MILWAUKIE WATER TROUBLES TO BE ENDED

CITY AND COMPANIES SEEK TO ARBITRATE—BOTH SIDES ARE READY

MILWAUKIE, Ore., Feb. 16.—At a meeting of the city council as a committee of the whole with representatives of the Milwaukee Water company and the Minihonne Springs Water company and their attorneys last night the matter of the purchase of the local spring water plants by the city was referred to Commissioner B. G. Skelton for the city and Attorney W. S. Utter for the companies to draft an agreement for arbitrating the differences which have been arising for some time. The agreement will be referred to the companies and the court.

Both sides agreed last night that the supreme court hearing of the injunction suit of the companies to restrain the city from signing a contract for laying water mains to connect with Portland's Bull Run system with the proceeds of the issue of \$20,000 water bonds be postponed pending the arbitration. It was also agreed that action be deferred on the initiative petition asking the council to call a special election to vote on the question of the city condemning and acquiring the two local plants, which was presented following a circular letter sent out by O. Wessinger, Warren Knight, Harry Amelco, Casper Kerr and J. E. Wetzel.

The petition called upon the city in case of a favorable vote, to buy the plants at private sale and, if unable to agree upon terms within 10 days, to bring suit to condemn them in the circuit court. The election would settle the matter before the supreme court decision.

The temporary injunction obtained by F. Dirvenster on behalf of the companies in the circuit court was later dissolved, and the companies appealed to the supreme court.

MOLALLA BOYS WALK INTO OREGON CITY

The phrase, "I dare you," was responsible for Charles William Kruger, Arly Lewis and Lloyd Allen, of Molalla, running away from town Thursday night according to the story they told Chief of Police Shaw here Friday.

The three youths started out of Molalla Thursday night for a walk. "I'll dare you to walk past the Smith place," said one. When the Smith farm was reached, a second dare was made and then a third until the boys found themselves near Oregon City than their home. The distance between the county seat and Molalla is 18 miles and the boys covered the distance between 8 o'clock Thursday night and 3 o'clock Friday morning. They made the return trip on foot Friday and arrived home at 4 o'clock Friday afternoon.

An ordinance was passed amending the present sidewalk ordinance which changes the width of sidewalk and curb from 18 to 11 feet. Penalty was prescribed in another ordinance against ringing the firebell or turning on faucets found along the street.

FEEL BLUE—OR JUST STUPID?

Sluggish bowels and torpid liver usually go together and it does not take long for constipation to produce a bad condition—a feeling of languor or laziness—the "blues," headaches, palpitation or other malady. LARGEST STORE IN ESTACADA DESTROYED

FIRE DOES DAMAGE ESTIMATED AT \$50,000—BANK WAS THREATENED

ESTACADA, Ore., Feb. 17.—Causing a loss estimated at close to \$50,000, fire early this morning destroyed the building and stock of the Cary Brothers' Mercantile company, in this city. For some time it looked as though the entire business district and probably the residence district as well, would be destroyed, but strenuous efforts on the part of the volunteer fire fighters, good water pressure and the fact that roofs were damp from an earlier rain, prevented the spread of the fire.

The Estacada State bank was scorched somewhat, but little damage was done there.

The Cary store building is owned by McMinnville interests, and was valued at over \$15,000. The stock, valued at \$20,000, was owned by W. F. and R. W. Carey, of this city. There was from \$18,000 to \$20,000 insurance on the stock.

The building was the most pretentious one in Estacada, being of concrete construction throughout, and this fact also played an important part in keeping the flames confined.

None of the store stock was saved. The origin of the fire is unknown. The volunteer fire department members did heroic work.

ESTACADA EXHIBITS ARE MUCH ADMIRER

ESTACADA, Ore., Feb. 13.—(Special)—The annual Estacada school fair yesterday drew hundreds of families from all parts of the county to the eastern Clackamas county town.

The display of school work, including chickens, and produce, as well as the results of classroom work, was considered better than the display of any of the previous fairs. Superintendent of Schools Calavan and Supervisor Vedder were at the fair and each of them made short talks in which they outlined the plans of the year.

WINTER DOUBLES WORK

In summer the work of eliminating poisons and acids from the blood is helped by perspiration. In cold weather, with little out door work or exercise to cause sweating, the kidneys have to do double work. Foley Kidney Pills help overworked weak and diseased kidneys to filter and cast out of the blood the waste matter that causes pains in sides or back, rheumatism, lumbago, stiffness of joints, sore muscles and other ills resulting from improper elimination. SAN FRANCISCO, Feb. 17.—Charley O'Leary, San Francisco third baseman, and one of the highest salaried Coast league players, was unconditionally released yesterday by Manager Harry Wolverton.

"Chamberlain's Cough Remedy has been used in my household for the past twenty years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough, and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it," writes Mrs. Mary Minke, Shortsville, N. Y. Obtainable everywhere. (Adv.)

HOME RUN BAKER QUILTS

CONNIE MACK ANNOUNCES SLUGGER WILL NOT PLAY

PHILADELPHIA, Feb. 17.—"Home-Run Baker," star third baseman of the Philadelphia American league baseball team, has decided to retire from the diamond and will not appear with the team next season, according to an announcement made here last night by Manager Connie Mack at a dinner of the Philadelphia Sporting Writers' association.

Baker last year signed a three-year contract with the Athletics. Mack stated that the third baseman is not dissatisfied with the terms of this contract but wants to devote his time to his farm in Maryland.

Baker is less than 29 years old and has been a member of the Athletics since 1908. His batting average in that year was .307. He was the hero of both the 1911 and 1913 world's series with the New York Giants. In 1911 he knocked home runs in two games at critical periods and in 1913 put the ball over the fence in the opening contest. Last year his batting average for the season was .336 and he made 12 home runs but, like the other members of the team, appeared to be in a slump in the crucial series with the Boston Braves.

FED OPENING IS NEAR

GILMORE ANNOUNCES OUTLAWS BEGIN AT EARLY DATE

NEW YORK, Feb. 17.—Before leaving here for Pinehurst, N. C., to join President R. B. Ward, of the Brooklyn Federals, President Gilmore, of the Federal league, announced that his league would try to get an early advantage over the National and American leagues this year by opening the Federal league season several days before the other major league openings. It was declared on authority yesterday that the Federal league has abandoned any intention of coming into New York city this season.

BALTIMORE, Feb. 17.—James A. Gilmore, president of the Federal league, who passed through Baltimore last night on his way to Pinehurst, N. C., announced that the proposition to place a minor league in New England had been temporarily abandoned.

The Mackburg correspondent of the Canby Herald chronicles this benefaction: "The Walsh-Heppler sawmill company is providing itself a public benefactor by utilizing the saw dust in making foot paths throughout this neighborhood. The school children, especially, are benefited."

WHAT'S THE REASON?

Many Oregon City People In Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys—assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills.

Below is grateful testimony from a sufferer in this locality.

J. F. Montgomery, West Oregon City, Oregon says: "I was troubled by kidney and bladder complaint. I had a dull pain in my back across my kidneys. While I have used only one box of Doan's Kidney Pills, I appreciate their worth. After I took them, the pain left me and my kidneys and bladder were in much better shape." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Montgomery had. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)
