FIFTY-FIRST YEAR—No. 25.

OREGON CITY ENTERPRISE, FRIDAY, JUNE 22, 1917.

ESTABLISHED 1865

Men Called Into Army by Conscription Act Will be Denied Choice of Service

WASHINGTON, June 20.—Men drafted into the new army by selective conscription will, to a great extent, have to take their chances as to the branch of service in which they want to serve.

An announcement by Provost Marshal General Crowder today stated that the assignments to the different branches will be made at the discretion of the war department.

Most of the men brought into the army by selection are for the infantry. The draft is for the army alone—in no cases are the men to be assigned to the navy.

In the proclamation of exemption regulations by President Wilson provisions are made for physical examination of men drawn for service who are absent from the place of registration.

The war department places the burden of learning whether or not they are drafted wholly upon the absentees. It was suggested today that they make arrangements with friends to notify them at once if drawn by the lottery.

Another official announcement cautions eligible men that because they escape the first or subsequent levies, they are not released from liability to service.

Absentees are warned that the government cannot pay their expenses or reimburse them for traveling expenses incident to reporting for physical examinations or actual service.

Thousands of "wanderers" who register by mail in their home towns are affected by this order.

General Crowder points out that there are two kinds of exemptions, permanent and conditional. All occupational exemptions will probably be conditional and the exemption will cease when the holder changes into another industry.

There will be a second draft within a few months after the time the first 425,000 conscripts are in the training camps.

General Pershing's first division will be reinforced immediately by another large force of picked troops and by September the first divisions of national guardsmen will be moving overseas.

The New York National guard will be the first division of militiamen to go to Europe. They will be followed by the men from Illinois.

Indications today were that the second draft, now definitely decided upon by army authorities, will be made not later than November, five months hence. It will call probably for another 425,000 men, possibly more as the general staff is now planning to fill all vacancies caused by losses and casualties through the draft. It may be that 1,000,000 additional men will be called to the colors, making 1,625,000 before Christmas.

The second contingent will be secured from those not selected on the first draft. If necessary, a number exempted from the first draft will be called.

Army officials were concentrating today on securing sufficient transport facilities to move the great force overseas. By spring, according to indications, the United States will be represented on the European battlefields by not less than 500,000 men, and by summer the number probably will be in the neighborhood of a million.

The war department selected the New York and Illinois guardsmen as the first troops of that branch to go to Europe because each state has a complete division and the men can be moved as a unit, the work of the New York and Illinois guardsmen on the border having satisfied the army authorities that they have sufficient groundwork for early appearance at the front, and they can be better spared than regulars, needed in this country for training the draft army.

President Wilson is expected within the next two days to issue a proclamation setting a date for the draft and establishing the exemption machinery. He has all the data compiled by army experts now before him.

Work is being rushed on the cantonments that they may be ready for the first increment on September 1. Intensive training will fit the men to go to Europe within six months. It is estimated, the finishing touches on their preparation to be secured behind the front in France.

DEMOCRATIC SENATOR MAKES BITTER ATTACK ON FOOD CONTROL BILL

WASHINGTON, June 20.—In a vigorous attack upon the administration food control bill in the senate today, Senator Gore, Democratic chairman of the agriculture committee, declared it strikes at the farmer, will cause losses to producers this year of \$250,000,000 in wheat and \$500,000,000 in corn and result in famine next year through reduced production.

Senator Gore declared the bill "short-sighted policy," and it would result in driving down farmers' prices.

"It was drawn by some attorney down at the department of agriculture," he shouted, "but one would think it is in the handwriting of the devil and that it would be sacrilege to change it."

Senator Gore declared the bill was the "sweepings of all the British and Canadian food acts of parliament and orders in council."

"They are all strung together in this bill like a lot of beads," he declared. "If congress loses it self-respect in passing this bill unamended, everybody else will lose their self-respect for congress."

"I will not say that the intention of the whole movement is to force down the price of products in the hands of the farmers, but that is the inevitable result," he declared.

