SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "Anurie"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion without charge—absolutely free. This "Anurie" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anurie Tablets. There can be no imitation. Every package of "Anurie" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular micturition, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Anurie Tablets.

Spring has come at last, at least we have one beautiful day of sunshine. It is certainly welcome. Nothing grows but the weeds, and they are turning yellow.

PARKPLACE

The grange met Saturday last, with a smaller number of members present than usual. The speaker, Mrs. McMath, of Portland, was unable to be present, but Mr. Lillie talked to us on the road bond issue, on the negative side. The Literary society of Clackamas gave a short play, "The Butter Convention," which was very good.

Next Saturday evening there will be several prominent speakers at the grange hall, who will give the road bond issue from every possible viewpoint, and it will be good for every voter to be present and hear.

This week Wednesday there will be a rush for Miss Chadbourne at Holmes', where she has been boarding for some time. MOUNTAIN VIEW

Quite an excitement was on Molalla avenue last Monday afternoon, when Everhart and Hall's delivery team started to run away. Mr. Hall had stopped at the corner of Pearl street to let some little girls out with a couple of baskets and in helping them the team took advantage and made a dash. Mr. Everhart's little son was in the seat, and when the team passed the Everhart and Hall store George Everhart ran out and succeeded in climbing in the wagon. He caught the little fellow in his arms and jumped out just as they turned on Duane street. Mr. Everhart was badly bruised, but the little boy was only slightly hurt. The team ran down to near the cemetery, where Frank Bullard succeeded in catching them. Nothing was broken and altogether it was a lucky as well as unlucky runaway.

Every man that is eligible to the draft expects to register next Tuesday. We have no slackers in our part of Oregon City. While we hope it will not be necessary to conscript any yet loyalty will be the standard.

CHERRYVILLE

Now that June is here we hope for more sunshine.

The few bright days we had this week helped the gardens amazingly.

No better prospect for a big fall crop was ever seen any year than we have now.

C. E. Kern, the road boss in this district, has a force of men on the roads now. They are laying planks in the worst places. He has ordered 100,000 planks from the mills. He says that he had planned to lay crushed rock on the roads beginning at the west line and gradually working east, but men prominent in road work in Portland told him that work would begin through here in less than 3 years on the circle around the Hood connecting with the Columbia highway, and advised him not to lay crushed rock as a different base would be needed then. This will make this one of the most extensively traveled roads in the country.

All persons of a military age in this precinct, beginning at the west end on Beaver Creek and extending to the Alder Creek bridge, must register at the postoffice here next Tuesday, June 5th, as the writer is the registrar for this part of the precinct. No excuse will be taken if you neglect this important step, and remember a man is 30 years of age until he is 31.

Mrs. Parnell Averill, who has been visiting with her daughter, Mrs. Geo. Eaden, at Logan for the past week, returned home this week.

Lawrence Nathe, harness maker, 903 Madison street, says: "Eight years ago I was laid up for several months with rheumatic pains. Most of the time I was helpless and my whole body was sore. I could hardly bear to have anyone come near my bed as I was so sensitive to the least noise. My kidneys were in a pretty bad way and were congested. I took about six boxes of Doan's Kidney Pills altogether and since then I have had but little trouble from my kidneys and have been feeling good in every way."
