Neither can you get your moneys worth out of a binder that hasn't had it hammered and built into it at the factory. A good way to find out about a binder is to look it over carefully and see if it measures up to your idea of what the machine should be. Another good way is to ask those who have used the machines. If we didn't have the fullest confidence in our machine we wouldn't advise you to do this but as it is we will be mighty well pleased if you will ask every person you know who owns a Champion Binder, how he likes it.

THE CHAMPION BINDER

like all Champion Machines is built upon the "quality first" policy and then it, also has some very important advantages, for instance it's positive force feed elevator which insures a continuous flow of grain to the picker arms. The Relief Rake which prevents bunching at the inner end of the platform. The Champion also has many other good strong features which we will gladly show you if you will call on us.

Baker Democrat: Let it be known that Baker county is to have its fair as usual. There are those back of the movement who know no such thing as fail. And it will be the best fair ever held in the county.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee. (Adv.)