Senator Kenyon, Republican, then spoke in defense of the bill, attacking food speculators as highwaymen.

"One, however, should apologize for using the term 'highwaymen' in connection with them," he said. "The highwayman or the sea pirate is a Christian gentleman compared to them. It takes some courage to be a food speculator. These gentlemen at the present time are the allies of the Kaiser. They are weakening the American nation in its contest. The men who fight must be fed. The babies of the nation must be fed. The men who work to make the things to fight with must be fed."

"We have heard something about this bill giving the right to the food controller to tell mothers how much food they shall give their babies. It does not do so. But there is one question just as important as the amount of food a mother shall give a baby and that is whether the baby shall have any food at all, or whether the food that should go to feed the babies of the poor shall feed the poodle dogs of the rich."

"We have heard something about this bill giving the right to the food controller to tell mothers how much food they shall give their babies. It does not do so. But there is one question just as important as the amount of food a mother shall give a baby and that is whether the baby shall have any food at all, or whether the food that should go to feed the babies of the poor shall feed the poodle dogs of the rich."

But there is one question just as important as the amount of food a mother shall give a baby and that is whether the baby shall have any food at all, or whether the food that should go to feed the babies of the poor shall feed the poodle dogs of the rich."

RED CROSS CAMPAIGN CONTINUES EFFECTIVE

Red Cross campaign district No. 10 has reported subscriptions to Wednesday evening of \$2500, according to the records of T. W. Sullivan, campaign manager for Clatsop county. The committee in this district is made up of Adolph Jacobs, L. Adams and Willard Hawley.

Mr. Sullivan says the country districts are reporting excellent progress in their campaigns and that at the close of the week these districts can be relied on to come up to the standard set for them by the central committee.

As many as possible of the committee chairmen are making personal trips over the ground allotted to them by the manager and are meeting daily with their assistants. The reports have been very general up to today, but a rally is expected in the closing hours of the campaign.

SEATTLE, June 20.—State Red Cross headquarters estimates that at the close of work last night, the state of Washington had raised \$425,000 of the \$1,000,000 allotted to it. Several cities and towns have oversubscribed their allotment.

EUGENE, Or., June 20.—Good success marked the first day's efforts to collect this city's allotment of \$10,000 for the Red Cross fund, when almost one-half of the sum was secured and in all of Lane county almost one-half of the \$19,700 asked has been raised.

CARLTON, Or., June 20.—The first big work to raise Carlton's portion of the \$15,000 allotted to Yamhill county for the Red Cross began yesterday with seven teams in the field.

HARRISBURG, Or., June 20.—The close of the first day of the big Red Cross drive in Harrisburg netted \$622.50, over half the amount to be raised here.

ROSEBURG, Or., June 20.—About \$3000 was raised in cash and pledges during the first day of active campaign for the Red Cross fund. About one per cent of the people approached refused to help at all.

LEBANON, Or., June 20.—The Red Cross drive is succeeding better than was anticipated. At Lacombe Monday evening more than \$150 was subscribed.

CENTRALIA, Wash., June 20.—The result of the first day's drive to raise Centralia's share of \$8000 for the Red Cross fund was the collection of \$5,486. Of this sum 13 individuals and institutions of the city contributed \$4400.

KALAMA, Wash., June 20.—Eighteen hundred and eighty-two dollars was subscribed in 30 minutes Monday night for the Red Cross fund at a mass meeting held here.

LUGANO, Switzerland, June 20.—Former King Constantine of Greece, arrived here today. Officers and delegates of the Swiss government met him in the name of Switzerland. A large number of German personages waited for the king at the depot, including Prince and Princess von Buelow and Dr. von Muehleberg, German minister to the Vatican. The Greek minister to Bern also was present.

A long telegram from the German emperor was handed to Constantine as soon as he left the train. It is believed he will shortly go to Germany to visit the emperor. The former monarch's arrival was delayed by the illness of his wife.

MAY BE A RECORD

GRANTS PASS, Or., June 20.—W. Metzger, of Portland, drove from Portland to this city yesterday in 14 hours and 45 minutes. This is said to be the season's record and probably that for several seasons past.

