

CANBY AND SOUTHERN CLACKAMAS

CLARENCE EID RETURNS FROM ACTIVE SERVICE

Clarence Eid, son of John Eid of this city, returned to his home in Canby on Tuesday morning, after two years' service in France, and is enjoying the best of health, although he has had much experience in some of the big battles of France he will not soon forget. These battles were Alsace-Marne offensive, Marbache sector, St. Mihiel sector, Meuse-Argonne, (Champagne offensive) and Meuse-Argonne sector. The young soldier says although most of these were terrible battles, he believes the worst one he experienced was St. Mihiel. Many of his comrades fell on both sides in all engagements. Eid, who was a member of Company D, Fifth Company of the Ninth U. S. Infantry, left the United States on December 11, 1917, and among the countries where he was stationed were England, France and Germany. He was stationed on the Meuse river, Germany, near Wietersburg, from December 3, 1918, until the time he received orders to leave for the United States. He has been traveling constantly from the time he left Wietersburg, and was glad to be back in the good old United States, which he says beats them all, although he had visited many beautiful spots in the European countries. Melvin Eid, brother of Clarence Eid, is still in Europe, and is with S. O. S. Company, and stationed at Coblenz, on the Rhine, Germany. The two brothers had the pleasure of visiting together in February. At that time Melvin was stationed at Tours, France, and Clarence was on a furlough, but since that time they have not met. John Eid, father of the two young men, is a prominent hardware man of Canby.

CANBY PIONEER DIES SATURDAY MORNING AT HOME OF SON

Mrs. Sophie Koehler, of Canby, died at the home of her son, George Koehler, of that city, Saturday morning, after a brief illness. Mrs. Koehler was a native of Germany, and at the time of her death was 74 years of age. She came to the United States in 1860, and in 1869 was united in marriage to Mr. Koehler, a Civil War veteran, who died in 1905. Mrs. Koehler has been a resident of Canby for a number of years, and is survived by the following children: George Koehler, of Canby; J. W. Koehler, of Canby; F. W. Koehler, of Portland; Mrs. J. M. Price, of Reardon, Wash. Mrs. Koehler was loved by all who knew her, and leaves a lot of friends in this section of the county, where she has resided for forty years. The funeral services were conducted on Monday morning at ten o'clock from the Evangelical church, with H. Schuchman of Portland, assisted by Rev. Marr, of this city, officiating. Many friends attended the services. The floral tributes were beautiful, and in profusion.

FIRST HOME GROWN CANTALOUPE ARRIVE IN LOCAL MARKETS

The first load of home grown musk melons grown at Canby on the Vandergriff farm were shipped to this city this week by the Canby stage. There was a big demand for the luscious melons, and they brought good prices. Another large shipment arrived Wednesday morning. The Vandergriff farm, which was formerly owned by Mr. Cummings, will produce a large crop of the melons and corn for which the farm has been famous for many years. Mr. Vandergriff was a former street car man of Portland and he purchased the farm a few months ago, taking possession a few weeks after purchasing the same. The new owner is making good at farming, and from the appearance of his farm he is devoting most of his attention to the farm work. The stage also brought a large shipment of eggs to this city. These were from some of the farmers residing in the vicinity of Canby. Canby is one of the big shipping points of the county, and all kinds of produce are finding their way out of that city by stage and by way of the Southern Pacific railroad.

BRUSH FIRE CAUSES ALARM
A brush fire starting in the Whipple woods near the Mandeville home caused the residents of that section to become alarmed, and quick work was done by Mrs. R. Soper, the telephone operator who summoned the neighbors to the point to where the fire was raging. The people of that vicinity worked like "badgers" and soon had the fire under control.

Rheumatism, Stomach and Liver Trouble
and all forms of female weakness, scientifically and successfully treated.

