SERVICE OVERSEAS WAS NOT IRKSOME UNTIL FIGHTING OVER

Mrs. C. W. Richardson received a letter from her son, Charles Richardson, from France Monday saying he was ready for sailing, and the company he was with was waiting for a ship to take them across to God's country.

Although Richardson left Oregon City October 26, 1917, one of the first boys of Clackamas county to go overseas, he has never become discouraged about not being able to come home until the letter received Monday, when he spoke about being one of the last to return. He has been in the service for 20 months, and says he believes he has done his duty in serving his country, but if the United States becomes involved in war with Mexico, he will be ready to do his part.

As Mrs. Richardson has promised some of the boys of Charles' company a chicken dinner upon their return from overseas, these boys have sent word they are ready for the "feed" and will be sailing for home soon.

Richardson is with the Army of Occupation and at the time of the signing of the armistice, November 11, 1918, he was near the German border. After peace was declared he marched with his company into Germany, where he has since been. He has been making his headquarters in an old theatre building at Neuweid. His company marched from Neuweid, Germany, to Brest, France, only too glad to leave that country, and thoroughly enjoyed the long hike. Much beautiful country was seen, and much devastated country in France, upon the return from the former country.

Richardson left with Company D, 162nd Infantry, and later was transferred to Headquarters Troop. He expects to arrive at Camp Lewis about August 15.

JOSEPH HEDGES HAS RETURNED AFTER LONG PERIOD OF SERVICE

Joseph Hedges, Jr., son of Attorney and Mrs. J. E. Hedges, returned from France Friday evening, and expects to spend a brief furlough before proceeding to Camp Lewis, Wash., to receive his discharge.

Hedges has had much experience since going overseas. He was one of the first Clackamas county boys to respond to his country's call. After the armistice was signed the young man was a student in languages at the Alliance Francaise and took two courses at the Sorbonne. One of the courses taken by Hedges was the "History of France," and the other courses were in advanced geography and lectures in English. Since being in France Joe has been able to master the French language exceptionally well. Among the places in which he was stationed were Paris, and he was in England for some time before being transferred to the former country.

It was while stationed in Paris that Hedges had the opportunity of seeing President Wilson and Mrs. Wilson while they were on their European trip, and was among the boys who cheered them as they passed by.

Hedges is in the best of health, and values highly the experience he has received while in the service. His many friends here are glad to see him return and are giving him a big welcome.

French to Start Channel Tunnel

PARIS, Aug. 2.—The commission appointed by Albert Clavielle, minister of public works, to study the stability of a tunnel under the English channel has reported favorably on the project. Clavielle has authorized the French company which holds the concession for the tunnel to experiment with the latest piercing machinery.

The Portland & Oregon City Ry. Co. wishes to announce that they have new equipment on their line, for handling both freight and passengers, between 22nd and Powell Streets East Portland, and Baker's Bridge. The passenger train makes three round trips daily. The following is the new schedule:

Week Days	Week Days
Leaving Portland	Leaving Baker's Bridge
9:00 A. M.	6:00 A. M.
3:00 P. M.	12:30 P. M.
6:00 P. M.	4:15 P. M.
Sundays	Sundays
9:45 A. M.	8:30 A. M.
2:15 A. M.	1:00 P. M.
6:15 P. M.	5:00 P. M.

S. S. ZEPPELIN BRINGS FORMER OREGON CITY MAN ACROSS SEAS

Major Shirley Buck of Milwaukee is reported among the casualties of Company D, 4th Engineers, which arrived at Camp Mills, New York, Thursday, on the S. S. Zeppelin.

Mr. Buck was a former resident of Oregon City and his friends here will be pleased to learn of his safe arrival in the United States.

Joseph Wilson, also of Company D, 4th Engineers, is among the arrivals on the same ship and is at present at Camp Mills awaiting transfer to a demobilization camp.

