

COUNTY AND CITY LOCALS

Mrs. Nick Story and daughter, Anna, have been spending the past three months in California with the former's daughter, Mrs. John Bosovich, formerly Miss Lena Story. They returned to their home here late last week.

Mr. and Mrs. W. P. Bottemiller and daughter, Mary, accompanied by Florence and Elsie Kleinsmith of Clarks, were in this city on Friday.

Mrs. John Jennings, who has been ill for the past year, is greatly improved. She underwent several operations for blood transfusion at the Oregon City hospital.

Mr. and Mrs. W. P. Kirchman and daughter, Irene, of Logan, were here on business Friday. Mrs. Kirchman was arranging for a Red Cross entertainment to be given at the Grange hall at Logan on Saturday, November 24.

Mrs. E. H. Reddaway and children of Milwaukie, have returned to their home after visiting with the former's parents, Mr. and Mrs. J. M. Warnock.

Mrs. A. C. Warner visited friends in Portland on Tuesday.

W. E. Grace of Astoria, spent the week-end with his nieces, Misses Florence and Mary Ellen Grace, and has returned to his home.

R. G. Ashby of Mulino, was in Oregon City on Thursday.

S. J. Garnett of Spokane, Wash., transacted business here on Thursday.

Mr. and Mrs. C. F. Christian of Washougal, Wash., were in this city late last week. They visited friends.

P. M. Boyles of Molalla, spent a few days in Oregon City last week.

Mrs. Fred Martin and child of Spokane, Wash., are guests of the former's aunt, Mrs. Dan O'Neill, of Rose Farm. Mrs. O'Neill is ill.

O. E. Freytag, who has charge of the Clackamas county exhibit at the Land Products show in Portland, is arranging an Oregon City day at the show, which probably will be held on a Saturday.

Robert L. Beattie of Beaver Creek, was in this city on Monday and Tuesday, visiting his family. The children are attending the Oregon high school.

Mr. and Mrs. Oscar Anderson and daughter, Violet, of Carson, Wash., have returned home again after visiting Mr. and Mrs. B. A. Anderson of Maple Lane and Mr. and Mrs. E. B. Anderson of this city.

Miss Maude Mattley, who spent the week-end at home with her parents, Mr. and Mrs. J. H. Mattley, returned to her work in the Portland schools.

Miss Edith Priebe of Portland, spent the week-end with her parents, Mr. and Mrs. Wm. Priebe, in this city.

Charles Johnson has gone to Carson Hot Springs, Wash., for the benefit of his health. While there he will visit with Mr. and Mrs. Oscar Anderson, the former a brother of E. B. Anderson, with whom Mr. Johnson has been making his home here.

John Straight of Parkplace, who has been on a hunting trip along the Columbia river, has returned. He was a member of the party that bagged a large number of ducks.

C. Pauling of Oswego, was in Oregon City on Tuesday. Mr. Pauling will leave soon for a visit in the east.

Mrs. Frank Lucas of Parkplace,

has gone to Bird's View, near Seattle, Wash., to visit her son, Fred. Mrs. Lucas expects to remain several weeks.

Mrs. Elizabeth Hamilton of Portland, has returned to her home after visiting with Mrs. Dan O'Neill, of Rose Farm.

The little child of Mr. and Mrs. Lawrence Nathe, is suffering from pneumonia.

Mrs. George Sullivan, who has been confined to her home for the past three weeks suffering from three broken ribs, now leaves her room for a few hours each day. Mrs. Sullivan was injured when she slipped on the floor at her home and fell against a chair.

Mrs. Abner Dillman, who has been the guest of Mr. and Mrs. J. D. Olson at Los Angeles, Calif., has returned to Oregon City. Mrs. Olson is Mrs. Dillman's daughter.

John Kent of Parkplace, has gone to Palouse, Wash., and is working for his uncle, G. B. Kent.

The first quarterly meeting of the Viola circuit Methodist church will be held on Wednesday, November 21. A meeting in the morning will be followed by a basket dinner at 12 o'clock. The conference itself will be held at 2 o'clock. Rev. T. B. Ford, district superintendent, presiding. B. A. Bristol is pastor of the church at Viola.

Mrs. B. L. Ford of Bellingham, Wash., is the guest of Mr. and Mrs. Cox of Eighth and Madison streets.

W. B. Shively, Portland attorney, was in Oregon City on Friday and visited with his mother, Mrs. W. B. Shively, and sister, Miss Lillie Shively.

W. McCarthy, of Portland, was in Oregon City on business Saturday.

Miss Mary Ellen Grace, teacher at the Frog Pond school near Wilsonville, spent the week-end at her home in this city.

