Spring Fever?

This is the time of year to look out for trouble! We feel weak—our blood seems hot—no appetite. It's time to clean house! This is when the blood is clogged and we suffer from what is commonly called a cold.

Dr. Pierce's Golden Medical Discovery (in liquid or tablet) purifies the blood and entirely eradicates the poisons that breed and feed disease. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood. For sale by druggists. Take it as directed and it will clear the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

ASK YOUR NEIGHBOR!

Portland, Oregon.—"Dr. Pierce's remedies have been used in my family for years, and with good results. I always give my children the 'Golden Medical Discovery' as a tonic in the spring. My husband took it for poor blood, torpid liver and indigestion. My daughter found it especially good for bloating caused from indigestion. I am glad to recommend Dr. Pierce's Golden Medical Discovery."—Miss M. Cunningham, 509 Ross Street.

Farmer Demands Runaway Lad; Takes Him Back to Farm From Home of Grandmother

Returned to his mother Tuesday night by Clackamas County juvenile officials, after an absence of eighteen months, 13-year-old Merle Hood was gone again before six hours had elapsed.

Merle had hardly more than arrived at the home of his mother and his grandmother than W. E. Wettlaufer, to whom the lad had been bound out by the Boys' and Girls' Aid society of Portland, called and demanded the return of the lad.

Didn't Know. The grandmother, according to the officials Wednesday, did not know that she could combat his claim to the youth and allowed Wettlaufer to take Merle back to his farm near Clackamas.

Merle ran away from the Wettlaufer place Monday and was picked up by Sheriff Wilson Tuesday. His story of interminable working days and the sight of his work-swollen and calloused hands so moved the local officers that they looked into the records of the

case and found out that the boy was still a ward of the juvenile court.

For that reason they told his mother, Mrs. Elsie Harbar, that she might take the boy home with her and she did so.

Investigation carried on Tuesday, however, developed the fact that the lad had been turned over to the society from The Dalles, where he was assigned to the juvenile court as a dependent after he had been a court charge here.

For that reason, Judge Anderson, of the juvenile court, said Wednesday that further queries into the case would be made. The society has been notified and may be asked to demonstrate its claim to the boy.

It is also expected that the society will make an investigation of the charges which the boy made in explanation of his running away. He claimed that although he had been well fed and sent to school regularly that he had been greatly overworked.
