Wilsonville Has a Commercial Club

WILSONVILLE, Feb. 3.—(Special)—Alma Larsen, formerly a resident here, has been visiting Mrs. B. Cronin. Mae Baker has been visiting her parents, Mr. and Mrs. Ed. Baker. Arthur Jaeger has been taking some very nice pictures, among them being a photo of the Hood View basketball team, taken by flash light. Frank McKinnon went to Portland on Monday to attend the funeral of his brother, who died in the hospital, after a long spell of illness. The Hood View basketball team defeated the Mulloy team to the tune of 17 to 5 at the hall at Hood View, on Tuesday evening, January 25th. The Onion Growers' association was compelled to postpone shipping onions for the second time, on account of the snow storm on Tuesday night. Gladys Warner, who is attending Lincoln high school, spent the week end at home. A goodly number of changes have been made by those who are selling cream, since the dairy inspector was here a month ago. The farmers were surprised, and not at all delighted, to awake to the sight of eight inches of snow on the ground on last Wednesday morning, and the prospect of more frosty weather. The Wilsonville Commercial club was organized on Friday evening, January 21st. The officers elected for the ensuing year are as follows: H. D. Allen, president; Dr. W. D. Butler, 1st vice-president; N. W. Young, 2nd vice-president and J. P. Bartles, secretary and treasurer. With this splendid corps of capable business men elected the efficient officers, the success of the enterprise is already assured. The object of the club is to work for the very best interests of our village and surrounding community. The regular meetings of the newly formed club will be held on every second and fourth Friday evening of each month, and it is to be hoped that the farmers will join hands with the merchants to accomplish the purpose for which the club was organized. The installation ceremony of the Odd Fellows association took place on Saturday evening, January 22nd, at the regular meeting, at which time Walter Sharp was the installing officer. The new officers installed were Anton Bataglia, noble grand; George Gould, vice grand; Clifford Murray, secretary and Tom Mulloy, treasurer. A banquet was served at the close of the installation service, and a splendid social time enjoyed by all present.

Tank-House Burns-- Was Thawing Pipes

EAGLE CREEK, Feb. 3.—(Special)—The tank house up at Mrs. Viola Douglass' caught fire Sunday night. It was discovered about 3 a. m., and some of the neighbors were called and came and helped to extinguish it. Carl Douglass had been trying to thaw out the pipes—and the tank caught somehow from a spark. The snow was all that saved the woodshed and house.

Woodie and wife, of Estacada, were guests of Mrs. Howlett Sunday.

Now Feels Entirely Well.

Those who have backache, rheumatism, stiff and swollen joints or other symptoms of kidney trouble will be interested in a statement from A. H. Francis, Zenith, Kas., who writes: "I had a severe pain in my back and could hardly move. I tried several remedies with no results. I took about two-thirds of a 50c box of Foley Kidney Pills and now feel entirely well." Middle-aged and older men and women whose kidneys are weakened find these safe pills give relief from sleep-disturbing bladder ailments. Jones (Adv.)

Death of Mrs. Kohler Grieves Macksburg

MACKSBURG, Feb. 3.—(Special)—We grieve to record the death of Mrs. Kohler which took place last week. Mrs. Kohler was most highly esteemed by all who knew her. In her long residence here she had, by her patient, useful life, endeared herself to both young and old. Mr. and Mrs. Kohler were among the earliest settlers of Clackamas county. Mr. Kohler, whose death occurred a few years ago, was a civil war veteran. His wife must be. We wish to convey through the Enterprise our heartfelt sympathy to the relatives of Mrs. Kohler in their sad loss.

Mr. and Mrs. Lloyd Bowers are still in San Francisco, but are planning to settle in some other part of California.

The snow that covered the ground, so heavily, on Sunday, has all gone, leaving the landscape in its wooded green to remain so, we hope, till the summer's sunshine shall have withered it again. Already the cattle are luxuriating in their restored pastures, and are leaving their hay untouched.

The Mola's and its branches, swollen by the melting snow, have risen as high as at any time within the memory of the oldest inhabitant.

The prediction is for an early spring and a fruitful harvest, as these are said to be the unfailing sequence of late, heavy snows.

The fruit trees, until today, have been bending low under the weight of snow on their branches, and this also, we are told, is the precursor of abundant yield.

The epidemic of gripe seems, at last, to be relaxing its hold, as is shown by the attendance at both church and school regaining its normal status.

Miss Olga Seward, who was called a few weeks ago to St. Paul, on account of the illness of her father, has returned home.

Mrs. Kate Seward is in Mulino attending her sick daughter, Mrs. Bert Wallace.

Frank Hilton has given his neighbors an unwelcome surprise by announcing that he has bought a ranch in the mountain region and that he is planning to move his family onto it the coming spring.

Mrs. Snack, of Portland, the eldest daughter of Mrs. J. Gibson, is, with her husband and children, occupying the cottage of her brother, Joe, who meantime, has gone home to live.

Mrs. Geo. Schier, with her infant son, has returned to her home.

The Mothers' club had a very pleasant session on Thursday at the home of Mrs. Geo. Koch. Mrs. Koch furnished the work for the afternoon.

Miss Mary Schier was present as a guest of the Misses Anna and Bertha Koch. The young ladies served a most charming lunch, soon after which the club adjourned for two weeks. The next meeting will be on Feb. 10th, at the home of Mrs. Karl Boeche.

