

EARTHQUAKE SHAKES ST. LOUIS, ROCKING HOUSES

PEOPLE FLEE IN TERROR AS TREMOR VIBRATES SKY-SCRAPERS.

ST. LOUIS, April 8.—A distinct earthquake shock was felt for several seconds this afternoon throughout this section, and the after-vibrations continued for eight minutes. Several windows were broken and several chimneys were knocked down.

The seismograph at St. Louis University indicated that the quake was in the New Madrid (Missouri) region, where a series of violent earthquakes was felt from December, 1911 to March 1912.

The first tremor today was recorded at 2:42:30 p. m., and the main tremor was recorded 12 seconds later.

Big office buildings of this city were shaken. In the 21-story Railway Exchange building several persons became alarmed and took elevators to the street; spectators left the Columbia theatre, and at a police station three men were thrown to the floor. The quake of 1911 changed the course of the Missouri river, uplifted vast areas of land, and opened great fissures in the earth.

JOE CATHO CAN'T GET MONEY UNTIL HE PAYS FOR WIFE'S DIVORCE

Circuit Judge Campbell Saturday issued a decree ordering the First National bank, of Portland, to hold the deposits of Frank Catho, an employee of the Willamette Iron & Steel Works, pending Catho's payment to his wife of money for attorney's fees for a divorce suit. Mrs. Catho filed suit for divorce, alleging cruel and inhuman treatment. The Cathos were married in Oregon City in 1909. They have one child, three weeks old.

Martha A. Webb Zeller was granted a divorce Saturday from Richard L. Zeller. She charged that her husband deserted her February 20, 1916, and got the decree by default, with permission to re-take her maiden name, Martha Webb. She was married in Portland, December 8, 1916.

WIFE STABBED HIM WITH SCISSORS, HIT HIM WITH LAMP, SAYS C. W. OWINGS

CHARLES OWINGS CHARGES WIFE WITH CRUEL AND INHUMAN TREATMENT.

Charles W. Owings filed suit for divorce here Tuesday, alleging that his wife, Anna Owings, had treated him cruelly and inhumanly. Among other things, he says she hit him in the face with a glass lamp, stabbed him with a pair of scissors, threatened to burn his home, cursed him, and forced him to pay her \$300 before she would sign papers for the sale of 20 acres of land which he had owned before their marriage. The general effect of these actions, Owings charges in his complaint, was to make his home life unhappy, and destroy his peace of mind.

VAN JORGENSEN, OREGON CITY LAD, GETS RECRUITS BY WHOLESALE LOTS

Van Jorgensen, private in company A of the Third Oregon, and now on recruiting duty in this city probably has taken in more raw recruits than any other man in the state. Through his diligence about 15 have recruited from Oregon City and more are still coming.

He was on the Mexican border with troop A for eight months, and has been with the company for about ten months. He returned from the border only about seven weeks ago and has been active in the regular uniform for all but two weeks of his entire service. Mr. Jorgensen was with Sheriff Wilson when they made the trip to the Clairmont district and gave the pupils a short talk on "Patriotism." After the boy from the regular army addressed them every child in the school stood in the middle of the aisle and saluted the stars and stripes.

Jorgensen is of English birth, and has relatives in England.

OREGON TO DO PART IN LOYALTY AND SERVICE

ONE REGIMENT, NAVAL MILITIA, ARE READY NOW, OTHERS TO BE FORMED

PORTLAND, Ore., April 6.—Oregon will have a definite and most important part to play in the great war the United States now has entered.

In men to be furnished for the armies of the United States against Germany, its portion will, of course, be smaller than that of most of the states because its population is less.

The census of 1910 gave the state a total of only 572,749 inhabitants. But already the state has one full regiment of National guardsmen in the field, its quota of Naval militia, called out yesterday, is recruited to full strength, and plans are under way for immediate formation of further regiments.

LATE O. A. C. REGENT HELPS NEEDY STUDENTS WITH SHARE OF ESTATE

A scholarship at the Oregon agricultural college is to be founded from the estate of the late Captain J. T. Apperson, of Parkplace. This was revealed Monday when Captain Apperson's will was filed for probate.

