The candles were quotations written on paper and rolled to form candles and tied at the top with a knot of red yarn. These, when snipped and unrolled were read in order as numbered. MOUNTAIN VIEW

Last Wednesday afternoon a mother's meeting was held at the home of Mrs. Amanda Hickman on Pleasant avenue under the auspices of the W. C. T. U. Mrs. Andrews, the president, has held these meetings during the winter in different localities with great success. A large attendance was present and an interesting program was rendered. The W. C. T. U. works for the good of the community and not to tear down any one's character, as was intimated in the court last Saturday by one of the counsel for Mr. Albright. We were surprised to hear an attorney that had such a weak defense for his client in order to make a plea assail one of the best organizations in our land today. The W. C. T. U. is fighting booze, not the man, and we hope Mr. Albright,

who is a capable man, will cut out all associations of the class he has fallen in with. He has a true, loyal wife, a good home, and we hope to see him one of the best men in our community. The W. C. T. U. will gladly reach out a welcome.

Carl Rathel of Brightwood took two dressed hogs to market lately and says he had to bring his money back in a gunny sack. He says he doesn't see what they wanted them for as they surely couldn't afford to eat them.

August Beidenstein has gone over the mountains to eastern Oregon to work a part of the season and will probably remain until the haying season.

D. E. Smith, who lives near Damascus, is the bean king of this county and probably the state as he intends to plant 100 acres in beans, mostly the Lady Washington, a small white bean. He has rented some land near Logan for about \$10 an acre. He has bought a bean threshing machine also a bean clipper or mowing machine. He has to run the chance of beans being nipped with the frost or being spoiled when ripe by a wet spell. He will also cut two acres of white clover for seed. He is a plunger, all right, but in the event of a hot, dry summer, which is predicted, he stands to make a goodly sum of money. Beans yield around 1/2 ton to the acre and have yielded nearly a ton under good conditions, and are now being contracted at 8 1/2 cents a pound. It takes nerve to undertake a proposition of this kind, but nothing ventured, nothing gained.

The change of the moon has brought on another rainy spell, after some very pleasant days.

Mrs. Dagnum's second son, a boy of 10, some weeks ago climbed upon a wagon wheel to shut a board door in the barn. He slipped and fell and his back struck the wheel. He seemed a little lame but not very bad at first, but got so that if he sat down he could not get up without help. Is it a Cold, Cough or Bad Blood ?

Dr. Pierce's Medical Discovery not only cures the cough but it is a wonderful alterative and tonic. It builds up the weak body!

Get it this very day from any medicine dealer, in either liquid or tablet form, or send 10 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for large trial package of tablets.

Contains neither alcohol nor narcotics. Its ingredients are made public and printed on wrapper. It's a pure alterative extract made with glycerine from native roots and herbs.

Have you become run-down, weak, emaciated, pale after a long siege of colds? Does the skin show that the blood is thin and watery? Spring is the time when vitality is at its lowest ebb—clean house now—by ridding the body of its accumulated poisons. Refresh the blood with a stimulating tonic. Profit by the experience of others. Build up the system with a reliable remedy, such as Dr. Pierce's Golden Medical Discovery, which has stood the test of time, and for nearly a half of a century has sold more largely than any other blood remedy.

Take This Case for Instance.

Beaver, Oregon.—"I was suffering from bronchitis and sore throat. I had a very bad cough, difficulty in breathing, tightness about the chest; could not sleep; had no appetite; was always tired. I was running down, from 158 pounds to 117. Every one told me I must die. I started to use the Golden Medical Discovery, and with the best of results. I used three bottles, which cured me. I have no asthma, no cough, no sore throat, no difficulty in breathing any more. Bronchitis is gone. I thank Dr. Pierce for his kind advice."—MRS. THERESA TOTZAUER.

NEW HOSPITAL PLANNED

Would Erect Modern Structure Where Building Now Is

The managers of the Oregon City hospital last week announced plans for the early construction of a new and modern institution on the site of the present hospital and work on the first unit of the building is promised for the late spring. The managers say that the present building has been outgrown and their plans provide for the expenditure of \$10,000 upon a hospital to take its place.

The old building will be moved to one side to accommodate the new one and when all units of the new building are ready the one now in use will be closed. It is not probable that the plans for the present year will provide for the construction of all units, but at least one unit is promised. The bond issue, which made possible the present hospital some six years ago, has been paid off and the financial condition of the hospital association warrants the venture planned, according to the managers.
