

OREGON CITY ENTERPRISE

FIFTY-SIXTH YEAR, No. 23.

OREGON CITY, OREGON, FRIDAY, JUNE 9, 1922.

ESTABLISHED 1866

FARMER CARAVAN TO STATE COLLEGE JUNE 10 PLANNED

Clackamas County One of 4 to Get Invitation to Go to Corvallis; Inspection of Model Methods Is Listed.

DEMONSTRATIONS TO BE FEATURE OF DAY

Special Program for Women Is Arranged; Replies of Ranchers Here Awaited.

An invitation to all of the farmers in Clackamas county to visit the Oregon Agricultural College on June 10, field day for four counties, has been extended by the O. A. C. Notice to the farmers here is being sent out by County Agent Walter A. Holt, advising them of the program for the day.

Four counties, Clackamas, Multnomah, Columbia and Washington are to take part in the field day trip. The farmers are to go to Corvallis by automobile and will spend practically the entire day inspecting the college, the experiment stations and the different demonstration farms.

Just how large a delegation from Clackamas county will attend has not been ascertained and the county agent will not know until replies have been received to the letters which were sent out Thursday afternoon.

Women Are Invited.

"It is hoped," writes Mr. Holt, "that many farm women will take advantage of this opportunity. Those who do go will be shown through the Home Economics Building and have some of the work therein explained and demonstrated to them. A child nursery and play ground during the day will be provided in case enough persons taking their children notify this office in time to make the arrangements with the proper department at Corvallis."

The program for the day at the college, follows:

Inspection of Agricultural and the Dairy Building.

Inspection of the campus, during which inspection various buildings will be pointed out and data given relative to the number of students using the respective buildings and the work carried on.

Station to be inspected.

Re-assemble in front of Cawthorn Building to begin inspection of the Station.

Inspection of Experiment Station. Visit the following in the order listed: a. Serial Plot. b. Horse barns. c. Drainage plot. d. Fertilizer plot. e. Rotation plot. f. Forage Plots. g. Irrigation plots. h. Black sticky field. Luncheon on Oak Creek. Visitors will be expected to provide their own basket lunches and the Experiment Station and Extension Service will provide coffee, cream, sugar and milk.

Leave for inspection of West Farm where will be seen Hungarian vetch, a new vetch; clover variety trials.

Inspection of South Farm where will be seen new varieties of strawberries; cherry breeding work; flitbert growing; pruning experiments.

Return to campus and visit the stock barns.

Visit East Farm where will be seen four year old alfalfa field; potato plantings; effect of fertilizer on clover.

Disperse at East Farm.

OLCOTT APPOINTS BEAN ON STATE GAME BOARD

SALEM, Ore., June 2.—L. E. Bean, of Eugene, former speaker of the house of representatives and a candidate for the Republican nomination for governor in the recent primary election, was today appointed by Governor Olcott a member of the state game commission to succeed Bert Anderson of Medford.

Anderson's resignation as a member of the board was received by the governor Thursday following the summary dismissal of C. E. Bates as a member of the state fair board, which dismissal Anderson gave as the reason for his resignation. Bean, it was stated, has advised the governor that he will accept the appointment.

SALEM MAN KILLS SELF AFTER SHOOTING GIRL

SALEM, Ore., June 1.—John Bangert, 27 years old, is dead and Miss Clara Gruenfelder, 14, is thrice wounded and in a precarious condition at a local hospital following a shooting affair on the Silverton road six miles northeast of Salem early last night. The girl today was said to have a chance for recovery. She has wounds in the breast and abdomen.

ALBERTA DUNN RESIGNS AS COUNTY TREASURER

Illness Causes Withdrawal; W. W. Everhart Appointed Successor Until Election.

W. W. Everhart, former cashier of the First National Bank at Molalla and ex-county assessor was sworn in as county treasurer Friday morning, to fill the vacancy caused by the resignation of Miss Alberta Dunn.

