Transfer Man Buys Fine Business Site

OSWEGO, Dec. 18—George Rodgers, proprietor of the Oswego Transfer company has just purchased a site of 50x120 feet from the Redmen Lodge of Oswego, fronting on Front street, and located between the Redmen's corner and the Oswego garage. The site is considered one of the best and most desirable inside spots for a business building and while his plans are somewhat indefinite just at present, Mr. Rodgers has in mind the erection of a fine two-story modern concrete building to cover the entire site.

There has been a demand for business locations and Oswego has long been wanting a first class hall for lodges and general community meeting purposes and it is believed this want is to be filled during the coming year.

It is quite likely that the front portion of the second floor mill be arranged for office purposes.

Oswego Cement Plant Closed for Repairs

OSWEGO, Dec. 18—The Oregon Portland Cement plant at Oswego has shut down for repairs. These repairs will be finished so that the plant can resume operations about January 1, when it is hoped that a steady run will result.

The demand for cement continues strong, and indications point to the coming year being far ahead of the previous year in the sale of the company's product. Oswego people are particularly gratified over the success with which the local company is now meeting because its first few years of operation were anything but hopeful. It is quite a lift to Oswego as it employs between 80 and 100 men.

Hot Soup Is Served For Oswego Pupils

OSWEGO, Dec. 18—At the meeting of the Oswego Parent-Teacher association on Tuesday a committee was appointed to attend to the details of serving hot lunches to the children during the winter months.

The committee, composed of mothers and friends of the children is very active and with the aid of the merchants and parents, hot soup was served on Thursday and Friday and will be served all next week.

The next meeting of the association will be the second Tuesday in January.

Hillside Property Is Put On Market

OSWEGO, Dec. 18—The Oregon Iron & Steel company has put on the market block 6 of the Hillside property in Old Town, lying north of the Turnell's Grocery and south of the baseball grounds. This overlooks the city of Oswego and the Pacific Highway for nearly half a mile and is one of the choicest pieces of property in the town.

NEW GARAGE PLANNED

OSWEGO, Dec. 18—It is reported that Oswego will have another garage with a complete outfit of machinery and apparatus. It is understood that a location has been secured on the highway and that a new up-to-date building with all modern convenience will be erected.

DRY LAW ENFORCEMENT TOPIC IN WASHINGTON

WASHINGTON, Dec. 18.—Responding to an invitation from the president, governors of 15 states came to Washington today for conference with President Harding on ways and means for effectively clamping down the prohibition enforcement lid.

The governors came here fresh from their three-day conference at White Sulphur Springs, where, in a rather informal manner, the same problem was discussed.

Cognizant that the present system of enforcement has not brought about the highest desirable results anticipated, President Harding will mince few words in making it quite plain to the governors that hereafter dry agents, federal or state, must work in closest co-operation. Only in this way, Mr. Harding will point out, can the "national scandal" of prohibition laxity stressed in the message to congress, be dealt with.

Enforcement Is Sole Issue

The question of the propriety or expediency of the dry law is not an issue in this conference. President Harding is concerned with effective enforcement. At the outset he will make this clear to the governors.

While President Harding does not feel that any specific agency or individual can be blamed for the apparent let-down in the dry campaign, he is represented as being of the opinion that the laxity reported to him from many sections of the nation has been due in no small degree to lack of proper and harmonious co-operation between the regularly constituted prohibition units, state as well as national.

State Assistance Needed

Because of the magnitude and scope of the work, it is believed he will bring out in the conference that it is well nigh a hopeless task for the federal agencies to tighten up the lines without earnest and active assistance from the states. On this ground he will appeal to the governors for aid, believing the state units are a vital and essential part of the general prohibition machinery.

Closer co-operation between state and federal governments in enforcing the prohibition laws is not alone sufficient to clamp down the dry lid throughout the country, Governor Henry J. Allen of Kansas, here to attend President Harding's prohibition conference, declared.

Governor Allen said the public must be made to realize prohibition enforcement would mean greater economic prosperity, individually and nationally.

Portland Man Buys Gambrinus Building

Ben Levin, of Portland, has purchased the property at Sixth and Main streets of the Gambrinus Brewing company of Portland. The deal was closed a few days ago. The consideration was $39,000.

A two-story brick building occupies the site. The first floor is occupied by the J. C. Penny drygoods store and the Penny Cash Market of Mielke & Koellermeier. Both firms have leases on their store building, one of which extends to 1925, it is said. The second story consists of 16 sleeping apartments, known as the Florence hotel. This hotel business was recently purchased by Mrs. Florence Kerr, of this city, from J. J. Tobin, then known as the Electric hotel annex.

