

SLOW CALL FOR HEAVIES

Cattle Market Forced Up. Sheep Price Advances for Week

Monday's supply of cattle was about 600 head. Only a few loads of real fat cattle were included. The winter supply of prime light cattle seems to have been marketed and buyers had to go after the medium light stuff which consequently forced slightly higher prices for these grades. There is a very slow call for heavy cattle although there are very few coming to market. One load of prime heavy steers brought \$9.65. Several other loads of good light steers brought \$9.50 and \$9.55. The balance of beef steers sold mostly from \$9 to \$9.25. Feeding steers sold well, demand being good. Prices ranged from \$8.25 to \$9. Best cows offered brought \$8 with a top of \$8.50. Very few good cows are coming and the cow market is strengthening gradually. Medium and ordinary light cows sold from \$7 to \$7.35. Common dairy breed stuff ranged from \$5 to \$6.50. No real fat bulls were on the market, the best not getting better than \$6.75. Thin dairy breed bulls sold from \$4.75 to \$6.

Hog market was rather a slow affair, buyers and sellers having widely divergent views. After trading got under way prices ruled about steady with last week's close. One load of prime light hogs brought \$14.50 with the bulk of good hogs bringing \$14.35. Pigs sold from \$12.75 to \$13.25. Demand was good.

All sheep prices were advanced again Monday. There was a fair supply and demand was good. One load of prime wool lambs brought \$13.50 with a couple of loads of thin shorn lambs at \$10.35. No wethers or ewes in trade. Prime wethers are quoted from \$11.50 to \$12, with good light ewes at \$10 to \$10.50.

Cut This Out—It is Worth Money

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.—Jones Drug Co.

HAS SECRET MEETING

Aldermen Read Fire Truck Bids and Lock Selves In

Five sealed bids on the fire apparatus which Oregon City proposes to buy were opened at the meeting of the city council Monday night. The bids cover a number of types of machines. The apparatus most favored by the council's fire committee is offered to the city for \$5250. Nothing definite was done Monday night regarding the purchase, but the bids were put in the hands of the fire committee and, after investigation, that group will make recommendations to the council.

Mayor Hackett cleared the council chamber of all spectators immediately following the opening of bids. "I have a private matter to take up with the council," the mayor said. Behind closed doors the council discussed the matter of filling the position of Chief of Police Blanchard while that officer is on duty with the national guard.

The council then took up the matter of the assessments in sewer district No. 10 and proposed a number of compromises with property owners in the city. Privately the council debated upon the findings of its investigation of the property made by a committee of the whole on Saturday afternoon.

Taxpayers assembled at the council chamber to hear the discussion of the sewer assessment displayed considerable indignation at being excluded while the council debated public business.

MRS. POHEY SUES

Would Compel Sheriff to Duplicate Missing Sale Certificate

Karl Johnson and Sheriff W. J. Wilson are called to answer to Mrs. Sarah Pohey, in a suit filed in the circuit court here Monday in an effort to compel the sheriff to issue a deed to certain property which Mrs. Pohey acquired at a sheriff's sale. Johnson was bound over to the grand jury in Multnomah county for investigation last week and Sheriff Wilson was a witness at the hearing in Portland.

According to Mrs. Pohey's complaint filed here, the sale certificate to the property in question has disappeared and Sheriff Wilson has refused to issue a deed until it is presented. It appears that F. F. Brandes, of Portland, bought Gladstone property at a sheriff's sale last year, paying \$1312. Before a year had passed Mrs. Pohey came into possession to the property and when the limit of one year had expired she presented her claim for a deed to Sheriff Wilson. She did not have the sale certificate and the deed was refused. Some time later Johnson, Sheriff Wilson's son, presented the original sale certificate and asked for a deed in his own name. The irregularity caused Sheriff Wilson to refuse to issue a deed and Johnson was called to account in Multnomah county by Mrs. Pohey, who is said to have charged Johnson with obtaining the certificate by illegal means. The suit filed Monday is to compel the sheriff to make out a deed in Mrs. Pohey's name.

NEW ROAD DESIGNATIONS

Highway Commission Embraces Routes in Permanent Road System

The state highway commission has made the following designations of highway routes to be embraced in the state system of permanent highways.

All the roads embraced in the state bonding act as post roads or forest roads, as the case may be; roads designated in the act as "paved highways" are designated by the commission as "post roads," pending the vote of the people on the bonding act; if the people fail to ratify the bonding act, the "post road" designation to continue, as there will be no money for paving; if the people adopt the bonding act, the designation of "paved highways" will be the law.

In addition to the roads embraced in the bonding act, the commission has designated the following as post roads, forest roads and one military road:

Mt. Hood loop, forest road from Columbia highway at Hood River to join with the Barlow road where it crosses the Cascade mountains south of Mt. Hood. Barlow road, forest road from Oregon City up the Clackamas river through Government Camp south of Mt. Hood to connect with post road at Maupin. Emigrant Trail road, post road from Wasco in Sherman county east to Echo in Umatilla county. This designation leaves the Columbia highway proper as a designated post road along the river from Biggs to Arlington. Forest road in Morrow county, south from Heppner to Ritter in Morrow county. Forest road from Enterprise to Flora in Wallowa county. Post road from Baker eastward through Pine valley and Eagle valley to Cornucopia in Baker county. Post road southwest from Baker to join post road at Unity in Baker county.

Post road south from Burns via Narrows in Harney county, southwest via Warner lake to Plush in Lake county, and westward in Lake county to post road connecting Bend and Lakeview. Post road from Klamath Falls in Klamath county to Lakeview in Lake county. Forest road from Ashland to Klamath Falls. Forest road from Grants Pass, southwest through Josephine county up the Illinois valley to the California line, connecting with the California highway leading to Crescent, Cal. Forest road from the Pacific highway in Jackson county through the Applegate valley to connect with the Grants Pass-Crescent highway.

