

PACKERS ACCUSED OF SUBTERFUGE TO AVOID ARREST FOR STORAGE

COLUMBUS, O., Aug. 16.—Governor James M. Cox late today telegraphed Assistant United States Attorney General Frank Davis at Washington that the Sheriff-street Warehouse & Storage company, Cleveland, to avoid federal penalty, is moving its meat products to Chicago warehouse and that records as to previous storage in Cleveland are being destroyed.

Governor Cox, in his telegram to United States Attorney General Palmer, said evidence had been uncovered by inspectors of the state dairy and food department that some of the big Chicago packing companies have shipped food into the state and then back to Chicago and again shipped it into the state and sold "for the double purpose of receiving the authorities of Ohio and Illinois and of keeping food necessities off the market in order that deficiency and higher prices might come together." On this alleged showing the governor asks the federal attorney general to bring criminal prosecutions, offering evidence gathered by Ohio officials.

NEW YORK STRIKES BREAK RECORD FOR COINCIDENT NUMBER

NEW YORK, Aug. 16.—More industries are affected by strikes now going on or threatened in this city than ever before in the history of labor unions, according to figures compiled by labor leaders and made public today.

Besides the actors and railroad shopmen, those now on strike in New York include painters, plasterers, machinists, carpenters, shopmen of the Brooklyn Union Gas company, cigar makers, brass bedmakers, umbrella makers and art lamp workers.

A nation-wide building strike, taking 1,500,000 men out of work, was threatened in a statement issued yesterday by 27 international heads of labor unions. The trouble is the outgrowth of charges that building contractors employ nonunion labor.

PORTLAND SHIPYARDS MENACED WITH FIRE

PORTLAND, Aug. 14.—Damage estimated at about \$50,000 was wrought by a fire early last night which destroyed the plant of the Northwest Box company, Montgomery and Water streets, and spread to the lumber yard of the Portland Lumber company. The Portland Lumber company sustained the heaviest loss, as nearly an acre of lumber was aflame when the fire was at its height.

Two firemen were injured, one seriously, while combating the flames. Chris Christensen, attached to engine No. 1, is believed to have sustained a fractured skull when he fell backward from a blazing trestle, alighting on his head, 30 feet below. He was rushed to a hospital by the Ambulance Service company.

The Queen of Denmark raised the fatal cup to her lips as Hamlet battled. At the warning cry she replied gaily: "It can't hurt me; it's only 2.75 per cent!"

SUBTERFUGE IS USED IN RELEASE OF YANK FLIERS

MARFA, TEXAS, Aug. 19.—Lieutenants H. G. Peterson and Paul H. Davis, American army aviators captured by a band of Mexican bandits and held for \$15,000 ransom, are today safe on the United States side of the Mexican border—Lieutenant Peterson's freedom bought for \$7500—Lieutenant Davis rescued by Captain Matlack of the Eighth cavalry, who unaccompanied, went to the bandits' rendezvous and brought about the release of both aviators.

Lieutenant Peterson crossed the border to the American side shortly after 1 o'clock. An hour later Lieutenant Davis and Captain Matlack reached American soil.

Captain Matlack, carrying the \$15,000 ransom money demanded for the release of the American aviators, went into the bandits' mountain camp late Monday night after he had received a pre-arranged signal from the bandits. Determined to outwit the bandits, Captain Matlack on arriving in the bandit camp demanded that the Americans be released immediately. This the bandits refused, insisting that the ransom money be turned over to them before the Lieutenants were brought out.

Captain Matlack then offered the bandits \$7500, half of the amount demanded, and insisted that one of the men be brought out before he would pay the balance.

Lieutenant Peterson was released by the bandits. Captain Matlack paid the bandits the \$7500 demanded for the release of Lieutenant Peterson, who immediately left the bandit camp and started his journey towards the border.

Lieutenant Davis was then brought out. At a signal from Captain Matlack he jumped astride the captain's horse and before the bandits could interfere the officers fled into the night without paying the \$7500 ransom.

YANK CAVALRY INTO MEXICO TO GET BANDITS

MARFA, TEXAS, Aug. 19.—A small detachment of troops of the Eighth United States cavalry is crossing the border in pursuit of the bandits who kidnapped the aviators, Peterson and Davis. A sharp dash is expected and the troops are in high spirits in anticipation of capturing the Mexicans responsible for the outrage against the United States army.

WASHINGTON, Aug. 19.—Reports that an American punitive expedition commanded by Colonel George Langhorne has crossed into Mexico to run down the bandits who carried off and held for ransom two American aviators experts reached here today. The report was most specific, but officials of the war department refused to confirm it, although they did not deny it.

TRANSCONTINENTAL AIRPLANE DERBY IS TO BE STAGED SOON

NEW YORK, Aug. 18.—Plans for a transcontinental aerial derby from New York to San Francisco with more than \$100,000 in prizes, including a first prize of \$20,000, were announced today by Captain Charles J. Glidden, chairman of the aerial touring league committee of the Aero Club of America.

OREGON ELKS MEET AT KLAMATH FALLS IS WELL ATTENDED

KLAMATH FALLS, Aug. 15.—The Oregon Elks convention opened with a "bang" here yesterday when the special train bearing delegations from every lodge in the state arrived two hours late. The train, which was composed of 18 coaches, was met at the depot here by hundreds of Elks who arrived by automobiles and by the Klamath delegation.

The convention of chairmen took place yesterday at White Pelican hotel, when the business of the order was transacted.

In the afternoon at 2:30 o'clock, the ritualistic contest between Portland lodge No. 142 and Medford lodge No. 1168, took place. It was a wonderful exhibition and Portland lodge, by a narrow margin, carried off the silver cup offered by President Kennedy.

