Plea Is Made For Lumber Industry

OSWEGO, Dec. 11.—A number of Oswego people attended the hearings in Portland Wednesday before the public service commission to voice their protests at the granting of a franchise to the Oswego Lake Log & Boom company to convert Oswego Lake in a log pond.

There seemed to be a feeling among those who heard the testimony that the residents of the lake district so far have made the better showing. Mr. Maguire, one of the speakers in outlining his client's position, declared that the granting of the right to use the lake would add stimulus to the lumber industry of Portland, and it would help provide a market for the timber to the south and west of the city. The lumber supply in the Willamette and Columbia river districts is being depleted, he stated, and unless a new source of supply is opened up, lumber mills will be driven from Portland.