Post and forest road from Marshfield through Bandon in Coos county along the Pacific ocean in Curry county to the California line, to connect with California coast highway through Crescent and Eureka. Forest road from Springfield southeast up the middle fork of the Willamette river in Lane county across the Cascade mountains into Klamath county to connect with the post road from Bend to Klamath Falls. Post road from Albany west through Corvallis and Benton and Lincoln counties to Newport. Post road connecting Sa-

lem with Dallas and Independence. Military road from Florence in Lane county north along Pacific ocean through Newport and Lincoln county and Tillamook county to connect with post road from McMinnville to Tillamook.

The foregoing designations, while official, are tentative, made at this time in conference with U. S. government officials to conform with government requirements that a complete state highway system be designated by each state as a condition of participating in the benefits of the federal appropriations made by the Shackleford act. The designations are subject to later revision by the commission; also as to exact location in the several counties after public hearings have been held by the commission with the county authorities to make a final determination as to exact routing.

THE THRIFT CAMPAIGN.

Are You Doing Your Share to Make It a Big Success?

The greatest thrift movement in the history of this country now appears to be making considerable headway. The American Savings Bank association is giving much time and energy to this thrift campaign and offering special encouragement to the new depositor of small sums. Women, children and young wage earners are being particularly sought as depositors by banks all over the country. Parents are urged to start small bank accounts for their children, to teach them thrift, since the habit of saving does more than build up a bank account; it builds character and credit, and the child of today may be glad ten or fifteen years hence to have the reputation of being thrifty and substantial.

The man without money—is not likely to be regarded as of great consequence by his fellows. Money is not everything, nor even the thing to be most desired. Good health and good character are more to be desired than great riches. But money bears a close relation to almost everything worth while. It is therefore important to train children in ways of thrift, and nothing gives a child more of a sense of importance than a bank account in his own name.

Such an account is good for the woman in the home too. Many wives feel helplessly and even rather resentfully dependent on their husbands. A savings bank account in her own name not only cures many a woman of extravagance and unbusinesslike methods of conducting her household, but gives her a feeling of independence and self respect that makes the whole atmosphere of her home happier.—Exchange.

COMMISSION IS FIRM

Paving Promoters Get Little Encouragement. Gets Cement Price

Paving promoters who have come in contact with the State Highway commission have received little comfort. The commission insists that high prices for paving, boosted up to reimburse paving companies for promotion expenses, will not be tolerated. The state should not be required to pay promotion costs, the commissioners say, and they state further that if paving bidders do not whittle their prices down to where these fancy promotion charges are eliminated the state will buy its own machinery and build its own roads direct by day labor.

A reduction of 25 cents a barrel on the market price of cement when used for road work was tendered by the Oregon Portland Cement Co. to the state commission at its meeting just held, and the cement people were commended for the spirit they showed. However, the commission insisted that to be thoroughly fair the company should include cement for bridge work in the 25 cents a barrel reduction. The company has the commission's demand under consideration, with every prospect of favorable concession.

The word has also gone out that no patented pavement will be used by the commission unless the promotion and royalty charges are squeezed right down to a reasonable profit on the actual work to be done. The commission flatly states that all standard types of paving must be considered in open competition with each other, and that if none of the bids is low enough, "the commission will proceed to do the work itself by force account after the purchase and installation of its own paving plant." The quotation is from the formal expression of the commission.

All who come in contact with the commission are discovering that it means business, that it is composed of men who cannot be stampeded, and that promoters who try to put something over on the state receive short shrift. The bearing of the commission is one of firm determination that a full dollar's worth of actual construction work must be done for every dollar expended by the state, and that none of the state's money may be used to pay for anything except full value received for actual work done.

DART NOT FOUND

Matrimonial Tangle Makes Him a Much-Sought Gentleman

Clackamas county officers last week were busy in a vain search for Charles Dart, so that the man could aid in the solution of the matrimonial mixup involving him in two courts.

At Albany, it is reported, papers have been issued charging Dart with bigamy on complaint of Lucy B. Dart. Recently Dart himself filed suit in the Clackamas county circuit court against Minnie May Dart. Officers here say that Dart is supposed to have married Minnie May Dart at Prineville in June, 1901, and, after a short life together, they separated. A divorce suit was filed, but never came to an issue, it is said.

Dart filed divorce proceedings against this wife in Clackamas county on March 12 last. It is alleged that before this Dart had married Lucy B. Cary at Albany in August, 1912. Lucy B. Dart is the complainant in the Albany court, charging her husband with bigamy. Dart has been

EASTER SPECIALS

...IN FURNITURE...

\$12.50 Iron Bed like cut made of selected steel with 2 in. post and 10 filling rods of 1 in. thickness finished in White or Venus Martin (Gold Bronze) either full or three-fourth size. This is a splendid bed and a big bargain.

Creditor Petitions

Alfred Oplin on Saturday filed a petition for letters of administration in the estate of Paul Schroeder, who died in this county on August 16, 1916. The estate comprises real property valued at \$2000. Oplin is a creditor of deceased, and because none of the Schroeder family has petitioned the

court within the legal time limit, Oplin seeks to recover \$480 due him from the estate by being administrator.

Villiger Wants Cattle

Because Henry Koenig has several cows and heifers which Theodore Villiger claims to own, and which Koenig refuses to give up, Villiger Saturday

brought suit in Judge Campbell's court to recover the animals or their value, \$500, and \$150 damages for their unlawful detention. Villiger also asks for the costs of the action.