In the evening at 8 o'clock a grand victory assembly was held at the Elks temple, at which C. H. Underwood, exalted ruler of the Klamath Falls lodge, presided.

FLYING BICYCLE IS LATEST INVENTION OF FRENCH MECHANIC

LONDON, Aug. 15.—Flying bicycles are the latest words in aerial fashions. Gabriel Poulain noted French cyclist, has succeeded in perfecting an aero bicycle which he is able to raise into the air and propel for a distance of 12 yards, attaining a speed of 25 miles an hour. Poulain will demonstrate the machine before the French aero club shortly. French and British enthusiasts see the day when the aero bicycle will be as common as the bicycle. Great muscular effort is necessary to lift the machine from the ground, but once in the air propulsion is easy.

GIRL AND BABY ARE BURNED TO DEATH IN BAD ASTORIA FIRE

ASTORIA, Aug. 15.—Miss Olga Paako, aged 20, and an infant son of Mr. and Mrs. Haikala were burned to death and Mrs. Haikala was seriously burned, as the result of an explosion of an oil stove in their home on Grand avenue, in Uppertown, at 8 o'clock this morning.

When Mrs. Haikala went into the kitchen to start the fire she took the baby with her, placing it in a cradle. When the explosion occurred, the mother, with her clothes afire, became excited, dashed through the two bed rooms, where her husband and Miss Paako were sleeping, and jumped from the window to the ground, where she succeeded in smothering the flames. When neighbors and the fire department had extinguished the flames they found the dead body of Miss Paako on the floor in the kitchen. The baby was dead in the cradle. It is supposed that Miss Paako had crawled on the floor through the smoke to the kitchen to rescue the baby and had been overcome by the smoke and flames.

Eagles usually hunt in pairs, one bird frightening the prey from its hiding place and the other pouncing on it as it tries to escape.

Plans Railroad Nationalization

Glenn E. Plumb, attorney for the railroad brotherhoods, is appearing before the House Interstate and Foreign Commerce committee to advocate his Plumb plan for the nationalization of the railroads and the sharing of profits by employees. In a recent speech, Mr. Plumb said that there would be revolution if some such plan were not adopted.

BENEFICIARY THOUGHT GUILTY OF MURDER

PORTLAND, Aug. 16.—Search was continued by the police today for traces of Clarence Johnson, ex-convict from San Quentin penitentiary, following the brutal murder Friday of Mrs. Eunice W. Freeman, who had been his benefactor.

Mrs. Freeman's son, Cecil Freeman, who is employed by the Northern Pacific Terminal company, was at work during the day, and other occupants of the two-family apartment building, Mr. and Mrs. D. C. Shearer, were away from home.

Mrs. Edward Thomas, 274 Hall street, told Inspectors Hellyer and Leonard that she had seen Johnson leave the house about 9 a. m. Mrs. Jolly, another neighbor, says she saw a man pushing the curtains back and forth and looking out the window shortly before 9 o'clock.

Cecil Freeman expressed conviction that Johnson was responsible for the crime, and on his insistence the police looked up the man's recent lodgings at 545 Fourth street. There they discovered that Johnson had left a note for his landlady saying he had gotten into trouble and was on his way to Mexico. He did not say what the trouble was.

That robbery was one motive, or at least had been used as a mask for whatever other motives there might have been, was indicated by the fact that Mrs. Freeman's purse had been robbed of \$40 and a jeweled pin, watch and ring had been taken away.

Mrs. Freeman had long been associated with reform work, both in the W. C. T. U. and in aid to prisoners. It was largely the result of her efforts that Johnson was released from San Quentin and paroled to her. She found work for him, became sponsor for his good conduct and in many ways guided him toward what she thought was a straight life.

BEND PAIR REMARRY WHEN RECORDS SHOW CERTIFICATE MISSING

BEND, Aug. 15.—Owing to the fact that there was no mention in the records of the county of Rev. Mr. Jackson, who solemnized their marriage ceremony, it became necessary today for Charles F. Robinson and Mary Hudson, of this city, to be married again.

About two months ago the couple were supposed to have been married in Bend by a clergyman named Jack. No return was made on the marriage certificate, and an investigation followed. It was found out later by Mr. Robinson that the ceremony was performed by a man who had never been registered in this county.

ARMY FLYER AND NEWS REPORTER KILLED IN TRIPLE AIR LOOP

PADUCAH, Ky., Aug. 16.—Lieutenant James Stewart of Park Field, Memphis and S. Reed Campbell, reporter employed by the Commercial Appeal, were killed when the army airplane in which they were giving exhibition flights fell near the County Club here tonight. The pilot was attempting to make a third loop when he lost control of the machine. Both bodies were horribly battered.

Catarh Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarh Medicine is what produces such wonderful results in catarh conditions. Send for testimonials, free.

WASHINGTON, Aug. 14.—Complete refutation of statements made before the house sub-committee investigating war expenditures, that serviceable and valuable airplanes have been wantonly destroyed by the American expeditionary force, is made in a statement by Colonel M. M. Patrick, United States engineers and late major general and chief of air service, A. E. F.

MUMMY FOUND IN PARK AT CRATER LAKE BEING VIEWED BY SCIENTISTS

MEDFORD, Aug. 14.—The mummified body of what is believed to have been a woman, was found last week in the Crater Lake national park, by B. F. Platt and party of this city and efforts will be made to have University of Oregon scientists determine its origin. The outlines of the form are good and the arms seemingly have been raised as in self-defense.
