

the Power behind the dough

You may use an old favorite recipe and the best of materials and make it carefully, the oven may be just right, yet you will have a failure if "The Power behind the Dough" is not the right one to leaven it properly and make it light, digestible, wholesome.

Good baking without good baking powder is out of the question. K.C. Baking Powder has wonderful leavening power, and the double action—in the bowl and in the oven—makes good results doubly certain.

Take no chances of failure—use K.C. and have "good luck" every time. At all Grocers.

THE FASHIONS

With the first, sultry days of summer, one naturally turns to white, or the pale-toned linens and cottons. Owing to the popularity of stripes and checks, it is safe to say that it will not be an all-white season, but all-white is to be very popular, nevertheless.

Wash Satins in Suits and Dresses

One of the coolest and most novel of the new summer materials, both for suits and dresses, is wash satin. This comes in the plain flat tones and also in white. It is a practical fabric, too, as it sheds dust, does not wrinkle readily, and launders perfectly. Coats and blouses, too, for wear with skirts of linen, the corded cottons, or the regulation suit skirt of serge or gabardine, are being fashioned of wash satin, most effectively. A tennis coat, in Norfolk fashion, a belted Russian, or one of the various other popular models, developed in a soft tone of satin, may be worn for morning sports wear, or for afternoons.

The sheer linens, cotton and silks are all very popular for frocks and blouses. Pale tones and white predominate. Organdies and voiles are dainty and cool for afternoon frocks, and net and taffeta are combined effectively for evening and the more elaborate afternoon dresses.

Separate Coats and Skirts

How the separate skirt could have been laid aside for a season or two, as it was, is indeed a mystery, when one considers how very practical it is. Its popularity this season, however, is quite making up for the year or two of indifference. Separate skirts of taffeta, satin, faille and similar silks are being worn considerably for all daytime purposes, combined with blouses of Georgette, chiffon and the other sheer silks. For sports

purposes, striped and checked linens, canvas weaves, cotton velours, corduroys, and the various white corded cottons are favored, as well as the novelty wash satins and jersey silks;

wool jersey in bright tones of rose, green, gold, and like shades is also popular.

The separate skirt and contrasting coat are particularly smart for sports purposes. Some of the good shoes are showing cream-white serge skirts, combined with wash satin blouses, and coats of blue serge, or the novelty striped silks or linens, for tennis, golf and the like. This combination of white skirt and blue coat is not new, of course, but it is unusually effective.

Handkerchief Linen Blouses

Organdy, voile, crepe de Chine and the wash satins are practical and popular for blouses this summer, and a particularly dainty revival is hand-

kerchief linen. Although one expects linen to crush more easily than almost any of the other materials, it is nevertheless cool and fresh for summer wear. There are some especially pretty stripes and patterns in these linens, combinations of rose, French blue, pale greens, and the various other pastel shades, now favored in the crepes, voiles and other sheer cottons and silks. Two effective peplum blouses are illustrated here; one is of pongee, a slip-on model, finished at the normal waist with the new elastic

shirring, and the other is of pale pink organdy. The pongee blouse is worn with a pongee skirt, making a cool frock for mornings or informal afternoon purposes. The organdy blouse, which closes down the front with loops and tiny crystal buttons, is belted with a narrow black grosgrain ribbon belt, and is worn with one of the new black satin skirts. This is one of the novel combinations of the season for afternoon wear.

Neck finishes and cuffs offer particularly interesting possibilities this season. A well fitting cuff has much to do with the success of the gown, and may be flattering or decidedly unbecoming to the hand. Although one sees but few short sleeves, as the season advances they will, in all probability, be as much favored as in seasons past. High collars seem to have entirely given way to the open throat, which proves that Dame Fashion has more of common sense to deal with just now than ever before in her reign.

The Hand-Painted Fad

Having reached its height, it is said that the hand-painted notion is now on the wane. Perhaps the very last thing to be talked about is the painted shoe-top; black patent leather shoes, with white tops, are finished with a delicately colored fleur-de-lis or orchid, and canvas shoes also are stenciled effectively to carry out the color scheme of the frock. For low shoes and pumps the stenciled stocking is the thing. Cretone trimmed canvas shoes are being worn with white linen and cotton sports costumes.

SUPREME LODGE MEETS

Portland Will Be Host to Knights of Pythias Brothers

Some of the things that will be enjoyed by those Knights of Pythias who go to Portland, August 1 to 10, when the Supreme Lodge of the order holds its biennial session will be:

A trip over the famous Columbia River highway; a trip through the Columbia gorge by boat; a salmon dinner out of doors; a clam bake on the ocean beach; the Supreme Chancellor's ball; a night at The Oaks, with pyrotechnic display; council fire on Council Crest; the greatest fraternal parade ever made by one fraternity on the Pacific coast; two public receptions; surf bathing at the beach; and auto trips through the most magnificent scenery in America.

