WOMAN, STANDING ON
HIGHWAY, HIT BY TRUCK

Mrs. Levi Balmer, of Salem, Is Badly Hurt in Second Smash at Molalla Bridge.

Mrs. Levi Balmer, of Salem, is suffering from bruises sustained while on her way to that city. She was struck by a passing truck driven by Donald Browner, of Woodburn.

The woman in company with her family was going south in their automobile when the lights from a passing automobile blinded Mrs. Balmer. The two cars collided, both of which were damaged, and as the two families were consulting over the affair at the side of the highway Mrs. Balmer failed to see the truck coming in her direction and was knocked to the pavement. Several cuts and bruises about the body resulted, but she was able to proceed to Salem shortly after.

The accident occurred near the Molalla river bridge near Canby a few days ago.

The woman's injuries were attended to by Drs. H. A. Dedman and W. E. Hempstead.

ROUND-UP TO FEATURE
COUNTY FAIR AT CANBY

CANBY, Aug. 22.—The first round-up to be given in Canby will take place on the Clackamas county fair grounds on Sunday, August 27. The affair is to be given here under the management of Everett Wilson, of Pendleton, Oregon.

The round-up will start at 2 o'clock. There will be bucking contests, wild steer riding, Roman race, relay race, potato race and many other attractions included in a big round-up. The big "Smiston" steer escaping from the arena at the recent Molalla round-up will be in the arena at Canby. The spotted bucking mule will also be entered. Among the riders will be Perry Ellis, negro rider of Oregon City, "Chuck" Jinning, "Red" Pruett, Jim Crowder and other riders will take part in the racing program.

Consolidation of
School Districts
Hangs In Balance

One district of the eleven included in the proposed Canby Union High School program will decide, on next Saturday night, the fate of the entire project. The vote in the other ten districts which was cast Monday leaves the matter tied and the delayed ballot in Marks Prairie, district 38, will either establish the joint control plan or reject it.

At the election Monday, according to the returns Tuesday, five districts favored the consolidation, four voted against it and one district tied. The issue to carry requires a majority vote in the entire territory as a whole and also a majority of the districts. Because the project needs a majority of the districts, it is necessary for Marks Prairie to favor the plan, otherwise the vote would be 5 to 5 and the plan would lose through the continued tie.

The individual vote largely favored the consolidation of the eleven districts for high school purposes with Canby as the center. A total of 436 favored the plan and 224 were opposed to it. The vote, according to the estimates of County School Superintendent Brenton Vedder, was about 50 per cent of the territory.

The vote in Marks Prairie was delayed until Saturday through a slight error in the time of posting the notices. The vote on the directors for the proposed district was: Coleman Mark, 197; P. H. Webber, 189; George G. Randall, 183; C. P. Cole, 181; D. W. Schrock, 164; F. J. Kraschberger, 162; R. E. Cherrick, 83, and W. H. Livingston, 68. The name of Harry Douglas was written in on one ballot. Three directors are to be chosen.

The unofficial canvass of the vote for the union high school was as follows:

Mundorf—Yes, 14; No, 15. Macksburg—Yes, 33; No, 48. Oak Lawn—Yes, 16; No, 16. Central Prairie—Yes, 12; No, 63. New Era—Yes, 27; No, 11. Union Hall—Yes, 25; No, 17. Canby—Yes, 236; No, 191. Ninety-one—Yes, 15; No, 36. Barlow—Yes, 30; No, 24. Lone Elder—Yes, 31; No, 19.

Biological Survey
Expert to Lecture
On Gopher Control

A. W. Moore, assistant in the U. S. biological survey division of the department of agriculture, will be in Clackamas county Monday, August 28, when he will conduct a demonstra-

tion dealing with the control of the pocket gopher pest.

The federal government and state college have conducted considerable investigation work in Clackamas county relative to the handling of this pest, the ravages of which have brought about considerable damage to the farm crops south of the Clackamas river.

Mr. Moore will conduct the demonstration near the New Era grange hall. County Agent W. A. Holt has selected a series of road signs leading to the place, and extended an invitation to all who are interested to attend.

