TO RESIST THE ATTACK

of the germs of many diseases such as Grip, Malaria, means for all of us—light or die. These germs are everywhere in the air we breathe. The odds are in favor of the germ, if the liver is inactive and the blood impure.

What is needed most is an increase in the germ-fighting strength. To do this successfully you need to put on healthy flesh, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no "weak spots," or soil for germ-growth.

We claim for Dr. Pierce's Golden Medical Discovery that it does all this in a way peculiar to itself.

It cures troubles caused by torpid liver or impure blood. All druggists.

Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cents for trial package.

ASTORIA, OREGON.—"After having had the grip I could not regain my strength; my blood was poor. I was nervous and also had rheumatism. I tried everything but just could not get any relief. Finally I decided to take Doctor Pierce's Golden Medical Discovery and it cured me. I think it is simply great. I use the 'Pleasant Pellets' for constipation."—G. R. SPICER, 373 Exchange Street.

SALEM, OREGON.—"As a spring tonic, to build up a weakened, run-down system, and to give one an appetite, I found Doctor Pierce's Golden Medical Discovery good. A friend had recommended it and I found it all that claimed for it."—Mrs. JANE G. 1209 S. Bellview Street.

WILBUR GETS IT

Convicted Again for Sale of Intoxicants at Portland Tavern

Julius Wilbur, who until recently was keeper of the Friars' club at Milwaukie, was convicted for the fourth time for violating the state liquor laws, when a Portland jury found him guilty of maintaining and operating a liquor nuisance when he had charge of Claremont tavern during the month of September.

Three other employees of the tavern were also convicted jointly with Wilbur, but the jury recommended leniency in their cases, as they were merely employees. The employees are H. One, T. Nishioka and Jake Jones.

A six-month sentence is pending here against Wilbur, but will not be served until the outcome of his appeal to the United States supreme court is known. His appeal to the state supreme court failed to give him satisfaction. In connection with the Portland case Wilbur immediately filed notice of appeal to the state supreme court.

A Vicious Rumor

"Among the many absurd and vicious rumors put into circulation these days, probably through pro-German influences, is one that the United States proposes to confiscate money on deposit in banks. The absurdity of the statement is obvious on its face. These rumors are wholly without foundation and probably circulated for an evil

purpose. The government has no power to confiscate the money of depositors in banks."—From statement of Secretary McAdoo.