CLACKAMAS FAIR THIS YEAR REORD BREAKER

From all indications the Clackamas County Fair of 1919 will be the largest and best fair ever held at the fair grounds at Canby. The people of that section are taking an unusual interest in the fair this year, and for the first time in the history of the fair Canby will have a community exhibit and enter for one of the big prizes offered by the Clackamas County Fair Association. There is a big demand for the premium lists, but they have not been completed at this date, and many are anxiously awaiting to see just what is offered on the various exhibits. The grain and fruit exhibit will be unusually good this year, for the grain crop in Clackamas county has never looked more encouraging. With grain from six to seven feet high, and an abundance of fruit, Dave Long, of Hazella, who has charge of the exhibit, expects to work overtime in arranging these in the big pavilion. Among those to make a farm display will be Mr. and Mrs. J. C. Kaupisch, of Canby, who have won prizes each on their fine display of products from their little farm at Canby. They are producing everything from a baby Chinese pheasant to big squash, pumpkins and honey. There is very little lacking on this ideal farm of a few acres. Andrew Koehler, who has charge of the poultry department this year, is more than delighted over the prospects of having one of the largest, if not the largest poultry exhibit at the fair. Some of the prominent poultry breeders of the county are contemplating the display of some of their best birds. Among these will be R. E. Butler, of Jennings Lodge, who has one of the finest poultry farms in the county. Mr. Butler is to make his first display of his White Leghorns. Among the other exhibitors will be Mrs. Bertha Story, of this city. From all over the county letters are coming to Mr. Koehler requesting information regarding the poultry exhibit at the coming fair. The Browning Amusement Company has been secured for the four days' fair, October 1, 2, 3 and 4. There will be a merry-go-round, ferris wheel, and many other attractions. A large number of concessions have already been secured. It is being planned to have airplane flights daily during the fair, and H. B. Evans, of Canby, instructed by the secretary of the fair association, Adam H. Knight, communicated with the owner of the large plane visiting Canby last week, regarding flights. In an interview with Adam Knight on Wednesday, he said: "There is one thing certain. To make the fair a success, we have to have noise, and plenty of music and all kinds of amusements, and this is what we are going to do this year. Plans are under way by some of the prominent young men of Canby to have a dancing platform on the fair grounds during the fair, but this has not yet been fully decided. If this is the case dancing will be enjoyed during the evening with a good orchestra, and other attractions will be the means of drawing large crowds to the fair grounds during the evening. There has been a lack of interest at the fair grounds during the evening when previous fairs have been held, and it is believed by the association that attractions like this will mean money in the treasury at the close of the fair." Ed Fortune, of this city, who is superintendent of the speed program of the Clackamas fair, will have the largest entry list in the history of the fair, as the stables of Merrill Brothers, George Swisher, C. L. Brown, Peter Cook, J. J. Kaderly, John Kirkland, T. P. Howlett, C. W. Todd, Sim Lindsey, H. G. Cox, J. C. Marshall and several others are to be represented. Mr. Fortune will go to Canby the middle of September, where he will get the track in order and arrange to have it sprinkled. October 1 is Clackamas county day, and many attractive features are scheduled for that day. Among these will be a bicycle race, at which time M. J. Lee, who is one of the enthusiasts, will have charge. Millard has won many a medal riding a bicycle, and knows just how to start off a race, and how it should end. Oregon City day, as usual, will be on the second day, and there will be attractions for that day that will induce a large crowd to go from here. With the stage line of M. J. Lee operating between this city and Canby, and the reduced rates to enter the grounds, there is no doubt but that Oregon City Day will see hundreds of people in attendance from here. Dr. and Mrs. J. Fuller, proprietors of the Cottage Hotel, are making plans to accommodate a large number of exhibitors and visitors at their hotel this year. George DeBok, having charge of the livestock department, says he believes the livestock barns will be overflowing this year, and plans are being made to accommodate all stock. Among those to exhibit in this department will be the Red Wing Farm, owned by John and A. I. Hughes. They are to display some of their famous Guernsey cattle.

FAIR GROUNDS TO HAVE DANCING PAVILION

One of the great drawing features for the young people at the county fair grounds this year will be the dancing. George Meeks and Lee Eckerson, who are so favorably well known here, are to erect a dancing platform that will be 45x60 feet. The platform will have a canvas covering, and a jazz orchestra is to furnish the music for the dancing. With these two young men in charge of the dancing, the fair association is to be congratulated upon having the pavilion established. Heretofore dances have been held each evening in the Canby hall and since the building is now a part of the Canby school it will be necessary to hold the dances elsewhere, but this will be only for the duration of the fair when the platform is to be used. It will be stored each year until fair time arrives. By having the dancing pavilion established at the fair grounds it will be an inducement for many to attend the fair in the evenings. In former years the fair grounds have been darkened with no attractions, except a merry-go-round and ferris wheel, and there were not enough people to patronize these so would close. Many young people, who are employed during the day and unable to "take in" the fair, are now planning to go in the evenings.