Clackamas Co. Fair
To Be Biggest Ever

CANBY, Ore., Aug. 23.—When the doors of the pavilion of the Clackamas County Fair Association are thrown open to the public on Tuesday, October 19, the interior will present a much more attractive appearance, since the walls and ceiling have been newly kalsomined and other improvements made. Much of the space has already been spoken for, and from indications all available space will be occupied on the second day of the fair as this is considered one of the big days when Oregon City is to turn out en masse, for the second day is always "Oregon City Day." Canby is to have the first day as usual, and the business men are taking active interest in the coming event, and will probably do as in former years—close "shop" a half day.

Much space will be occupied by the juvenile department, which will be in charge of Brenton Vedder, county school superintendent and Mrs. Romney Snedeker, Portland, county club leader, for many children throughout Clackamas county are to enter. Many special prizes are being offered in this department.

Mrs. Palmer, manager of the Exchange in Oregon City, is to have charge of the textile department this year. Mrs. J. L. Waldron, of Oregon City, in charge of the department for a number of years, resigned from the position. During the fair the exchange in Oregon City will be closed. Mrs. Palmer has had such experience with fairs while residing in Iowa.

W. H. Bair, of this city, treasurer of the association, is arranging for the racing program, which will be somewhat different than in former years, and will be varied. Among the proposed events will be motorcycle and "bug" races, as well as horse races. Most of the horse races will be run on the track of the trotting races. A feature of the horse races this year will be when some of the farmers' horses of Clackamas county will show what they can do in running instead of being good at the plow on the old farm. Prizes will be offered in all classes and a daily program is to be issued.

The interior of the poultry and stock barns have been kalsomined, and now ready for the exhibits.

NEW S. P. DEPOT PLAN
COMPROMISE, LOOMSObjection to Franchise Upon
Railroad Avenue Expected
To Hinder Negotiations.

With the information that no formal proposal to the public service commission relative to the modification of the order for the improvement of the Southern Pacific depot has been made by the railway company, it is now regarded as probable that the entire negotiations will be reopened as far as Oregon City and the company are concerned.

Threats on the part of H. C. Stevens, and other Oregon City property owners to hold up the allowing of the railroad company to extend its present depot on Railroad Avenue and Sixth street, are expected to delay the proposals for acceptance of the present plan. Legal advices, it is understood, are to the effect that no extension can be made on the streets of the city if the adjacent property owners protest.

The S. P. officials of that company intimate, are ready to file a petition with the commission for a modification of the original order, as soon as Oregon City agrees upon the desired plan. The company, in lieu of the separate freight and passenger depots, presented a plan for enlargement and extension of the present depot and construction of team tracks at Green Point. This was tentatively approved by a committee representing the local business men, but met a snag when protests were filed with the council against the allowance of a perpetual franchise for additional space on Railroad Avenue and Sixth streets.

The matter of the extension of the plan is pending before the county, but no formal presentation of the case has been made there other than by the committee from the Commercial club. It is expected that the Southern Pacific in presenting its plan for the remodeling of the present depot will include changes sufficient to remove the objections of the property owners to the building on Railroad avenue.

Local Autoists Back
From Extended Trip

Mr. and Mrs. Clarence Brunner, Miss Margaret Krumel and Miss Elva Erickson, forming a motoring party to go to Southern Oregon, the destination being Crater Lake, have returned after a most eventful and enjoyable trip.

The party enjoyed camp life during the entire trip, which covered over 1200 miles. Among the places of interest visited before reaching Crater Lake were the Josephine caves near Grants Pass, where camp was pitched for several days. As the caves are 1600 feet underground and extend 300 feet back it requires about an hour and forty minutes to make the venturesome trip. The Oregon City motorists accompanied a party composed of 20 people, headed by a guide, each visitor a torch bearer while making the trip, for the underground rooms are dark and a torch is required to see the way. In many places ladders are stretched in order to make the way over the raise in the caves. One of the ladders extends 60 feet. The Oregon City party was "game" and climbed all ladders and "took in" everything that was to be seen, thoroughly enjoying the trip.

