This hen has hardly missed 20 days since a year ago, in laying an egg. Occasionally she becomes broody, but merely throwing her off the nest breaks the spell. The hen is now moulting, but last week she laid every day. She is a cross between a Blue Andalusian and a Buff Leg-horn.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

Pain

Here is a message to suffering women, from Mrs. Kathryn Edwards, of R. F. D. 4, Washington Court House, Ohio. "I am glad to tell, and have told many women, what I suffered before I knew of Cardui and the great benefit to be derived from this remedy. A few years ago I became practically helpless..."

"I was very weak," Mrs. Edwards goes on to say, "and could not stoop without suffering great pain... Nothing seemed to help me until I heard of Cardui and began the use of it... I gradually gained my strength... I am now able to do all my work." If you need a tonic take Cardui. It is for women. It acts gently and reliably and will probably help you as it helped this lady.
