

MILWAUKIE DEPARTMENT

Classes To Give
Comic Play Soon

MILWAUKIE, Jan. 13.—(Special)—Not because there are any old maids in the classes, but because the play of a good opportunity for much fun and merriment, is the reason for the sewing and cooking classes of the Milwaukee High school having decided to produce the comedy, "The Troubles of the Old Maid of 1916," the date being February 15, and the place the City hall. Some 28 "old maids" will take part, 14 of them arrayed in colonial costume, the girls to make all their costumes. A portion of those taking part will be costumed as boys. The young ladies are all quite enthusiastic over the play, and have entered upon the rehearsals with considerable zest and interest. A general admission of 10 cents will be charged, with 15 cents for reserved seats.

The Milwaukee schools are showing rather an unusual condition in the large number of students that are taking domestic science and domestic art, which were added to the course of study last fall. There are 85 girls taking these courses, 28 in the high school and 57 in the grades, and this number will likely be largely augmented by the class that comes in on January 24. This new departure in the local school has proven such a success that it has exceeded the fondest expectations of even its most ardent supporters. It was established after considerable opposition from school patrons largely because of the expected added cost to the district, but this proved the opposite, and the students have made such good progress under the direction of Miss Blanche Jeffreys that even those most opposed to the departments are now counted among its best supporters.

Miss Jeffreys spent a couple of days last week in Corvallis attending the lectures and demonstrations conducted at the Oregon Agricultural college by two expert women from the east. Miss Jeffreys was the guest of Professor and Mrs. Berthold, of the college. Among the discussions was one pertaining to the mother and her girl, it being urged that the "Mother Play the Game with the Girl." Miss Jeffreys says that a set of rules that has worked out well for the girls in the Corvallis schools in regard to dress, and that these are to be sent her and will likely be adopted in the Milwaukee schools. They provide not only for dress reform, but for a general plan for all girl students.

Miss Jeffreys took with her to Corvallis a number of specimens of her girl's work and left these with Mrs. Brooks, head of domestic art in the O. A. C., who is to pass judgment upon the same and report to Miss Jeffreys. Miss Jeffreys viewed work of students much older in the work in Corvallis and expressed herself as more than pleased with the showing made by the girls of the Milwaukee schools.

New Teacher For
Milwaukee Schools

MILWAUKIE, Jan. 13.—(Special)—Owing to an increased attendance in the Milwaukee High school, which will come with the new semester, which opens January 24, it will be necessary to employ an additional teacher. This teacher will be chosen at a meeting of the school board next week, several applications already being on file. The new member of the faculty will teach some of the bookkeeping and have charge of the new classes that will enter the High school with the new semester.

Must Answer To
Charge of Contempt

MILWAUKIE, Jan. 13.—(Special)—Next Saturday John Oedermaier, et al., will have an opportunity to answer the charge of contempt against them by Justice Kelso, or else take a chance of venue, which they threaten to take. The case came on for hearing last Saturday before Justice Kelso, when the court was represented by Attorney Milo C. King of Portland, while the defendants were represented by H. H. Riddle, when the latter filed a demurrer to the complaint. The demurrer was overruled and the defendants given 10 days, or until next Saturday, to answer. Attorney Riddle asked Justice Kelso if a change of venue might be taken, and the latter gave a consent, so that it is likely the same will be asked for when the time comes for answering.

Justice Kelso has a pair of mules on his hands—real live kicking and splendid working mules—a pair that were replevined by Mrs. Leona Case from P. M. Keefe. Keefe claimed to have bought the mules from a hired man of Mrs. Case. The animals were found at Annabel station and are now in custody here, awaiting a hearing of the case.

G. W. Kenney, a business man of Gresham, has brought suit in Justice Kelso's court against G. B. Klepply and his wife for debt, and the case will be heard Friday.

The case of John Miller against Jos. Oedermaier, for debt, is also set for Friday, Jan. 14.

Milwaukee Has Three
New Councilmen

MILWAUKIE, Jan. 13.—(Special)—This city has three new councilmen, occasioned by the resignation of three members, whose resignations were filed with and accepted by the council Tuesday night.

Claude C. Perry, who has served the city for several years, but has not been located here for the past two years, resigned because he has moved to Oswego, where he has entered the drug business. J. B. Bond, who has removed to Sherwood, also resigned, as did B. G. Skulason, an attorney, who is representing the city in several legal cases, and thought he owed it to the city to resign from the council. Herman Loeding, who is in the insurance business in Portland, but maintains his residence in Milwaukee, was elected by the council to succeed Mr. Perry. Dr. W. R. Taylor was chosen to succeed Mr. Bond, and H. N. Hopkins as successor to Mr. Skulason. The selections of the council seem to meet with general satisfaction, and it is predicted that the new members will prove good officials.

Parent-Teachers To
Meet January 21

MILWAUKIE, Jan. 13.—(Special)—Although the name of the speaker cannot be given at this time, yet it is assured that it will be some prominent person of Portland, the Parent-Teachers association meeting on Friday, Jan. 21, promises to be interesting from more than that angle alone. The program in charge of Mrs. W. Gellinsky will consist of a recitation by Ralph Godhill of the Sixth grade, River's Good Night Song by the students of the Seventh grade under the direction of Miss Hamilton, and a piano solo, "New Life" by Miss Ruby Mayer, a High school student.