Henry Lawler, son of Mr. and Mrs. Lawler of this city, is stationed at the Mansfield rifle range, Massachusetts. Lawler first was sent to Mare Island, and later to New York City and then to Boston.

Mr. and Mrs. George A. Harding are visiting their son, Lee Harding, and family at Tacoma, Wash. Mr. Harding returned home Tuesday. Mrs. Harding will remain for a few days longer.

Mrs. Ralph Parker of Portland, is spending the week with her parents, Mr. and Mrs. John McGeechie, and with Mr. Parker's parents, Mr. and Mrs. A. E. Parker, of Gladstone. Later Mrs. Parker will go to American Lake, Wash., where Mr. Parker is working for the Northwest Express company.

E. C. Greenman, game and fish warden of Yakima county, Washington, was called here by the death of his mother, Mrs. C. N. Greenman. Mrs. E. C. Greenman has been caring for her mother during her illness.

Mrs. M. G. Trentham, of Aberdeen, Wash., is visiting with her daughter, Mrs. W. B. Jordan. Mrs. Trentham will remain in this city for some time.

A. C. Howland was in Canby on Thursday in the interest of the War Work council of the Y. M. C. A.

Mrs. Edward Stewart of Bull Run, was in this city visiting her parents, Mr. and Mrs. Thomas Warner.

Mrs. Walter Brown of Portland, who has been visiting her parents, Mr. and Mrs. J. W. Hiatt, of Mount Pleasant, returned home Sunday.

Mr. and Mrs. Robert Christopher of Camas, Wash., were guests of Mr. and Mrs. Edward Young in Oregon City on Saturday.

(Continued Column 4)

POULTRY AND EGGS

RATION FOR LAYING HENS.

Experiments Prove That Wheat is Not Essential to Egg Production.

With wheat so high, poultrymen will be interested to learn that on the United States department of agriculture experiment farm excellent egg laying results were secured with a wheatless ration. Thirty Leghorn pullets to which this ration has been fed for one and one-half years produced an average of 147.3 eggs per hen for the period year. This compares favorably with egg yields secured on other rations containing wheat and therefore more expensive. This pen, moreover, during the first sixteen weeks of its second

The open pail used in the hen yard to water the fowls is a foolish and bungling method. Chickens are frequently drowned by falling into the bucket. Use a fountain that feeds from the bottom.

year has averaged 28.5 eggs per hen, 17.5 eggs per hen being produced in March.

The same wheatless ration has been fed since last November to a pen of Buff Orpington pullets, which have laid fifty-three eggs per hen in twenty weeks and hold the highest egg record of any of the large feeding pens of pullets at the farm this year. Two other pens, however, are less than one egg per hen behind this pen.

The ration used was as follows: Scratch mixture, two pounds of cracked corn and one pound of oats; dry mash, three pounds of cornmeal and one pound of beef scrap.

The scratch mixture was fed sparingly so that the hens ate about equal parts of this mixture and of the dry mash. The total grain consumption of feed for the year was fifty-two pounds, of which twenty-six pounds was scratch mixture. Throughout the year it took 4.6 pounds of feed to produce a dozen eggs.

This scratch mixture, with wheat \$2.57, cracked corn \$1.35 and oats 70 cents per bushel, is 49 cents per 100 pounds cheaper than the regular mixture of equal parts cracked corn, wheat and oats. Another mash, which is slightly cheaper than this one, is made of 4 per cent each bran and middlings, 26 per cent beef scrap and 69 per cent cornmeal.

If the wheat is omitted from the ration it is very essential to feed a considerable proportion of beef scrap in the mash, but with present prices beef scrap is one of the cheapest poultry feeds, considering its high protein content.

These experiments, the specialists say, prove that wheat is not essential in an egg laying ration and that excellent results can be secured by using corn and oats as a scratch mixture, provided this is fed with a good mash containing 25 per cent beef scrap.

HEN RAISED CHICKS.

Mother Should Care For the Brood as Long as She Will Do So.

When chicks are raised in the natural way with hens fewer mistakes are liable to be made in the care of the chicks. Still, early in the season, when there is much bad weather, too much must not be left to the hen, because she cannot supply all the care that is needed. Many early hen hatched chicks are lost through failure to give them suitable quarters where they will have plenty of room and can take advantage of the sunshine. Small chicks are far better off indoors when the weather is not pleasant. Later on in the season or when the chicks are of some size running outside will be invigorating, but it is best to work on the safe side at all times and take no chances of chilling the chicks.