COUNTY CLERK DOES NOT FANCY TRADING LIZZIE FOR PLANE

Mrs. Fred Miller, wife of County Clerk Fred Miller, has had an experience that very few women of Clackamas county have had, and this is riding in an airplane, and now she is anxious to dispose of the family automobile and go to airplaning instead of motoring. County Clerk Miller does not agree with his wife, for he feels safer in a Ford or any other kind of automobile than in the air in a plane, and says he has never had the courage his wife has in making a trial trip in a plane.

While Miller's opportunity came while at Salem as a guest of her brother, Alex Swabauer, recently, and always having had the desire to make an airplane trip, did not pass up the chance at Salem. She says it was somewhat "shaky" going up, but after once getting up it was like sailing, and that the trip was simply grand.

County Clerk Miller says "I will stay with the Ford" and "nix on the air-plane." Miller says he will be up in the skies soon enough without going in an airplane.

Kenneth and Don returned from Salem with their mother Monday.

GRAPPLER FAILS TO LOCATE MISSING MAN SUPPOSED DROWNED

W. J. St. Onge, of Menominee, Michigan, was in Oregon City Tuesday, coming here for the purpose of assisting in searching for the body of his brother, Lester F. St. Onge, believed to have been drowned in the basin a short distance below Canemah on July 23. Mr. St. Onge was accompanied to Oregon City Tuesday by an old time friend of the family, M. H. Kern, of the Eagle Lumber Company, of West-Imber, Oregon, but whose home is at 460 East 21st street North, Portland, Oregon. Accompanying these men was Hugh Brady, city grapppler of Portland, who is making an effort to recover the body. At the point where Mr. St. Onge is believed to have been drowned, several others have lost their lives, one a child of Canemah, who fell through the railing along the river, and the second a man, whose body was never recovered, nor was the child's body recovered.

Lester St. Onge came to Oregon City on the morning of July 23 for the purpose of securing a position with a hardware and furniture firm, and combining business with pleasure had decided to spend a few hours fishing, and not being familiar with the fishing points of Oregon City, had selected the banks of the basin, where his fishing basket was later discovered. He had desired to bring his son, Francis, for an outing as well, but other plans being made the child remained at home.

W. J. St. Onge, the brother of Lester St. Onge, and Mr. Kern say the home life of the missing man was most pleasant, and he was devoted to his wife and two children, Francis, aged 11 years, and Dorothy, aged 8 years, who are in Portland, and residing at 1136 Main street. Mr. St. Onge has been employed by the Marshall-Wells Company for some time, and was considered a most competent man. Recently he had been in the painting business. His father is Eli St. Onge, who resides at Hermerville, Michigan.

Mr. St. Onge, the missing man, was 37 years of age Sunday, August 3, 1919, and was a member of the Spokane Council Knights of Columbus and of the Woodmen of the World of Portland.

W. J. St. Onge has offered a reward of \$200 for the recovery of the body.

THREE YOUTHS SENT TO REFORM SCHOOL FOR PAST MISDEEDS

Nathan Taylor, aged 16, Cecil Shaw, 10, and Vernon Frost, 13, were ordered returned to the State Reform school Friday by Judge Anderson as the result of crimes they have been found guilty of committing during the past few days, and will be sent to that institution today.

Taylor and Shaw were accused of violation of their parole and Frost was found guilty of passing a forged check.

A pretty French girl married eight Yanks, and every blooming husband insists he'd be perfectly happy if only the other seven would go out and get wives for themselves.

Southern Oregon Spirit

Jackson and Josephine counties have joined hands with a spirit that is admirable for the reception and entertainment of the National Editorial Association party that is going to be shown that greatest of Oregon wonders—Crater Lake—this month. Two hundred and fifty of the nation's editors from 37 states will be taken from Portland to Medford in a special train, from Medford to the Lake in motor cars and back to Ashland and then returned to Portland.

Medford, Ashland and Grants Pass have pooled their resources in behalf of this excursion that will result in Southern Oregon receiving several hundred thousand lines of publicity all over this country. While Grants Pass is not so directly interested in the trip as the other two cities, because the party does not stop there, the people of that little city are big and broad and have not only agreed to provide 15 cars for the trip to the crater and return, but will assist in financing the various entertainment features. County courts and city councils have opened the municipal purses freely, with a realization of the tremendous benefits to be derived from a visit of a party of this character. The commercial organizations of the three towns are playing ball together, and have prepared a reception for the editors that will make Southern Oregon talked about from one end of the country to the other.

Such cooperation and enterprise is ideal, perhaps unusual, and the group of Southern Oregon cities is entitled to all of the praise and publicity that it certainly will obtain.

FIVE HOMES ENTERED BY ROBBER (Continued from page 1)

was one of those visited. The family believe he entered their home about 12 o'clock. He made his entrance by way of the kitchen door, cutting the screen out and breaking through the second door. Here he took \$60 in cash from a coat belonging to one of the sons, two revolvers and a gold watch with the monogram of M. C. R. on the reverse side of the case.

Close to this home is that of W. C. Rebo, of Eleventh and Jefferson streets. A purse containing \$7.50 was secured, also an amount of jewelry, among this being ring, bracelets, neck chains, two watches, pens and ladies' watch chain. Although this family has a large bulldog, the intruder made such a successful entrance that even the dog was not aroused.

The home of Mrs. H. L. Kelly was

among the homes entered. Miss Des- sie Kelly, of San Francisco, who is visiting her home here, was asleep on the sleeping porch at the rear of the home on the second floor. Being a light sleeper, she was awakened by a disturbance in her room, which adjoins the sleeping porch. From the reflection of an electric light on a street nearby she saw a man standing close by, and screamed for help. She said to a reporter of the Enterprise today: "Well I was simply frightened to death, and never before did I realize that I had a Madame Melba voice until I commenced to call for help." When Miss Kelly called for her brother, Miss Davis, a nurse, who has made her home at the Kelly residence for some time, and is connected with the Oregon City hospital, was awakened and rushed to Miss Kelly's assistance. Her room is at the head of the stairway leading from the second floor to the hallway below. As the man passed her room, he took

Theo. Sherman, of Monoma, Iowa, was slightly injured early Friday morning when he fell in the hallway of the Brunswick hotel while on his way to the washroom, sustaining a slight cut on the forehead when his head struck the floor.

Sherman was one of a party of six tourists who had arrived in the city a short time before after a ride of more than 200 miles since morning. His wife stated after the accident that he was subject to attacks of heart failure, and the accident is attributed to an attack of that nature.

Mr. Sherman and the rest of the party departed for Salem Saturday morning, the injured man showing no evidences of the accident except a slight cut on the forehead.

"You folks are being taken up by society, aren't you?"

"Well, we don't believe in bragging, but we know three ladies who smoke cigarettes."

Thirty Years Ago

Taken From the Oregon City Enterprise August 1, 1889.

Mrs. Charles Burns and children returned from Soda Springs yesterday.

Excavation for the armory for Company F began on Monday morning. Theo. Clark promises to have the building completed by the middle of September.

J. L. Swafford and family, accompanied by the former's father, left yesterday for Soda Springs.

W. R. Reddick has begun work on his new house at Greenpoint.

Charles H. Caulfield went to Ilwaco and vicinity Saturday night to look for a camping place. He returned Monday morning without having found a place suited to his taste.

G. W. Church and family went to Soda Springs yesterday to camp for a time.

T. L. Charman took a run down the coast Saturday and returned Monday.

Creed Stratton and Dell Cross returned from Soda Springs Monday after a week of camp life.

DEATH.—On Thursday last look, Ada Hickman, at the home of her parents, Mr. and Mrs. C. T. Hickman. The funeral of the little girl will be held at the M. E. church Friday, Rev. L. R. Jarvey officiating.

MARKET REPORT.—The following are some of the prices for the market: Butter, 20 and 25 cents; eggs, 18 and 20 cents; chickens dressed, per dozen, \$3.00 to \$4.00; hogs, dressed, 6 1/2 cents.

DEBATING SCHOOL.—The following from the Willhoit correspondents to the Silverton Appeal would indicate that the Oregon City ladies are conducting a suffrage campaign. An Oregon City quartet composed of young ladies had up the subject, "Women's Suffrage" last Monday, and after quite a discussion decided that women ought to vote even though she can't.

The Excelsior Company is more than pleased with the operation of the factory on the West Side.

One flower that can be depended upon to bloom all summer and until caught by frost is the petunia. It can be set at any time, or increased by cuttings. It accommodates itself to most any soil and location, and is as much at home in partial shade as in the sun.

Ten Points To Settle Before You Buy Any Auto Truck

The motor truck is established. Its utility is no longer questioned. As a means of transportation it is definitely established that a motor truck is incomparably economical, convenient, etc. So it is not a question of whether or not you need a motor truck.

Your decision must be WHICH TRUCK to select. It is a big question not to be decided until you have every fact and every data of cost before you. On that basis ONLY can you make a selection that will justify the required expenditure.

GARY, "THE TEN TEST TRUCK," invites every investigation, every test or question that any owner may advance. The GARY MOTOR TRUCK has been selected by some of the largest truck users in America. They buy on a basis of FACT ONLY, and the Gary has satisfied these owners in every one of these following ten vitally important points.

Test "1" REASONABLE INVESTMENT. Don't buy a truck that will depreciate too rapidly to be economical. You really rent a motor truck when you buy it. At the end of its period of use it should have substantial "cash or trade-in" value. Investigate the actual "after use" worth of any truck before you make your selection.

Test "2" ECONOMICAL SELECTION. Trucks are means of economy. It is not an investment to buy a truck that will increase your transportation costs. Find out what it will actually cost you to transport your merchandise.

Test "3" SIMPLICITY. Skilled experienced labor costs money. You don't want to increase your labor hire because of your trucks investment. Before making your choice, take any worker in your delivery department, give him a few simple instructions, see whether or not the truck is simple enough for his unskilled abilities.

Test "4" EQUALIZED BALANCE. From front to rear lamp bracket maximum efficiency of operating requires even distribution of weight, work and wear. The motor must not be too light for its load the frame must not be heavier than is necessary. Consider whether or not there is proper correlation of size and parts.

Test "5" OVER CARRIAGE. Do not buy a one ton truck and expect it to do a 3 1/2 ton duty. But the trucks you do buy should be built to allow for reasonable margin of overload. Buy the size truck that your business needs but do not invest in a 5-ton truck for a 1-ton truck labor. Nor should you buy a 3 1/2-ton truck for a 5-ton labor.

Test "6" CONTINUED OPERATION. Accidents will happen, and some repairs are inevitable. Select the truck of a design so standardized that repairs will never keep your truck out of service.

Test "7" ESTABLISHED MANUFACTURE. A truck made by a maker having a limited resources is a questionable investment. Be sure that the maker of your truck will be able to continue in business as long as you do.

Test "8" DEALER DEPENDABILITY. The dealer is the agency that is directly responsible to you. Be sure that the dealer from whom you buy your truck is as reliable as your own banker. Do not buy a truck from a dealer that has a reputation of shifting responsibility.

Test "9" NON RADICAL DESIGN. Radical changes and principles are experimental. Do not buy an experimental truck. Keep within approved designs and principles.

Test "10" SPEED, POWER. An emergency will arise where you will have to run your fully loaded truck at its maximum speed. Power should provide for speed to allow for speed when it is necessary.

GARY, "THE TEN TEST TRUCK," has measured up to every test. Let us give you the facts to prove it.
