MANY SCHOOLS STANDARD

Clackamas County One of the Leaders in This Work

Superintendent J. E. Calavan has recently officiated at the standardization of several more Clackamas schools. Among these are Districts No. 118, Clackamas and Lower Logan. A splendid program was prepared at Clackamas by the teachers, Misses Lettie and Win Osborne and Mina Lewis, in which the pupils took part with a vim. A similar program was given at Lower Logan at which Mrs. John P. Risley of Concord and Mrs. John Waldron, representatives of the Clackamas County Parent-Teachers' Council, were present and took part, giving vocal selections.

On Friday evening Mr. Calavan and Dr. W. T. Milliken of Oregon City went over to Cottrell and took part in the graduating exercises of the eighth grade class there. They found a very interesting and efficient school under the management of Mrs. E. Lansdowne and her associate. A fine program was provided, and at its close Mr. Calavan presented the directors with their certificate of standardization.

Through means of the zone system, which places examinations and tests within easy reach of all parts of the county, Mr. Calavan is making it possible for more pupils of the rural schools to receive credits for work done in the special state tests than would be possible if they all had to go to one center, as is the case in most counties. Messrs. Calavan, Vedder and their efficient corps of workers deserve a great deal of credit for the work they are doing for Clackamas county.

Cut This Out—It Is Worth Money. DON'T MISS THIS. Cut out this slip, enclose with 5 cents and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.—Jones Drug Co.

WILL INVITE TEACHERS

Delegates to National Education Convention to Visit Clackamas

To discuss the meeting of the National Educational association, to be held in Portland in July, the Clackamas County Teachers' association met in special session last Saturday afternoon in the Eastham school building. The attendance was large, and plans to have the delegates visit the many industries and scenic spots of Clackamas were discussed. According to School Director Plummer of Portland, who was present and addressed the gathering, an invitation would doubtless be gladly accepted by the visitors.

"The Teacher and the Coming Citizen" was the subject of a most interesting address by Rev. E. E. Gilbert. A paper on the "Elevative Subjects in High School," which proved both interesting and instructive, was followed by a general discussion on the subject, led by Miss Evelyn Todd.

SPEED LAWS ENFORCED

Four Aelged Violators Arrested and Two Plead Guilty

H. E. Meads, a motorcycle policeman patrolling the highway between Milwaukie and Oregon City, has bagged four alleged offenders of speed laws in 24 hours. L. J. Bro-nough of Oak Grove, G. F. Nickerson of Gladstone, W. H. Monroe of Portland and Earl C. Latourette of Oregon City were the victims. Bro-nough and Monroe pleaded guilty before Justice John N. Sievers yesterday afternoon and were fined \$10 each. The other two will have a hearing today.

Since the auto collision at Jennings Lodge about two weeks ago, the authorities have decided to put a stop to reckless driving on the county road, and Monday's arrests are the first fruits of the campaign to protect life and limb on the highways.

The Oregon City Courier and the Oregon Daily Journal (except Sunday) for \$4.75.

Gravity is Not the Test for Gasoline

"The specific gravity test is worthless, as a test of gasoline quality."

So says the U. S. Bureau of Standards. Boiling points comprise the only real test, because easy starting, quick acceleration, maximum power, depend absolutely on boiling points. The gravity-hydrometer tells you nothing about the boiling points of gasoline.

RED CROWN
the Gasoline of Quality

Is straight-distilled, and thus has its boiling points in a gradually rising, unbroken chain—low boiling points for easy starting, medium boiling points for quick and smooth acceleration, high boiling points for power and mileage.

No mixture can contain an unbroken chain of boiling points—the hundreds of intermediate points are missing. Be sure and get Red Crown. It's pure gasoline—not a mixture.

VAN NESS AVENUE AND TOWN STREET

Gentlemen:—

From our own experience and the reported experience of Saxon owners in California, we know Zerolene to be a most satisfactory motor oil. Be it whenever recommending owners on the matter of motor oil.

Endorsed by Leading Car Distributors

—because the records of their service departments show that Zerolene, correctly refined from asphalt-base crude, gives perfect lubrication with least carbon deposit.

Less wear and more power because Zerolene keeps its lubricating body at cylinder heat. Less carbon because, being made from asphalt-base crude, it burns clean and goes out on exhaust.

Zerolene is the oil for your car—whatever the make—the oil for all types of automobile engines. For correct grade, get our lubrication chart covering your car.

At dealers everywhere and Standard Service Stations
