FIFTY-THIRD YEAR—No. 17.

OREGON CITY, OREGON, FRIDAY, MAY 2, 1919

ESTABLISHED 1866

INFERNAL MACHINES DISCOVERED IN MAIL

NEW YORK, April 30.—With the discovery today in the post office of 14 infernal machines, in addition to half a dozen which have been delivered to prominent men in various cities, federal detectives tonight were endeavoring to run down the organizers of what is believed to be a nationwide plot to assassinate cabinet officials and other men prominent in official and private life.

Bombs have been delivered at the homes or offices of former Senator Thomas W. Hardick of Georgia, Federal Judge Kennesaw M. Landis of Chicago, Mayor Ole Hanson of Seattle, District Attorney Charles M. Fickert and his assistant, Edward M. Calkins, of San Francisco, and Representative John L. Burnett of Alabama. Among those found here today were addressed to Secretary of Labor Wilson, Postmaster General Burleson, Attorney General A. Mitchell, Chief Justice Oliver Wendell Holmes, John D. Rockefeller and many other prominent men.

TROOPSHIP ARRIVES IN NEW YORK WITH MORE WESTERN BOYS

NEW YORK, April 25.—The giant troopship Leviathan, with 12,050 soldier passengers, the last of six transports to arrive here today bringing 22,973, missed a mine by only 39 feet while off the Grand banks of New Foundland Tuesday morning, her officers reported when she docked tonight.

Several units of the 42d (Rainbow) division were on board, including large detachments from the 149th and 150th field artillery regiments, 160th and 168th infantry regiments, 117th sanitary train division and 85th brigade headquarters and division military police.

Today's arrivals include 14,204 members of the 42d (Rainbow) division and 4269 members of the 77th (Liberty) division (New York). This is one of the largest single day troop arrivals in this port.

OREGON PHONE RATE CASE TO BE HEARD IN HIGHEST COURT

SALEM, April 25.—In behalf of the Oregon public service commission Charles E. Elmquist, president of the National Association of Railroad and Public Utilities commissioners, will file a brief amicus curiae in the South Dakota and Massachusetts telephone rate cases and the North Dakota railroad rate case that are to be argued before the United States supreme court Monday, May 5. Two telephone cases seek to enjoin Postmaster General Burleson from imposing intrastate telephone rates, and the railroad case seeks a similar injunction against Director General Hines relative to intrastate railroad rates.

ITALIAN ENVOYS MAY NOT SIGN PEACE TREATY

PARIS, April 29.—With everything virtually in readiness for the handing over of the peace treaty to the Germans at Versailles, the Italian situation looms large as an impediment in the way of unanimous agreement on the part of the entente and associated governments.

So tense is the situation that Vittorio Orlando, the Italian premier, at a conference with Thomas Nelson Page, the American ambassador to Italy, left Mr. Page with the understanding that the premier did not intend to return to Paris for the signing of the peace treaty.

Premier Orlando gave the ambassador the impression that, owing to the critical situation and the fact that the premier's action either in going to Versailles or remaining away from the peace conference would have serious consequences, it would be preferable to have the trouble come from without Italy rather than

MORE OREGON TROOPS ARRIVE FROM FRANCE

NEW YORK, April 30.—Fourteen officers and 647 men, comprising all except Company H of the second battalion of the 162d infantry (41st division, former national guard of Washington, Oregon, Montana, Idaho and Wyoming), returned on the Louisville today from France.

On the steamship Regina d'Italia from Marseilles were casualties from Colorado, South Dakota, Wyoming and Iowa.

Companies F and G of the 162d infantry were never used for replacement troops and were stationed in England during all of their service overseas. According to Colonel John L. May, former commander of the regiment, these companies include about 225 Oregon men, and is the largest unit of the old Third Oregon to return complete.

METHODIST CHURCH OF CLACKAMAS PLANNING CENTENARY MEETING

A centenary meeting will be held at the Methodist church at Clackamas Sunday morning at 11 o'clock, May 4, when a specially arranged program will be given. This will consist of songs and the pastor, Rev. George Abbott, will have an appropriate subject for his sermon. A number of women of Willamette Methodist church, will be in attendance, and assist in the singing. A centenary worker will be at the church, and give an address on "Centenary."

The object of holding this meeting is to assist in raising the quota of the Methodist drive, and if this is done, the conference has offered to give its assistance, for the benefit of Clackamas and community.

This is one of the pioneer churches of Clackamas, and it was organized many years ago, and many old-time members are planning to make special effort to attend this centenary meeting. Mrs. Julia A. Hartnell of Clackamas, is chairman of the publicity committee in arranging for this meeting.

