RANDALL O'NEILL IS
AT HOME AFTER LONG
SERVICE IN NAVY

Randall O'Neill, only son of Mr. and Mrs. Thomas O'Neill, of this city, who has been in the naval service for the past 25 months, surprised his parents Monday evening when he made his appearance at the O'Neill home at Seventeenth and Main streets. He received his discharge from the service at Bremerton, Wash., and is glad to be back in his old home.

Randall O'Neill says there is no place like the West for him, and has no use for the Southern states, especially Virginia, where he was stationed.

"As far as the Red Cross organization is concerned, it was the most wonderful organization to assist the sailor boys, and there never was anything lacking when it came to supplying the boys with eats and smokes," says O'Neill. "The Salvation Army and the Knights of Columbus have also done much for the sailors."

O'Neill has been on the U. S. S. Rindam, and has made eleven trips to France on the vessel. The ship has been used for conveying troops to and from France. As O'Neill was in the bakery department, and had been advanced to first-class baker, preparing meals for twelve months for officers of the ship, he says it now is 50-50 whether he will follow the trade or go back to printing, but believes he will follow the latter, and will resume his position with the James-Kornes & Abbott Company of Portland, within a few days. O'Neill says he did not know it was in him to be able to cook, but now even bread making is a "snap," and that he could make anything from a pancake to the finest loaf of bread—just the kind that Mother makes. Mrs. O'Neill, mother of the young man, is now going to allow her son to see if he can make bread "like Mother used to make."

O'Neill is one of the most popular boys who left for the service, and his many friends here are giving him a most cordial reception. The first place visited Tuesday after returning to Oregon City was the Enterprise office, where he was employed for a number of years before taking up his work in printing in Portland.

WALTER BURGHARDT
WILL VISIT SISTER
BEFORE GOING HOME

Walter C. Burghardt, who has been in France with the 69th Engineers for more than a year, has received his honorable discharge from the service at Cheyenne, Wyoming, according to advices received in this city recently.

According to the same advices Mr. Burghardt will visit at the home of Mr. and Mrs. Fred Himler, the latter a sister, for a short time within the near future and from there will go to Barton, Clackamas county, for a short visit before returning to his home at Kellogg, Idaho.

Mr. Burghardt had the distinction of being a passenger on the George Washington on the trip that she brought President Wilson and party back to the United States.

REAL ESTATE DEALERS
IN COURT AS RESULT
OF COMMISSION DEALS

E. C. Minnie Youngs filed action in the county court Tuesday to recover the sum of \$112.50 from Jesse B. Holtenbeck, which it is claimed is due the plaintiff as commissions on real estate deals consummated by both plaintiff and defendant at the time they were conducting a real estate business with a business arrangement for the turning over of customers one to the other.

PARKPLACE YOUTH
HOME AFTER SERVICE
OF OVER TWO YEARS

Charles F. Lucas of Parkplace, son of Mr. and Mrs. Frank Lucas, of that place, returned to his home Friday evening, having received his discharge from the service.

Lucas left for the service April 14, 1917, and for some time was stationed at Goat Island, later being transferred to the U. S. S. Pueblo, a transport conveying troops to and from France.

The young man has enjoyed his wondrous experience, but is glad to be back in his old home. His brother, William, who entered the army in May, 1917, returned to the Lucas home some time ago.

These young men will take up their studies in college this fall. William will resume his studies at the Oregon Agricultural college, and Charles will probably attend the University of Oregon.

GLADSTONE BOY WHO
EXPECTED TO RETURN
SOON IS DISAPPOINTED

According to a telegram received Friday evening by Mrs. C. A. Frost of Gladstone her son, Noel, who enlisted in the United States navy three years ago, has arrived in Seattle and has received his discharge from service.

In the telegram received by Mrs. Frost, Noel advises his mother that he had expected to leave Bremerton for his home immediately upon receiving his discharge, but has been held by the navy department for the purpose of serving as a member of the crew of the historic battleship Oregon, which is being remodeled for the purpose of going to San Francisco to welcome the new Pacific fleet when it arrives in that city.

Noel Frost enlisted in the navy three years ago and has not been home for over two years.

During the past two years he has been serving aboard the U. S. S. South Carolina and has made five complete round trips from the United States to France aboard that ship carrying troops.

He arrived in Philadelphia last Monday, at which time he advised his mother that he would soon be home. The telegram from him in Seattle Friday was the first intimation that his mother had received that he was so close to home and the added information that his return has been further delayed has proved a keen disappointment to her.

