REDLAND

Mrs. A. I. Hughes and family, also Mrs. Hubert, went to Oregon City Sunday to see the Guernseys. Those who expected to get cows and had not signed up, will be doomed to disappointment as Dr. Whalley is reported as saying he is ready to take the whole herd just as it is. It would certainly be a bunch that any man could be proud of.

There will be an extension school held at Logan Grange hall December 7, beginning at 10 a. m., under the direction of the O. A. C. Subjects are: "Analysis of Soils," in the forenoon and lectures on the same in the afternoon. The women will hold forth in the kitchen with a lecture on home economics. Everyone is invited and asked to bring a well-filled basket. The same program is to be held at Highland December 8.

The Red Cross auxiliary has elected the following officers: A. M. Kirchem, president; G. C. Armstrong, vice-president; Miss Altman, secretary; Clara Fullam, treasurer; Mrs. Bonney and Mrs. Allen, executive committee; Mrs. Bonney, Mrs. Allen and Mrs. L. Funk, relief committee.

Your scribe and family attended the Clackamas county exhibitors' parade at the Land Products show Friday night. While there were only about 20 present what we lacked in numbers we made up in noise. The farmers paraded by singing "The Plow, Spade and Hoe" for a march tune. The crowd marched to the Perkins to meet the band and was escorted back to the house carrying a prize squash through the aisles they deposited their burdens at the Clackamas booth. At least one person was glad to get to the end of the tramp as they were carrying a prize squash weighing something like 15 pounds. Mr. Freytag said the Live Wires of Oregon City were to have been there, too. Well, if it had been county division I believe they would have turned out in force. Nevertheless, Mr. Carter was about the only one of the "Wires" there.

The Viola M. E. circuit has been supplied with a new minister, who preaches at the M. E. church on the second and fourth Sundays of each month at two p. m.

Road district number 13 voted a 5-mill special road tax to be apportioned as follows: \$200 on Fisher's mill road; \$265 on Funk's road; \$300 on road to Hubert's; \$25 on Wilcox road; \$50 on Schneider road; \$100 on Hutton road, and \$25 on Hunsinger road, the remainder on the Viola and Oregon City road. The vote stood 19 "yes" and 19 "no." The chairman voted "yes" and carried. The meeting previously voted down a 7-mill motion.

About \$9000 was carried over from this year. The district will have something like \$6500 for road work next year. Those who howled the most about bad roads are the ones who voted against a tax. So let them howl!

Mr. Coop completed digging his potatoes. He says he got about 100 sacks off of 23 acres.

It is unusual to see yellow jackets around this time of year, but we have them here nearly every day that is not foggy or rainy.

J. Hughes is in Oregon City looking after the Guernsey herd.

Mr. Caswell and family of Portland went out to the ranch Sunday and on the way home broke a spring on their car. They were tied up for some time, but by using a log chain and some telephone wire went on their way home.

The play, "The Scheme That Failed" given by Redland talent at the Logan Red Cross meeting, was a success. The principal actors were Mr. Rugg, M. Hinkle, Miss Oliver, Miss Altman, Miss Fullam, Miss M. Koch as "Bridget" brought down the house.

12 have retrieved their reputation as progressive citizens. We had begun to get weary waiting for them to show proper appreciation of the value and desirability of good roads, but the signs were right at the road meeting on the 24th, and the tired feeling has disappeared. Hurrah, shake hands, forgive our past criticisms and keep up the good work next time you have an opportunity. The budget carried by a vote of 33 to 8 and as a consequence \$2800 will be placed at the disposal of the county court for hard surfacing the road from Baker's bridge to the boundary line and if the other district has done as well the work will be continuous to Clackamas. The tax valuation of district 72 is a little over \$400,000 and this will call for about a 7-mill tax. Hard surface roads are coming and without bonds, except where the favored ones travel.

The Grange Red Cross benefit was a big success with the cooperation of surrounding communities. People gathered from far and near, paid their admittance, enjoyed the good program and bought the catables provided. The young folks paid for the closing dance and altogether about \$100 was raised for the fund. The committee deserves great credit for the success.

Fred Gerber is called to serve on the federal jury in Portland and Mrs. Gerber will also go to the metropolis for the term of his service. It is reported that M. H. Riebhoff has sold his farm. Mr. Riebhoff has been a resident of Logan most of the time for about 40 years. Clear Creek creamery paid 52 cents for butter fat for October. This is high water mark and proves that war prices will show despite disparaging circumstances.

The man with the crazy quilt alphabetical name ought to hurry up and convince those scientists that his universal power is O. K. so it can be used during the war. Even us farmers would like to have Garabed doing the work for us while we just work the switch and levers and the steering wheel and gather in the shekels for \$2.00 wheat, etc. It sure would put on a smile that would not come off and with it hitched to a milking machine—oh, say, life would be worth the living and no mistake.

F. P. Wilson has the lumber on hand for an addition to his house, to be built in the spring, if not before.

Logan is certainly doing a proper share toward a big drive for a bumper wheat crop in 1918. White Amber and Forty Fold are running a race for supremacy.