FIRE DESTROYS BARN AND OUTBUILDINGS

The barn and outbuildings on the farm of Chris Goebel, located one mile south of Canby, were totally destroyed with contents Saturday afternoon. The origin of the fire is still a mystery. Mrs. Goebel and children were at the home when the fire started, and Mrs. Goebel immediately called Mrs. R. Soper, telephone operator of Canby, to arouse the neighbors to come to her assistance. The faithful operator performed her duties in a most creditable manner, and she soon had all neighbors at the Goebel farm, giving assistance in saving the home, which caught fire four times from sparks from the burning buildings. The furniture was removed from the house in order to save this, in case the house burned. There was no livestock in the barn at the time of the fire.

CANBY LOCALS

George Bates has been called home by the illness of his son, caused by the accidental discharge of a gun in the hands of Champ Vaughan while young Bates was visiting the Vaughan farm at Liberal. The lad was able to be removed to the home of his grandparents, Mr. and Mrs. C. L. Bates this week, the lad's father being afflicted with mumps, and thought not advisable to take the lad to his home. Mrs. W. H. Lucke is visiting her sister at Vernonia, Oregon, for a few weeks. Mrs. Elroy Bates is suffering from an attack of the mumps. Ted Condit of Vancouver, Wash., spent Sunday in Canby. Mrs. Claude Baty, who has been at Hood River, returned Saturday. Mrs. Baty went to Hood River to attend the marriage of her niece, Miss Gladys Shull. Delbert Hutchinson and M. Russell passed through Canby Tuesday, being on their way to Eastern Oregon, where they are to work in the harvest fields. Clyde Lowry visited in Portland on Monday. Mrs. Ola Ogle and son, Wayne Gurely, accompanied by Mrs. Kob and children, the latter from Twin Falls, Idaho, have gone for a week's outing. C. O. Thompson, of the Thompson Confectionery, went to Oregon City on business Monday. Andrew Koehler has rented the Evans store building on Main street, and will open his insurance office there within a few days. Mr. Koehler's office has been in the building now occupied by Graham Bros. as a garage and automobile establishment. Paul Schaubel, who recently returned from France, went to Portland on business Wednesday. A. D. Gribble, whose farm is near Aurora, was among the Canby visitors on Wednesday. Mr. Gribble's grain crop is unusually large this year, and his oats will go about 5 bushels to the acre. His wheat will average 30 bushels to the acre. Mr. Gribble is contemplating exhibiting some of his Jerseys at the Clackamas County Fair this year, having a few remaining of his fine herd, an dwtill also exhibit some of his Oxford sheep. Mrs. Grant White, of this city, accompanied by her sister, Mrs. Carl Bethke, and her sister-in-law, Mrs. Gilbert Haines, of Oswego, visited friends in Salem Wednesday. They made the trip from this city in the White automobile. Arthur Graham, who was taken very ill Tuesday, had improved so that he could resume his position with the bank Wednesday morning. Mr. Graham suffered an attack of neuralgia of the heart. John Fitzgerald, of Santa Rosa, has

SECOND BULLET FOUND
The missing bullet fired by F. L. Newstrum during the "visit" of two would-be robbers in the Carlton & Rosnkran store last week, has been found in some clothing on one of the counters. Mr. Newstrum believes this second bullet struck something and glanced into the clothing, for he was stationed in such a position that it could not be fired and strike the clothing unless it glanced.

THRESHERS IN CANBY
To have threshers operating in the city is an unusual thing, and Canby can boast of having some big crops and threshers near the business section.

CLACKAMAS FAIR THIS YEAR REORD BREAKER

From all indications the Clackamas County Fair of 1919 will be the largest and best fair ever held at the fair grounds at Canby. The people of that section are taking an unusual interest in the fair this year, and for the first time in the history of the fair Canby will have a community exhibit and enter for one of the big prizes offered by the Clackamas County Fair Association. There is a big demand for the premium lists, but they have not been completed at this date, and many are anxiously awaiting to see just what is offered on the various exhibits. VIRGIN TIMBER NEAR ALBANY IN DANGER OF FIRE

ALBANY, Aug. 20.—A fire in the edge of a big green fir belt 20 miles east of Albany is today menacing 2,000,000 feet of timber owned by the Hammond Lumber Company. The company has a large force of fire fighters in the vicinity and is rushing more men to the burning district. The timber is known as the Crabtree belt and is said to be one of the finest in the state. Late today little damage had been done and unless the fire makes a new headway company officials hope to prevent a heavy damage.

