GOVERNMENT PLACES CENSORSHIP BAN ON STEEL STRIKE NEWS

CHICAGO, Oct. 9.—With a rigid censorship on at Gary, Indiana, where 4000 United States soldiers are enforcing martial law as the result of riots among the idle steel workers Sunday, details of the situation in that city are not permitted to be published.

But it is known that federal soldiers, agents of the army intelligence department and representatives of the United States district attorney's office are continuing their fight against alleged radicals among the strikers; that they made several more raids on headquarters of these radicals during the night; that they arrested several persons and that a general exodus of radicals from the Calumet strike zone is in progress.

The army officers explained that publicity would hamper them in their task of cleaning out the radicals who are responsible for the trouble.

At the same time the officers made it plain that the organized steel workers, convinced that the troops were called to preserve law and order and not to interfere with the strike, were giving valuable assistance in weeding out the disturbers.

BILL FOR PURCHASE OF SUGAR BY GOVERNMENT IS INTRODUCED

WASHINGTON, Oct. 9.—Senator McNary has completed and will introduce in the senate today his bill authorizing the sugar equalization board to purchase the remaining three-quarters of the Cuban 1920 sugar crop in order to avoid a sugar famine in this country. Senator McNary, as chairman of the subcommittee to investigate sugar conditions, found such an authority necessary at once.

The measure will be an emergency one and will be rushed through both houses. Unless this is done Senator McNary says sugar will go to 25 cents a pound.
