

OREGON CITY ENTERPRISE

FIFTY-SIXTH YEAR, NO. 41.

OREGON CITY, OREGON, FRIDAY, OCTOBER 13, 1922.

ESTABLISHED 1866

LIVE WIRES PUSH STREET PROGRAM FOR COMING YEAR

Molalla, Washington and 5th Should Be Improved, Say Business Men; Road Funds To Be Asked From County.

AID PROFFERED IN MAKING OF BUDGET

Committee Named to Promote Plan; City Hall Talk Is Languid; Site Is Planned.

Improvement upon three main thoroughfares above the bluff, Molalla avenue east of the new pavement, Fifth street leading out to Mount Pleasant and Washington street, was projected by the Live Wires of the local commercial club at their meeting Tuesday noon. A committee consisting of L. A. Henderson, L. A. Morris and L. Adams was appointed to take up the matter with the budget committee of the council with the view to securing appropriations out of the road fund to carry the work as far as possible.

The matter was broached by Percy Caulfield, who advanced the theory that the talked of Washington street improvement should give way to the other two as more important arteries. Henderson amended the motion to include all three streets, Morris suggested that county cooperation be asked upon those streets where the boundary line placed part of the street outside the city limits making it in effect a county road.

Absence of the expected speaker gave time for varied discussion of the various city problems, including the city hall, and the projected cleanup of the water front. City Recorder Kelly took a slam at both of the proposed sites, saying if no one would throw monkey wrenches into the machinery, the way was open for the placing of the building on the south half of the library park site. Talk of placing another measure on the ballot to make changes of various nature in the plan, were dismissed after the statement by City Attorney O. D. Eby that the period for filing such measures had past. Lou Adams branded the time as inopportune for the construction of a city hall, and favored the discontinuance of the plan.

A committee consisting of Ben Harding, Arne Rae and L. A. Henderson was appointed to assist the city in securing the relics of the world war which are being given by the government to communities throughout the country.

A resolution inviting the proposed Oregon City Business Woman's Club to affiliate with the live wires as an auxiliary, was passed. A resolution was also adopted asking the council to put electric lights in the traffic signals at Tenth and Fourteenth on Main streets.

GOOD RECORD MADE IN CROPS CERTIFICATION

Of 62 1-2 acres in the county examined for grain certification by experts of the Oregon Agricultural college, no rejections were made this year according to the preliminary reports twenty eight acres of wheat were passed, three acres of oats and 31 1-2 acres of barley. No record is listed of the individual ranches upon which the certification was made.

The preliminary report, however, does not show so good a record in the county for certification of potatoes. Forty growers applied for certification upon 253.5 acres of potatoes and only 73.5 were passed. The fact that potato certification work is new in the county and is being undertaken on a large scale is responsible for the correspondingly poor percentage, it is pointed out.

Jury Disagrees In August Olson Moonshine Case

Disagreeing after nearly four hours deliberation, the jury in the circuit court trying the case of August Olson, charged with possession of liquor, disagreed at 5 o'clock yesterday and was discharged by Judge J. U. Campbell.

Olson was arrested at Damascus on July 5, 1921 by deputies Hughes and Long of the sheriff's office, and after a trial in the justice court was convicted of illegal possession of liquor. He appealed the case to the circuit court.

The jury which heard the arguments was composed of Edgar C. Brown, Sam J. Jones, Mary Norris, Adam Bell, Nellie C. Alldredge, Fred Lias, Maggie Johnson, Robert Y. Appleby, Charles L. Horstman, Louise Kamrath, Aurie Draper and Mary R. Caulfield.

\$338,000 BONUS, SHARE OF CLACKAMAS COUNTY

Veterans Of Entire State Get Total of \$8,042,352.40 In Loans and Cash Payments.

The third largest amount paid by the state to ex-soldiers under the so-called bonus act, was received by veterans who enlisted from Clackamas county, according to Phil Hammond, local bonus attorney. The report of the bonus commission up to September 30 shows that \$8,042,352.40 has been paid in loans and cash bonuses of which \$338,075.34 was paid to Clackamas county veterans. Multnomah and Lane county exceeded Clackamas.