ALL ARMY CAMPS ARE NOW DECIDED UPON TO HANDLE DRAFT TROOPS

WASHINGTON, June 14.—Four sites for war army divisional cantonments were approved today, completing the list of 16 points at which military towns are to be built by September 1, when the first draft troops will be called to the colors.

At each cantonment a full division will be given its preliminary training before being sent to Europe for final instruction behind the fighting lines. They will be located as follows:

Ayer, Mass.; Yaphank, Long Island, N. Y.; Wrightstown, N. J.; Annapolis, Md.; Petersburg, Va.; Atlanta, Ga.; Columbia, S. C.; Chillicothe, O.; Louisville, Ky.; Battle Creek, Mich.; Little Rock, Ark.; Rockford, Ill.; Des Moines, Ia.; Fort Riley, Kan.; Fort Sam Houston, Tex.; American Lake, Wash.

In addition to these the following six of the 16 camp sites for divisions of the National Guard have been formerly announced:

Fort Worth, Tex.; Waco, Tex.; Houston, Tex.; Fort Sill, Okla.; Deming, N. M.; Laredo, Vista, Cal. It is probable that a seventh National Guard camp will be established in conjunction with the national army cantonment at American Lake.

A start already has been made on the enormous construction task ahead of the War department and the council of national defense. Contracts for the American Lake cantonment, the fifth to be awarded, were let to a Tacoma firm today and all others will be awarded in a few days.

Location of the remaining National Guard camps is now under consideration. All probably will go into the southeastern or southern departments as they will be canvas camps, unsuited to severe climates.

Construction quartermasters have already been assigned for all the cantonment sites and plans approved in detail. In each case, however, supplementing the standardized building program, local necessities as to roads, sewers, lighting facilities and connecting branch lines with steam and electric railways, will have to be worked out.

Another element of the preparatory work is a study of the proper locations for sub-depots for supply distribution.

The main depots are established at great transportation centers, but connecting chains of sub-depots for all supplies, including ordinance, are to be formed and a board of officers is now at work on this plan.

NOTABLES ARE CAUGHT IN OFFICER MEADS' NET FOR MOTORISTS

Apparently the dignity of a name holds no power for County Motorcycle Officer S. E. Meads, for the list of elite speeders turned in to the office of Justice of the Peace John N. Slevers Saturday includes some of the most prominent citizens of Oregon City.

Those arrested for speeding Saturday were Attorney Charles Tooez; A. J. Haas, Willard P. Hawley Jr., resident manager of the Hawley Pulp and Paper company, F. L. Boguslesky, A. L. McAllister, G. E. Giles, Clifford Ball and L. Edwards. Mr. Edwards is employed as an engineer at the Crown Willamette Paper company but drives Manager B. T. McBain's automobile during his spare time.

Mr. McAllister and G. E. Giles both pleaded guilty and paid fines of \$10 each. The others will appear Monday.

ROAD BOND LAW IS ENACTED AT A COST OF \$5000.00

SALEM, Or., June 20.—The statewide good roads committee spent \$5000 on the \$6,000,000 bond issue campaign prior to the recent special election, according to a report filed today by C. C. Chapman of Portland with Secretary of State Olcott. The \$5000 was obtained from 255 contributors.

INSURGENTS OF CHINA TO FORM A GOVERNMENT

PEKING, June 18.—Insurgents are calling a convention at Tientsin to form a provisional government to be headed by General Chang Hsun, who is dictator. Chang urges the formation of a provisional council similar to that of Russia and a declaration of war against Germany.

Dayton: Large hot house to be improving plant.

S. Benson Tells Live Wires That Oregon Will Soon be Ready to Vote More Bonds

S. Benson, chairman of the state highway commission, said Wednesday night that he believed the people of Oregon would be so well satisfied with the roads to be constructed with the proceeds of the state-wide bond issue that they would be willing to vote more bonds. His conclusion came as an early intimation that within the next six years, the people of Oregon may be called upon to vote money to finish what the highway commission will start.