Portland is sparing no expense to make this the most memorable session in the history of the order of Knights of Pythias. It is the first time the highest division of the fraternity has ever come to the northwest, and it is the time of all times for all sections of the district to make an impression that will produce development later.

The Oregon City Knights are preparing to attend in large numbers. It will be a vacation for many people in one of the most charming cities of America and where hospitality is always on tap.

HEAR WITHOUT EARS

Police and Detectives are Using Lip Reading in Place of Dictagraph

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired through our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results, it will amaze you. Cost is trifling. See what New International Encyclopedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading for the many benefits gained. You can understand what the actors are saying in the moving pictures. You can understand what people are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri.

R. L. Holman and T. P. Randall, Leading Undertakers, Fifth and Main St., Telephone: Pacific 415-J; Home B-18.

FAMILY REUNION

Myers Family Members Assemble for Feast and Pleasure

The reunion of the Myers family in Oregon City was the occasion for a very happy gathering of relatives at Knapp's hall on Sunday afternoon, when approximately 150 members of the Myers clan assembled to pay homage to the family name. A great feast, with music and speech making as an accompaniment, was held as the principal feature of the gathering.

The hardships of an early-day transcontinental trip were related by W. W. Myers, one of the eldest living members of the family. It was the caravan that brought W. W. Myers to this country that carried the first members of the family to Oregon City, where many of them made their home and live to this day. Mr. Myers recalled the history of "Grandfather" Lynch, his mother's father, one of the signers of the Declaration of Independence.

Other speakers during the day were Colonel Robert A. Miller of Portland, Postmaster Frank Myers of Portland, "Aunt" Sally Ware of this city, Mrs. Mary Wright of Newberg and Dr. Katherine S. Myers of Portland.

COMPANY FORMED

Will Work Silica Deposits Near Oregon City

Charles F. Terrill, John F. Clark and Sam Dillman are the incorporators of the Silica King Mines company, which will engage in the development of the silica deposit discovered on the property of Mr. Terrill some months ago. Articles of incorporation have been filed and provide for a capitalization of \$25,000. Stock sales already pledged assure all but \$4000 of this amount.

It is estimated that the Terrill property has a deposit of 400,000 tons of pure silica and is one of the most accessible silica mines in the country. Although the mine is already under development it is short financially for its best interests and the new company will provide funds for the purchase of much needed machinery and equipment.

A good market has been found for the product on the Pacific coast, with Portland, Seattle, San Francisco, Stockton, Los Angeles and Salt Lake dealers interested in the purchase of the product.

OREGON CITY WOMAN COMES TO THE FRONT

Every Oregon City resident should read what a neighbor says. Her testimony can be relied upon. Here are her own words:

Mrs. Kate Flanagan, Sixth & Jefferson streets, Oregon City, says: "I can conscientiously say that Doan's Kidney Pills are a good reliable kidney medicine. I have taken them on several occasions for backache and kidney disorders and they have always done me good."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Flanagan had. Foster-Milburn Co., Props., Buffalo, N. Y.

Preparedness

The Preparedness league of American Dentists, with headquarters in Buffalo, N. Y., has opened a registration bureau in the hope of enrolling twenty thousand dentists who will each one agree to prepare, free of charge, the mouth of at least one applicant to meet the requirements for enlistment in the army, navy, or marine corps, and subject to such rules as shall protect them against imposition.

The standard of enlistment for the United States Marine corps requires the applicant to have at least twenty sound teeth with four opposed molars and four opposed incisors. Properly filled teeth are counted as sound, and many men now rejected for defective teeth will be saved to the "First Line of Defense" by the patriotic members of the Dentists' Preparedness league, is the belief of League officials. Dr. J. W. Beach, of Buffalo, is chairman of the registration committee.

Cut This Out—It Is Worth Money

DON'T MISS THIS. Cut out this slip, inclose with 5c and mail it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for bronchial coughs, colds and croup; Foley Kidney Pills, for lame back, weak kidneys, rheumatism bladder troubles and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.—Jones Drug Co.

Big Type Poland Chinas

The farmers' greatest utility hog; quick growers, big litters, more pork on less feed. Best imported stock, all sizes. GEO. W. BUCK, Importer and Breeder, Oregon City, Rt. 1.

Notice

The regular July meeting of the Clackamas County Pomona Grange has been postponed until the October meeting.

H. G. STARKWEATHER, Sec'y, Executive Committee.

The Courier is \$1 a year if paid in advance.

MAY GO TO FRONT

Maude Anderson, Red Cross Nurse, is Awaiting Orders

Although orders from headquarters have not been received by Oregon members of the Red Cross Nursing association, the members are holding themselves in readiness for orders to accompany troops to the Mexican border and could prepare for departure on very short notice. There is no recognized chapter of the association in this state, but nurses who have been in the Red Cross service elsewhere are making their homes in Oregon and are still full-fledged members, so that they would be summoned in case of a call for duty.

