DEAFNESS CANNOT BE CURED.
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedial. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by HALL'S CATARRH CURE. Send for circulars, free.

WOMEN OF SEDENTARY HABITS.
Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

Future Histories to Be Filled With Records of Eventful 1914
War in Europe Makes Past Year a Most Notable One.
Many Forward Steps Were Taken on This Side of the Atlantic.

New York.—The war in Europe, the most titanic struggle between nations of the world in history, overshadows all other events of the last twelve months. This fight for supremacy, on the outcome of which hinges the fate of the strongest powers, has placed other events, which ordinarily would occupy pages in our history, in the background.
The landing of troops in Mexico, the completion of the Panama canal, the changes in the fundamental principles of the currency law of the nation, the death of the pope, the election of his successor and the usual number of disasters and deaths of prominent persons.

sons added to the European fight, combine to make 1914 one of the most notable years in history.
A brief history of the war to date follows:
July 23, Austria made demands on Serbia for murder of Archduke Francis Ferdinand; 25, most of Austria's demands agreed to, but Serbia refused an official investigation by Austria. Russia backs Serbia; 26, Germany indicated she would support Austria; 28, Austria declared war on Serbia; 31, Germany demanded that Russia cease mobilizing and proclaimed martial law.
Aug. 1, Germany declared war on Russia. France ordered mobilization; 4, German troops began attack on Liege; 5, England announced state of war with Germany for invading Belgium; President Wilson offered to mediate; 15, Japan sent ultimatum to Germany; 20, Germans captured Brussels, Antwerp became capital; 27, Germans burned Louvain; 28, British fleet won first naval battle near Heligoland.
Sept. 2, French government removed capital from Paris to Bordeaux; 5, battle of the Marne, ending in German retreat, begun; 12, German retreat halted at the Aisne; 20, Germans bombarded Rheims; 22, German submarine U-9 sank British cruisers Cressy, Aboukir and Hogue in the North sea; 23, Germans began attack on Antwerp, Russians advanced into Hungary.
Oct. 5, Belgian government moved to Ostend; 9, Antwerp occupied by Germans; 13, Belgian government moved to Havre, France; 16, British cruiser Hawke sunk by German submarine; 24, Germans defeated after ten day battle before Warsaw, Russia; 27, British Dreadnought Audacious sunk by mine; 29, Turkey entered war by making naval attack on Black sea Russian ports.
Nov. 1, Germans defeated British in naval battle off Chilean coast; 5, England and France declared war on Turkey, bombarding Dardanelles forts; 6, Tsingtao, German port in China, surrendered to Japanese; 10, German cruiser Emden, destroyer of commerce, captured; 23, the German naval base at Zeebrugge shelled by British warships; 25, 15,000 ton battleship Bulwark sunk by an explosion at Sheerness, England, costing 800 lives.
Dec. 8, in a naval action off Falkland Islands, in the south Atlantic, Admiral Sturdee's British squadron defeated Admiral von Spee's German fleet, sinking the cruisers Nürnberg, Scharnhorst, Gneisenau and Leipzig, with a loss of 1,825 men to the vanquished.
The most daring naval action of the war occurred on Dec. 16, when a fleet of German cruisers slipped across the North sea under cover of darkness and at dawn bombarded Scarborough, Harlepool and Whitby, killing several persons and destroying much property.

Future Histories to Be Filled With Records of Eventful 1914
War in Europe Makes Past Year a Most Notable One.
Many Forward Steps Were Taken on This Side of the Atlantic.