MR. AND MRS. HARDING
ADVISED OF ARRIVAL
OF SON FROM OVERSEAS

According to telegraphic advices received by his parents, Mr. and Mrs. L. O. Harding, Wednesday night, Lloyd Harding arrived in New York Wednesday morning after a period of twenty months in the service of the United States army overseas, and will depart from that city within a few days for the West.

CHARLES RICHARDSON
ADVISES PARENTS HE
IS NOW ENROUTE HOME

Charles Richardson, son of Mr. and Mrs. C. W. Richardson, who has been with the Army of occupation and stationed in Germany, is now on his way home, word was received by the anxious parents here Tuesday saying he had arrived in Denver.

DEMAND FOR HOUSES
UNPRECEDENTED; MANY
ARE DISAPPOINTED

There is still such a demand for houses in this city that the people who are anxiously awaiting for one to be vacant are watching every chance to secure a home. Several articles have appeared in the local papers telling of those who have purchased a home or are contemplating moving. The announcement causes a mad rush for these houses, and many are disappointed, being compelled to await another "rush."

As an instance of this demand, one of the prominent young housewives of this city, who has occupied one residence for the past 16 years, was engaged in house-cleaning a few days ago, and had the furniture of the house removed to the porch and lawn. A house-hunter, seeing the furniture outside, inquired if there was a chance of getting the house, believing the parties were to move.

There have been many such instances where the people cleaning house have been approached, and a large number of the housewives are postponing house-cleaning time to prevent the rush of househunters to their homes. It has gone so far that some of the house hunters have called at homes already occupied inquiring if there is any chance of the house being vacant in the near future. They receive very little encouragement, however.

Never before has there been such a demand for houses in Oregon City. Every small house that is habitable is occupied. There are a number of newcomers who desire to make this city their home, but owing to the lack of houses, they have given up the idea, and are remaining in Portland.

JOSEPH SWARTZ BUYS
BEAUTIFUL HOME OF
O. A. PACE ON EIGHTH

The beautiful home of Mr. and Mrs. O. A. Pace located on Eighth and John Quincy Adams streets, was sold Monday evening to Joseph Swartz, the clothier, of this city. Mr. Swartz and family will take possession of their new home September 1st. Mr. and Mrs. Pace are planning to purchase other property, and will build a home in the near future, renting for the present.

The Pace home is one of the most modern in this city, and is very attractive in appearance with grounds beautified by flowering plants and shrubbery. It consists of nine rooms, a large sleeping porch, and full cement basement. The home was purchased four years ago by Mr. and Mrs. Pace from Thomas Cook, contractor of this city. At the time of purchasing there were a number of rooms not completed, and these were finished by Mr. Pace after purchasing the same. The price of the home and one lot paid by Mr. Swartz was \$4250.

WHEAT AND OAT CROPS
AVERAGING MORE THAN
HIGHEST ESTIMATES

Threshing has commenced in Clackamas county and the farmers are all pleased over the prospect of having the largest yield of wheat and oats this year that they have had for many years. Last year's yield was discouraging, with the aphids destroying a large portion, and weather conditions retarding the growth of the grain.

Among those having completed threshing in the Redland section are W. H. Bonney, securing 73 bushels of wheat from a three-acre tract, and 797 bushels of oats from a tract of 17½ acres. This threshing was completed Monday.

The farm of F. A. Golehm, of Redland, near that of Mr. Bonney, has produced much grain this year. Threshing was completed there Monday of this week. He totalled 460 bushels of wheat from 16 acres, and his oats went to about 1900 bushels.

Herman Fisher, of Redland, one of the well known farmers of that place, had his grain threshed Saturday. From fifteen acres of land he secured 505 bushels of grain, including oats, wheat, rye and cheat. Mr. Fisher's apple crop is exceedingly large this year, and the heavily laden trees are a sight to behold. Mr. Fisher has used every precaution with these trees, and has protected them by placing props beneath the laden branches.

George Brown, the potato king of Clackamas county and well known throughout the state, whose farm is located at New Era, was one of the first farmers of that section having his fall grain threshed this year. Mr. Brown's grain averaged from 30 to 50 bushels to the acre, and after the threshing was completed found his crop of wheat amounted to 1551 bushels. His son, Ellis Brown, whose farm adjoins that of his father, has 200 bushels of wheat, and his oats went to 100 bushels to the acre, there being 18 acres in this grain, making a total of 1800 bushels of oats, the largest crop he has realized from his farm. Mr. Brown, the potato king, says the potato crop will be light this season.