Cash bonus paid by the commission during the period totaled \$4,193,098.61, while the loans aggregated \$3,849,253.79. The applications for cash bonus numbered 18,926, while the applications for loans aggregated 15,455. With the exception of \$20,161.05, representing cash bonus claims, all of the money disbursed by the commission went to ex-service men and women located in the United States and its possessions.

The bonus claims averaged \$221.55, while the loans averaged \$2491.42. Marion county was second with relation to the amount of money received, with Lane county third. Of the total claims paid up until September 30 there was one loan for every 12 bonuses.

Of the bonuses and loans approved only two remain undelivered, because of legal proceedings, 13 because of the claimants having died before receipt of the bonus and 18 because of being unclaimed the address given by the claimant.

In addition to the bonus and loans approved refunds of educational aid in the amount of \$135,903.91 has been authorized, bringing the total disbursements up to \$8,178,256.31.

FEDERAL FUNDS GIVEN TO ROADS AND SCHOOLS

Oregon and Washington have just received \$179,418.85 from the federal government for roads and schools. Oregon, second on the list draws \$110,615.21 while Washington receives \$68,803.64. The above amount goes to the counties of the two states in which there are National Forest areas.

The governors of 25 states have just been notified that 25 per cent of the \$3,421,531 received from timber sales, grazing permits and other sources of national forest revenue for the past fiscal year will be distributed by the Forest Service, U. S. Department of Agriculture. These moneys are returned to states in which national forests are located for expenditure upon schools and roads.

An additional 10 per cent of the total receipts is transferred to the Forest Service for the construction of roads and trails within the forests, and this sum for the present year amounts to \$338,576.

The total, which aggregates over one million dollars, will be prorated among the 28 states in proportion to the receipts from the national forests within their borders. Since the establishing of the national forests the sums returned to these states have steadily increased, and today amount to almost 14 million dollars, which has been directly contributed to the development of the states by the national forests within their borders.

California, where federal timber lands returned to the government \$628,765 during the past year, leads the list and will receive \$157,191 for the school and road fund and \$62,876 for national forest roads and trails. Oregon is second, while Idaho, Arizona and Colorado follow in the order named.

BERT M'BAIN IS NAMED CONFERENCE DELEGATE

Bert T. McBain, of this city, at present traveling in Wisconsin, was last night named representative from the Oregon City Council to attend the Southern Commercial Congress in Chicago November 20-22. A request for the appointment of a delegate was received at the meeting of the governors of the club last evening and McBain was appointed. President Hedges, asked for an address, declined to make the trip east for the occasion.

The governors received a number of applications for the secretaryship of the club and deferred the appointment of a secretary until November 1.

Publicity in the Oregon Motorist apical edition, was referred to the publicity department with power to act. Purchase of advertising space in the publication of the Oregon Motorist Association gives the club a two page story concerning Clackamas county and its resources, with a distribution of 25,000 outside of the state.

REGISTRATION IN COUNTY PROMISES TO HIT NEW MARK

Poignant Issues In Campaign Bring Out Voters; Ballot Expected To Be Cast By At Least Fifty Per Cent.

TOTAL WILL BE MORE THAN 17,000, CLAIM

247 Are Listed by Clerk Miller In One Day; Reports From Deputies Are Now Awaited

The registration in Clackamas county this year, is expected to reach a higher figure than ever before in the history of the county, according to Fred A. Miller, county clerk. The registration books closed yesterday, but the total number of voters will not be known until the clerk completes his tabulations. This will not be finished until just before election.

The registration in 1920, which was when the last total was taken listed before the general election of that year was 16,640.

The registration in May of this year was 15,747.

Many Figures Listed. The registration, Miller explains, is always heaviest at the time of a presidential election, but the total this year, notwithstanding that it is an in-between time, will run to a new record, he says.

