

CHERRYVILLE

We're "Marching" on!
It is probably for the best that Spring has been delayed by the cold rains.

The contract has already been let for grading Laurel Hill on the road from Zig-Zag to Government Camp, a distance of nine miles. Work will begin as soon as the weather permits.

Better weather is promised for this week. Glad to hear it.

Two returned soldiers at the mill above us, Elmer Johnson and Garrett Pickens, have no words of praise for the Y. M. C. A. and their work for the soldiers in France, but speak highly of the Red Cross and Salvation Army.

Another saw mill is proposed, a mile north of town on the Geo. Honey land. A considerable body of second growth adjoins this tract and the ties will be put in the back water above the dam.

Princess Catecauzene, formerly Miss Grant, daughter of Gen. Fred Grant, and now in Russia with her family, writes in the Saturday Evening Post of a remarkable prophecy by Tolstol, the great Russian reformer and writer. This document was discovered among the private papers of the late czar and predicted long before the great war, of its approach, and said it would be the greatest the world had ever known. He said a new era would begin after the war and four great races would predominate, the Anglo-Saxon, the Latin, the Slav and the Mongolian. The churches of creeds as they exist, would go down, and a new reign of peace and righteousness would be supreme in the year 1925, and the most prominent figure in this great step would be a Mongolian Slav. He predicted the war all right, which was bound to come, for the arrogance of the Prussian military class was bound to have it.

An unrepentant pro-German in one of our industries, said lately, "Let it rain! Nobody out in it but dogs and soldiers." It came very near producing a bit of unpleasantness. How strange it is that no matter how foolish a person is, the smarter he thinks he is. When the celebrated Prussian Guards returned to Berlin with more than half of their number slain and utterly defeated by the American Marines in every engagement, with their hands still playing "Deutschland, Over Alles." You never can knock the conceit out of a fool. With their country ruined and their people near starvation, they still think they are supreme. They never will have another chance to start anything in a thousand years.

JENNINGS LODGE

Mrs. A. A. Hopson was a charming hostess for the Grace Guild on Wednesday afternoon, February 26th. A large number were present and after the business meeting all enjoyed an impromptu program, which was given by way of slips of prose, each taking part in the affair. Mrs. Hotchkiss sang, her voice delighting all. Mrs. Blinestone gave a pleasing recitation and was heartily applauded; Mrs. Herman told some of her funny sayings of children, and Mrs. Allen brought a message of love to the hostess and presented her with a birthday book, each lady present writing her name in it.

Others contributing to the program were: Mesdames McHargue, Lasey, Tucker, Williams, Deter, Cushing and Covert. Delicious refreshments were served, and grape juice sold, the proceeds to go for the church. On departing Mrs. Hugh Roberts, chair-

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. I relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARY BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

Charles Wallace, who has seen much active service in France, has returned home on a 30-day furlough, which he will spend with his mother, Mrs. Wm. Henderson, of the Mel-drum district. Charlie is a former Oregon City high school boy and his many friends are glad he is recovering from his wound received while overseas.

A number from here attended the funeral on Friday of last week, of the late L. Wilcox, who passed away at the Oregon City hospital, where he was taken the week before. Mr. Wilcox, while pruning trees on his property here, fell and fractured a hip, from which he never recovered.

Mr. Wilcox was born in Michigan and was about 75 years of age. He came to Oregon some 15 years ago, residing at this place for over ten years, and was held in high esteem in this neighborhood. The deceased is survived by a wife and four children, Naomi, Kenneth, Keith and Hugh Allen, who reside at Concord. Three children by a former marriage, also mourn the loss of a father, Mrs. Evelyn Holden, of Sellwood; Mr. Harold Wilcox, of Ft. Roch, Oregon; and Luther Wilcox, of Lents. The services were impressive, being conducted by Rev. Patten, of Oak Grove.

Mrs. Albert Pierce has returned from her trip through California. Mrs. S. H. Bechtel has returned from Idaho, where she visited her sister.