"The Pacific Highway," said Mr. Benson, "is the most important road in the state, and should be made passable, at least for summer travel, before any other extensive work is undertaken."

Mr. Benson referred to the opposition to the bond issue in the Willamette valley and he rejoiced in the result in Multnomah county, where the people had voted bonds, and notwithstanding the fact that the type of pavement selected had been criticized, the people were again willing to vote for bonds. He talked about paving, and justified the selection of the pavement mainly used in Multnomah county. He said that in California the policy had been to put down a good base and a cheap top, while in Multnomah the reverse had been the policy. Mr. Benson asserted that in California it had been estimated that hard surfaced roads would pay for themselves every three years. He said that during the last week of the road bond campaign an individual campaign was made among the voters of Portland, which was necessary to carry the measure. In view of the fact that large employers of labor opposed the bonds, due to the acute labor shortage in the northwest.

Mr. Benson was the chief speaker at the good roads dinner given by the "12 disciples of road efficiency," who conducted the road bond campaign in Clatsop county.

Grant B. Dimick was the toastmaster and other speakers were B. T. McBain, O. D. Eby, Wallace Caulfield, Cecil Robey, C. Schuebel, A. King Wilson.

The following menu was served: Fruit cocktail, pickles, olives, fried spring chicken, country gravy; new potatoes, green peas, combination salad, hot biscuit, strawberry shortcake, coffee, after-dinner mints, cigars.

Southern Pacific company expects to be running electric cars to Corvallis by July 4.

H. E. Cross, Frank H. Riley, Livy Stipp, Commissioners Knight and Proctor, M. D. Latourette, Dr. L. A. Morris, O. F. Johnson, and County Commissioner Rufus Holman, of Multnomah. The latter urged more confidence in public men. He said they should be given a free hand, and ought to be given large sums of money, with authority to expend it in large and revolutionary enterprises. Mr. Cross explained that better results had not been accomplished in Clatsop county because of the lack of concentration.

"We have had from 40 to 60 road supervisors each clamoring for his pro rata," said Mr. Cross, "and they got it. I hope the state highway commission will do one big thing, and let that thing be a continuous highway from Washington to California."

Letters of regret were read from Governor Withcombe, Highway Commissioners E. J. Adams and W. L. Thompson, Highway Engineer Herbert Nunn and Bruce Dennis, executive secretary of the bonding campaign committee. Those seated at the banquet table in the Commercial club rooms were:

Grant B. Dimick, S. Benson, Frank H. Riley, Rufus C. Holman, C. W. Robey, W. J. Wilson, A. King Wilson, A. C. Newlands, Adam Knights, W. A. Proctor, A. A. Price, Dr. Clyde Mount, Theodore Osmond, W. A. Huntley, W. E. Satchwell, W. H. Blair, L. Adams, A. R. Jacobs, William Davis, R. E. Wilson, W. A. Dimick, C. Schuebel, P. J. Houlton, Eber A. Chapman, M. D. Latourette, B. T. McBain, E. E. Brodie, O. D. Eby, H. H. Johnson, C. H. Caulfield, Wallace Caulfield, G. F. Johnson, H. E. Cross, Livy Stipp, A. C. Warner, John F. Riley, Dr. L. A. Morris, W. F. Harris.

The following menu was served: Fruit cocktail, pickles, olives, fried spring chicken, country gravy; new potatoes, green peas, combination salad, hot biscuit, strawberry shortcake, coffee, after-dinner mints, cigars.

Southern Pacific company expects to be running electric cars to Corvallis by July 4.

PEACE WITHIN CHINA SEEMS ASSURED WHEN REBEL LEADERS YIELD

WASHINGTON, June 20.—Peaceful settlement of China's internal troubles was forecast in an official dispatch to the Chinese embassy from Peking.

The message, dated today, said the two southern provinces of Yunnan and Kwantung, which formed the backbone of the Southern secessionist movement, that they favor co-operation toward a peaceful settlement and are ready to do everything possible to clear up the situation. Several other provinces are said to be about to take similar action.