The poignant issues raised in the campaign is given as the reason for the increase, and Miller states that a vote of 50 per cent of the registration, a mark seldom attained even in presidential contests, is practically assured.

Miller expects that the total this year will be between 17,000 and 18,000, probably approaching more nearly the latter figure.

247 Register Saturday. The clerk's office remained open until eight o'clock last evening. A total of 247 were registered during the one day. The fact that this year there are a large number of deputy registrars over the county makes it impossible to accurately estimate the total number who have registered, tho, Miller is certain it will surpass any figure since the statewide re-registration in 1916 made necessary by the change in the laws enacted by the 1915 legislature.

An interesting figure which the final totals is expected to reveal, is whether or not the increased registration will change the percentage of men and women. In 1920 there were three women to every five men. In May of this year, the proportion changed to nine men to every five women. Whether the greater number of registered voters will alter this ratio to any degree cannot be ascertained until the tabulation is complete.

Hill Club Plan Finish Fight On City Hall Site

The Hill improvement club, with organization plans for a membership of 500, will go "down the line" on November 7 to place the city hall upon the Percy Caulfield property on the hill at the corner of Seventh and John Adams streets.

This was the sentiment expressed at the first meeting of the club this season which was held last evening. More than 100 members of the club attended, and a general discussion upon the city hall question, formed the main topic of the evening.

The present membership of the club is 190 and it is expected that during the coming year this will be more than doubled.

The attitude of the members of the club during the discussion of the city hall matter, pointed to the general belief that the hill will be successful in carrying the issue to decide upon whether the proposed city hall will be located upon the hill site or upon the down town location which is the site of the present city hall.

Work On New Jail To Be Begun Soon

Clackamas county should have a new jail within another two weeks. Measurements for the new bastille in the basement of the court house were taken yesterday by representatives of the Portland Wire and Iron works.

Provision for the rebuilding of the city jail was made at the 1922 budget meeting.

The new jail is to be built on two individual cell plan, of burglar proof steel bars, and will embrace the most modern improvements in jail structure. Actual work here is expected to be started in about ten days.

TREASURER REPORTS ON COUNTY INDEBTEDNESS

\$35,000 Warrant Call Will Be Issued At Once; Funds In Banks In District Listed.

The report of County Treasurer W. W. Everhart to the county court shows a warrant indebtedness outstanding as of October 1 of \$457,126.99.

The treasurer has on hand \$35,231.17 to redeem warrants outstanding for which a call will be issued. The total balance on hand in the various funds totals \$307,255.62.

The funds of the county are deposited in the various banks of the county as follows: Canby State bank, \$15,500; First National Bank of Canby, \$15,500; Bank of Oregon City, \$70,411.29; First National Bank, Oregon City, \$38,605.55; First National bank, Molalla, \$18,302.50; First State Bank, Milwaukie, \$23,100; Estacada State bank, \$14,800; Clackamas County Bank, Sandy, \$20,000; Bank of Commerce, Oregon City, \$71,025.31; Farmers' bank, Wilsonville, \$8000; Carver State bank \$5000.

DATE FOR EXPOSITION IS EXTENDED TO 1927

Portland Executive Committee Votes To Change Time For Holding of "1925" Fair.

PORTLAND, Oct. 6.—No longer is Portland's projected party to the world to be known as the 1925 exposition. By unanimous action of the fair committee, after long deliberation yesterday, the big international undertaking has been postponed for two years. Hereafter it will be known as the 1927 exposition.

This decision, reached with reluctance, was imperative by force of circumstances, committee members agreed, and does not in any way reflect a spirit of despondency nor a wish to table the topic. Indeed, it was generally felt, the postponement of the exposition very materially reinforces its strength, removing several heretofore existing barriers to success.

Litigation Over Vehicle Law to Be Discontinued

The so-called vehicle ordinance, which has dragged through the Clackamas county courts, and been passed and repassed by the city council will be the subject of litigation no longer.