Geo. Walsh has so far recovered from a recent attack of gripe that he is able to be in the saw-mill again.

Editor Taylor Talks To Marquam People

MARQUAM, Feb. 3.—(Special)—F. Franklin came over from Washington to do J. H. Hatter's chores while the latter goes back east to see his father, who is quite ill.

Up to this writing we have had 334 inches of snowfall since January 1st. Mr. Blair died January 26 and was buried at the Miller cemetery January 28.

T. Harmon is dangerously ill. The doctors have but little hopes for him. He has been ailing for a long time. R. Mosier is out from Silverton, helping his sister, Mrs. Della Young, during their sickness.

The basket social was not very well attended on account of the bad weather and so much sickness. G. J. Taylor, editor of the Mola's Pioneer, was here and made lots of fun for the young people, which was highly appreciated. The receipts of the evening were \$15.00.

Mrs. Hirtzel and two sons, Rowlen and Marion, of Scotts Mills, took dinner with her daughter, Mrs. Guy Larkins, Sunday.

Our school is rather short of attendance on account of so much sickness in the neighborhood.

FATHER OF MISS HUDSON ILL.

MEADOWBROOK, Feb. 3.—(Special)—Meadowbrook was visited by another snow storm Monday night. Pauline Hopstetter left Wednesday for Portland where she expects to work.

No Settlement In Woodsaw Accident

MOLALLA, Feb. 3.—(Special)—George Mars, one of Molalla's dragsaw men, says that he has six weeks' work with his machine engaged ahead.

K. S. Herman's place is one not often seen by the hasty visitors to Molalla, but it is, however, one of the most modern farms in the state. Both his blacksmith and carpenter shops are fully equipped. With his planing mill he dresses lumber for himself and neighbors. Just at present he is dressing lumber to build a 40x80 full basement barn in the early spring for his own stock. Both gas and steam power are plentiful upon his place, and a pumping plant solves all water problems. Usually he cuts his own wood with his sled dragsaw, but he has just had D. W. Badger come with his small saw to cut up some of the trees blown down by the recent storm. One tree lay so high that a man, six feet tall, could walk under it nicely. The machine had to be stood upon end to reach the log. Another log had been blown across a creek so that a plank had to be thrown across for the machine to run without the timber up on the governor and that a piece of the track was gone. He argues that the machine was taken and used without his knowledge or consent.

Stanly Murphy, who engaged the men, claims that he was not the employer as he was working for Mr. Motte as he had been before this time. The matter has become more complicated as Mr. Murphy left here a short time ago in search of work. Mr. Wilkins thinks that the matter will soon be adjusted for it only requires the signature of the employer to give the parents the insurance to which they are entitled.

Geo. Nagel Loses Fine Barn By Fire

HAZELIA, Feb. 3.—(Special)—The barn of George Nagel was totally destroyed by fire Tuesday morning. The barn contained six head of cattle, two horses, farming implements, horse and baled hay, and the loss was \$2,000 with only \$1,775 insurance.

The first the owners knew of the fire was when flames leaped through the roof. Rushing to the barn to save the cattle, Mr. Nagel found all had been suffocated by the smoke. Attention was then turned to saving other buildings on the farm.

The Nagel barn was one of the finest in Clackamas county, being 50x54 feet with concrete walls and driveway. The family has lived at Hazelia for the last 25 years.

Mr. Wilkins, auditor for the State Industrial commission, has been busy the past week visiting those around Molalla, who have availed themselves of state insurance. He states that it is of daily occurrence to meet employers who are also working men and wish to come under the compensation act.

At first it was thought that it could, but it has now been decided that it cannot be done the way the law reads at present. Mr. Wilkins believes that the next legislature will change the law sufficiently to protect working employers.

Mr. Wilkins says that dragsaws come under the head of "wood saws." This is important, for generally speaking, wood cutters mean a circular saw when they say "woodsaw," and use the word dragsaw to designate a power cross-cut saw. As an employer comes under the act when he begins work, unless he refuses to do so in writing, there are some who are surprised to learn they have come under the law automatically.

Mr. Wilkins also states that no insurance can be paid to Mr. and Mrs. Guy for the death of their son, Clinton, who was killed on a woodsaw until it is found who was the actual employer. J. J. Metzler contends that he was not the employer because he had ordered the machine to be laid up for repairs. It is said that the machine

Mrs. W. R. Dallas is on the sick list.

The sleet Tuesday and Wednesday was bad enough in some sections of the county to break down telephone lines and injure the fruit trees.

R. C. Young butchered hogs Wednesday.

Arthur Schmatz was up this way with his wood saw one day last week.

John C. Dallas was found dead in bed at his home near Damascus on Friday morning, January 28. He had retired the evening before in his usual health (though he had not been entirely well for some time). There was no sign of a struggle and he looked as if taking a restful sleep. He was born in Ohio, Feb. 29, 1836, and at the time of his death was nearly 80 years old. He came west to Illinois when a child, later coming to Iowa, Missouri, Nebraska and finally, about 10 years ago, bought the farm where he has since lived and where he died.

He was married in 1858 to Miss Mary Jane Pennington, who died in 1893. Of this marriage there were four sons and one daughter. One son, Aaron W., died May 6, 1880. In 1909 he was married to Miss Mary Molacca. He is survived by his widow, three sons, William R., George C. and Silas S. Dallas and one daughter, Mrs. Effie Sunderland; also seventeen grandchildren.