Fisch Now Willing
To Take City's Offer

MILWAUKIE, Jan. 13.—(Special)—After having fought the city in the courts for some time, and losing out, the Milwaukee Water Co., through its owner, B. M. Fisch, has decided that he will take the amount offered by the city a few years ago for his plant, ie, \$4,000. Mr. Fisch made this known to the city council Tuesday night, and the proposition was referred to the finance committee to report at some future meeting. Only a few months ago the Milwaukee Water company practically lost every point of its contention in the circuit court of Clackamas county, when it appealed to the supreme court and this appeal is now pending with the expectancy that it will be decided during the latter part of March. The water company asked the city something like \$19,000 for its plant, and has held out for this sum all along. The city is not inclined to treat with the company at this time, as it has won out on so many points, and unquestionably no action will be taken until the appeal of the company has been decided.

The appeal of the water company has had the effect of holding up the beginning work upon the city's new water system, supplied from Bull Run river, as the successful bidders, Glebech & Joplin, of Portland, preferred to wait until the court had decided the matter, fearing that the decision might seriously affect the collection of the money on their contract.

Only \$1,600 Involved
In Assessment Case

MILWAUKIE, Jan. 13.—(Special)—The story published in certain Portland newspapers to the effect that if the state supreme court invalidates the Front street improvement assessment that the city will lose \$50,000 taxes is somewhat premature and misleading. It will be remembered that in the trial of the case in the circuit court of Clackamas county that G. Hagenburger, who brought the case against the city of Milwaukee, won the suit as pertained to his property on Front street, involving taxes of \$1,600. However, the city has appealed this case to the supreme court and hopes to be able to knock out the decision of the circuit court, but even if it doesn't, the decision will not cause any serious inconvenience to the city.

MACKSBURG NOTES.

Mrs. Schrock, mother of Mrs. Simon Miller, is still absent on her holiday visit with some of her other children. Mrs. Schrock, though well past 70, is such a constant partaker of the fountain of youth that she is welcome company even among her juvenile friends.

The Walsh-Hepler sawmill is running steadily. Its busy whir calls to mind the new buildings that are to be put up in our vicinity the coming year. The snow, that was giving promise to the young people of a merry sleigh-ride, has nearly all disappeared, leaving the grass green again, to the delight of the cattle and also of the ranchers, who feel the inroads upon the hay-mow consequent upon a snow covered pasture.

The stormy sky with which 1916 was ushered in, has changed, at night, into a starry firmament, where those splendid luminaries, Jupiter, Venus and Saturn, are visible as evening stars. The Muscovite congregation spent the last hours of the closing year with their parent organization, the Zion church, where a mission meeting was held.

Rev. F. Lucas of the Lutheran church held service in all four of his parishes during the last week of the year. These fields are Macksburg, New Era, Needy and a place in southern Washington.

A MERCILESS JUDGE.
One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from an Oregon City resident has withstood this sternest of all tests.

Joseph McDermott, Washington St., Oregon City, says: "I was almost flat on my back with kidney and bladder trouble. I was so lame and stiff that I could hardly hobble around and it was all I could do to get up in the morning. My kidneys were irregular in action and the secretions were scanty. I used several boxes of Doan's Kidney Pills and I soon got well." (Statement given March 29th, 1910.)

Mr. McDermott said: "Nothing has occurred to change my high opinion of Doan's Kidney Pills. I think more of them than ever."

OSWEGO DEPARTMENT

Did Bliss See Bear
Or Was It a Dog?

OSWEGO, Ore., Jan. 13.—(Special)—Was it a bear or was it a dog? Bliss, proprietor of the pool hall, seeing things? The latter's friends and acquaintances don't know just what to think. They are inclined, however, to give Bliss the benefit of the doubt, but would be even more so if the latter hadn't gotten them out in the wee sma' hours of yesterday morning when it was cold and the snow was knee deep. Bliss got up early Wednesday morning doubtless because he was too cold to sleep, and it was while going to his place of business that he saw a large animal resembling a brown bear in the distance, cutting across lots. He neither gave chase nor sounded an alarm at that time, but a few hours later announced to the boys as they congregated in his hall that he thought he had seen a bear and told the direction it was headed. It was suggested by the boys that they arm themselves and proceed to hunt Mr. Bear. This was done, and the supposed animal's tracks were followed, leading the hunters to a vacant house, under which the animal had taken refuge. After prodding around under the house the hunters were rewarded by the appearance of a large brownish-looking dog, which looked much like a bear, or at least it would to one in dim light. Whether this is what Mr. Bliss saw is still a question in the minds of his friends.

Blizzard Stops All
Work at Cement Plant

OSWEGO, Ore., Jan. 13.—(Special)—The blizzard and heavy fall of snow has had the effect of stopping every line of outside work at the Oregon Portland Cement company plant, and only a very few men are working on the inside as the weather is entirely too cold to make any progress. However, it is thought that the weather will moderate in a couple of days when work can be resumed as usual. Everything points to the plant being in readiness for actual operations by the middle of March, machinery being received from day to day and placed in position as fast as possible.

School Attendance

OSWEGO, Ore., Jan. 13.—(Special)—The stormy weather of Wednesday, followed by the heavy drifts of today, seriously interfered with the attendance in the Oswego schools, and particularly in the lower grades, as it was too cold and difficult for the children to travel the long distance to the schoolhouse. By tomorrow it is expected that the walks and paths will be cleared so that all can travel without serious inconvenience.
