ORGANIZATION

ENTHUSIASTIC OVER PROJECT

10 or 15 Acres Will be Devoted to
Beans Near the City. Patri-
otic Purpose

The regular meeting of the Live Wires of the Commercial club was held Tuesday noon with a good attendance. In the absence of the newly elected "main trunk," John W. Loder, Judge Grant B. Dimick was called upon to preside.

President Eby, of the Commercial club, made a talk to the Wires and called to their attention the duty of the organization in helping out the country in its time of need, especially along agricultural lines. He said that he had an option on 200 pounds of fine seed beans, and suggested that the Live Wires secure 10 or 15 acres of ground near the city, and to plant and harvest the beans. The plan was put to a vote and it was unanimously adopted. The following committee was appointed to secure suitable ground: O. D. Eby, Charles Parker, W. A. Dimick and Chris Schuebel.

It was also decided at the meeting that the Commercial club buy the seed, have the ground plowed and planted under its supervision, money for this purpose to be taken out of the publicity fund and returned from the proceeds of the sale of the crop. The balance of the fund will be used for patriotic purposes.

The crop will be cared for by the Live Wire organization and the members will do the hoeing and harvesting. It was not definitely decided at the meeting in just what manner the members will be placed in the bean field, but the popular plan seems to be to have the organization as a whole put in an evening each week with the hoe and have dinner in the field.

Judge Grant B. Dimick called the Wires' attention to the fact that the country was in dire need of food stuffs, and said that it was imperative for them to take an active interest in the matter. He said that he was of the opinion that in planting it was best to study beforehand crops that were adopted to this country.

Many amusing incidents occurred during the discussion of the project, and not overlooking the seriousness of the undertaking, the members were in high good humor.

"I want to be boss of one squad," remarked one member.

"You don't know a bean from a turnip," he was told amid the laughter of the members.

"I know as much about 'em as you do," he replied, "by the looks of that farm of yours outside of town." This called for many puns from different members.

BUSY DAY IN CIRCUIT COURT

Two Divorces Granted and Several
Minor Actions Settled

Yesterday was a busy day in Judge Campbell's court. A decree granting Ernest W. and Emma J. Bailey a divorce was issued. The father is to be allowed to see their infant son occasionally, but the mother will have custody of the child. The father must also deposit \$10 a month in a savings bank to the credit of the little chap. The Baileys were married in La Grande, Oregon, in October, 1910.

Manoah N. Swetnam was granted a divorce from Mary Katherine Swetnam.

The divorce case of Margaret Harris vs. Hubert Harris was dismissed. In the case of Gladys W. Brock vs. Roy C. Brock, default of defendant was entered.

G. J. Eberly was granted a judgment against C. P. Tallman for \$64, less a counter claim of \$17.

A marriage license was issued yesterday to Henry A. Rivers and Christina Walker, both of Parkplace.

Club Meeting Changed

The Derthick musical club will hold their last meeting of the year at the home of Mrs. John Risley at Risley station Saturday afternoon, May 18, instead of Friday afternoon, as has been customary. Mrs. Theodore Osmund will be assistant hostess.

ARE YOU READY FOR
THE WAR CENSUS?THE PRESIDENT WILL SOON
NAME THE DAY FOR
REGISTRATION

Every man between the ages of 21 and 30 years, inclusive, must register on the day soon to be proclaimed by President Wilson for the war census.

There will be no exceptions to this rule. Even if a man belongs to one of the exempt classes, he nevertheless must register if he is between 21 and 30 years of age. The government will determine who is to be exempt after its records are complete. Brigadier General George A. White, adjutant general of Oregon, working under the direction of Governor James Withycombe, has put the machinery to work and his first request of every man affected by the census is that he make a careful study of its provisions to eliminate all possible confusion at the polls.

Registering for the war census should be no more confusing than casting a vote. The general plan for gathering the data for the government is based on the ballot system. If every man is ready, War Census day will pass like clockwork.

The man who tries to evade the provision will face a term in jail without the option of paying a fine. In almost every case throughout the state the census will be taken in the regular polling places used on election days.

