a large majority. One of the noticeable features of the meeting was the interest taken by many of the representative people of that section of the county. Brenton Vedder, county school superintendent, presided over the meeting.

George Brenner, teacher of the school, was also in attendance, and assisted during the evening. The southern part of the county. This is the second meeting held in when the subject has been discussed, the first to have been held at Barlow recently, and all were favorably impressed with the establishment of the union high school in Canby.

The next meeting will be on Tuesday evening at Mundorf school, near this city, the teacher of this school being Miss Emma Lacey.

The plan for the consolidation as tentatively outlined will include 16 or 17 districts, although the exact composition of the joint district will not be decided until after elections are called throughout the territory and a vote taken upon whether or not the individual communities wish to be included.

At a meeting held at Canby some time ago the proposed subject was endorsed by many people of this city.

UNION HIGH AT CANBY IS ENDORSED BY MUNDORF

CANBY, Feb. 15.—At a meeting held at the Mundorf school house, district No. 18, near Canby, on Tuesday evening when the matter of establishing a Union high school at Canby was discussed, the vote was in favor of the proposed union school. The meeting was well attended, and much enthusiasm prevailed.

This makes the fourth district in this section of the county in favor of the movement. Other meetings will be held at other school houses in the various school districts which will come in the union high school district of Canby, the time for these not having yet been set by County School Superintendent Brenton Vedder, of Oregon City, who is calling these meetings. He presided at the meeting held in Mundorf school house.

Superintendent Vedder has arranged for a mass meeting to be held at Canby on Saturday, March 4, when patrons, directors, clerks and all interested in the establishment of the Union high school in Canby are to be given an opportunity to have a voice in the matter. The meeting will be an all-day affair.

Already a building site near Canby has been offered free of charge if the Union high school plan is carried out in its favor. The site consists of five acres with a beautiful grove close by, making ideal school grounds.

To Plant Trout In East Canby Gardens

The first home to be erected in East Canby Gardens along the Pacific highway is now under construction and owned by Elmer Pulley. Mr. Pulley recently purchased a five-acre tract and it is the intention of the new owner to clear the land of trees and put in small fruit, as the soil is well adapted for its culture.

It is planned by the stockholders of the East Canby Gardens to make a number of improvements on the land during the coming spring and summer. One of the finest and largest springs is located on the land at the rear of the tract purchased by Mr. Pulley.

Roy Mundue, of Canby, has purchased a 20-acre tract of land in the East Canby Gardens, and has already taken possession, occupying a residence that was built in the tract some time ago. It is the intention of Mr. Mundue to construct five pools of water by damming the stream, which has its source from the large spring in East Canby Gardens, and where he contemplates planting Eastern trout. This stream flows into the Willamette river, and about twelve years ago M. J. Lee planted 20,000 young fish in the stream. Mr. Mundue will be assisted in the planting of these fish by M. J. Lee and others interested in the propagation of the Eastern Brook trout.

There are 300 acres of land in the tract and is considered one of the most valuable between this city and Oregon City, being located near the fine tract of land owned by George Brown, the potato king of Clackamas county. Attorney E. C. Latourette, whose home is in Portland, but practicing his profession in Oregon City, is among those interested in the East Canby Gardens tract.

POST OFFICE AT GLADSTONE IS ROBBED OF \$300

Stamps valued at \$200 and over \$100 in cash were stolen from the safe at the Gladstone postoffice some time during the hours between Tuesday at midnight and 6 o'clock Wed. a. m. The robbers made their entrance into the building by jimmying the front window, and drilling a hole into the safe, were able to pick the lock, helping themselves to the contents.

The robbery was discovered by the postmistress, Mrs. A. F. Parker, when taking up her duties this morning.

There is no clue to the robbers. The work was cleverly done, for the post-office building is located in the business section near the depot of the Portland Railway Light and Power company. There is considerable travel in that section.

Two weeks ago the front window of the building was found tampered with and it is now believed that an attempt at that time had been made to enter the building and commit robbery, and that the robbers were frightened away.

MILWAUKIE MAYOR HITS CHARGE MADE IN RECALL

MILWAUKIE, Ore., Feb. 15.—In response to a printed list of accusations against J. M. Snyder, Milwaukie mayor, whose recall is sought at today's special election, the city council has issued a statement defending its own position and that of the executive in each act questioned by the opposition.

CHARGES ARE LISTED
The circular citing the grievances, signed by Roy N. McIntyre, M. S. Shrock, W. H. Grasse, William Kleeb, F. F. Farrington, F. W. Birkemeier and M. A. Lehman, charges that Snyder's main street property became a possession of the city when he failed to meet the assessments; that the mayor himself tried traffic violators last summer and retained fees; that contrary to the mayor's assertion that the boxing matches have paid for the paving of two streets, the town still owes \$4000 for the paving and has received only \$2500 from arena bouts; that Snyder has neglected to make up annual financial reports; that permission to inspect the boxing commission's records has been refused, and that the mayor was prime mover in the sale of the old car barn which, according to reports, was to be used for uncensored pictures and Sunday dancing.

DENIAL IS MADE
Denial to each assertion of the circular is contained in the reply, which was sanctioned by the city council and the Milwaukie boxing commission. Signers of the statement are J. J. Miller, Charles H. Connell, Ray Albee, J. E. Hart and Leo R. Shindler.

Since the law, it is pointed out, prohibits a town from bidding on delinquent property, J. J. Miller was authorized by the council to bid in several pieces of property, including that of Snyder, to be held in trust for the city.

The town's intention, the statement asserts, has been always to turn back property to the owners upon payment of assessment delinquencies.

PAVING PLAN DENIED
The council denies that it ever contemplated paying for \$14,000 worth of street paving with boxing revenues, and prides itself on the amount of improvement accomplished. Deficits in street funds, it is declared, were "hang over" matters from previous administrations.

Belief in the efficient conduct of the city department is expressed in the council's reply, while in response to the alleged lack of annual financial report, the body shows that a quarterly report of the town treasury's report is given.
