

NEWS OF THE COUNTY AND SUBURBS

Local and County Items of Interest to Courier Readers

STAFFORD

The general public remark one to the other, "We never had such a spring as this, so late and so much rain, but by referring to the memoranda kept for fourteen years or more by the local weather bureau we can recall quite a number of seasons like this and even worse, for while it rains a little almost every twenty-four hours most seeds put into the ground when one can dig out and plant them germinate quickly and no doubt this year will demonstrate the old quotation, "There is never a failure in Oregon."

It looks now as though there would not be many roses for Decoration day in this vicinity, as they are just beginning to bud, but the yards at present are full of a variety of other flowers and the nearby yards will yield their quota.

The Ladies' Circle proposes to have a bee of all those interested (and surely all should have civic pride enough to be interested) to clean up the two graveyards before Decoration day. The day will be decided upon Thursday, the 17th, when the Circle meets with Mrs. Fred Ellingsen. Mr. Oldham and helpers have uprooted, trimmed and dragged out the trunks of 20 large apple trees to be cut into wood, burned the tops preparatory to plowing Mrs. Gage's orchard and getting the ground ready for potatoes. The orchard is the oldest one between Oregon City and Dayton, and the farm now named very appropriately the Pioneer farm was the first to feel the plow between those two places, and the first road and telegraph line went through what is now Mrs. Gage's back yard, and wandered off to the west through the woods.

Adolph Delkar, who was kicked by one of his horses, breaking a finger and one bone in the wrist, is getting along pretty well, and the injured member getting slowly better.

Mr. Bleakney, the principal, and boys of our school got a new flag pole from the woods, but it has not yet been set up. Meanwhile the school flag hangs from the belfry window.

Our community is composed largely of Germans and people of German descent, but loyal to the country they have adopted, and willing to fight if need be to defend her shores and compel an open sea for commerce.

WHY SUFFER WITH BACKACHE, KIDNEYS OR RHEUMATISM NOW?

Letter Tells of Long-looked-for Prescription.
Dear Readers—If I can do any good in the world for others, I wish to do it, and I feel that it is my duty to write about the wonderful results I received from the use of "Anuric." I was suffering from kidney and bladder troubles, scalding urine, backache and rheumatism, and feet and ankles swelled so that at times I could not walk without assistance. Had taken several different kinds of kidney remedies but all failed. I sent for a box of Dr. Pierce's newest discovery, "Anuric," which I received by mail in tablet form. I soon got better and am convinced that this popular new medicine is good. I wish to recommend it to my neighbors and everybody suffering from such troubles.
MRS. M. J. SARGENT.

NOTE: You're all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.
Up to this time, "Anuric" has not been on sale to the public, but by the permission of many patients and the increased demand for this wonderful healing Tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.
Simply ask for Doctor Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and re-energizer for any one, besides being the best blood-maker known.

Oswego grange on last Saturday, and about twenty went to the exercises at the Hazelia school house in the evening and participated in the adding match and other stunts, the losing side to furnish refreshments at the next meeting.

All hope that Stafford school house can be used for the same purposes in the course of time, as people must have something of interest to look forward to and such entertainment tends to keep the boys and girls from drifting into the cities.

On Monday night about fifty, among them four ladies, went to the school house, which is open for political meetings, to hear Brothers Stipp and McBain talk about the \$6,000,000 bond issue and listened very quietly while they repeated the same things we have read in the papers ever since the legislature adjourned, except making it very plain that the portion awarded to Clackamas county would be expended mostly on the three roads running to Portland out of Oregon City, but did not seem to be clear in their minds how we were going to get our produce hauled from our farms to the good roads on the way to market, but gave us the consolation assurance that we might get the crumbs left over sufficient to fill up the worst holes and would be no worse off than at present. Stafford, however, seems to think if the auto license is to pay the principal and interest it would be cheaper to wait till the auto license was on hand and save paying the interest. It will be remembered they tried to bond the county once upon a time, but did not succeed and it is a foregone conclusion that this bond issue will share the same fate.

LIBERAL
The farmers have been jumping sideways between showers to get a little grain in, and still it rains. About half of the seeding is done. Grass is growing fine and stock are leaving the straw stacks for good. The clover crop so far is very promising and will make a fine crop if weather is good and does not turn off hot and dry.
Stock hogs and small pigs are not to be had in this section at any price. Our roads are getting in bad shape again. The heavy loads over them are tearing them all to pieces.
Wood splitters are wanted badly in this section, lots of wood being cut, but no splitters except a few old men.
Ralph A. Conn, a noted Portland attorney, wife and family, were visiting S. Wright and family Sunday last. Ralph thinks Liberal a good farming country, but the chicken dinners beat all.
Mrs. Mary Heiple, son Henry and family, were visiting her sisters at Liberal and Marquam Sunday to Monday, returning to Estacada Monday evening.
Onions will be a short crop this year; cannot sow the seed in proper conditions, as the ground is mucky.
A large acreage of beans and potatoes will be planted if weather permits.
The farmer is the one that is worrying. He knows his duty to the world and is striving to do with all his might.

CHERRYVILLE

Every little bit of sunshine helps. Great growing weather for grass and grain.
Fruit trees are unusually backward in blooming this spring, but the prospects for a big crop are very good.
The railroad companies of the state are asking a raise of 15 per cent on lumber eastward. This, too, in spite of the fact that they are unusually prosperous and have no valid reason for asking for this excess. The lumber business is the great industry of the state and anything that hampers them is a positive injury to the whole state. In the meantime they do not want to pay but \$9 a thousand for ties, which does allow any profit to the millmen when we take into account the high price of labor and the high cost of living.

The old board of the Clear Creek Mutual Telephone company were re-elected, except G. C. Armstrong, who was replaced by F. P. Wilson, president. The company has been able to pay off \$300 on its indebtedness this year.

Red Wing farm has shipped another of its herd of Guernseys to Tillamook last week.
Ancient history shows that among those twelve disciples there was one traitor. Will history repeat itself again and show up another out of the 12 disciples of good roads? Even the elements seem to be against the bond issue, as well as the moneyed men,

Here is Proof by Women who Know.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—MRS. MARGARET QUINN, Rear 259 Worthen St., Lowell, Mass.

She Tells Her Friends to Take Lydia E. Pinkham's Remedies.

North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got hearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sanative Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sanative Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. There are about 20 of us here who think the world of them."—MRS. FLORENCE ISILLA, Box 197, North Haven, Conn.