Miss Dunn's resignation was caused by the fact that for the past few months her health had been failing. She has been able to attend the office only about half of the time. Although she is slowly recovering, she felt that she could not continue to carry the responsibilities under the present conditions.

Miss Dunn commenced her work in the county treasurer's office in 1915 as a deputy under her father, M. E. Dunn, who was county treasurer at that time. In 1917 her father resigned and she was named his successor to fill the unexpired term. At the following election she was elected treasurer by the largest majority given any candidate on the ticket.

Mr. Everhart served as county assessor in 1917 and part of 1918, resigning that office to become cashier of the First National Bank at Molalla. Several months ago he resigned as cashier of the bank to devote his time to his farming interests.

The voters will name a regular treasurer at the fall election.

BAD FIRE IS PREVENTED BY PROMPT DISCOVERY

Blaze In "Blind" Court of Electric Hotel Block Is Located In Nick of Time.

Fire, which had not been discovered, might have destroyed the Electric Hotel block, including the new Clackamas County Auto company garage on Fourth street, broke out in the "blind" court at 9:30 o'clock Thursday night.

The fire started in a pile of packing cases and lumber which was piled in the court, the only means of entrance to which was through the corridor in the Electric hotel. Occupants of the building who heard the crackling of the flames called the fire department and the blaze was extinguished by the use of chemicals.

Practically no damage was done as the department was successful in stopping the blaze almost at once.

The place, according to the statement of Chief Pribe, on the scene, had been ordered cleaned up several times. Only about two days before much of the rubbish there had been cleaned out but the packing cases and boards were piled up.

The exact cause is not known but it is believed to have been a discarded cigarette.

RUMOR SAYS HALL MAY ENTER AS INDEPENDENT

PORTLAND, June 2.—Senator Chas. Hal of Marshfield, he follows the advice of some of his strongest political supporters and advisers, will demand a recount of the Olcott-Hall vote, if that supports the contention being made regarding the vote cast in certain precincts and sections of the state, subsequently will announce himself as an independent candidate for election as governor at the November election. This is the latest story, seemingly from definite sources, floating around political channels, to challenge public interest.

TEACHERS ELECTED FOR SCHOOL IN WILLAMETTE

At a meeting held at Willamette Friday the teachers for next fall term of school were chosen, and are the following: John Bowland, principal; Miss Shannon, seventh grade; Miss Waldron, sixth; Miss Florence Fromong, fifth; Miss Mable Larson, fourth; Miss DeBok, third; Miss Fellows, second; Mr. H. C. Dibble, first.

The annual school election will be held on Monday, June 18. The candidates for director are Harry Graves, present incumbent, and B. P. McArthur. Both aspirants are said to possess strong local support and a spirited contest is expected.

YOUNG GIRL CAUGHT IN QUICKSANDS, DROWNED

PORTLAND, June 5.—Catherine Dycke, 14, was drowned in the Columbia Slough near Fairview yesterday. With Helen and Clara Albertson, Miss Dycke was sucked down by the treacherous quicksands.

E. G. CAUFIELD IS NOT TO MAKE RUN FOR SENATORSHIP

Democratic Nominee Declines to Enter Race for Salem; Personal Reasons Cited In Letter to Party Chairman.

BANQUET PLANS ARE MADE FOR JUNE 10

J. E. Hedges to Preside Over Meet; H. G. Starkweather Is Unable to Take Charge.

E. G. Caufield, nominated at the May primaries for the office of state senator from Clackamas county by the Democrats, will not make the race at the November election.

Definite declination on the part of Mr. Caufield to accept the Democratic nomination has been received by J. E. Jack, chairman of the Democratic Central Committee.

"For reasons which to me seem imperative, I regret to state that I cannot accept the nomination for the state senate for which office the Democrats of Clackamas county have nominated me," Mr. Caufield writes. "I certainly appreciate the honor conferred and assure the central committee and my friends that they have my sincere thanks."

Mr. Caufield was nominated by the writing in of his name on the ballot. No Democratic candidate filed for the nomination. At the time his name was decided upon by the central committee, Mr. Caufield was in Seaside and was not consulted. The Republican candidate against whom he was expected to run is F. J. Toole.