Balance Paid on Piano For School

SANDY, Dec. 18—The pie social and program given by the Sandy P. T. A. "turned out" much better than anticipated for such a cold night. The sum of $30.40 was cleared. The indebtedness on the school piano is now paid. This is no small accomplishment for this P. T. A. The piano was bought less than four months ago, and is now paid for and there was about $14, left of the fund last night for a "nest egg" for the society.

The program preceeding the sale of the pies was an instrumental solo by Caroline Chown; song "Oregon" by the audience; song by Ruth Esson and Jonne Shelley; reading Mrs. Duke; dialogue Ruth and Ronnie Esson; duet Mrs. Esson and daughter Dorothy Esson; Mrs. Robert Jonsrud told two funny stories which was followed by 20 people reading humorous clippings which had been distributed through the audience. These clippings had all been cut from the funny column in the Morning Enterprise, which is conducted by "Junius". This "stunt" made a great hit, and was immediately followed by a needle threading contest among the men, Dewey Alt winning a fat pie for threading his needle first. Henry Perret auctioned the pies. Mrs. Henry Perret was head of the refreshment committee. On the program committee were Mrs. Miller, Mrs. Esson and Mrs. Scales. Mrs. Anna Duke is the live-wire president.

Ladies of Cottrell Bazaar Is Success

SANDY, Dec. 18—The ladies of the Cottrell community "put over" a fine program in connection with their bazaar last Friday and the receipts of the evening were about $85. And aside from the financial part of the program everyone had a delightfully social time

The program: "America"; reading, Mrs. Walter; comic singing, D. Brooks Hogan; a play, "Sewing for the Heathen", was next in order, the characters in the comedy being Mrs. S. F. Pitts, Mrs. Fred Myers, Mrs. Dawson Smith, Mrs. Ray Wilkinson, Mrs. Haley, Mrs. Jack Brophy, Mrs. Wm. Bancke, Mrs. Steve Splawn and Mrs. H. H. Watkins. At the conclusion of the play Mrs. Miller of Sandy sang, "Jes' a Little Nigger", and for an encore gave "Beautiful Land of Dreams."

Refreshments were then served, after which D Brooks Hogan took the platform and auctioned off the entire display of fancy work. Hogan claimed it was his first attempt as an auctioneer, but he made a big hit with the crowd and has himself "spotted" now as a "regular" fellow in the community, and all the bazaar ladies for miles around will be calling on him to sell their wares.

The Cottrell ladies have promised to come to Sandy in January and give their play for the Sandy P. T. A.

Visitors Return to Home In Arizona

SANDY, Dec. 19—Mr. and Mrs. W. E. Johnson who were recent guests of the Millers left Friday for their home at Yuma, Arizona, where they have a cotton plantation, and are also interested in orange and grape-fruit culture. There is a table land (Mesa) of 40,000 acres of practically frostless land in the Yuma country and orange trees 25 years old have never been injured by frost. Watermelons will be ripe in January.

The government reclamation project built a pumping plant to irrigate 18,000 acres of this, the largest frostless belt in the U. S. A large open ditch with cement pipes carry water to the high point on each 40 acres. The oranges, etc., ripen there a month earlier than in California, according to Johnson, and have a much better flavor, the grape fruit not requiring sugar The Johnsons, former Oregon City people, are pleased with the "Mesa" country.

Community Musical Program Called Off

SANDY, Dec. 18—On account of sickness and numerous other reasons it was decided to call off the regular community musical program was announced for next Sunday night, and a portion of the program will be used in connection with the community Christmas tree exercises at the Odd Fellow's hall on Thursday night.

The next regular song service program will be given on Sunday night, Jan. 7.

There will be a program and Christmas tree at the Lutheran church beginning at 7 P. M. Christmas eve.

Roads and Weather Close Lumber Mills

SANDY, Dec. 18—The Sandy Lumber Co. had to close down their mill at Brightwood on account of so much snow and bad weather.

The Dwyer Logging Co. will start up again soon after the first of the year.

New Road District Plans Are Failure

SANDY, Dec. 18—A special road meeting was called at the Kelso school house Saturday afternoon at which time it was proposed to change the present boundaries and form a new road district. A committee consisting of I. H. Phipps, of District No. 23; B. Nelson of Sandyridge district, and Max Kligel were appointed to report on the proposed change, and after due consideration the said committee reported against the formation of a new district and change of boundaries.

A motion carried to adopt the resolution submitted by the committee and the large crowd of voters adjourned without making any change whatsoever in the affairs of the district.

F. W. Canning was chairman and John Revenue secretary of the meeting.

JANITOR SELECTED

SANDY, Dec. 18—There were five bids opened at the Union high school meeting Friday and W. G. Duncan of Sandy was awarded the contract for doing the janitor work in the new building for the remainder of the school year. Duncan's work is to begin Dec. 20.

The auntomatic heating plant of the school building is working in fine shape. The cost of the plant was something over $2900.

ASTORIANS AIDED

SANDY, Dec. 18—Although Sandy has about as many problems of her own as she can handle, when the Astoria fire left so many people in reduced circumstances a purse of $43 was made up and sent to the sufferers there.

The Firwood school will have a Christmas tree and program Friday night, Dec. 22.

NEWS FROM DOVER SECTION

The Pleasant Home veterinary was called to the Susan Kelliher ranch at Dover to see a sick horse Monday night, and with the assistance of neighbors, remedies were applied most of the night. The animal was slightly improved Tuesday. The veterinary pronounced the disease as "forage poisoning," which he says, many people confuse with "staggers." There is a white mildew on some grasses, fern, and other forage, that horses eat, and moldy hay, especially moldy oat hay is another cause of the disease. The Kelliher horse was partially paralyzed in it's back, and also in its throat. Good, fresh feed is the best preventative for this "brand" of staggers.

The "stork" was flying around at Dover last week and the prosperous bird left a fine nine pound baby boy at the home of Mr. and Mrs. Fred Sievers. The Sievers family are new homesteaders that came to Dover in the fall.

The Morrison and Bodley families of Dover had a delightful evening at the home of Mr. and Mrs. Orville Evans Saturday. Cards were played and a fine supper of chicken, ice cream, candy, etc., was served at the midnight hour.

Mhs. Susan Kelliher returned Monday from the city, where she went in order that she and her husband might celebrate their birthdays together.

Irvin Updegrave and Ray Hanson had their troubles while returning from Sandy Monday night, where they took McKinney, the veterinarian. A hub broke, and the boys had to borrow one from Lampers before they could pursue their journey home, and even so they didn't get home until time for breakfast.

Fred Sievers and August Koennemann who have been away all winter working on a railroad returned home last week.

Frank Thiess of The Burn was in town buying supplies a few days ago.

A. J. Morrison and young, Jimmie Milne have gone to Portland to attend the annual gathering of the Clan McLaey and will return on Sunday, bringing out a load to celebrate Christmas at the Morrison-Bodley home.

Mrs. J. G. DeShazer has been "shifting" things around while having a new kitchen floor put down.

The Pomona Grange will meet at Eagle Creek on the second Wednesday in January, and a large crowd is expected.

Mrs. Longnecker's condition remains about the same, and she continues to bear her suffering with unusual patience.

A. J. Morrison and August Koenneman were down to Sandy laying in a supply of feed on Monday.

DEADLOCK IS REACHED AT LAUSANNE MEETING

LAUSANNE, Dec. 20.—The subcommission on capitulations of the Near East reached a deadlock today on the question of trying foreigners in Turkish native courts. As a substitute for the present consular courts the allies suggested that a foreign judge, appointed by The Hague court of justice, should sit on the bench with the Turkish judge. The Turks refused this.

Ismet Pasha received a message from Mustapha Kemal today announcing that the American college at Smyrna which was closed during the fighting there may reopen and that the Nationalist government had no objection to the American schools carrying on their work in any part of Turkey.

It has become known that the American observers at the conference believe that an international control commission, associated with the league of nations, as suggested in the allied plan for supervision of the Dardanelles, is unnecessary. In other words, the Americans believe that freedom, guaranteed by a treaty between Turkey and the other powers, and that it should not be a freedom limited by any international commission.

Pneumonia Is Fatal To Eleanor Scotton

Mrs. Eleanor Scotton, wife of Francis Scotton, of Canby, died at the family home near the fair grounds this morning. Mrs. Scotton had been ill but a few days. Her death was due to pneumonia.

Mrs. Scotton was born in London, England, 79 years ago, and for 16 years has made her home in Canby.

Deceased is survived by her husband, of Canby; a daughter, Mrs. L. C. Misz, of Portland, and a son, Frank Scotton, of Billings, Mont.

Funeral services are to be held from the family home Friday afternoon at 2 o'clock. Interment will be in the Zion cemetery, Canby.

Holman & Pace, Oregon City, have charge of arrangements.
