A COUNTY'S PROGRESS TOWARD BETTER FARMING

School children in a Wisconsin county have been making yearly surveys of the county to show its progress in farm betterment. This is what they found in the county in 1918: That of the 3,412 farms in the county, 398 were rented; that there were 1,234 silos; 864 acres of alfalfa; 1,878 farm-owned automobiles; 127 milking machines; 903 incubat-

ors; 97 tractors; 139 fruit-spraying outfits; 19 creameries; 28 cheese factories; that 320 farm homes were supplied with bathrooms; 918 had pianos; 398 were lighted with electricity and 122 with acetylene; 498 had running water in the kitchen; 407 were supplied with power washing machines; 850 had screened porches and 129 had sleeping porches; 1,651 farm homes were supplied with daily newspapers; 1,616 subscribed to current magazines; and 2,126 had farm papers.

HOME SAFETY RULES

By H. H. Matthieson, Safety Expert of Crown-Willamette Mills

Safety practices are just as essential in the home or on the street as in the workshop. Here are eight simple safety rules to help you make your home safe. A little care or thoughtfulness often prevents much misery, suffering and often death.

1-Babies Scalded. Thousands of babies have been scalded because mothers left hot water within their reach. Place all hot liquids in a safe place.

2-Playing with Matches. Don't allow children to play with matches. Hundreds of fires have been started, many children have been burned, and homes have been destroyed because of this dangerous practice.

3-Rusty Nails Cause Blood Poison. Stepping on nails and broken glass has caused many cases of infection and blood poisoning. Keep the premises clear of sharp objects.

4-Poisons. Keep all poisons out of reach of children and label "Poison." Remember children are likely to taste anything and poison should be kept in a separate closet.

5-Gasoline Fumes Explode. Fumes of gasoline when exposed to a flame, will explode. When cleaning with gasoline always have the room well ventilated and keep the gasoline can closed.

6-Falls. Children are likely to fall from porches. Always have the porches well provided with safety rails to protect them.

7-Dangerous Stairways. Keep the stairs in good repair and free from all obstructions. If the cellar stairway is dark, paint the bottom step white in order to keep from stumbling.

8-Iodine Prevents Infection. Ninety per cent of all cases of infection and blood poisoning are caused by neglecting slight injuries. Use Iodine for any break of the skin which draws blood.

Fathers and mothers are morally obligated to make their homes safe, and to teach their children safety. Safety training for the children WILL MAKE safe men and women in the next generation.

BIG CONFERENCE OF METHODISTS IN PORTLAND

Methodism all over the Oregon conference, as well as members of other denominations, are vitally interested in the Portland world program conference, which will be held in Portland February 28 and March 1. The conference, which is bringing to Portland nationally-known speakers and preachers, is expected to be the biggest event Portland religious circles have ever known.

The pastor and two or more lay delegates from every Methodist church in the entire district covered by the conference, are expected to attend the conference, while in Portland the patrons and their wives will be the guests of the entertainment committee of the conference.

The world program conference is declared to be the most important and constructive convention ever held in the Northwest.

Twelve to 15 of the greatest speakers and nation-wide leaders in Methodism will be at the conference. The following delegates have been nominated to attend from this city, at a meeting held Tuesday evening: Mrs. R. B. Cox, Mr. and Mrs. R. B. Calkins, Mr. and Mrs. B. E. Tatoo, C. A. Williams, Mrs. B. A. Hoag, Mrs. Clara Smith, and Mr. and Mrs. C. I. Stafford.

The Mother of Eight and Her Family

Reared Her Family WITH SIMPLE HOME REMEDY

An American Mother Beats Them All

There are few families in which the record of Mrs. Gustave Koch, Box 24, Kewick, Keokuk County, Iowa, has been surpassed. Not in the fact that she raised a family of eight in her story remarkable. Thousands of families are larger. The history of the Koch family is unique in that the mother, with all her loving care, planned her faith to a simple home remedy and never had a doctor for her children. Here is what she says: "Peruna has done my children good. I have a family of eight and never had a doctor, only your medicine. We all think Peruna a splendid tonic."