When entering the service, Miller was employed in the office of the Oregon City Manufacturing Company, and was a former employee of the Morning Enterprise. He has many friends here, who are giving him a most cordial welcoming home.

EUGENE IS CHOSEN AS PATROL BASE FOR DE HAVILLAND PLANES

Salem, Aug. 20.—The flying fields at Salem and at Roseburg will be abandoned for forest patrol work on August 23, when the present Curtiss air planes will be exchanged for larger DeHavilland planes to be sent from Mather field. This information was received last night in a telegram to Lieutenant E. C. Kiel from Major Albert B. Smith, commander of the Oregon squadron, who is now at Mather field. All of the eight DeHavilland planes will operate out of Eugene, flying from that point, as far south as Medford and as far north as Portland, patrolling the forest on both the east and west sides of the Willamette valley. Some improvements to the Eugene field will be necessary. A fence on the south side of the field has been ordered removed and the east side of the field will be scraped. Because of their greater speed the DeHavilland planes are able to cover a wider radius of territory each day, and it is claimed that the whole of the western forested area of the state can be covered from Eugene. The expected expense of operating the patrol will be cut down to a considerable degree by using only one base.

RECEPTION ARRANGED FOR FORMER YOUNG LADY RESIDENTS

Mrs. Francisco Vitelli, formerly Minnie Joehne, sister of Carl Joehne, of Oregon City, is here from New York on a visit to her parents at Mt. Pleasant. Mrs. Vitelli has the distinction of being an organizer on the New York State Board of Immigrant Education for Westchester and Putnam counties, adjoining New York city. Her experiences are so interesting that arrangements have been made for her to give an address on the subject at 3 o'clock Thursday afternoon at the home of Mrs. Eva Emery Dye. All Minnie Joehne's old friends and others interested are cordially invited to be present at this informal reception. In case the house is too small the gathering can be held on the lawn. Another self-made Oregon City girl, Mary Adele Case Vann, will sing, accompanied by her husband, Professor Vann. Both girls were once self supporting students in New York City and both have made good. An invitation to this event has also been extended to the Clackamas County teachers who in session in this city from 3 to 5 Thursday afternoon.

PIONEER BREWERY IN SALEM TORN DOWN FOR NEW BUILDING

SALEM, Aug. 14.—Salem's first brewery, located at South Commercial and Mill streets, is being torn down to give way for a modern building. The old structure, part of which some pioneers say was brought around the Horn, is now owned by the Salem Water company. The company is forced to abandon its present offices on an opposite corner because of construction of Salem's new paper mill, and may build a new office building on the corner now occupied by the old brewery.

FLIGHT FROM MATHER FIELD TO SALEM MADE IN 9 HOURS; 2 STOPS

Salem, Aug. 20.—Although he was forced to make two forced landings Major Albert B. Smith, commander of the Oregon Airplane Forest patrol squadron, flew from Salem to Mather Monday in nine hours. He left Salem at 5:30 a. m. and arrived at Mather field at 2:30 p. m. It is not known here where the forced landings were made. He went on business connected with the patrol and will return to Oregon in a few days.

STENOGRAPHER TO RECORD ALL DETAILS TREATY DISCUSSION

WASHINGTON, Aug. 15.—When President Wilson receives the foreign relations committee of the senate at the White House next Tuesday to discuss the treaty of Versailles a stenographic report of the proceedings will be taken, it was revealed today, when the text of the president's reply to Senator Lodge's request for the appointment was made public at the White House. It is the present plan to make public the stenographic report. The president in his letter welcomed the "opportunity to tell the committee anything that might be serviceable to them in their consideration of the treaty" and said in order that a "full and trustworthy record of what was said" might be had, he would have a stenographer present. He suggested that the committee also provide a stenographer.