The local Democratic pre-election meeting is to be held at a banquet at the Electric Hotel Tuesday evening. H. G. Starkweather, who was to have served, has resigned from the toastmastership and J. E. Hedges will preside.

ROBBERY REPEATED AT PRICE BROTHERS' STORE

Solitary Burglar Enters by Skylight; Affair Is Similar to Theft Few Months Ago.

A robbery, bearing the exact semblance of one which was committed in Price Brothers' Department store several months ago, was discovered shortly after the store opened Friday morning.

Entering through the skylight just above the balcony, the robber descended by means of a rope ladder.

Only personal effects were stolen. A suit, of 38 chest measure, shoes, shirt, underwear, socks and neckties, comprised the loot, a check of the stock showed. The thief, who is elevated by the police to have worked alone, took only the choicest stock, and displayed manifest good taste in his selections.

The robbery a few months ago was of a similar stamp, though at the time it was believed that two men were connected with it. The theory then held by the police was that someone committed the crime who was acquainted with the lay-out of the store and the position of the stock.

The local authorities are conducting the investigation.

MRS. HAWLEY'S SECOND DIVORCE HEARING IS SET

Case Brought by Boy Husband Against Ex-Wife of Local Mill Man Up For Decision.

Marjorie Shaker Hawley Luellwitz, having shown no disposition to fight the annulment proceedings brought by her young husband, M. H. Luellwitz, on his return to Portland after their recent marriage in California, the case was set for hearing on the default calendar in the Portland courts yesterday. The date fixed was tomorrow, June 7.

In his complaint the husband avers that when he married the pretty divorcee he was under the impression that the legal interim of six months following her divorce from Willard P. Hawley Jr. had expired. It had not and he seeks annulment of the match. His parents are said to approve of his action.

PLANS NOW COMPLETE FOR BUYERS CARNIVAL

Only the arrangement of the individual stores for a series of special bargains in the completion of the plans for the Buyer's Carnival, to be staged in Oregon City on Friday and Saturday of this week, according to Al. A. Price, who is in general charge of the arrangements. The efforts of the Retail Trade Extension department of the local commercial club, under whose auspices the affair is being staged, is to prevent a number of exceptional values in all the stores participating so that no matter where the purchaser goes they will find real bargains.

The prize touring car which is to be given away in a lottery of free chances on the last night of the affair is being sent over the county this week to advertise the carnival. Each two of the merchants in the city take the machine into different cities in this district where it is placed on display.

The plan for the carnival is to offer in addition to the general sales throughout the city, a free chance on the machine with every one dollar purchase. Special prizes, such as awards to the homeliest man, the largest family and the "newest newly weds" making a purchase are also posted.

The plans for the affair, Mr. Price announces, are now practically complete. More than 60 local merchants are participating.

NON-RESIDENT VETERANS ARE ENTITLED TO BONUS

SALEM, June 6.—There will be no appeal from the decree of the Marion county circuit court in the case of Fred K. Hollister vs. the state bonus commission, a mandamus action brought to compel payment of a bonus claim, in which Hollister was upheld by the lower court.

At the time of his enlistment in the army Hollister was a resident of Oregon. He is now a resident of California. The commission rejected his claim for a bonus upon the ground that he is a non-resident. Hollister filed a mandamus suit and won in the lower court.

Several hundred similar claims, held up pending a court decree on this phase of the bonus law, are being paid by the commission.

Attorney General Van Winkle had advised the commission to pay the claims in these cases in an opinion dated July 29, 1921.

STATE GRANGE MEETS; SPENCE OPENS SESSION

McMINNVILLE, June 6.—A record for opening day attendance of a State Grange session was made here today when virtually every one of the 291 delegates from throughout Oregon answered rollcall at the forty-ninth annual convention of the Oregon State Grange.

C. E. Spence of Oregon City, master of the state organization, presided at the opening session. Reports on credentials and the appointment of committees were taken up at once.

This afternoon will be taken up with the reports of officers and introduction of resolutions and tonight there will be a banquet and reception at the army for the visitors.

Walter M. Pierce of La Grande, Democratic nominee for governor of Oregon, is here electioneering among the grangers.

CONFUSION OF SIGNALS SAID CAUSE OF WRECK

PORTLAND, June 6.—The wreck of the British freighter Welsh Prince in the lower Columbia May 28 was caused by confusion of whistle signals, according to testimony taken by investigating federal steamboat inspectors today.

Captain Edward Sullivan, pilot of the Welsh Prince, who is on trial, testified that the upbound Iowan gave two blasts.

Erskine Wood, attorney for Captain A. R. Pearson, pilot of the Iowan, who is yet to face charges, insisted that the Iowan gave only one blast.

EASTERN RATES ON PULP TO WEST LINN ILLEGAL

WASHINGTON, June 3.—Rates charged by the New York Central and connecting lines on pulp and paper, making machinery, shipped from eastern points to the plant of the Crown-Willamette Paper company at West Linn, Or., and Camas, Wash., were found unlawful by the interstate commerce commission today and reparations were ordered.

In an opinion written by Commissioner Campbell, the commission declared unreasonable the rates charged on lumber and forest products in carloads from points in western Washington on the Willapa harbor branches of the Northern Pacific and Chicago-Milwaukee railroads to points in Idaho, Utah and Colorado.

GRADUATES TOLD OF DUTY CITIZEN OWES TO NATION

Judge Grant B. Dimick Speaks at Commencement Exercise Held for County Grammar Schools In Gladstone Park.

RECORD SIZE CLASS RECEIVES DIPLOMAS

Several Thousand Parents and Teachers Attend Ceremony In Which 635 Take Part.

The duty of the young citizens to the state and the debt which they owe the nation, was the theme taken by Judge Grant B. Dimick, who delivered the commencement address to the 1922 graduation class of the Clackamas county grammar schools.

A class of 635 students, and several thousand parents, teachers and visitors, crowded the Chautauqua grounds where the second annual joint graduation services were held Saturday afternoon. Judge Dimick, addressing the class which is the largest in the history of the county schools touched especially upon the value of individual integrity in national life, showing the dependence of the democratic system of government upon the personal qualifications of its many people. In fitting themselves for the life in the world which in a few short years they will take up, the judge urged the continuance of their educational career, pointing to the present age as one which required training of the men and women.

Diplomas to the different students were presented by Branton Vedder, superintendent of the Clackamas county schools. The diplomas were presented to the class of each school as a whole rather than to the individuals because of the large number and the limited time.

One of the excellent features of the program was a reading by Lucien Koch, who responded to three encores. A bass solo was sung by Eugene Vedder and several selections were given by a quartette composed of the children of Robert Glinther, a Clackamas county instructor. Community singing was led by O. A. Schultz.

Luncheon Is Provided.

A basket luncheon occupied the noon hour and the ladies of the Gladstone Christian church served coffee, sandwiches, ice cream and cool drinks. The committee in charge of the lunch was composed of Mrs. Fred Hayward, Mrs. J. N. Kyler, Mrs. A. Blant, Mrs. C. A. Frost, Mrs. F. D. Ellis and the Misses Alice Freytag and Matilda Hayward.

The afternoon was occupied by two baseball games. Molalla defeated Beaver Creek 7 to 2 and Gladstone won from Canby 9 to 7. By virtue of their victory, Gladstone is to meet Molalla for the championship of the county. The Canby team had held the cup for the school league for two consecutive years and was hoping, by a victory Saturday, to make it a permanent possession. The award, however, will go to the victors in the final, the date for which has not been arranged.

CONSERVATION OF FUNDS FOR HIGHWAYS IS URGED

SALEM, June 2.—Governor Olcott, following a conference with members of the Oregon state highway commission, today informed Fred C. Baker of Tillamook, secretary of the Roosevelt Memorial Coast Highway association, that the commission had been advised by the attorney-general to the effect that under the law the limitation on highway bonded indebtedness could be used up under several different statutes and that the constitutional limitation might be reached at any time before the \$2,500,000 of the Roosevelt highway fund could become available through action of the federal government.