The estate consists of about \$60,000 worth of real and personal property. The will provides that the estate shall not be closed during the life of Captain Apperson's widow, Mary A. Apperson, aged 73 years.

The scholarship will be under the management of the state superintendent of public instruction and the president of the Oregon agricultural college, who are directed to use the income from about \$25,000 of the property in assisting worthy young men and women through school. Provision is made that no one person shall receive more than \$500 annually. Title to the property will be vested in the state land board, as trustees.

Some \$35,000 of the property is divided among various relatives, the widow and one nephew, Edwin Clyde Apperson at McMinnville, receiving \$10,000 each. The next largest bequest was to Roswell L. Conner, a nephew at McMinnville, who is to get \$5000. Other heirs named are: Myrtle A. Conner, McMinnville, Or., \$500; Elvie E. Apperson, 874 Clinton street, Portland, \$1000; Lila C. The widow likewise is given the family home at Parkplace, and an annuity of \$600 during the rest of her life. A clause provides that each nephew and niece not named in the will is to receive \$100, and another is to the effect that a suitable monument shall be erected for Captain Apperson and for his widow, Joseph E. Hedges and Marion C. Money, both of Oregon City, are named as witnesses, and Edwin Clyde Apperson and Roswell M. Conners as executors of the estate. The will is dated October 29, 1913.

Captain Apperson was a member of the board of regents of the Oregon agricultural college for many years. He died on April 3.

HENS OUTSHINE RABBITS AS EASTER EGG LAYERS

PET CHICKENS AT BOLTON OUTWIT BUNNIES; DESTROY TRADITION.

The chickens at the home of the Berg family, in Bolton, evidently started out last Easter to disprove the old tradition that Easter eggs were distributed by rabbits.

"Biddy," a White Orpington hen, the pet of little Harold Bolton, started the game by laying an egg seven and one-half by six inches in size. While "Biddy" was strutting about the henyard and cackling joyously over her successful campaign against superstition, "Henny Penny," another pet hen, owned by little Barbara Berg, repaired to her nest and laid another big egg.

ARGENTINA RECOGNIZES U. S. WAR JUSTIFIED

LATIN-AMERICAN REPUBLIC TO BE NEUTRAL IF LEFT ALONE BY FIGHTERS

BUENOS AIRES, April 11.—Argentina today formally "recognized the justice" of America's declaration of a state of war against Germany, but announced her strict continuance as a neutral.

The announcement showed clearly that while Argentina maintained her present status as a neutral, she had not decided as yet on a future course.

The formal decree announcing Argentina's policy contained this statement: "In view of the causes which induced the United States to declare war on Germany, the Argentine government recognizes the justice of this decision because it was due to violations of principles of neutrality, consecrated by the rules of international law which were considered as definite gains of civilization."

From the highest source today it was learned that Argentina intends "strict compliance of her neutrality unless either side violates her rights."

LOSS OF LAMBS HEAVY IN STORMY WEATHER

BIG OWNER LOSES FIFTY PER CENT OF INCREASE IN BAD STORMS

BAKER, Ore., April 11.—Reports received here from Pleasant Valley state that the lambing season has been disastrous for many of the larger sheepmen. One of the biggest operators is reported as saying that little better than 50 per cent of the lambs were saved, owing to severe weather conditions and lack of feed.

Late snows prevented the ewes from grazing and left them with insufficient milk to nourish the lambs.

GERMAN SHIPS SEIZED IN OREGON BY U. S.

PORTLAND, Ore., April 6.—Three German sailing vessels in the river came into possession of the United States early Friday morning, when they were ordered seized by Collector of Customs Burke, acting on instructions from Washington. The vessels are the Kurt, lying at Astoria; the Arnoldus Vinnen, at Clifton; and the Dalbek, at Linnton, and those on the lower river will be assembled with the Dalbek at Linnton if officials at Washington approve recommendations of Collector Burke.