Several years ago the largest giraffe in the Paris Zoo committed suicide. She had been unhappy for several days, and one day she killed herself by banging her head against the bars of the cage. The giraffe's great friend had been a Collie dog that had, a few weeks previously, been sold.

ROBBERS STEAL
AUTO AND TIRES
IN NIGHT HAUL

A new Studebaker touring car was reported stolen from the Hull Garage and Repair shop at Hubbard last night, and the store room in connection was raided and a total of nearly twenty auto tires were also taken. The Sheriff's office here was notified shortly after and Sheriff Wilson immediately started in search of the fugitives. The stolen car was found abandoned on the road near Willamette at an early hour this morning, but the tires had disappeared.

According to a statement issued from the Sheriff's office Wednesday afternoon the officials have definite information as to the identity of the guilty men, who are also supposed to be guilty of the numerous robberies which have taken place in this district during the past several weeks, and that a number of arrests will be forthcoming within the very near future.

SUPPOSED VICTIM OF
SUBMARINE ATTACK
REACHES HOME SAFE

Joseph Wilson, who is a well known Oregon City young man, and who it was feared for many months had lost his life on the ill-fated Tuscania, has returned to Oregon City, glad to be back in the old home town.

ROSS HIDDLESON IS
ISSUED LICENSE TO
WED IN CHEHALIS

CHEHALIS, Wash., Aug. 13.—A marriage license was issued today by the Lewis county clerk to Ross H. Hiddleson, of Oregon City, and Frances Rambo, of Rochester.

Ships That Pass

It's an easy thing to criticize, and the chronic fault finder never gets very far in actual accomplishments. Early in the springtime, when aerial transportation commenced to attract serious attention, a committee was appointed by the Live Wires of the Commercial club to secure or recommend a suitable landing place for the ships of the air. Summer is waning, air ships, conveying passengers are almost an every day sight; but all they can do when passing over Oregon City is wave their hands in greeting and farewell. Let's wake up and provide a landing station that these crafts of the air may come down to earth within the limits of Oregon City. The acquaintance of those who ride above the clouds is worth cultivating. It is up to us to open the gates for their entrance.

Where is the landing place in Oregon City to be located?

COUNTY WILL RECEIVE
TWO ARMY TRUCKS FOR
COUNTY ROAD WORK

Upon his return to this city Monday evening from Salem County Roadmaster Compton reported that he expects to secure two of the big army trucks which are being given by the government for county and state highway work for the use of the Clackamas county road commission and that the trucks will be delivered by the government within the very near future.

The government trucks, through the new arrangement with the government, will cost the county between \$200 and \$300, being the freight charge on the machines from the point of shipping, and Roadmaster Compton estimates that an additional \$500 will fit the trucks for handling the major portion of the hauling work connected with the road-building being done by the county.

In the British and other allied services there is a suspicion that the Germans may attempt to blow up their Zeppelins and other airships rather than surrender them according to the terms of the peace treaty. An allied commission has been created to go to Germany as soon as peace is ratified by the three signatories to make preparations for taking possession of the airships and seaplanes.

REFEREE ASKED FOR
SETTLEMENT OF SALE
BY HEIRS OF PROPERTY

In a complaint filed with the County Clerk Tuesday application is made for the appointment of a referee and the disposition of the real property of George Jakob Steiner who at his death left a farm of 80 acres to be divided among his nine children. The action is being taken at the instigation of the heirs, with the exception of one who has not been heard from for more than four years, in order that the cash realization from the sale of the property may be more equitably divided.

YOUNG MEN CHARGED
WITH ASSAULT PLEAD
NOT GUILTY—BE TRIED

Luther Brackett, George Berry and William Berry, who were arrested by Constable Ed Fortune Monday at Jennings Lodge on the charge of assault and battery on C. R. Bridenbeck, pleaded not guilty at their preliminary hearing today, and will be tried the latter part of this week.

RETURNING FISHING
PARTY LOUD IN PRAISE
CLACKAMAS SCENERY

A fishing party composed of George Calliff, Jr., his son, Evelyn, Paul Sturgis and William Calliff, also "Billy," the fox terrier, who have been in the mountains some distance above Cazadero, have returned to Oregon City.

Fishing was good, and large numbers were caught by members of the party. They claim they have seen the grandest scenery they believe exists in the west. One of the waterfalls seen had a fall of water of about 150 feet, and was a wonderful sight. "Very few people realize what beauty there is in that country," exclaimed George Calliff when returning here, "and I believe if they knew what there was in that section, more people would go there for an outing. This is one of the wildest sections of the county, but it is worth the time taken to go there."