So far as we have learned, Peruna is the only known remedy for which such a wonderful claim can be made. Like Mrs. Koch, there are thousands upon thousands of mothers who place their entire dependence upon Peruna. That Peruna has merited this confidence is attested by the words of such mothers as Mrs. Gustave Koch. Long life to her! Peruna is indicated for coughs, colds, catarrh of the head, nose and throat, or disorder of the stomach, bowels or other organs due to catarrhal inflammation of the mucous linings. If you are sick and suffering, write the Peruna Company, Dept. S-59, Columbus, Ohio, for Dr. Hartman's Health Book. It is free and you may find that Peruna is what you need. Dr. Hartman's World Famous Peruna Tonic comes in either liquid or tablet form. Ask your dealer. If you are seeking health, do not accept "something just as good." Insist upon Peruna. Your dealer will give you a Peruna Almanac.

Tone-

The Victrola tone is a wonderful thing. It is the tone of pure reality—throbbing with life and power—and it is exclusive with the Victrola.

There are five distinguishing points of superiority that can be had only on the Victrola because they are exclusive Victor Patents.

Come and see the patented Victrola features:

Tapering tone arm—with its exact taper and perfectly smooth bore, which is scientifically calculated and constructed to conform to the expanding sound waves created by the sound-box.

"Goose-neck" sound-box tube—the flexible metal connection between the sound-box and tapering tone arm, which enables the Victor Needle to follow the record grooves with unerring accuracy.

Concealed sounding-boards and amplifying compartment of wood—provides the very limit of area of vibrating surface and sound amplifying compartment, so absolutely essential to an exact and pure tone reproduction.

Modifying doors—may be opened wide thereby giving the tone in its fullest volume; or doors may be set at any degree graduating the volume of tone to exactly suit every requirement. Closed tight the volume is reduced to the minimum and when not in use the interior is fully protected.

Victor "Tungs-tone" Needles—which will play from 50 to 200 records and yet are changeable so that the volume may be suited to the size of the room or the occasion. Some prefer soft music, some want it loud—you can suit your own taste on a Victrola.

WHEN you hear the wonderful tone of the Victrola and see how the new "Tungs-tone" needle enables you to enjoy every record to the fullest extent—you will understand why all the leading musical artists of the whole world perform exclusively for the Victrola.

WHEAT AND SHEEP GAIN; DAIRY HERDS DECREASE

Winter wheat acreage in Oregon is greater than last year in most of 25 counties replying to questionnaire of J. W. Brewer, federal and O. A. C. farm help specialist, and greater than normal in all. Nearly all report an increase in sheep, but most show a material decrease in dairy stock.

A sufficient or surplus labor supply is indicated in nearly all counties, but Tillamook, Lake, Lincoln and Malheur report a shortage. Four

counties favor fixing a wage scale, five oppose it, while others are not sure. Some that had good results last year think conditions do not warrant repeating the policy.

Wages of \$50 to \$75 a month are current, but no report on probable spring and harvest wages could be obtained.

SING NATIONAL ANTHEM ON BANKS OF THE RHINE

Thousands of soldiers of the First Division of the American Army of Occupation recently sang "America"

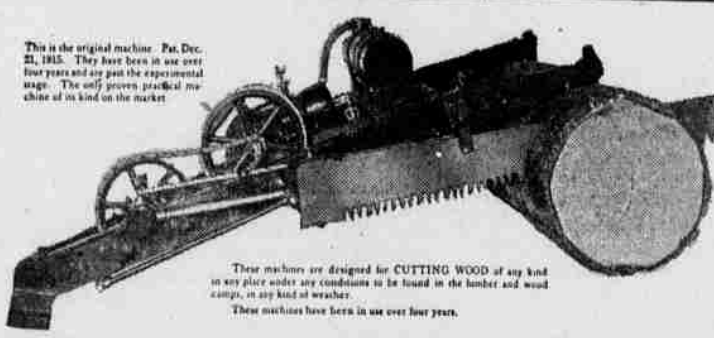

while a German organist furnished the accompaniment in the largest festival in Coblenz. The concert will go down in history as one of the greatest and most inspiring ever staged by the Y. M. C. A. The "Y" secretary, Charles W. Becker, was compelled to pay the German organist \$10 to furnish the accompaniment. The musician was so impressed with the patriotic fervor of the audience he agreed without solicitation to play two other numbers.