Masters and men from ships were taken in charge by United States immigration department representatives, Inspector R. P. Bonham directing the action. Since diplomatic relations with Germany came to an end recently, the procedure against the vessels has been prepared for, so those who had been aboard were escorted to a hotel here and are comfortably quartered with the best the hostelry affords.

FOREMAN IS STABBED BY DISCHARGED WORKMAN

EDWARD HAYES IS ATTACKED WHILE WORKING WITH TRUCK AND HURT BADLY

Edward Hayes, foreman of the Doernbecher Manufacturing company's mill at New Era, Oregon, was stabbed three times and seriously injured while he was working early Friday. Mr. Hayes swore out a warrant accusing Sam Sarisch, discharged workman, of the stabbing.

Sheriff Wilson and Deputy District Attorney Burke, with a posse of deputies, hastened to the scene of the stabbing but were unable to locate Sarisch. They reported that they saw the fugitive walking towards Oregon City while they were coming here on the train, but he disappeared again before they could stop the train and get off.

Mr. Hayes says he discharged Sarisch Friday, and that the man left the mill, returning with a large pocket knife a short time later. Mr. Hayes was running a hand truck as the alleged stabber approached, and paid no attention to the man.

MEN WITH FAMILIES MAY NOT SERVE IN U. S. ARMY

SECRETARY OF WAR ANNOUNCES DISCHARGE OF MARRIED SOLDIERS

WASHINGTON, April 11.—All married men serving in the National guard having families dependent on them will be discharged whether they wish to serve or no, according to an order issued by the war department. The order reads:

"Secretary of war authorizes the discharge of all enlisted men in the National guard who have families dependent upon them, members of which, while soldiers in the federal service, would be entitled to the benefits of the comforts provided by the act of Congress approved August 26, 1916, whether they desire to be discharged or not."

The word "dependent," the order declared, means only wife, children or dependent mother, and careful investigation before discharge will take place.

The war department order was issued to relieve the government from responsibility of caring for dependents—a tremendous figure at the time the militia went to the Mexican border.

No new militia units will now be filled up with volunteers until such time as the president deems it necessary to draft.

FIVE ARE INJURED IN AUTO ACCIDENT; RACING

J. REBOUL'S CAR OVERTURNS NEAR JENNINGS LODGE

—CHILDREN HURT.

Five persons were caught under an overturned automobile and two were severely injured near Jennings Lodge last Sunday. The others were bruised slightly.

The seriously injured were: Mrs. J. Reboul, of Eleventh and Jefferson streets, wife of the driver of the overturned machine, and one of the Reboul children. The slightly injured were Mr. Reboul and three of the Reboul children.

Deputy Sheriff Frost, who investigated, reported that the accident occurred while the Reboul car was racing with a small automobile bearing a dealer's license. The deputy says the cars were going about 50 miles an hour when the Reboul machine overturned.

The Rebouls were caught under their machine, which turned completely over. The deputy did not learn the license number of the machine with which Mr. Reboul was racing.

Mrs. Reboul was bruised badly and severely shocked by the accident. The child had cuts about the head.

FLAGS WAVE AT EACH HOME IN OREGON CITY

Today Old Glory is waving from every flagstaff in the city, and nearly every home is adorned with a small flag. Even young boys seven and eight years of age are cutting flag poles in the forests and dragging them into their yards. One of the young patriots, Roland Wilson, son of Sheriff and Mrs. W. J. Wilson, mounted a flag staff on the Wilson home. His brother, Kent Wilson, is with the hospital corps at Vancouver Barracks, and accompanied the hospital corps to the Mexican border. Two other young patriots, who erected a 25-foot staff without assistance, are the two Swanson boys, Richard and Raymond Howell. These boys all live in the same neighborhood and have been competing with each other in raising the flag staff.

One of the streets in the residence section of the city displaying the largest number of American flags is Center street.

SOLDIERS TO GET MAIL IN SPITE OF WARTIMES

LETTERS MUST BE ADDRESSED TO DEPARTMENT WHERE MEN ARE ASSIGNED

WASHINGTON, April 11.—America's boys in khaki, serving "somewhere in the United States," will be able to receive their mail from home regularly, even though the war department has decided to withhold the destinations of army units.

Letters should be addressed to soldiers in care of the department to which has been assigned. These department addresses are: Southern, Fort Sam Houston. Eastern, Governor's Island. Central, Chicago. Western, San Francisco.

If the correct department is not known, mail addressed to soldiers in care of the adjutant general's office, war department, Washington, will be promptly forwarded, it was stated.

PORTLAND HAS BIG DAY IN RECRUITING OFFICE

ARMY AND NAVY ROOKIES POUR IN AT RECORD SPEED TO SIGN UP

PORTLAND, Ore., April 11.—Yesterday was a great big day for the regular army and the regular navy in Portland.

Judge for yourself how big a day it was from these figures: At the regular army recruiting station in the Worcester building, in charge of Captain E. J. Hubbscher, United States Army, retired, a total of 105 men was enlisted.

This is the greatest number of men ever enlisted here for the regular army in one day, and it is believed to be a record for the entire Pacific Coast. The biggest previous day's work here was done last Monday, when 82 men were enlisted.

At the navy recruiting station in the DeLum building, where Lieutenant-Commander John H. Blackburn, U. S. N., is in charge, a total of 63 men was enlisted for the navy.

This, too, is a record that never has been equaled here, nor has it been approached in any other Pacific Coast city.

"DIXIE" FOR WAR SONG

"Star Spangled Banner" Is Too Hard to Sing

WASHINGTON, April 10.—"Dixie" for the national war song. Several members of congress are considering introducing a resolution making "Dixie" a national air with congressional indorsement to supplement "America"—which they say is English—and the "Star Spangled Banner"—which some say, is too hard to sing.

"Uncle Joe" Cannon says "Dixie" already is a national anthem.

Representative Hoffman, Alabama, favors a resolution making it so. Representative McCormick, Illinois, thinks there ought to be a countrywide vote on it.

Senator Phelan, California, would offer a prize for the best music by which to popularize "The Star Spangled Banner."

PATRIOTIC PUBLISHER

Millionaire Scripps Urges Big Income Tax

San Diego, Cal., April 7.—E. W. Scripps, millionaire newspaper publisher, today wired President Wilson as follows:

"I strongly urge that we should pay as we go in the war with inheritance and income taxes. All incomes of over \$100,000 a year should be conscripted. The minimum cash pay for soldiers and sailors should be not less than \$3 per day during the war. Such legislation would cost me much more than half my present income."

WAR COUNCIL TO MEET IN WASHINGTON, D. C.

COMMISSION FROM ALLIES IS EXPECTED TO ARRIVE IN TEN DAYS

WASHINGTON, April 11.—Assembly in Washington within a few weeks of a great international war council was foreshadowed by an announcement from the state department today that a British commission, headed by Arthur J. Balfour, minister of foreign affairs, is expected to arrive within 10 days to discuss with the government here questions connected with the conduct of the war. In addition to the foreign minister, the commission will include Admiral De Chair, of the British navy; General Bridges, of the army, and the governor of the bank of England, attended by a numerous staff.

This was as far as the announcement made by the state department goes, but it was learned authoritatively that a French commission also will be in Washington about the same time. This commission will be headed by M. Viviani, at present minister of justice in the French cabinet, and formerly premier. It is assumed that owing to the difficulties in passage and the probable delay, the interests of other allied governments will be confined to their resident ambassadors.

Kerr, president of the college.

"I think it highly important," General Bell declares, "that the portion of your student body available for military duty should be held as nearly intact as possible, until the plans of the war department now in process are completed."

OREGON FIRST AGAIN

Third Regiment Has Record In Mustering In

VANCOUVER, Wash., April 10.—The Third regiment, Oregon infantry, was the first National Guard regiment in the United States to be ready and mustered following the call to the colors by the secretary of war, according to unofficial but reliable information received by Colonel John L. May, commanding.

This record entitles the Third Oregon to be classed as the premier National Guard infantry organization of the United States from the standpoint of preparedness as the Third was the first regiment in the country to be mustered following the call for border duty last June.

To be first in all the nation in two successive calls is looked upon as a splendid military feat.