"The commission called my attention," said the governor's letter, "to the fact that some \$5,954,000 of state highway money has been expended in the territory to be covered by the Roosevelt highway or tributary thereto and that work is constantly going on along that route or its tributaries and will continue to go on. I am certain that the highway commission is highly favorable to development along the coast to the greatest extent possible, and I know I am."

"As I understand the situation, the commission feels that congressional action might be very remote, indeed, and to keep the \$2,500,000 intact pending congressional action might seriously interfere with highway development work in the very country that otherwise might be benefited at some distant future time by the construction of the Roosevelt highway. In fact, a large share of this money, as I understand it, is to be used in the development of the highway in question."

ESTACADA OIL STATION CONSTRUCTION BEGUN

Work has begun on the new \$20,000 Standard Oil sub-station, which is located near the track west of the Estacada cannery. A crew of men with tent have arrived, a tool house has been built and gravel hauled for the cement foundations.

MEDFORD FAVORED FOR WOMEN'S CONVENTION

TILLAMOOK, June 2.—Medford probably will be hostess city to the 1923 annual convention of Oregon Federation of Women's clubs, although Oregon City, Baker and Marshfield extended invitations to the body at this year's annual meeting which closed yesterday at Tillamook.

HECKER MURDER TO COMMENCE JUNE 27

Formal Plea of Not Guilty Is Entered; Accused Will Be Held In Multnomah Jail.

Russell Hecker, indicted for the murder of Frank Bowker, Portland musician, will be tried in the Clackamas county circuit court on Tuesday, June 27. Hecker was arraigned before Judge J. U. Campbell here this afternoon and Thomas G. Ryan, his chief counsel, entered a formal plea of not guilty.

Ryan made an attempt to delay the trial, pleading that his legal business in Multnomah county was pressing and that he did not have the time at present and would prefer to have the date set for the next term of court. Judge J. U. Campbell ruled that there should be no appreciable delay in the setting of the date for action here. The date for the trial was set following a conference between Hecker's attorneys and Livy Stipp, district attorney of Clackamas county, who will be in charge of the prosecution of the case.

Under the order of Judge Campbell, Hecker will be confined in the Multnomah county jail. This action was taken today due to the fact that the facilities for imprisonment are not adequate to the requirements of the case. No criminals ever accused of a major crime are kept in custody here on account of the comparative ease with which jail has been broken.

DANCE HALL LICENSE AT ROCK ISLAND IS REFUSED

Commissioners Vote Against Application; Permit Given Oak Grove Is Threatened.

Following the protest against the dance hall at Oak Grove beach, and the arrest of three men at that resort last week on charges of illegally transporting liquor, the county court yesterday "tightened up" in its hitherto liberal stand on granting licenses to resorts of this nature.

R. Neuberger, who conducted Rock Island park, in the river off Milwaukie, last year, appeared before the commissioners with an application for a dance hall license at that place. Commissioner Harris, who had voted for Oak Grove dance hall in spite of protests, voted against granting a license at Rock Island. County Judge Cross also voted against it. Commissioner Proctor voted for the license; but it was turned down by the two to one vote.

Action looking towards the revocation of Oak Grove beach dance hall license is to be taken soon, it is reported.

TONY HAAS ACQUITTED IN BOOTLEGGING TRIAL

State Fails to Prove Charge Against Local Man; Twenty Witnesses Called In Case.

The case brought by the Oregon City officials against Tony Haas, on charges of the sale of intoxicating liquor, was dismissed in the justice court Saturday.

The dismissal was given upon motion of the district attorney.

The chief witness of the prosecution, upon whom they had evidently depended to secure a conviction, stated on the stand that Haas was not the man from whom he bought the liquor. He further was unable to identify the place where the alleged purchase was made.

Some 20 witnesses were called, the majority by the defense, whose case was conducted by Judge Grant B. Dimick.