A move to fight the law, begun by the Pacific Coast Biscuit company of Portland, has been settled out of court, and it is understood that because of the fact that it is expected that the present ordinance would be upheld by the courts, threat of litigation was dropped.

The ordinance provides for a fee of \$30 per quarter for all vehicles delivering articles here for resale.

The first ordinance carrying this provision was taken into court and held unconstitutional upon the ground that it provided no regulatory measures and was therefore passed purely to secure revenue. A subsequent ordinance was drawn and passed containing a number of regulatory provisions. Several threats to attack the latter ordinance have been made.

The Pacific Coast Biscuit company undertook to fight the case, but the matter is dropped and yesterday a settlement with the city under which the company paid all of its outstanding license fees was consummated.

The action technically named J. Schlipf, driver for the company, but the action was handled through Portland attorneys who are representatives of the company.

It is understood that the decision not to fight the ordinance is the result of legal opinion to the effect that the law would be upheld and local officials regard the action as indicative of the fact that no further contest over the provisions is to be expected. A number of other cities throughout the state have framed similar ordinances, and the status of the Oregon City law will have a general effect over a number of the smaller towns.

Moonshiner Given Fine of \$200 For Having Two Stills

E. L. Layman, arrested a week ago on liquor charges, was convicted before Judge Perry in the Milwaukee justice court and given a light fine of \$200. Layman's place on Foster road was raided by Deputies Long and Hughes and Constable Lowe and two complete stills found, together with mash and finished moonshine. The man's son was also arrested but the action against him was discontinued.

Layman was arrested by state game wardens for having green deer meat in his possession without proper tags, and was fined \$25 and costs on this charge.

KU KLUX KLAN TO TAKE NO STAND IN RECALL OF CROSS

Course of Neutrality Ordered; Absence of Any Religious Issues, Given as Cause for Lack of Definite Action.

QUESTION DISCUSSED IN FORMAL SESSION

Ninety Per Cent of Members Are Declared to be in Favor Of Retention of Judge.

The Oregon City Ku Klux Klan, speaking for the entire Clackamas county district, has decided to offer no ticket officially as far as the proposed recall of County Judge Harvey E. Cross is concerned.

This action was taken at a meeting of the Klan Thursday night at Williamette hall. The session was attended by about 200 klansmen.

What is purported to be a complete investigation of the contentions of both sides of the recall, was made. The decision of the Klan to officially steer a neutral course is based upon the fact that no religious questions enter into the affair.

Under this decision, the political power of the Klan will be exerted in behalf of neither faction and the members of the order not instructed as to their vote upon the subject.

Cross Said Favored.

Klan officials, however state, that fully ninety percent of their membership is opposed to the recall and that at least this amount will cast their ballots against the recalling of the county judge. Inferring that the recall is based largely upon personal prejudices of its sponsors, they state that the Klan will take no part in the settlement of personal battles.

Investigating the charges made and the answers to them, the Klan asked the recall proponents for any information which they might be counting on to "spring" later in the campaign. The only charge made was one of the usurping of more than legal authority in the conduct of the Abrahamson case in the juvenile court, brought in connection with threatening letters received by Roy Yoder a year ago.

Figures Are Given.

Cross, in denying the charges, placed in the hands of the Klan information upon the county indebtedness, ending to show that he was not responsible for the increases in the bonded indebtedness charged to his administration.

The charges of autocratic treatment, and unfairness in juvenile court hearings were flatly denied by the judge, in a signed statement.

Changes that the poor of the county and the widows had been denied support in order to make a show of economy, was also denied with the explanation that the lists had been carefully gone over and some pensioners weeded out upon the ground that they are not worthy.

The final charge that the judge had failed to keep promises to visit roads, was denied with the exception of one case, that if Coral Creek, where there was some delay in getting the court to view the ground where a contention over the amount of damages allowed, was raised.