Sometimes the chicks from two batches are given to one hen for raising, and this works nicely in warm weather, but do not try it until after the 1st of May, because in cool weather one hen cannot cover more than fifteen chicks right, and quite early in the season ten chicks are all a hen can look after.

Let the mother hen care for early chicks just as long as she will do so, and until the chicks are well feathered have some means of protecting them on cool nights. The proper ventilation of their house or coop, however, must always be watched carefully.

Chicks must be made to exercise freely at all times, and except when there is a good range, a portion of the feed should be given in a litter.

Worms in Poultry.

There are some forty species of poultry worms. If you have undertaken to feed any of this lot try doses of turpentine and olive oil, half and half. If this does not effect a cure try pure turpentine, one to three teaspoonfuls.

Man Troubled for Two Years

Men and women should not suffer from backache, rheumatism, pains, stiff joints and swollen, sore muscles, when relief can be easily had. James McCrery, Berrien Center, Mich., says he was troubled with kidney and bladder trouble for two years; would have to get up several times during the night and had pains across his kidneys. He used several kinds of medicine without relief, but Foley Kidney Pills cured him. Many such letters, come every day from all parts of the country.—Jones Drug Co.

The Victrola, The Great Home Entertainer

- Do You love singing--the World's greatest singers will sing for you; Caruso, Melba, Culp, Schuman-Heink, McCormack, and every other one, they are all at your command.
- Do You love dancing--the Victrola provides the latest and best in dance music, by the most expensive orchestras, and they play for you as often as you wish.
- Do You like comedy--the Victrola has an inexhaustible fund of it by the highest priced Vaudeville artists.
- Do You prefer sacred music--the best choirs in the world will sing your favorite hymns for you on the Victrola.
- Do You want Violin music--Kriesler, Maud Powell, Misha Elman, and other great masters of the Violin are ready to play for you whenever you wish.
- Do You enjoy stirring band music--Sousa's Band, Pryor's Band, the U. S. Marine Band, are ready to give their best to you through your Victrola.
- Do You wish variety in your music--you can have it--Accordion, Banjo, Xylophone, Bells, Saxophone, Ocarino, Cornet, Piccolo, Flute, Harp, Clarinet--just ask for your favorite instrument and a master player is ready to perform for you.

The Victor company has provided a Victrola for every home, from the most modest to the most expensive--\$15 to \$400. But all the great array of Victrola artists are just as willing to play on a \$15 instrument as a \$400 one.

Whatever priced instrument you may select, we will sell you on the Easiest Terms. On the lower priced models we make terms as low as \$1.00 per week. Further, if you cannot conveniently visit our store or if you prefer to try one out in your own home before buying, just write or phone us and we will send the Vic-

trola with a selection of records without Any Expense to You, and such a trial will not place you under any obligation to buy. Which one shall we send you? Please remember that the Victrola has several patented features that cannot be used on any other similar instrument and without these patented features no machine can be a perfect sound producing unit. The wise Christmas buyer will order his Victrola now for Christmas delivery--for there are never enough Victrolas in December. The factory is thousands of machines behind now.

The long, hard school term drains the vitality of growing children and you wonder why they are listless, puny and pale. Every school child will show marked improvement in health and growth if given

SCOTT'S EMULSION

Its rich, uniform cod liver oil gets into their blood and gives them vim, snap and zest. It creates strength to resist school sicknesses, overcome pinched faces, sallow complexions and dull eyes. High authorities have established again and again that cod liver oil promotes growth and energizes the body and brain.

The imported Norwegian cod liver oil always used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities. Scott & Bowne, Bloomfield, N. J.

As Enduring As Time Itself

ODAY the art of the great master artists is preserved forever. A new era has dawned. The New Edison, the modern miracle of the musical world, preserves forever the playing of the great artists of today. Tone for tone, tempo for tempo, each minute cadence will come to you with the glowing magnetism of the gifted artist through the genius of Thomas A. Edison. The Edison has made immortal the work of music genius of the modern giants.

Imagine an instrument which reproduces the playing of temperamental artists so faithfully as to convince the most experienced musicians. An instrument that will bring the greatest artists to play for you in your own home. The New Edison does this, as proven again and again in public concerts, at which some of the greatest living artists have participated in a direct comparison of their playing with the New Edison's reproductions. Thomas A. Edison made the genius of the concert artist as enduring as time itself.

THE NEW EDISON PRICED FROM \$100

You may not have heard this wonderful New Edison. We would welcome your critical opinion of its artistic perfection. Daily demonstrations in the Music Room.