The case was instituted in the justice court by the Oregon City police, and Chief W. May appeared as the complaining witness in the case.

ESTACADA OIL STATION CONSTRUCTION BEGUN

Work has begun on the new \$20,000 Standard Oil sub-station, which is located near the track west of the Estacada cannery. A crew of men with tent have arrived, a tool house has been built and gravel hauled for the cement foundations.

MEDFORD FAVORED FOR WOMEN'S CONVENTION

TILLAMOOK, June 2.—Medford probably will be hostess city to the 1923 annual convention of Oregon Federation of Women's clubs, although Oregon City, Baker and Marshfield extended invitations to the body at this year's annual meeting which closed yesterday at Tillamook.

CLUB TO REPLACE LIVE WIRES MEET WITH FORUM PLAN

New Organization to Supplant Regular Weekly Sessions For Discussion Of Matters Affecting Civic Welfare.

A. A. PRICE ELECTED AS NEXT MAIN TRUNK

Officers Appointed For Three Month's Term Beginning In September Are Detailed

The organization of a Commercial Club Forum, to meet at luncheon every Tuesday, is to be effected during the summer, through plans laid Tuesday at the last meeting of the season of the Live Wires of the local Commercial club. The forum, according to the plans, will embrace the present Live Wire organization, which for a number of years has operated as a subsidiary branch of the club.

The plan of combining the Wires and the club into an organization for the discussion of matters relative to the civic good was proposed by A. A. Price, who at the same meeting was elected Main Trunk of the Wires for the three month term which will begin in September. The plan of combining the forum and the main organization has been considered for some time and with the reorganization of the club has received added impetus.

Officers are Elected

Other officers elected for the new term were: Ben Harding, sub-trunk, or vice chairman; Charles Gratke, transmission wire, or secretary; L. A. Morris, guy wire, or treasurer; Ray Garadoc Morgan, insulator, or chairman. The chair is to appoint a trolley wire, or program committee; contact wire, or glad-hand committee; trouble shooter, or parliamentary, feed wire and resolution committee.

The exact status of the present officers under the new organization scheme is to be decided by a special committee. Hal E. Hoss was named as chairman, to be assisted in arranging the combination by Ben Harding, Sam Clay and M. D. Latourette.

Adjournment Till September

The present adjournment will carry until September, as throughout the summer months the wires do not hold their weekly gatherings.

At the session Tuesday, on motion of L. A. Henderson, a committee was appointed to promote the arrangement of finances for the installation of proper facilities in the rest rooms in the base of the pier on the east side of the bridge. M. D. Latourette was appointed to handle the negotiations and it is planned to ask the city and county to cooperate in the installation of the necessary equipment. The fact that the contractors have nearly completed work on the interior of the pier makes the arrangements for the equipment of immediate import. The total cost is estimated at \$1,000.

IMPROVEMENT PLANNED AT SALEM PAPER MILL

SALEM, June 3.—A new paper machine which will increase the output of the Oregon Pulp & Paper company, of Salem, about one-third and which will make possible the manufacture of specialty paper lines, will be installed at the company's plant on south Commercial street as soon as it can be secured from the east. It was announced by company officials this afternoon.

Will Cost \$200,000.

The new machinery will cost more than \$200,000 and will increase the number of mill employees by perhaps 30 men. Its installation was made necessary by an increasingly large amount of business which is coming to the company.

Officials said this afternoon that, within a short time, a fourth paper machine probably will be installed. When this is done the capacity of the Salem mill will be equal to that of the Hawley Pulp and Paper company, of Oregon City.

At the present time the local organization is finding it necessary to turn down orders which it is unable to fill.

Makes Plant Complete.

With the addition of the new machine a 116-inch type, the mill will be in a position to place on the market grease-proof paper, glassine paper and sulphate bond for which there is a considerable demand. The new equipment, it was said, will make the local plant complete as a manufacturer of all types of paper.

It is hoped that the new machinery will be in place within nine months. It will be purchased in the east.

At the present time the plant employs 158 men.