A. L. Beatie Will Run For Council From First Ward

A. L. Beatie, Oregon City commissioner, has filed a petition of candidacy for councilman of ward one. He will oppose R. J. Hodgson, present incumbent, who was recently appointed by the council to fill a vacancy in the chair.

Dr. Beatie is the first to file for a councilmanic office where one candidate is already out. Outside of the office of city recorder for which four are running, the position of councilman of ward one is now the only office which is contested.

It is generally expected that the mayoralty race will not be contested. James Shannon, present incumbent, has already filed, but if there is any opposition, it will probably not develop until the last minute. Henry Henningson, prominent in fraternal circles, is being groomed by his friends for the race, but according to present reports is reticent about accepting.

The position of councilman of ward four is at present uninviting. This office is being vacated by J. E. Jack, who is not to be a candidate for reelection. Later opposition to other councilmanic positions is expected and talk runs strong over a number of prospective aspirants but without the assurance that any of them would consider the entrance into the local political field.

irate Husband Sought AS CLUBMAN'S SLAYER

Discovery of Diary of Man Starts New Jealousy M...

LOS ANGELES, Oct. 7.—The search for the stranger of Guy M. Dernier, clubman, of Los Angeles, Chicago and Phoenix, Ariz., was expected to be resumed in the Arizona capital today with the return there of Deputy Sheriff F. W. Bell, who has been gathering evidence in the case here for several days.

Despite what he described as "worth his while" to destroy certain data it contained, the Arizona officer, when he started homeward yesterday, declared he still had safely in his possession a diary the dead clubman was said to have kept.

This book, or series of books—for the diary was said to have filled three small volumes—contained the names of a number of women in Phoenix, Tucson, Douglas and Florence, Ariz., and Los Angeles, San Diego, Santa Barbara and Santa Monica, Cal.

It was to interview a number of the Arizona women who had come to Los Angeles for the summer that Deputy Sheriff Bell came to this city and obtained the assistance of J. B. Fox, Los Angeles county deputy sheriff. Bell said he believed it was "a jealous husband" who strangled the clubman to death September 13, and then threw his body into an irrigation canal on the outskirts of Phoenix, to give the slaying the appearance of accidental drowning.

When Bell started home he said suspicions had narrowed to "two prominent business men" of Phoenix, both of whom were still in that city.

GOVERNOR OLCOTT TO OPEN CAMPAIGN DRIVE

PORTLAND, Oct. 10.—"From this time on I am going to take an active part in the campaign to the end that success may attend the Republican ticket in November," said Governor Olcott last evening in addressing the Multnomah county central committee.

"I have no message for you now, but I shall have rather an important one when next I speak before you."

Just in what way the governor intends taking an active part in the campaign was not indicated, but it is understood in inside political circles that he contemplates taking the stump against his opponent Walter M. Pierce, the Democratic nominee. Pierce has been making speeches throughout the state, and it is suggested by politicians close to the party councils that the governor may soon follow his opponent up, lay bare the sophistry of his arguments on the issues of the day, and present the achievements of the present Republican administration.

Congressman C. N. McArthur, National Committeeman Ralph E. Williams and Republican Chairman Toozie also addressed the committee.

Estacada Defeats West Linn Eleven

(By Jack Hempstead.) The Estacada High school football eleven downed the Union High team in the second contest of the year played on the West Linn field yesterday afternoon coming out of battle on the long end of a 6 to 0 score.

Three minutes after U. H. S. opened play by kicking off to Estacada, Ed Donnelly, U. H. S. captain and star fullback was laid out with an injured knee and the handicap of his absence from the lineup during the rest of the first half could not be offset. An Estacada punt straight up in the air gave the ball to the losers in midfield but a fumble set them back ten yards just at the end of the quarter. Union High punted to Escada who in turn were forced to return the ball in like manner after failing to complete a pass. Brady, who received the (Continued on page two.)

Roy Cox Is Hurt In Fall Thru Skylight

R. B. Cox, manager and owner of the Oregon City Ice Works, fell through the skylight of the plant on Monday evening while repairing pipes.