ANOTHER OREGON CITY SON OF UNCLE SAM BACK FROM SERVICE

Joseph Miller, one of the boys of Clackamas county entering the service in 1917, has received his discharge from the service at Bremerton, Wash., and surprised his parents, Mr. and Mrs. Jacob Miller, by returning unexpectedly Sunday morning. Miller was stationed for some time at Mare Island, Calif., and later transferred to hospital work in the east, and from there placed on board the U. S. S. Floridian. He made five trips to France, and enjoyed his many experiences while in the service. He would prefer to be in Oregon, however, since the war is over. For several weeks after arriving in Bremerton he was assigned to the U. S. S. Oregon, where he remained until receiving his discharge. When entering the service, Miller was employed in the office of the Oregon City Manufacturing Company, and was a former employee of the Morning Enterprise. He has many friends here, who are giving him a most cordial welcoming home.

EUGENE IS CHOSEN AS PATROL BASE FOR DE HAVILLAND PLANES

He suggested that the committee also provide a stenographer.

PORTLAND FIRES OPENING GUN IN TOLL RATE CASE

PORTLAND, Aug. 14.—The public service commission of Oregon is asked to issue immediately an order suspending Portland telephone rates pending a test of their validity, or to join with the city of Portland in an injunction suit to restrain the Pacific Telephone & Telegraph company from collection of the high rates, in a letter written by Deputy City Attorney H. M. Tomlinson. The request is the opening gun fired by the city in the pending battle to set aside recent rate advances announced by the company. Its purpose is to protect patrons of the company against the increases while legality of the rates is tested.

GOVERNOR OF OHIO PRESSING ACTION TO SEIZE PRODUCTS

COLUMBUS, Ohio, Aug. 15.—With 31 affidavits in the hands of municipal officers, charging violation of the Smith cold storage law in various parts of Ohio, and a request on the part of Governor Cox to Attorney General A. Mitchell Palmer to take immediate action to seize millions of stored foodstuffs in the larger cities of Ohio be confiscated by the government, the food investigation in Ohio today found its way into the courts. The action against food dealers is brought under the Smith law in each instance. Immediately after the affidavits were filed by Attorney General Price, Governor Cox sent a telegram to Attorney General A. Mitchell Palmer, asking the government to seize millions of pounds of meat and poultry in cold storage and pointed out where violations are found.

'LANCASTER LOOP' IS NEW NAME PROPOSED FOR HIGHWAY FIGURE-8

Portland, Aug. 15.—With a view to recognition for the engineer who constructed the Columbia river highway, the Progressive Business Men's club Thursday appointed a committee to endeavor to have the so-called "figure eight" of the scenic roadway changed to "Lancaster Loops." Upon the ground that it is not a figure eight and that there is nothing in connection with the highway to commemorate the name of its builder, the club has started a movement for this change. J. C. Stevens, J. P. Jaeger and Judge Jacob Kanzler are the members of the committee. h-e-s-e-n-t gPp-q-er-c

PORTLAND FIRES OPENING GUN IN TOLL RATE CASE

PORTLAND, Aug. 14.—The public service commission of Oregon is asked to issue immediately an order suspending Portland telephone rates pending a test of their validity, or to join with the city of Portland in an injunction suit to restrain the Pacific Telephone & Telegraph company from collection of the high rates, in a letter written by Deputy City Attorney H. M. Tomlinson. The request is the opening gun fired by the city in the pending battle to set aside recent rate advances announced by the company. Its purpose is to protect patrons of the company against the increases while legality of the rates is tested.

GOVERNOR OF OHIO PRESSING ACTION TO SEIZE PRODUCTS

COLUMBUS, Ohio, Aug. 15.—With 31 affidavits in the hands of municipal officers, charging violation of the Smith cold storage law in various parts of Ohio, and a request on the part of Governor Cox to Attorney General A. Mitchell Palmer to take immediate action to seize millions of stored foodstuffs in the larger cities of Ohio be confiscated by the government, the food investigation in Ohio today found its way into the courts. The action against food dealers is brought under the Smith law in each instance. Immediately after the affidavits were filed by Attorney General Price, Governor Cox sent a telegram to Attorney General A. Mitchell Palmer, asking the government to seize millions of pounds of meat and poultry in cold storage and pointed out where violations are found.