Allies Propose to Try Ex-Kaiser

WASHINGTON, April 28.—New articles proposed for insertion in the peace treaty to be considered at the plenary session of the peace conference today, the state department announced, include the following:

"Article 1.—The allied and associated powers publicly arraign William II of Hohenzollern, formerly German emperor, not for an offense against criminal law, but for a supreme offense against international morality and the sanctity of treaties."

It is proposed that a special tribunal be constituted to try the accused consisting of five judges, one appointed by each of the five great powers.

Romig Boys Send Many Souvenirs

One of the largest collections of war souvenirs yet received in this city is on display at the office of Dr. Prudden. This was sent to Mr. and Mrs. C. F. Romig by their sons, Orlando and Harry, who are on a Jewish Welfare relief ship.

There are several kinds of helmets, one of these being that of a Hun sniper. This is the first of these received here. Dress parade helmets are also in the collection and several gas masks and belts are on display. Knives, bayonets, daggers, shells and other articles and a large collection of foreign coins complete the collection.

These two boys have been in the service for some time and the souvenirs were purchased in Danzig, Germany.

Secret Treaty Is Denied by Wilson

WASHINGTON, April 25.—President Wilson has not entered into any secret alliance or treaties with any foreign governments.

Thursday Joseph Tammany, secretary to the president, who is in Philadelphia, sent the following message to the White House which was given out last night under his orders:

"In view of the fact that certain newspapers of wide circulation throughout the country have intimated that President Wilson has entered into a secret alliance, or treaty, with some of the great powers, I conveyed this information to the president and am today in receipt of a telegram from him giving positive

ENGINEER KILLED IN WRECK ON RIVER ROAD

Gilbert Murphy, an engineer, whose home is at Colton, sustained injuries Saturday morning that resulted in his death at the local hospital at 10:30 that evening.

He, in company with Walter Gorbett, were bringing a steam roller to Colton from Portland, and as they started the descent of the Oak Grove hill, the machinery broke, and the driver lost control. Mr. Murphy was driving the roller and when he began the descent he shut off the power and coasted for some distance when he tried to reverse the machine to re-start the speed. A large pin holding one of the cog wheels became loose and dropped out, rendering the machinery powerless to reverse.

Gorbett was steering the machine and as the speed became greater Murphy asked for the wheel and Gorbett turned it over to him.

A grader was trailing the roller and Gorbett jumped off the machine, intending to board the roller and release the blades in order to retard the speed of the roller. He landed in a ditch and when he recovered the outfit was past and he could not catch it. The last he saw of Murphy the man was still on the roller and when he looked again he was not in sight.

Murphy was either thrown off or jumped and in doing so struck his head on the pavement, fracturing his skull.

The grader came loose from the roller and kept the road, but the roller jumped the grade about 200 feet from where Murphy was found. The heavy machine fell about 20 feet and buried the front end in the ground, so hard was the impact.

The deceased is survived by his wife and four children of Colton.

WILSON LIKELY TO BE FIRST LEAGUE HEAD

PARIS, April 29.—A proposal is on foot to hold the first meeting of the league of nations in Washington during the current year. Should the assembly meet first in Washington, it is said President Wilson doubtless would be asked to become the first president of the league.

Before the meeting of the council of three this morning, President Wilson received Baron Makino, head of the Japanese mission, and Viscount Chinda, his colleague. The conference lasted nearly an hour. Presumably the question of Kiao Chau was under discussion.

MEET AT OAKLAWN

The Oaklawn neighborhood, in the south end of the county, near the Marion county line will have an all-day meeting May 14. N. H. Smith, one of the successful dairymen of the Logan district, will speak on "Dairying."

This community has a live debating society and holds many spirited debates on subjects that are uppermost in the public mind.

PLANS ARE MADE FOR MEETING FRIDAY NIGHT

Plans for the big patriotic meeting Friday evening at the Liberty Temple are rapidly forming and O. D. Eby received word from Portland Wednesday that John L. Etheridge, state chairman of organization, would be the speaker.

Mr. Etheridge is a forceful speaker and is one of the best versed men in the state on the loan and has done much to help the outside districts raise their quotas.

The Moose band has been secured for the evening and a patriotic program will be given. This band has been called into service on every drive and have always responded.

Estacada reported over the top Tuesday evening, citizens of that district subscribing the entire quota.