Miss Maude Anderson of Oregon City is the sole member of the association in this county, and with the others of this great organization she is prepared for anything that may come. Miss Anderson understands that, in case of a call for the Red Cross nurses, the California members would be called before those of Oregon, but that the latter would follow shortly is assured.

To be a Red Cross nurse is not only a great honor, but a testimonial to ability, for a member must be a graduate nurse, with a state diploma, between the ages of 25 and 45 years, and must be allied with some society that has an affiliation with the American Nurses' association. There are approximately 6000 Red Cross nurses in the nation, many less than before the European war.

Teacher's Examinations

Notice is hereby given that the County Superintendent of Clackamas County, Oregon, will hold the regular examination of applicants for State Certificates at Masonic building as follows:

Commencing Wednesday, June 28, 1916, at 9:00 o'clock a. m., and continuing until Saturday, July 1, 1916, at 4:00 o'clock p. m.

SATURDAY FORENOON

Geometry, Botany, Education—School Administration.

SATURDAY AFTERNOON

General History, Bookkeeping, Education—Methods.

Very truly yours,

J. A. CHURCHILL, Supt. of Public Instruction.

Firing a \$40,000 Man

The folly of satisfaction forms the novel basis for the following story from the July Woman's Home Companion:

"A big commercial house in the Middle West raised the salary of one of its officers to \$40,000 a year.

"The officer was greatly pleased. 'Now my ambition is satisfied,' he said.

"Within two years the concern had found a way to dispense with this officer's services. It was done cleverly and smoothly; the man never suspected the real reason why he was released.

"The head of the concern had overheard his remark. 'We want no men in this business whose ambition is satisfied,' he said. 'When a man is satisfied, when he ceases to plan and fight for the future, we begin to lose money on him.'"

Sent to Asylum

Polly Grace Hudgens may blame her presence at the state asylum for the insane upon the influence of heredity—the ancestral blood in her veins, according to authorities who examined the Oregon City young woman before she was committed to the Salem institution on Friday.

Miss Hudgens' mental condition made her a peculiar case and she has worried county officials for some time. On Friday she was hailed before an examiner and County Judge Anderson and was ordered to Salem. Attendants from the Salem institution arrived Friday evening to accompany the 28-year-old girl to the asylum.

Pupils' Recital

Miss Eva Benson will give her annual pupil recital on Friday evening at the Congregational church of Oregon City and will be assisted by Mme. June Reed, formerly of New York City, who has been in Portland for the past year. Mme. Reed is well known in this country and in Europe as a violinist of rare ability and for her charming personality. Mme. Reed and Miss Benson will play the G minor Grieg Sonata for piano and violin.

Bird Clubs Meet

All lovers of feathered life in the Maple Lane district are expected to be present at a joint meeting of the Liberty Bell and Audubon Bird clubs to be held at the Maple Lane school house on Friday afternoon of next week. This meeting is one that was postponed some time ago because of the illness of several members.

The clubs expect to be visited at this meeting by the Library club of Oregon City and a general discussion will be started on the subject of the "Woodpecker family." The pledge of

Put yourself in HER place Mr. Man

Why not get a good oil stove so that during the hot weather your wife or mother or sister or daughter, can prepare the meals in a cool, comfortable kitchen?

There's no overheating the kitchen with an up-to-date oil cook stove. It's just like cooking with city gas. The burners concentrate the heat at the different cooking points.

NEW PERFECTION OIL COOK-STOVE

No wood or coal or ashes to lug. No waiting for fires to catch up. The long blue chimneys do away with all smoke and smell. In 1, 2, 3, and 4-burner sizes, with or without ovens. Also cabinet models with fireless cooking oven.

STANDARD OIL COMPANY (California)

Recovers Eye-Sight

After being blind for some time as a result of a cataract in his eye, J. J. Newton of Molalla is destined to see again. A successful operation upon the optic was performed by specialists last week and the cataract was removed. Although the eye is not yet well enough to stand the strain of constant use, there is no doubt that the sight will be fully restored.

WANT HIGH SCHOOL

Willamette District Would Establish Academic Grades

The voters of the Willamette school district voted on Monday to establish a full four-year high school course in the school of that district to supplement the two-year course of academic study that has been provided for the past two years. The vote was practically unanimous.

In addition to the matter of the high school grades the district voted to build a modern play shed for the use of the pupils of the grammar grades and this structure will be made ready for use by the time the fall term of school starts.

George F. Thompson was elected a director on the Willamette school board and R. A. Junken was elected clerk to fill the vacancy left by the resignation of Mrs. Jess Hyatt.

The Courier and the Daily Journal \$4.75.

HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles? Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store.