Mrs. Newcomb and baby have returned from Portland. Gail Elizabeth has been the name given the little daughter.

A basket dinner was enjoyed by the hundred pupils of this school on Friday, in honor of the birthday anniversary of Mrs. Minnie B. Altman. Mrs. Moore and Mrs. McDonald assisted the pupils in the affair.

Harold A. Smith and Lorraine Ostrom arrive in Portland on Saturday, from France. Both are well and favorably known here. The former's parents are now residing at Potomac, Montana, and the Ostrom family are delighted with their new home at Los Angeles.

Mr. and Mrs. Walter Beckner, former residents, are now located at Ingleside, Calif., a suburb of Los Angeles.

LOGAN

Mr. Feathers took a load of hogs for F. P. Wilson, and F. W. Riehoff took a load for J. Minder, into town. A good load of hogs is a cure for the blues now, or at least gives relief until the feed bills begin to aggravate the malady again.

The influenza got such a hold on Edwin Gerber that his recovery is very slow.

Mrs. T. E. Anderson is quite ill with bronchial pneumonia.

H. R. Corless recently exchanged visits with his father, J. E. Corless, Mr. Corless Sr., and his daughter, Mrs. Costello, and family, live in the coast region near Eugene.

Miss Emma Benson and Bernard J. Berg were married recently and will reside on the William Barlow farm, which Mr. Berg and his brother will operate. The boys caught the couple at home at the Benson farm and gave them some selections by the Logan Jaz band. May their portion be a goodly measure of success and happiness.

Mrs. Earl Gerber's brother-in-law returned from the training camp in Virginia and she has gone with him for a visit with her parents at "Bandon-by-the-Sea."

Born to Mr. and Mrs. Fred Brown, a son.

The regular meeting of Harding Grange No. 122 was held at the Logan hall with a very good attendance, considering the weather. There was one application for membership and six were initiated into the order. Those taking the first and second degrees were the Misses Helen, Elsie and Gertrude Smith, Helen Ogden and Mr. and Mrs. M. A. Rose.

During the lecture hour discussions were held on the "Selection of Pure Seed," and "The Daylight Savings Plan." Each one present read a quotation or made some little remark on present day topics. Mabel Kirchem gave a vocal solo and Clara Fullam and Henry Egger sang a duet.

The young folks of Harding Grange, who are in the habit of tripping the light fantastic toe, will have the first opportunity of the season on March 8th. Good music and all the other good things will be provided, and it is expected the affair will be a humdinger. Those on the committee are A. M. Kirchem, chairman; W. H. Brown, assistant; H. Babier, floor manager; Mrs. Babier, refreshments; Clara Fullam, music.

The next meeting, which will be held April 5th, will be an open meeting in the afternoon as the county agriculturist is to speak, also several other people. Everyone is invited, and the children especially, as the industrial club work will be discussed.

Harding Grange has appointed a

committee, consisting of Messrs. Kohl, Wilson, Sloper, Kirchem and Mrs. Babier, to formulate plans for a rousing Fourth of July celebration, and the committee and all others expect to go over the top, clear through no man's land and all the enemy trenches. We have a spacious park and now that the principles proclaimed on July 4th, 1776, are making giant strides toward ruling the world, we surely have more reason to celebrate than ever before.

Harding Grange adopted a resolution against the continuation of the clock-changing law as being an unnecessary hardship on farmers and school children. The crisis that called the law into being is passed; let the law pass also.

The great Krupp factory is taking a much needed rest along with all the others in that class, and if Wilson and Taft and their idealistic plans are given a chance, the rest will be permanent. Lodge, Pindexter, et al., to the contrary notwithstanding. The Lodge-Pindexter argument is inspiring to republicans with a powerful magnifying glass, searching for something that might be whipped into the semblance of a law in the Wilson program, but it will not appeal to people who have humanity's best interests at heart. They say we should not interfere in European affairs or try to improve conditions there because that would make them worse, and bring on wars instead of preventing them; also that we should not surrender our sovereignty. This in the face of the fact that we have just been compelled to interfere in European affairs in a very expensive and unhappy way, which, in all reasonable probability, would have been avoided by previous interference through the laws laid down by even a league of the United States and our Allies. Germany took the gambler's chance on England remaining neutral; took the same chance again on the United States, and lost in both cases. The right kind of a scrap of paper would have given "Capacity for covenant." If we are never to surrender our sovereignty in that sense we are never to make a treaty, even of peace. To make an international agreement is really a sovereign act, and not surrender. We simply agree to sustain ours and recognize the fact that "In union there is strength."