He is suffering from cuts and bruises about his body. His hip is badly injured. Dr. Guy Mount is attending the injured man, who was removed to his home.

This is the second accident in the Cox family during the past month. Several weeks ago his young son fell from a bicycle and broke his arm.

Old Estate Opened In Probate Court

Letters of administration upon the estate of George H. Merriot were granted in probate court yesterday to Lena Merriot. Merriot died here in 1919, leaving a widow, two sons and a daughter. The estate is valued at \$10,000.

TURKS AND ALLIES SIGN PROTOCOL OF NEAR EAST TERMS

Tentative Agreement Is Now Reached; Nationalists Will Consent To Acceptance of Newly Imposed Conditions.

APPROVAL IS GIVEN BY ASSEMBLY AT ANGORA

Evacuation of Neutral Zone Is Provided; Compromise Upon Thrace Is Required.

MUDANIA, Oct. 10.—The armistice convention was signed here tonight at 11 o'clock. The representatives of all the powers concerned affixed their signatures to the revised protocol, which General Harrington has presented for acceptance to Ismet Pasha and which the nationalist delegates forwarded to the Angora government for its decision.

MUDANIA, Oct. 10.—The allied generals submitted their final armistice convention to Ismet Pasha, the Turkish Nationalist representative, last night. The Angora government was given until 5 p. m. today to accept or reject it.

"We have gone to the extremity of concessions," declared Lieutenant General Harrington. "The revised armistice convention is a gratifying manifestation of allied solidarity in war or peace. It is earnest hope that the Turks will appreciate the liberality of our terms. If they reject them we are prepared for all eventualities."

"The convention we submitted is Great Britain's last word. It now rests with Angora whether the world shall have peace or war."

The allied terms include withdrawal of the Turkish troops from the neutral zones of the Dardanelles and Bosphorus, a limitation of the number of Turkish gendarmes to be allowed in Eastern Thrace, and non-occupation of that province by the Turkish army until after a peace treaty is signed. Ismet thanked General Harrington and his colleagues and said he hoped the Angora assembly would approve the terms.

Confronted by the new program and assured of the allies' re-established unanimity, the Turkish representative at Mudania, Ismet Pasha, yesterday let it be known that his powers were limited, although he was in constant telephonic communication with Mustafa Kemal Pasha, and that the final word must come from the national assembly.

Constantinople advises report the arrival of further Turkish forces in the neutral zone if the ismid peninsula, on the Asiatic shore of the Bosphorus opposite Constantinople. The front ranks of the Turks, however have not been advanced further. The British are landing reinforcements to protect their railway communications.

TWELVE ARRESTS MADE FOR TRAFFIC VIOLATION

Only one wreck, and that as yet not reported to the authorities, is recorded in Clackamas county over the week end. The accident, which was not of a serious nature, happened on Main street early Sunday.

Twelve arrests were made during Saturday night and Sunday by Traffic Officer Long. They were:

Albert W. Miller, Salem speeding, fined \$20; Roy B. Holcomb, route 1, Clackamas, no lights, \$5; D. B. Fleck, 82nd Street, hogging the road, trial Friday; E. F. Kaufman, Portland, speeding, cash penalty, \$15; E. W. Crosby, Woodburn, speeding, \$10; J. W. Warbel, Scotts Mills, passing and crowding car off pavement, \$15; K. R. Schwael, Canby, speeding, trial Friday; Donald Junor, Beaverton and Peter Muller, Oregon City, racing \$10 each. Costs were added to all of the fines.

BRIDGE WORKER IS HURT IN AUTOMOBILE SMASH

Andrew Carlson, of Portland, who is employed in construction work on the new suspension bridge, is suffering from a badly lacerated arm and bruises caused by an automobile accident Monday night. Carlson was on his way to his home in Portland and after reaching the 82nd street road a passing automobile struck his machine. He was thrown from the car, and his arm struck against the broken wind shield.

The injured man was brought to the Oregon City hospital for medical attention.
