

\$60,000 More a Year

Lateral roads are comparatively popular in Clackamas county, as evidenced by the vote in Tuesday's election on the Market Roads tax measure. The voters of this county gave the bill a majority of 489, although they refused endorsement to the other eight proposals on the special election ballot.

When the people of a community will voluntarily assess themselves for an increased tax of two mills on the dollar annually for roads, it is a good sign. The road fund of Clackamas will be swelled, beginning with 1920, by about \$60,000, and by the expressed terms of the bill the money must be expended under supervision and control of the county court on market or lateral roads, generally designated as roads of secondary importance as distinguished from the principal highways. The engineering is to be done by the state highway commission, which means that the state will control insofar as the establishment of grades and other engineering problems are concerned.

Let it not be forgotten, however, that nearly every road in Clackamas county is a market road, leading from the farm to the market, and \$60,000 scattered over 1400 miles of road is not going to accomplish wonders, but is certainly another step in the right direction.

Good roads, like everything else that is good, cost money. The better they are the more they cost. There is no reason why Clackamas county should not have the best, except that we must make up our minds, in advance of the spending of the money, to furnish it. In other words, we cannot say to the county court build this road and that road and deny them the money necessary for performance.

VARIOUS KINDS OF CHARITY

And Greater Far Than the Giving of Alms is the Practice of Charity of Thought.

Someone has said that "Charity is the highest tree in heaven." It is a saying that we can well believe, for not only does charity cover a multitude of sins but it also covers its devotees with its solace and comfort.

It is to be feared, however, that there is a misconception as to the full meaning covered by the word charity. Many people seem to understand that charity consists solely in the giving of alms. And the fact is that almsgiving is merely one form of charity.

There is a charity that we can practice toward those of our fellow men who stand in need of alms. There are, indeed, many who are well provided with the goods of this world who stand in great need of charity. The charity of our thoughts is what we stand in need of.—Los Angeles Times.

"And just to prove that they would Mr. Sun came out for the first time that day and beamed and smiled as though to say:

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. The condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, hearing is lost, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of catarrhal deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the blood on the mucous surface of the Eustachian Tube.

We will give One Hundred Dollars for every case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. J. J. CHERRY & CO., Toledo, O.