MORE HONORS FOR
OREGON CITY HIGHLOCAL PUPILS IN REED COL-
LEGE HOLD POSITION THREE
YEARS RUNNING

For three successive years the highest honors conferred upon students of Reed College have been won by former Oregon City high school students.

Harold Smith was president of the associated students' body in 1915, Ambrose Brownell during 1916-1917, while John Dambach has been recently elected to this coveted position for next year. Miss Louise Huntley, also graduated from Oregon City high school in 1913, has been elected vice-president of the associated students' body, the highest honor conferred upon a girl student, for 1917.

No student who has entered Reed college since its founding from Oregon City has been reported adversely in regard to scholarship or in other matters by the college. This is a remarkable record of scholarship and efficiency, and should be the pride of every student as well as of the school.

GIRLS FEAR BOMB

No Foundation Found for Rumor.
Workers Take Their Posts

Several of the girls employed at the Oregon City woolen mills refused to go to work Monday morning, owing to rumors that a bomb had been concealed in the building. The rumor originated as the result of the report of one of the guards that he saw a man enter one of the buildings. The doubling of the guard was followed by a complete search of the premises, but nothing was discovered. It took some time to convince the girls that the report was unfounded but by 8 o'clock all were induced to go to their posts. The canard caused considerable excitement in town until the truth became known.

Lost Boy Located

Harry Sladen, of Evergreen station, who left without giving any address about two weeks ago, writes home from Turner. He is employed on a ranch near that place and is enjoying health. He was located by a photograph published in the Oregonian, together with an account of his disappearance. Fellow workmen recognized the picture and asked him if he were not young Sladen, whereupon he confessed that he was the missing lad. He then wrote to his mother, Mrs. H. T. Sladen, who was suffering the suspense that always follows a mysterious disappearance.

Rev. T. J. Williams Resigns

At the morning service of St. Paul Episcopal church last Sunday, and immediately following the confirmation of a class by Bishop Walter Taylor Sumner, of Portland, Rev. T. J. Martin Denny Paroled

Martin Denny, who with his partner, Larry Sullivan, proprietors of the famous Friars' club, were recently jailed for bootlegging, was yesterday paroled, having served 20 days of his 30-day sentence. Denny has been a model prisoner, and even assisted the sheriff's office. This, coupled with the fact that he pleaded guilty and faced punishment without fear or favor, probably expedited his release. Larry Sullivan, it will be recalled, is appealing his case to the superior court, and is out on bonds.

Hour of Rest for Occasion

A large and patriotic crowd attended the inspiring flag-raising exercises under the auspices of the Girls' National Honor Guard yesterday afternoon between the hours of four and five, Mayor Hackett having declared a holiday in honor of the event. Mead Post G. A. R., Spanish War Veterans and the Oregon City Boy Scouts attended in considerable numbers. The G. A. R. and drum corps furnished martial music for the occasion. Mayor Hackett, on behalf of the Girls' National Honor Guard, presented the Boy Scouts with a fine large flag.

A patriotic address on Old Glory, addressed specifically to the Scouts, was delivered by W. R. Moore of Mead Post, G. A. R. This was followed by the singing of "Columbia's Song" by Dr. R. A. Prudden in his most pleasing manner.

Judge Campbell, who is a Spanish War veteran, then spoke eloquently on the flag and the true meaning of patriotism, emphasizing the need of patriotism in times of peace as well as in the heat of war.

Then the large flag, which was recently presented to the Honor Guard by the Spanish War veterans, was raised to the pole surmounting the fire tower, the while the Honor Guard, led by Dr. Prudden, sang "The Star Spangled Banner."

After the squad of old veterans had fired a salute of three guns, the crowd slowly disappeared, having seen and heard considerable to set them seriously thinking.