President Li Yuan Hung, who complied with the revolting military governors' demand for a dissolution of parliament, has issued another decree calling for an immediate new election. The old parliament, elected in 1913, was held to be unrepresentative. This new body, which cannot be convoked within a period of several months owing to the complicated electoral machinery, is expected to be more closely in touch with public opinion.

During the interim the present government, it is expected, will continue in power under President Li. General Chang Hsun, the military governor of Anhwei province and originally head of the seceding governors, who came to Peking after the president dissolved parliament, probably will stay in Peking for some time.

CONSTITUTIONAL TEST TO BE PUT TO LIQUOR LAW

District Attorney Gilbert Hodges and law passed in 1915 is involved in the case of the state versus Julius Wilbur which will open before the state supreme court at Salem today. The point upon which the case is being carried into the higher courts involves who is that it is unconstitutional to demand that the name of the purchaser of liquor be named in the indictment.

The constitutionality of Oregon's dry Deputy District Attorney Tom Burke will represent the state.

SEEKING MATRIMONIAL FREEDOM

Charging desertion, Mrs. Jessie A. Allen entered suit in the county clerk's office here Tuesday for a divorce from her husband, Owen Nelson Allen.

J. PIERPONT MORGAN'S DAUGHTER IS TO BE WIFE OF WESTERNER

NEW YORK, June 19.—Miss Frances T. Morgan, younger daughter of Mr. and Mrs. J. Pierpont Morgan, and granddaughter of the late J. Pierpont Morgan, will be married at noon tomorrow in St. John's church, Lattington, L. I., to Paul Geddes Pennoyer, of Berkeley, Cal.

The ceremony will be followed by a reception and breakfast at Matinico Point, the country place of Mr. and Mrs. Morgan at East Island, Glen Cove. The church is so small that only relatives and a few intimate friends will be present at the wedding, but the invitations for the breakfast have been more general. Two special trains will take the guests from the city out to Glen Cove.

Miss Jane N. Morgan, whose engagement to George Nicola was announced a few days ago, will be her sister's maid of honor.

MAIL CARRIERS FAIL TO REGISTER BECAUSE OF FALSE IMPRESSION

CHICAGO, June 19.—It was discovered today that a large number of letter carriers in Chicago failed to register on June 5 under the federal draft law. Nearly 600 members of the national guard also failed to register. They were under the impression that they were not compelled to register because they were in the federal service.

HOT WEATHER OF SOUTH MAY KEEP TROOPS AT HOME

WASHINGTON, June 14.—The general staff is considering holding the middle western national guard regiments in their state mobilization camps until the hot weather in the south is passed. At present the movement toward the border is scheduled for about August 1, but army officials assert it would cause hardship to send men from the north into the south in the middle of summer.

IRRIGATION PROJECT NEAR GRANTS PASS TO INCLUDE 5250 ACRES

SALEM, Or., June 20.—Plans for the Grants Pass irrigation district, covering 5250 acres lying between Grants Pass and Gold Hill, have been received in the office of the state engineer. It is proposed that the main canal supply the water also for the Gold Hill irrigation district, for which plans have not yet been received by the state engineer.

State Engineer Lewis left last evening, at the request of Charles Smith, president of the Grants Pass district, to go over both projects and confer with the directors with a view to making recommendations as to any further action necessary under the provisions of the new irrigation district law.

SHIP YIELDS 500 BOTTLES OF BEER AND SNAKE BITE

MARSHFIELD, Or., June 20.—Sheriff Gage's raid on the steam schooner Hardy last night netted 439 bottles of whisky, 56 of beer and five gallons of wine. Chief Engineer Knud Knudson, who had been ordered to appear in Justice Schuster's court, could not be found today and it is believed he left the country during the night. Nobody was arrested. This afternoon the steam schooner Santa Monica came into port for a lumber cargo and the officers searched her and found 67 bottles of whisky.

