neighborhood are in the same branch of the service.

Clyde B. Harvey and wife of Seattle, are visiting the former's parents at Totem Pole ranch.

Ellis Graves relinquishes his ranch lease in this vicinity, and will join his brothers in the Highland neighborhood, where they have a large logging contract and are doing well.

REDLAND

There has been a new coon in

town, or maybe three, we are not sure which, but Billy says there were three. Well, your correspondent for curiosity went out to see what he could see. The first was three men on guard in the middle of the road that any coon could see a mile off. Then came the warden and after an interval another state functionary. So we took a hike by our lonesome self and after beating around in the brush for about an hour we heard a crashing in the brush and we supposed the coons were coming. But, lo and behold, it was our brave Jack with hip boots and about four more "staters" with hounds, and of course the coons would not tree. In the mean time our Billy was enjoying a nice cup of coffee at a friend's, but it does seem they did not want coons or they were afraid of them. As far as the state men were concerned they did not care to leave their auto but preferred to hunt in them instead of the brush. Nevertheless the coons made a clean get away, but were caught as soon as they got over the line.

An Auxiliary of the Red Cross is to be organized tonight.

The last of the spuds are being dug this week with about 50 per cent of a crop, Walter Funk having probably the best yield of any, getting 23 sacks on a little less than one-half acre.

Ethel Funk was out from Portland Sunday.

The plank contract on the Bateson road went up in the air just as on the Oregon City road, so Mr. Bateson is hauling gravel out of Clear Creek.

It has been reported that Herbert Fouts has rented the Chase place. The next thing in order will be a cook, girls or widows preferred.

L. Funk killed five head of hogs which he sold at 19½ cents to Mr. Young of Logan, who runs an auto truck to Portland.

M. Cook bought a bunch of breeding ewes of L. Funk.

The recent red cross entertainment netted \$57, the proceeds of which will be used for buying material for our knitters for soldiers' supplies. A feature of the program was a flag drill by the school children, which we are informed will be put on at a Logan hall Saturday night; also a play by local talent for the benefit of the Red Cross.

Mrs. W. Kirchum and son were visitors at Mrs. L. Funk's Sunday. There has been more beef killed in this neighborhood this fall than for a year past.

There will be a meeting of the taxpayers at Fir Grove school house on the 24th. A budget meeting in the morning and a tax meeting in the afternoon for the improvement of our roads.

Mrs. A. J. Hughes is canvassing this community for the Y. M. C. A. Men and teams are certainly at a premium this fine weather as everyone is rushing grain expecting the rains to continue when once they start.

Will someone please tell me why the grocers are allowed to charge 75 cents for a 10 pound sack of graham or rolled oats with wheat selling at \$2 a bushel when the same product was sold at 50 cents last year with wheat at \$2.25. Is this Hooverizing or is it just to get the producer and consumer? The same proposition confronts the farmer, "conserve your wheat well."

For the love of Pete what are we going to feed hogs when no other feed is to be had. We are willing to do our part, but we want an even break at least.

Mrs. Fischer's aunt is visiting her. There is no fear of our women not doing their part. We recently saw four women in a potato patch picking up spuds.

Unless we get rain soon some of us will have to haul water, as all streams and springs are lower than for years past.

STONE

The farmers are very busy sowing grain and digging potatoes.

The home of Mr. and Mrs. Byers has been gladdened by late by the arrival of a second son.

T. E. Crader has just butchered a couple of porkers weighing some 350 pounds each. Pretty good for these times.

"Grandma" Hattan returned to her home last week from Molalla, where she has been visiting for the past couple of months.

The little daughter of Mr. Vogan has been very ill with pneumonia, but is improving.

Mrs. Gergen of Sellwood, visited her mother, Mrs. Paft, on Sunday.

Carl Mumpower is expected home on a short visit from Camp Lewis Saturday.

A son arrived at the home of Mr. and Mrs. A. R. Smith on Saturday.

Guy and Albert Hattan have gone to Oregon City to work in the Crown-Willamette paper mills.

Miss Miller and Guy Hattan, attended services Sunday evening at the Logan church. A special song service was given by the Allredge brothers of Oregon City.

Lumber is being hauled to build a saw mill near Baker's bridge. The timber for sawing is to be floated down the Clackamas.

Miss Genevieve Mumpower of Portland, was a guest at her father's home on Sunday.

Miss Wymore and Mrs. Gorrell spent the last week-end with relatives and friends in Portland.

WHILE AT WAR
WOMEN SUFFER AT HOME

EUGENE, OREGON.—"I certainly owe a great deal to Dr. Pierce's Remedies; three different times they have saved my life. One time I had trouble with my lungs and the doctor said that I could not get well. I took Dr. Pierce's Golden Medical Discovery and it cured me. During another illness the doctors said there was no chance for my recovery. I took two bottles of Dr. Pierce's Favorite Prescription and again doctors said that the only thing to save my life was an operation, and at once, too. I again took the 'Favorite Prescription' and the 'Golden Medical Discovery' and they brought me through just fine—well, and without an operation, so I cannot speak too highly of these wonderful remedies."—MRS. ALMA JARVIS, 402 W. 2d St.

ROSEBURG, OREGON.—"During expectancy I was so poorly I could not keep a thing on my stomach and my head and back ached terribly all the time and I was so nervous. A friend told me about Dr. Pierce's Favorite Prescription. I took three bottles and never had any trouble afterward. The first dose helped me. My baby was a nice, healthy child. I think the 'Prescription' is simply great. I am glad to recommend it."—MRS. C. A. FRIED, 831 Mosher Street.

"Favorite Prescription" and "Golden Medical Discovery" are both put up in liquid and tablets. If not obtainable at dealers, send 10 cents to Doctor Pierce, Invalids' Hotel, Buffalo, N. Y., and he will mail trial package of either tablets

or capsules.

What Effect Does Music Have on You?

Do your emotions respond to grand opera? For example, do you get a pleasurable thrill when you hear the Quartet from Rigoletto? You have probably heard great artists sing this wonderful number. You have probably heard talking-machine records of the Quartet from Rigoletto. We want you to hear the Laboratory Re-Creation of the voices of Ciccolini, Middleton, Verlet and Alcock in the Quartet from Rigoletto. Come to our store and hear this masterly performance Re-Created by the master invention of the world's master inventor.

The NEW EDISON

"The Phonograph with a Soul"

is unlike the sharp-toned talking-machine which your neighbors have. It differs from any and all talking-machines. It Re-Creates the human voice and every form of instrumental music in a way that baffles detection from the original. Direct comparisons by thirty different great artists before a million music lovers, and chronicled in five hundred of America's principal papers, have proved that an artist's voice (or instrumental performance) cannot be detected from the New Edison's Re-Creation of it.

Come to Our Store

and let us prove to you that Music's Re-Creation is not an empty phrase. Listen to the world's great artists as their art is Re-Created by the New Edison, and see if you do not get identically the same sensation that you receive when listening to them from your favorite seat at the Opera or in the concert room.

explain why he had in his possession five quart bottles of strong home-made wine. He explained it by saying that he had secured it from a Cornelius, Washington county, farmer for whom he had worked. Stolze came here from Portland and worked for six days as a cook on a river boat. He didn't know who hired him, nor who was to pay since 1911.

"They just told me to get in the boat," he said, "and I was there." The case of Stolze has been referred to federal authorities while the son of Kaiser "Bill" meditates in jail. He has been in America since 1911.