The following subscribers were reported in Oregon City Saturday:

E. R. Leek	\$1,200.00
A. U. Housden and Louise Borden	1,000.00
Claude L. Decker	50.00
Annie R. Tufts	150.00
George T. Johnson	500.00
Emma J. Arnold	50.00
M. E. Dunn	100.00
Ford Quinn	50.00
H. F. Way	50.00
Geo. H. Marley	100.00
Mrs. H. E. Jones	100.00
M. R. Lindle	100.00
A. E. Bauer	250.00
Peter Neuren	500.00
J. W. Moffatt	700.00
John Moffatt, Jr.	100.00
Jean Moffatt	100.00
Rosemary R. Robbins	100.00
Chas. Slevens	50.00
W. V. S. Ry Co.	1,250.00
Irving T. Miller	50.00
Gordon Miller	50.00
T. Osmond	100.00
Della L. Beattie	50.00
Harry Draper	500.00
J. Kunt	50.00
Mr. and Mrs. E. A. Young	50.00
W. A. and Mrs. Long	100.00
Mary Isabel Swope	100.00

GOOD ROAD PROGRAM BOOSTED BY LIVE WIRES

"As never before, Clackamas county realizes the urgent need for immediate road improvement of as permanent a nature as possible and the county is being rapidly bound into one mind as to determination and program for this attainment."

Close to a hundred representative business men and farmers of the county lunched together and talked roads at the Commercial club rooms in Oregon City Tuesday night and the sentiment expressed showed that the time has passed when different localities will squabble over road expenditures. "Good roads for Clackamas county today, not tomorrow," is the new slogan of the day.

The primary discussion of the road meeting was the much talked of Mt. Hood loop road from Portland, up the Columbia River highway, around Mt. Hood and back into Portland. Naturally Clackamas county wants as much of the southern side of the loop to come through the county, as possible. The location of this route will be up to the state highway commission. Clackamas county's road delegation will decide upon the most feasible route through the northern part of the county and will urge the adoption of this route as part of the loop.

But this is only a part of the road program the county will promote. Within a few days representatives from the different parts of the county will be invited to another luncheon and road meeting in Oregon City and the loose ends of the road program will be tied together.

The urgent need of a trunk hard-surfaced road extending through the county from east and west and connecting Oregon City with the vast by-product stretches of eastern and western Clackamas county was forcibly pointed out by E. W. Bartlett, J. W. Reed and H. C. Stevens of Estacada, J. W. Gibson of Barton, and others. John Exon spoke for the southern part of the county.

"From an investment standpoint," said Rufus Holman, county commissioner of Multnomah county, "any land owner can afford to give \$1 for every acre of land he owns for road improvement. I should like to see such a slogan adopted by Clackamas county for its road program."

Harvey E. Cross advocated the operation of at least five paving plants by the county instead of the one used at present. "At the rate we are putting down hard-surfaced roads now," he said, "we will be as old as the hills before Clackamas county gets all the roads it needs."

County Judge H. S. Anderson and Commissioner W. F. Harris pledged the county court to a persistent policy of permanent road improvement for the county.

After the regular meeting the joint committees met and organized the Clackamas County Mt. Hood Loop Association and elected the following officers:

President, L. A. Morris; vice president, W. Harris; secretary, E. W. Bartlett of Estacada; treasurer, H. C. Stevens of Estacada.

VICTORY BALL WILL BE GIVEN SATURDAY NIGHT

The Busch hall is being elaborately decorated for the big victory ball to be given Saturday evening, May 3, when the boys of Clackamas county returning from service, or those on a furlough, are to be given a most cordial welcoming home. Each young man, whether a soldier, marine or sailor, will be admitted free, and are to be given the privilege of bringing a lady. Ice cream and punch are to be served to them free of charge, and the boys of Clackamas county are to be given one grand time on that night. McElroy's orchestra of Portland, one of the best musical organizations of that city, will furnish the music for the occasion. Tickets including gentlemen and lady, \$1.00; spectators, 25 cents.

GOVERNMENT IS TO RELINQUISH WIRE CONTROL

WASHINGTON, April 28.—The government is preparing to relinquish control next month of American cable lines and to restore the telegraph and telephone systems to private ownership immediately after enactment by congress of laws necessary to safeguard properties.

Postmaster General Burleson, as directing head of the wire communication service taken over as a war measure, announced today he had recommended to President Wilson that the cables be turned back forthwith, probably not later than May 10. An hour later the postmaster general gave out a statement saying he would recommend that the telegraph and telephone service be returned to private owners, contingent, however, upon financial protection to be obtained from congress.

CHICAGO MAN ARRESTED BY FISH WARDENS

Edwin Noice of Chicago, was arrested Sunday by Deputy Fish Wardens Dilz and Jewell charged with fishing without a license. He pleaded guilty and was given the minimum fine of \$25 and costs of the case. Justice Stipp remitted the latter when the fine was paid.

Noice has been visiting in Portland and was invited by Dr. Cavanaugh Sunday to fish and the doctor provided an outfit for him but neglected to inform him that he needed a license.