They charge also, that the league would be taking up the socialist doctrine of internationalism. It would be true internationalism, but not anti-nationalism, which is what most socialists mean by that term. This is the main thing that led John Spargo to leave the party. The league would strengthen nations by uniting them for defense of mutual interests, leaving them free to develop themselves to the utmost.

January 28, 1919

A. B. Fosseen & Co.
Yakima, Wash.

Gentlemen:

Please enter my order for 8000 lbs. Sherwin-Williams Dry Lime Sulphur and 2900 lbs. Sherwin-Williams Dry Arsenate of Lead. This to be delivered as required.

You will recall that last year I desired to test the Dry Lime Sulphur and with this in mind I selected several acres and followed the directions of the manufacturers. We found that the material went into solution splendidly and at no time did it delay us in connection with the nozzle.

The matter of convenience was especially noticeable as it eliminated the transporting of heavy barrels to the orchard, enabling me to use my hired help to better advantage in the work of actual spraying. Further I saved the cost of returning the empty barrels.

The results at the end of the season show that while heretofore we were troubled with a little scale this year the orchard was very clean and I feel I can attribute this to the use of the Dry Lime and Sulphur.

I will also say regarding Sherwin-Williams Dry Arsenate of Lead that it is the best I have ever used. I was impressed with its wonderful adhesive qualities it being present after the hardest storms and examination of the fruit showed it to be free of worms and a coating of the lead still apparent. I feel that as long as the Sherwin-Williams Co's standard is maintained, that I need do no further experimenting with Lead.

My confidence in both materials and the results they accomplish is best expressed in the fact that I am placing my order for my requirements with you and shall be glad to recommend them to anyone inclined to use them.

Yours very truly,

Eleven rules have been given out to each pupil which is called the "Chore Card." The pupil is rated on the number of the chores executed each day, and marked accordingly. The contest will last eight weeks, and at the end of that time, prizes will be awarded for the highest score. Physical cleanliness as well as neatness is the main object of the movement, and the young students are taking an exceedingly keen interest in the contest.

WALLACE WRITES EDITOR ON SMUT ELIMINATION

Upper Highland, Clackamas Co. Brother Farmer:—If you wish to raise no smut, screen your grain and sow it early. Late sown grain will raise smut. What makes smut in oats? The hot sun of June scalds, or cooks the grain that has been sown too late.

A neighbor of mine sowed half of his grain, but rain kept him from sowing the second half until two weeks later. The first half was free from smut, and the last was half grain and half smut. He had vitrolled it all at the same time.

Brother Farmer, I think this is a pretty hard knock against smut. Your brother farmer, GODFRIED WALLACE.

Lee V. Shannon has entered suit here against Hannah Nordiof, E. O. Hall, and Nellie Hall to collect on a note for \$200 given him by Hannah Nordiof. Shannon claims they were to assume the mortgage on the property, but he alleges that nothing has been paid on the note. He asks foreclosure of the mortgage and sale of the property to satisfy his claim.

Weekly Health Talks

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M.D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but this, in turn, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to prevent and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that such distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines. If piles are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these standard remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

A petition for the probate of the estate of Margaret Weidner, also known as Margaret Henric, was filed in the probate court Thursday by Tom R. West. Files for Administrator

Evelyn Whiteman filed Thursday for letters of administration in the estate of A. L. Whiteman, deceased. The petition was filed through the guardian, Dora, Whiteman. Four children are named as heirs to the estate, which consists of personal and real property in Marion county, to the value of \$475.