As the old year was passing out the German line was firmly entrenched in France and Belgium, severe attacks marking each day's fighting with little advantage for either side. In the western theater the Russians, Germans and Austrians were engaged in daily battles without decisive results. Cold weather had proved an added horror to the war.
Our trouble with Mexico dates from Feb. 3, when President Wilson lifted the embargo on arms. On April 19 several American soldiers were arrested by Mexicans at Tampico. An apology was demanded and was not forthcoming. On April 20 President Wilson delivered a warlike message to congress asking for authority to use force in dealing with the Mexican situation. This granted, the fleet was dispatched to Vera Cruz, forces landed, and in the subsequent fighting nineteen American marines were killed and seventy wounded. On April 30, 5,000 soldiers under command of General Frederick Funston were landed at Vera Cruz.
On the same day the Mexican mediation congress, consisting of representatives of South American republics, met at Niagara Falls. Order was maintained at Vera Cruz by the American forces until they left on Nov. 23. In the meantime President Huerta had resigned the presidency. Provisional President Carralaj was installed on Aug. 19. After his rule of ten days General Venustiano Carranza became provisional president. On Dec. 3 he was replaced by President Gutierrez.
In the political history of the United States radical changes were made in existing laws. On June 10 the repeal of the Panama canal tolls bill became a law. On Oct. 22 the war tax bill, designed to meet the emergency caused by the European war, became effective. On Nov. 16 the federal reserve banks were opened in compliance with the new currency law and released \$400,000,000 for loans. Prior to this, however, on Nov. 3, the general elections were held and the Democratic majority in the lower house reduced to nineteen and that in the senate to ten.

Other important events were:
Jan. 8.—Old Dominion liner Monroe sunk by collision off the Virginia capes with a loss of forty-one lives.

GOSSIP OF THE WINTER LEAGUE.
Red Smith of the world's champions writes that his broken leg has mended and that he will go hunting soon.
It is said that Fielder Jones has signed Outfielder Wilhoit of the Venice (Cal.) team for the St. Louis Federals. Wilhoit hit .344 in the Coast league.
Bobby Wallace has a grand batting average of .252 for twenty years. His best year was in 1897, when he hit .339, and his poorest 1914, when he slugged .211.
James A. Gilmore is said to be on the trail of Hank O'Day as an umpire possibility. The Federal league might not be quite as bad as facing Evers, McGraw and Bresnahan.
Butcher boys, canteen fans and easily riled umpires to the contrary notwithstanding, T. Raymond Georgia Pench Cobb, be it noted, belted out enough base hits to flash across the American league batting pan some twenty-four points in front of his nearest competitor, E. Collins of Philadelphia, who hit for .344. If Cobb ever gets through a season without running afoul of any one his average, at this rate, ought to stand for all time.

Fred Clarke, who has signed to manage the Pittsburgh team for his fourth consecutive year, has issued a warning to the fans of that city to refrain from boisterous criticism of the young players who are to be tried out next spring. Clarke contends that in order to make the Pirates a pennant contender several positions will have to be filled by young men. He must develop these, and he contends that if the fans insist on roasting and abusing these recruits his task will be an impossible one.
Pittsburgh patrons, or a portion of them at least, have been rather severe in their summing up of some of the players' work. This has been particularly true of the crowd which is within earshot of the first baseman, and as a result Clarke has had a lot of trouble getting a competent man to fill that position. Konechty, who recently jumped to the Feds, blamed his inability to make good for the Pirates to the crowd which at near first base and made life miserable for him.

One of the oddities of the recent baseball season arose in a Federal league game between the St. Louis and Pittsburgh teams. Larue Kirby of St. Louis batted out of turn. The bases were filled, and Kirby cleared them with a long hit. The opposing captain was "wise," and when he appealed to the umpire the official called out the man who should have batted, which is according to rule. The runners had to go back and Kirby had to bat over. All he did was to make another solid hit, drive in runs again and win the game.

SPECIAL TO WOMEN
 The most economical, cleansing and germicidal of all antiseptics is
Paxtine
 A soluble Antiseptic Powder to be dissolved in water as needed.
 As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ill it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists. 50c. large box, or by mail. The Paxton Toilet Co., Boston, Mass.

Women of Sedentary Habits:
 Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.