Crater Lake was the next place visited, the party arriving on Saturday and remaining until the following day, when the return trip was started. This was over a different route than when made, and in motoring over the McKinley Pass, one of the most dangerous roads, they passed many tourists. Belknap Hot Springs and Bend were other places visited.

The party stopped at a number of the automobile camps, but none compared with the Oregon City camp, and all were being well patronized by people from various parts of the United States, many of whom are now on their way East.

Mr. and Mrs. Dave Catto and son, Everett and Ernest Freytag, of Gladstone, Mr. and Mrs. J. G. Howell and family of Oregon City, Mr. and Mrs. LeRoy Eaton and family of Portland, enjoyed a motor trip to Corvallis Sunday, going via Salem and Albany and returning through Eugene and Medford. A picnic dinner was enjoyed enroute and a camp fire supper late in the evening.

Ohio Tourists Visit
Oregon City Friends

Mr. and Mrs. Robert Messner and daughter, Miss Leah, of Canton, Ohio, who have been on a tour to the Coast States, where Mr. Messner attended the fire chief's convention in California, arrived in Oregon City on Sunday, where they have been guests of Dr. and Mrs. George Hoeve, of this city, until this morning, when they started for their homeward trip. They will go by way of Seattle and then on to Yellowstone park, where they expect to remain for several days and make a brief stay in Chicago. They will arrive in Ohio about September 1st.

Mr. Messner is a cousin of Mrs. Hoeve, and this is his and his family's first trip to the coast. A trip was made over the highway on Tuesday, and the Easterners were loud in their praises of the scenic beauty, claiming it to be the most wonderful drive they have taken since leaving their home. Lunch was partaken of at Eagle Creek falls. The party was taken on the trip by Dr. and Mrs. Hoeve on Tuesday.

Mr. Messner has been a fireman for the past 20 years, and fire chief of Canton for the past 22 years, having had many wonderful experiences while fighting the fires. He is now bearing a scar recently received in the last fire, and says he will fight fires as long as he is able to scale a ladder 70 feet high. He has a life long job in Canton, and is one of the most popular fire chiefs in the state of Ohio.

The arrival of the Messner family came as a surprise to Dr. and Mrs. Hoeve.

BUILDING OF PAPER MILL
AT GARIBALDI IS DENIED

Denial of the reports that the Hawley Pulp and Paper company is planning the establishment of a mill at Garibaldi, Oregon, was made yesterday by Willard P. Hawley, Jr., general manager of the local mills.

Reports have been current during the past few days that the Hawley mills planned to build a large pulp plant at Garibaldi, taking their supply of material from the adjacent country and shipping the pulp for manufacture into paper at the local mills.

No such extensions are contemplated, and there is no foundation for the rumor, Hawley stated.

3 JAILED FOR THEFTS
FROM L. PURCELL HOMEMen in Custody in Portland
Found To Have Loot Taken
From Naef Station House.

Three men, under arrest in Portland for a number of robberies over the state, are believed by the officials to be responsible for the robbery of the L. Purcell home at Naef station on the river road two weeks ago.

The thieves, H. C. Oliver, Joe Jordan and Vern Schaffer, were taken into custody by the Portland police on charges of a robbery in Woodburn and another in Gresham. Their identity with the robbery at Naef station was established and Sheriff Wilson went to Portland to investigate this angle of the case.

Loot Is Found
Part of the loot taken from the Purcell home was discovered at the residence of the men at 1170 Belmont street, and the detectives today are making an effort to locate the remainder of the clothes and personal effects, valued at about \$600 taken from the Naef station house.

The men were apprehended when they attempted to dispose of a stolen phonograph to a second hand dealer, who notified the police at once. In robbing the home at Woodburn, according to Sheriff Wilson, the men even took trunks, rugs and practically moved the entire house furnishings away.

Car Is Held
They had a car with a California license number which the police are checking up today in the belief that it may have been stolen. Schaffer is said to be an ex-convict from Walla Walla.