COUNTY JUDGE NAMED

SALEM, Or., June 20.—Governor Withcombe today appointed W. W. Nickell of McMinnville as county judge for Yamhill county to fill the vacancy caused by the death of Judge Dodson last Saturday. Judge Nickell is a farmer.

DEPOSED KING NEARS GERMAN CAPITAL ON WAY TO MEET KAISER

LUGANO, Switzerland, June 20.—Former King Constantine of Greece, arrived here today. Officers and delegates of the Swiss government met him in the name of Switzerland. A large number of German personages waited for the king at the depot, including Prince and Princess von Buelow and Dr. von Muehleberg, German minister to the Vatican. The Greek minister to Bern also was present.

A long telegram from the German emperor was handed to Constantine as soon as he left the train. It is believed he will shortly go to Germany to visit the emperor. The former monarch's arrival was delayed by the illness of his wife.

MAY BE A RECORD

GRANTS PASS, Or., June 20.—W. Metzger, of Portland, drove from Portland to this city yesterday in 14 hours and 45 minutes. This is said to be the season's record and probably that for several seasons past.

ARE SUPERVISORS OF ROADS STILL IN THEIR POSITIONS OR NOT?

SALEM, Or., June 19.—Whether under the law passed by the recent legislature the office of road supervisor has already been abolished or such office will continue in existence until the first of next year, is the perplexing problem put up to Attorney General Brown for solution. The legislature passed a law, providing that the office of road supervisor should be abolished January 1, 1918, and that a county court should appoint instead a roadmaster, and provide him with assistants. In repealing the provision of the act, however, the old law creating the office of road supervisor is specifically repealed, and whether this provision of the provision declaring the road supervisors shall hold office till the first of next year governs, is the question.

The attorney general said he had reached no definite conclusion, but that he had decided that the new law repeals the old law fixing the compensation of supervisors at \$2.50 a day.

ROAD BOND LAW IS ENACTED AT A COST OF \$5000.00

SALEM, Or., June 20.—The statewide good roads committee spent \$5000 on the \$6,000,000 bond issue campaign prior to the recent special election, according to a report filed today by C. C. Chapman of Portland with Secretary of State Olcott. The \$5000 was obtained from 255 contributors.

INSURGENTS OF CHINA TO FORM A GOVERNMENT

PEKING, June 18.—Insurgents are calling a convention at Tientsin to form a provisional government to be headed by General Chang Hsun, who is dictator. Chang urges the formation of a provisional council similar to that of Russia and a declaration of war against Germany.

DAYTON: Large hot house to be improving plant.

EXPRESS COMPANY'S DIVIDEND OF 23 PER CENT IS \$230,000

SALEM, Or., June 19.—The Great Northern Express company, which today filed its annual report with the Public Service commission for 1916, cut a special dividend of 23 per cent on its capital stock of \$1,000,000, or \$230,000 during the past year.

The report shows that of the 10,000 shares of capital stock issued, 1000 shares were sold at par for \$100,000, and the balance of 9000 shares was advanced to railroad companies for express contracts. As a result the company has invested only \$100,000 in cash, but paid the special dividend of \$230,000, the railroads receiving their pro rata share of the extra dividend for the 9000 shares of stock which they hold.

The railroads were also paid by the company \$2,213,733.36 on express contracts in addition to the dividend declared.

The company has operating revenues for the year of \$1,470,955.71, and operating expenses amounting to \$1,142,941.23.

AMERICAN CONDENSED MILK BEING SHIPPED TO GERMANY, IS CLAIM

WASHINGTON, June 15.—Large quantities of condensed or evaporated milk have been bought recently at retail by German agents and shipped to Germany through neutral ports, the department of commerce was informed today by the war committee of the condensed milk industry. Fearing detection if they purchased from manufacturers or jobbers, the German agents have canvassed retail stores and paid retail prices.

Buying operations have been reported in New York, Illinois and Oklahoma and shipments were made to Genoa, Italy, and Norwegian and Danish ports. The milk manufacturers' war committee will seek to aid the government in preventing future shipments.