Let us "hurrah" again for that hard surface road to be made next summer.

The vultures ought to be wise birds pretty soon as they are living on German "kultur."

The women of Mountain View held a meeting on Wednesday afternoon at the home of Mrs. Frank Beard for Red Cross work. They expect to organize and take hold of this work in earnest. Several of the ladies have been working with the different churches of the city. We ask all our women to take an interest in this work as we do not stand on any church affiliations, but work together for our soldier boys.

One of the foot bridges across the gulch here has been closed for over a week on account of not being safe. During the summer several motor cycles crossed it and a time or two a man rode over it on horse back. We hope it will be made good and strong when it is repaired or a coroner might get a job here on account of an accident. Bicyclists use the side walks on Molalla avenue oftener than the hard surfaced street.

Montana. Mr. and Mrs. Davis will be greatly missed by their friends. Both were prominent members of the Welsh church. We wish them good luck in their new place of residence.

Mr. and Mrs. A. Thomas and daughter called on Mr. and Mrs. W. J. Hermann and family Sunday. Mr. Kaiser, a former Beaver Creek resident, now of Portland, is visiting friends here.

Man Troubled for Two Years

Men and women should not suffer from backache, rheumatism, stiff joints and swollen, sore muscles, when relief can be easily had. James McCrory, Berrien Center, Mich., says he was troubled with kidney and bladder trouble for two years; would have to get up several times during the night and had pains across his kidneys. He used several kinds of medicine without relief, but Foley Kidney Pills cured him. Many such letters, come every day from all parts of the country.—Jones Drug Co.

FIRWOOD

Mrs. Fred Howe and baby girl have gone to College City, Calif., to spend a few weeks with her parents. Mr. Howe will remain here looking after the ranch.

Glen Corey came back from eastern Oregon and Washington last week, where he has been working the past three months.

Clair Corey is making an extended trip through the eastern states. He has spent some time in North Dakota, Minnesota, Illinois and Michigan and expects to spend a part of the winter in Florida.

Mrs. Mary Motejl Havlina's baby, Bederick, has been quite sick for several days.

Frank Morrison, who recently underwent an operation for hernia, is now at his father's A. J. Morrison, recuperating by digging potatoes and doing light farm work.

Austin C. Milliron of Pasadena, Calif., for several years a resident of Firwood and still owner of two ranches here, enlisted in the army some time ago as cook for officers and band boys. He expects to sail for France in the near future.

Mr. and Mrs. W. L. Wilkins, Sr., are spending the winter in Florida. On their way there they visited at different points in southern California.

Birch Roberts, who has been at Hood River for some time packing apples and running a jitney at odd

times, came home to spend Thanksgiving with his family.

CHERRYVILLE

Are we going to have any winter this summer?

Occasional rain, but none too much for the wells and ground.

Mrs. Averill went to Portland Saturday to see her son, Archie, off to Fort Kelly, Texas, near San Antonio, where the aviation corps is in training.

F. E. Clark raised sweet clover six feet tall this dry season on new land without fertilizers. This means a new era for this country as this kind of clover grows very early in the spring and makes excellent feed for all kinds of stock. It is nearly equal to alfalfa.

The road meeting voted \$900 on their budget for roads in this district last Saturday. The contest for road boss developed into a close contest between Miller and Maronay.

The first ballot being a tie and the second a majority of two for Maronay.

It appears that the county court decided that the creation of a new voting precinct at Cherryville would entail too much additional cost and has decided to have the Mount Hood district come as far west as Dr. Botkins', one-half mile east of the post office and all people west of that to go to Sandy. People here would prefer to have the precinct here, as Sandy is no closer than Salmon River, although it saves nearly four miles travel to some voters in the western part.

Tom Galarneau has gone to Roseburg, where his father is very low, and on account of his advanced age is not expected to recover.

J. G. DeShazer of Dover, was in town the first of the week and said he had lived at his present location 26 years but had never seen such a delightful fall. The weather is nearly perfect, although a little more rain would have been acceptable. He runs a big dairy farm with 25 cows and says his milk check averages about \$200 a month. His crop of kale was good in spite of the dry season and mixed in with his kale was a good crop of volunteer potatoes. Not many counties where potatoes are weeds.

John Tuecheses and Grace Shank of Portland, were in town the first of the week and by a singular coincidence (?) both arrived in the same

vehicle. John looked quite "Grace"-ful. Both are excellent young people. John has an interest in a herd of cattle here.

Too Many
Operations

The Right Medicine in Many Cases
Does Better than the Surgeon's
Knife. Tribute to Lydia E. Pinkham's Vegetable Compound.

Doctor Said Operation or Death—But Medicine Cured.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and had me try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Another Operation Avoided.

Richmond, Ind.—"For two years I was so sick and weak from female troubles that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, do all kinds of garden work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound."—Mrs. M. O. JONSTON, Route D, Box 190, Richmond, Ind.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this, but the above letters, and many others like them, amply prove that many operations are recommended when medicine in many cases is all that is needed.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