'LANCASTER LOOP' IS NEW NAME PROPOSED FOR HIGHWAY FIGURE-8

Portland, Aug. 15.—With a view to recognition for the engineer who constructed the Columbia river highway, the Progressive Business Men's club Thursday appointed a committee to endeavor to have the so-called "figure eight" of the scenic roadway changed to "Lancaster Loops." Upon the ground that it is not a figure eight and that there is nothing in connection with the highway to commemorate the name of its builder, the club has started a movement for this change. J. C. Stevens, J. P. Jaeger and Judge Jacob Kanzler are the members of the committee. h-e-s-e-n-t gPp-q-er-c

CHEHALIS SHERIFF TAKES MAN ARRESTED HERE TO CHEHALIS

V. W. Guild, arrested in Barton Tuesday by Sheriff Wilson of this county on a warrant from Chehalis charging grand larceny, was taken in custody by Deputy Sheriff F. M. Roberts of Chehalis, and the deputy and his prisoner left Oregon City Wednesday forenoon for the Washington city, where Guild will face formal charges. Guild was arrested by Sheriff Wilson at Barton Tuesday afternoon just as he was about to make his getaway, having in some manner discovered the fact that his arrest was imminent.

20 REPUBLICAN SENATORS WILL RATIFY TREATY

WASHINGTON, Aug. 15.—More than 20 Republican senators are ready to stand for quick ratification of the peace treaty with reservations. Democratic leaders in the senate were informed today by leaders of the Republican group of reservation advocates. Republicans favoring reservations said a poll disclosed that upwards of 20 senators of their party would support reservations along the general lines laid down by the seven Republicans if the treaty could be brought promptly out of committee and ratified on that basis.

"Here's a Friendly Tip" says the Good Judge

Men who know tobacco, chew the best without its costing them any more. They take a little chew and it's amazing how the good taste stays in a rich, high grade chewing tobacco. For lasting tobacco satisfaction, there's nothing like a small chew of that rich-tasting tobacco.

THE REAL TOBACCO CHEW
put up in two styles
RIGHT CUT is a short-cut tobacco
W-B CUT is a long fine-cut tobacco
Wayman-Bruton Company, 1107 Broadway, New York City

TOURISTS FROM OHIO VISITING HERE LOUD IN PRAISE OF OREGON

Mr. and Mrs. R. A. Eldred and three children have arrived in Oregon City from Elyria, Ohio, having made the entire trip in their automobile. The family arrived in Oregon City last Saturday evening, and have been visiting at the home of Mrs. Gaze and Warren Cochran, relatives. The travelers had no trouble enroute, except a few minor troubles, such as blow-outs, etc., but these did not worry the driver, Mr. Eldred. They left their home city June 19, and have stopped in many states, among these being Iowa, where relatives were visited. While passing through North and South Dakota as well as Montana they found the weather unusually warm, and the crops a failure in many places. The reason for this was the lack of rain in various sections. Yellowstone Park in Wyoming was among the places of interest visited, and two weeks were thoroughly enjoyed in seeing the sights of the National Park. This is their first visit to Oregon and they are highly pleased, and are to remain here at least a year, and may locate permanently in Oregon City. They were loud in their praises of the Columbia river highway, and say this is the finest roadway they have seen since leaving their home in Ohio, and for beauty nothing can compare with it.

100-ACRE RANCH NEAR LIBERAL SOLD FOR TOP MARKET FIGURE

Papers filed in the office of County Recorder J. G. Noe Wednesday record the sale of a 100-acre ranch near Liberal, owned by S. A. Douglas of Eagle Creek, to Wayne E. Spoor. The tract of land is a portion of the Thos. P. Jackson D. L. C. and embraces some of the most desirable farming and grazing land in Clackamas county. The consideration was not given, but it is understood that Mr. Douglas received a price for the 100 acres that is well up among the high valuation marks which have been paid in the past for developed farming properties in this county.

NEW FACULTY NAMED FOR OREGON NORMAL SCHOOL AT MONMOUTH

MONMOUTH, Aug. 15.—The new members of the Oregon Normal school faculty are: Head of the department of English, Miss Edna Mings. Miss Mings is a graduate of the University of Iowa and of the University of Chicago. She has had 14 years' experience in teaching English in high schools, the last three years of which were in the Walla Walla high school. Head of the art department, Miss Alabama Brenton, graduate of Pratt Institute and Columbia university. Miss Brenton was connected with the normal for three years and was granted a leave