The party packed into the mountains for about 30 miles, and enjoyed the hike. Had they not run out of provisions they would have remained longer. The only eatables remaining in the pack when they returned were a few beans and small quantity of rice.

George Calliff was the chief cook and appetites were never lacking. Fish was served at all meals, and there was any amount of these to be caught from the streams.

MERCHANT SEEKING
FARMERS' BERRIES SAYS
"IT PAYS TO ADVERTISE"

"An advertisement in the Clackamas columns of the Morning Enterprise certainly is paying me," says A. L. Buckles, of the Buckles grocery store at Eleventh and Main street. "I have had telephone calls from all parts of the county responding to the advertisement carried for the purchase of berries and plums for the cannery in Woodburn, and I have succeeded in getting a lot of selected fruit for the company through the advertisement. I am most certainly going to continue the ad for the month, but the only thing is I do not desire the fruit on Saturday as it will be hard to handle it on that day."

Ten Points To Settle
Before You Buy Any
Auto Truck

The motor truck is established. Its utility is no longer questioned. As a means of transportation it is definitely established that a motor truck is incomparably economical, convenient, etc. So it is not a question of whether or not you need a motor truck.

Your decision must be WHICH TRUCK to select. It is a big question not to be decided until you have every fact and every data of cost before you. On that basis ONLY can you make a selection that will justify the required expenditure.

GARY, "THE TEN TEST TRUCK," invites every investigation, every test or question that any owner may advance. The GARY MOTOR TRUCK has been selected by some of the largest truck users in America. They buy on a basis of FACT ONLY, and the Gary has satisfied these owners in every one of the following ten vitally important points.

Test "1" REASONABLE INVESTMENT. Don't buy a truck that will depreciate too rapidly to be economical. You really rent a motor truck when you buy it. At the end of its period of use it should have substantial "cash or trade-in" value. Investigate the actual "after use" worth of any truck before you make your selection.

Test "2" ECONOMICAL SELECTION. Trucks are means of economy. It is not an investment to buy a truck that will increase your transportation costs. Find out what it will actually cost you to transport your merchandise.

Test "3" SIMPLICITY. Skilled experienced labor costs money. You don't want to increase your labor hire because of your truck's investment. Before making your choice, take any worker in your delivery department, give him a few simple instructions, see whether or not the truck is simple enough for his unskilled abilities.

Test "4" EQUALIZED BALANCE. From front to rear lamp bracket maximum efficiency of operating requires even distribution of weight, work and wear. The motor must not be too light for its load the frame must not be heavier than is necessary. Consider whether or not there is proper correlation of size and parts.

Test "5" OVER CARRIAGE. Do not buy a one ton truck and expect it to do a 3½ ton duty. But, the trucks you do buy should be built to allow for reasonable margin of overload. Buy the size truck that your business needs but do not invest in a 5-ton truck for a 1-ton truck labor. Nor should you buy a 3½-ton truck for a 5-ton labor.

Test "6" CONTINUED OPERATION. Accidents will happen, and some repairs are inevitable. Select the truck of a design so standardized that repairs will never keep your truck out of service.

Test "7" ESTABLISHED MANUFACTURE. A truck made by a maker having a limited resources is a questionable investment. Be sure that the maker of your truck will be able to continue in business as long as you do.

Test "8" DEALER DEPENDABILITY. The dealer is the agency that is directly responsible to you. Be sure that the dealer from whom you buy your truck is as reliable as your own banker. Do not buy a truck from a dealer that has a reputation of shifting responsibility.

Test "9" NON RADICAL DESIGN. Radical changes and principles are experimental. Do not buy an experimental truck. Keep within approved designs and principle.

Test "10" SPEED, POWER. An emergency will arise where you will have to run your fully loaded truck at its maximum speed. Power should provide for speed to allow for speed when it is necessary.

GARY, "THE TEN TEST TRUCK," has measured up to every test. Let us give you the facts to prove it.

Pacific Highway Garage

Oregon City, Oregon

Gary Coast Agency

71 Broadway, Portland

Phone Broadway 2162

The Portland & Oregon City Ry. Co. wishes to announce that they have new equipment on their line, for handling both freight and passengers, between 22nd and Powell Streets East Portland, and Baker's Bridge. The passenger train makes three round trips daily. The following is the new schedule:
