LOGAN

At the road tax meeting at the grange hall on Nov. 22nd, the following budget was prepared to be adopted or rejected at the meeting to be held at the same place on Nov. 29th at 1:30 p. m. The levy agreed on was 6 1/2 mills to be applied as follows: 2 1/2 mills on Fischer-Redland road to plank the west end of same to line of District No. 121, and any remainder to be applied on finishing rock work already commenced; 1 mill on Tracy road from Tracy corner eastward; 1/2 mill to complete rock work on Babler road and 1 mill on north end of same from intersection with Schubel-Barton road; 1/2 mill on Gerber road and 1 mill on Schubel road. Road Supervisor Henry Swales explained that last year's levy for the Gerber road is yet on hand and also a small part of that for the Fischer and Babler roads.

Logan homes and the community in general have been saddened by the death of two young men who have been making a brave but, as it turned out, a losing fight against the grim reaper, who finally gathers all humanity. A complete account of the death of Rudolph Benson has already appeared in the Courier. A large number of friends and relatives were at the church, to attend the funeral ceremonies and paid the last tribute of respect by following the remains to their last resting place in Pleasant View cemetery on Nov. 21st.

A full account of the death of Ernest M. Gerber appeared in the last Courier. He made a gallant fight for life but the enemy was too powerful, as he will be for all of us in time. Ernest was a bright, genial, energetic young man just on the threshold of a happy, useful life. A large number

of sorrowing relatives and friends attended the funeral ceremonies at the church on Nov. 23rd, conducted by Rev. J. B. Landsborough, and the grave was covered with beautiful floral tributes. The flag was at half mast at the Lower Logan school, where he had attended during his school days.

It was certainly something of a webfoot storm on the 21st. It tested old fences and buildings. A family living in a tent on the Thompson place had to anchor themselves to the corner ropes. It was a slight reminder to us old ones of the big storm of 1880 that came after a long wet spell and blew over big trees by the acre.

Samuel Gerber is taking a course of treatment for rheumatism at the Hot Lake sanitarium near the Oregon-Idaho line.

Born, to Mr. and Mrs. H. Eschopp, a daughter. Dr. Burg, of Highland, was in attendance.

REDLAND

A very pretty wedding took place at Mr. and Mrs. Grey's home at Milwaukie, Thanksgiving day, when their youngest daughter, Viola, was united in wedlock to A. L. Frink by the Rev. Giles. The bride was arrayed in white crepe de Chine and carried a bouquet of white carnations. Miss Margaret Alderman was the bride's maid and was dressed in yellow crepe de Chine and carried a bouquet of yellow chrysanthemums. The groom was dressed in blue serge, while Herbert Fouts acted as best man, even duty he performed to perfection, even to kissing the bride or bride's maid—we disremember which at present. After the ceremony the company

partook of a bountiful dinner, to which all did ample justice.

Those present were: Mr. and Mrs. Grey, Mr. and Mrs. York, Mr. H. Grey, Mr. W. Kern, Mr. Gose, Mr. and Mrs. L. Frink, Mr. Herbert Fouts, Arthur S. Frink, Viola Grey, Ethel, Alice and Walter Frink, and Miss M. Alderman.

Mr. and Mrs. Frink have built them a little bungalow on their farm, where they expect to use some of the knowledge they acquired at O. A. C. Owing to so much rain very little seeding has been done here and quite a few potatoes are yet to be dug.

It appears that Roy Hill, alias Kane, who committed suicide at Portland two weeks ago, went under an assumed name.

Mrs. L. E. Linn, of Portland, is spending the week visiting friends and relatives.

Elmer Powers is visiting the home folks, but expects to return to Baker soon.

F. Steiner was out some time ago and drew plans and lumber bills for J. Dunninger for a basement barn 36 by 72, which Mr. Dunninger intends to build this year.

Mr. Jensen has moved line 16 of the C. C. Tel. Co. out of the timber so there won't be so much line trouble.

Earl and Lloyd Allen have taken a contract to clear about eight acres for A. M. Kirchman.

The dog killer is having his day. Quite a number have missed their dogs, and several have been found dead along the county road.

At the road budget meeting it was voted to apportion the following amounts to the named roads: Buckner Hill road, \$500; Beeson Hill, \$400; Singer Hill road, \$300; Main road, \$200; Dix Mill road, \$150; Upper Highland road, \$50. Figuring on a 70 percent basis on a 7-mill tax. Some were much disappointed at the amount voted their particular road.

Meetings of the several divisions of the Telephone Association will be held in the next week or so to elect directors for next year. The last quarterly meeting of the board of directors for the year will be held Dec. 13th, 1915.

Some time ago a party traveling through this part of the country took photographs of the farmers' houses without asking any questions. Now a few weeks later comes the second installment. Another party comes along with picture and a six-bit frame which he tries to sell to the farmer for three or four dollars. It seems to take about three or four hours to make a sale. One family was stung to the tune of about \$20. I wonder if this would not be a good argument for the buy in Oregon City motto?

G. A. SCHUEBEL.

CLARKES

The weather has not been very favorable for the farmers lately.

It was reported that someone heard a cougar last week in this locality. It seems that every winter for the last four years there has been one of these fierce animals which travels through our part of the county.

Mrs. Filey Jones and daughter left here a few days ago to go to Idaho to spend the winter.

We have often heard the complaint about hard times with the sawmill men. It seems that there is a mistake, because Filey Jones has made money with his sawmill, and he has his wife and daughter visiting at present in Idaho, too. He recently sold one-half interest in the sawmill called Larkins' and Jones' mill. He expects to retire from the mill life.

Fred Marshall escaped from a serious accident last Sunday when his team got frightened and ran away. The buggy was very badly damaged. The boys at the mill went out last Sunday and killed a raccoon. They have certainly got some good dogs.

The plank road on the Buckner hill is getting in a very dangerous condition.

CHERRYVILLE

We were thankful that we are not killing our neighbors like they are in Europe.

Cherryville is distinguished above its more pretentious neighbors because two of its citizens have seen the mythical hoop-snake.

At a shadow social held at the schoolhouse Saturday evening, Nov. 22nd, shadows of the ladies posed behind a screen brought as high as \$3.00, as young rivals were not to be out-rivalled by opponents. A better system of lighting the schoolhouse was provided in this way from the receipts of the evening.