The local authorities will not push the case against the three men, if it was said yesterday, due to the fact that the evidence in Portland, Woodburn and Gresham is stronger against them than the local case. An attempt to recover the goods stolen here is to be pushed, however.

MISSING OREGON CITY
CHIROPRACTOR IS FOUNDDoctor S. R. Smith Located
In Salem; Family Row Is
Blamed for Disappearance.

Dr. S. R. Smith, Oregon City chiropractor, who disappeared from here two weeks ago, has been located in Salem, according to information received yesterday by Chief of Police W. B. May. Smith, who had lived here for a short period, left the city without announcement, and his wife asked the aid of local and Salem authorities in finding the man.

Smith, who had a small practice here, was found working in the Salem mills. A family altercation is blamed for the fact that he left Oregon City. Smith's office in the Beaver building has remained closed since the period of his disappearance.

TELEPHONE DOCUMENTS
STOLEN FROM OFFICE

SALEM, Aug. 23.—A brief prepared by T. M. Kerrigan, public service commissioner, attacking the right of the Pacific Telephone & Telegraph company to intervene in the Duncan suit, is missing from the offices of the commission. Commissioner Kerrigan believes that the document, which represents two months of pains taking work on his part, has been deliberately taken from his desk by some one interested in its destruction.

The brief, according to Kerrigan, was prepared in anticipation of the company's attempt to intervene in the suit which was done when the commission attempted to withdraw its answer to the Duncan complaint in the Multnomah county circuit court Tuesday. Kerrigan, the author of the resolution providing for the withdrawal of the commission's answer to the Duncan suit, an action which would open the way to an immediate return to lower telephone rates in Oregon. If the telephone company is permitted to intervene in the suit, it is pointed out here, it will mean a long drawn out legal controversy which will effectively thwart Kerrigan's move for a return of the lower rates while the telephone rate situation is being reinvestigated by the new commission.

FAMILY TO SERVE
JAIL SENTENCES
FOR BOOTLEGGING

Mrs. Sarah Straight Pleads Guilty in Justice Court; Receives Fine of \$500 and Six Months Imprisonment.

BOY OF THREE LEFT
IN COUNTY'S CHARGE

Leniency Shown Sister on Account of Approaching Maternity; Gets 60 Days.

An entire family, with the exception of the children, is in jail, and the three children are being cared for by the county court, as the final sequel to the arrest two weeks ago, of Charles Straight, confessed Clackamas heights bootlegger.

Mrs. Sarah Straight, on a plea of guilty in justice court Wednesday was fined \$500 and sentenced to six months in the county jail. Her sister, Maud Smith, was sentenced to serve 60 days in jail, following a similar plea.

Light Sentence Given
Mrs. Smith, the 20-year-old wife of C. L. Smith drew a comparatively light sentence at the hands of Judge Noble on account of her approaching maternity. Her one child, a boy of three, she left with neighbors while she appeared in court and the caring for the lad also devolves upon the county court.

The two women were arrested August 12 when the sheriff raided Straight's ranch in company with his deputies and state men. Straight pleaded guilty to a second offense and was fined \$500 and sentenced to a year in jail. Mrs. Straight was charged with selling liquor and Mrs. Smith was arrested when she attempted to destroy several bottles of moonshine.

The order for the incarceration to the women leads to complications as far as the jail is concerned, as there are no quarters separate from those of the men.

Partitioning Necessary
The sheriff has taken charge of the women and some temporary arrangement for partitioning off one of the cells will be made. The construction of the new steel for the rebuilding of the jail is in progress and the complete renovation of the county "bustle" is expected in another month.

The trial of Matt Walkirch on a second moonshining offense, has been set in the justice court for Saturday morning. Several months ago Walkirch was convicted after being taken into custody on his Dodge ranch. He was sentenced to serve 90 days and pay \$400 fine. He paid \$50 and after serving the jail sentence was released on August 3 he was picked up again on a similar charge, which is to be heard Saturday. In the mean time, Judge Noble ordered the man's confinement for the remaining 166 days of the first sentence, which he is now completing in the county jail.