ESCAPED CONVICT
CAUGHT NEAR CANBYF. A. THURBER CLEVERLY TRAP-
PED INTO BETRAYING
HIS IDENTITY

Deputy Sheriff D. E. Frost and Chief of Police Lee French, of this city, captured Fred A. Thurber, an escaped trusty from the penitentiary, last Saturday afternoon near Canby. Thurber escaped Wednesday, and he was reported to have been seen far from the scene of his capture and the officers notified. Not convinced that he might not be in their district, the officers kept up their search. While crossing the Molalla bridge, they overtook a pedestrian, and as he was a stranger to them and answered Thurber's description, they invited the man to ride with them. The man was suspicious of the officers' intentions and asked cautiously, "What do you want me to ride for?" The reply confirmed the officers' suspicions and they immediately arrested the fellow.

He was brought to town protesting that he was not the man they wanted, but late that evening confessed that he was Thurber. He talked freely of his escape, and said that he decided to "beat it" as he was doing the work of a free man. He is a bricklayer, and was employed on the new buildings outside of the penitentiary grounds.

Thurber had served three years of a seven-year term for burglary committed in Umatilla county. He said he had been wandering around in the woods since Wednesday evening and admitted that it was he that broke into a house at Aurora and stole some provisions. He was taken back to Salem Monday.

O. A. C. Backs Movement

Clackamas county agriculturalists met at the court house May 10th and perfected a County Council of Agricultural Defense. The meeting was called to order by C. E. Spence. The object of the meeting and the general plan of the movement was outlined by Prof. E. B. Pitts. His assistant, T. D. Case, also addressed the meeting.

The following officers were elected: C. E. Spence, president; M. C. Glover, vice-president; Mrs. Maggie Johnson, secretary. A Ways and Means committee consisting of A. O. Whitcomb, W. Givens (Estacada), O. W. Robbins (Molalla), F. B. Coulter (Clackamas), M. C. Glover (Barton), A. Thomas (Hoff), H. G. Starkweather (Milwaukie), C. C. Borland (Oswego), Geo. F. Johnson (Oregon City), C. L. Thomas (Oregon City, Route 4).

Before adjournment, the council adopted a strong resolution requesting the government to forbid the use of grains in the manufacture of alcoholic beverages.

The United States government will receive the services this summer of nearly 5,000,000 men and women, if the "Vacation Service" movement started in New York is carried out according to the plans originated by Prof. Francis B. Crocker, formerly of Columbia University and a past president of the American Institute of Electrical Engineers. The movement means that the government will receive about 10,000,000 weeks, or more than 192,000 years of the time of these men and women, who will give their vacations to their country as their patriotic duty. Prof. Crocker expects that his plan will be adopted all over the country.

"Realizing that there are many who cannot enlist," he said, "and who are unable to participate in the Liberty Loan as heavily as they wish, this means of national service was evolved."

"This war is the most serious crisis in the United States has ever faced—the work of every man, woman and child is needed to bring it to a successful conclusion. Every hour given to the government is an hour gained in bringing the war to an early end. Understanding this, the 'Vacation Service' movement was started. Everyone in the United States that takes a vacation, and it is estimated that there are five million such, can do his or her bit by giving their two weeks' to government work."

"Thousands, perhaps hundreds of thousands of these are specialists in their various trades or professions—they can give the services of experts. Others can put in their time on the farms helping to solve the vital food problem of the world. Think what it would mean to the farmers if they were able to avail themselves of 100,000 years of the time of willing workers, who worked because they were patriotic! There are hundreds of other tasks in which these patriots could help their country."

"Every person willing to do this should apply to the nearest government depot or arrange to spend their vacations on the farms. Organizations should be formed in every city and these should enroll the vacation workers and assign them to their tasks."

Pacific coast fruit growers will do their share in providing for the nation's food supply, and there should be plenty of cars to handle this year's crop.

This is the cheering message sent out by J. W. McClmonds, vice-president and general manager of the Pacific Fruit Express, and one of the best posted men in the west on horticultural conditions.

Mr. McClmonds has just made a survey of the situation with the view of securing all the equipment necessary to meet the needs of the growers.

The Pacific Fruit Express company has 12,800 of its own cars, and is rushing the construction of 2700 additional cars which will be available shortly. In addition to this number, the P. F. E. people are leasing 2500 Armour cars to meet the emergency.

The following list of dealers and individuals who can furnish satisfactory seed is sent out by the Oregon Agricultural college to assist and stimulate planting:
