

MACKSBURG.

MACKSBURG, Ore., Feb. 15.—(Special)—A meeting of the taxpayers of the Oak Grove school district was held in the schoolhouse on the evening of Friday, February 9. Deep interest in the proceedings was manifested. Every one seemed awakened to the importance of the subject. An association for the district was formed. At Reynolds was chosen president and Ed Moore was appointed secretary. A second meeting was announced for Friday, Feb. 16. For the same purpose a meeting has been appointed for Saturday evening, February 17, at Liberal at which it is desired that as many taxpayers as possible should be present. The Macksburg taxpayers' association seems to be progressing favorably. A very enthusiastic meeting was held in its school house on Wednesday, February 7, and one was appointed for Wednesday, February 14, when a debate on some important issue is to be held.

The bazaar given by the Woman's club of the Lutheran church, on Saturday, last, was in every way a success. The articles prepared by the club members found ready sale. The Angora goat, should the spring-like weather continue, will soon be yielding his winter covering for the replenishing of the farmers' revenue, very materially, too, should the present high price of mohair be kept up. Most profitable to the rancher is this part of his stock. I say nothing of the service the goat renders in clearing the jungle of underbrush, the profits on his wool—in a single year—equals his original cost. Thus he has the rare quality of finding his own food. A trifle of salt, at regular intervals, and a supply of hay, in the few days when the ground is covered with snow, are all that he requires. Water, even, is unnecessary to him except when he is in captivity and fed upon hay. The annual increase in the herd adds of course largely to the profits. The one drawback is in his propensity to roam and in his facility for climbing. None but a high wire fence offers any obstacle to his wanderings. As these protective barriers are growing gradually general, however, the disadvantages in goat-raising will soon be past.

The extra services held by the Mennonite congregation in the Hope-well chapel were well attended, but have been discontinued for the present.