When the fine was given the man pleaded for leniency as he was a visitor here and was leaving in a few days, but this kind of a fine cannot be remitted and he paid it after much protest.

David McGinnis, a soldier boy visiting here, was also arrested Sunday for the same offense but the justice took the case under advisement and the man will appear at 10 o'clock today for hearing.

Two other warrants are out for fishermen charged with this offense, one of these being a Salem man.

MANY ATTEND CONFERENCE OF NEWSPAPER MEN

U. of O., Eugene, April 26.—With 33 newspaper men, editors and publishers from all parts of the state in attendance, the first annual Oregon newspaper conference, under the auspices of the university school of journalism, started Friday afternoon.

The opening session was devoted to advertising and the men who spoke dealt for the most part with this subject alone.

In the evening the visitors, their wives and friends were guests at a dinner at the Chamber of Commerce, given by Eugene business men. One hundred and fifty plates were laid. The conference closed at noon today with a banquet for the visitors, served at Hendricks hall, the university women's hall of residence.

Those in attendance from Oregon City were: E. E. Brodie and Lloyd Riches of the Morning Enterprise, C. W. Robey of the Courier, and Alvin Phippils of the Banner.

SHERIFF GETS BOOZE

If Joe Carlson of Colton planned to have liquid refreshments on a picnic Sunday he was doomed to disappointment as Sheriff Wilson found a package containing four bottles of home-made beer in his car and confiscated it.

Carlson was at the dance at Mulino Saturday night and the sheriff made the raid at 2 o'clock in the morning.

The man put up \$10 bail to appear

DIRECTORS FORCED TO FILL MANY VACANCIES

Rollin W. Kirk was reelected city superintendent of schools Wednesday night for the next school year at a salary of \$2200 per annum, an increase of \$200.

The school board has an unusual task before it this year in the selection of grade teachers, as out of the 19 teachers in the grades from the first to seventh inclusive, 16 have indicated their unwillingness to teach here next year. Two high school teachers will not be applicants. Those teachers who have signified their intention of leaving Oregon City are Zoe Brown, Elizabeth Lewis, Jennie Perkins, Mrs. Helen Purcell, Agnes Harris, Mrs. Gladys Hargreaves, Mrs. Stella Edwards, Elfreda Epling, Clara Wiewesiek, and Mrs. Nettie Theroux. A leave of absence for a year was granted to Miss Agnes Harris, who will go east for a year. Miss Wiewesiek is to attend the University of Washington, and several others expect to retire.

The salary question for grade teachers was determined at Wednesday night's meeting and the following scale was established for grades from third to eighth, inclusive, not affecting grade principals: One year's experience, \$75; two years experience, \$80; three years' experience, \$85. Credit for teaching experience is given for work in other schools. The salary scale for the first and second grades is the same as for other grades of one and two years' experience, and is \$2.50 per month less for teachers with three, four and five or more years of experience. This schedule will mean an increase of \$10 a month for some of the grade teachers who have had five years' work or more.

COMMUNITY MEETING HELD AT GLADSTONE WAS WELL ATTENDED

The residents of Gladstone held a community meeting at the school house Saturday evening with Harvey E. Cross presiding.

Addresses were made by Miss Anthony and Miss Snediker, school club leaders, followed by R. G. Scott, county agricultural agent, who spoke on Community needs. It was decided to form a community club. A committee, composed of Mrs. H. C. Salisbury, Mrs. F. L. Oswald, and Mrs. Hulbert, was appointed to prepare a program, which will be given May 16.

Messrs Oscar E. Freytag, Hollingsworth, Rev. Ditton and Rev. Bear were appointed a committee on Constitution and by-laws.

The club has as its ultimate goal not only the beautifying of Gladstone, but is looking forward to the erection of a club house, located near the school, which will be a community center.

One feature will be an annual picnic with a community play and concert.

The club will also look after the clearing and beautifying of the river bank which was dedicated to Gladstone a number of years ago, by H. E. Cross, founder of the town. Messrs W. W. Leete, O. E. Freytag and J. M. Tracey have been named as a committee for this purpose.

SHIPBUILDING METHOD OF UNITED STATES SEVERELY CRITICIZED

CHICAGO, April 25.—Methods and results of the government's shipbuilding program were scathingly arraigned at the session of the National Foreign Trade convention today by Homer L. Ferguson, president of the Newport News Shipbuilding & Drydock company.

"It was apparent that the opinion of anyone who knew anything about ships was not wanted at Washington," Ferguson declared. "The entire fleet of Great Britain cost \$1,000,000,000, and the fleets of the rest of the world outside America cost \$2,000,000,000. During the war we spent for a fleet that is probably only half that of Great Britain in earning power and usefulness, \$4,000,000,000. What congress plans to do now I
