BEAUTY CHATS

EDNA KENT FORBES

Questions Answered
Mrs. H. L. B.—Yes, indeed, I do approve of the electric vibrator used on the face and the scalp. The chief value of it is that it stimulates the circulation of blood to the surface of the skin—and the roots of the hair. This bringing of new blood repairs the waste that is constantly going on, carrying off what is no longer needed and bringing new nourishment to each minute particle of the skin. That is the value, really, of any sort of massage.

Of course, the vibrator must be used gently, especially on the delicate texture of the complexion or you will do more harm than good. And a tonic should be used on the hair as well. For treating wrinkles, get a good cold cream, something with almond or olive oil in it, and use this after a wash with hot water. After the massage wipe off the surplus cream and rub the skin with ice. This is astringent and draws up the lax muscles that make flabbiness and wrinkles. I'll mail you directions for sage and sulphur stain if you will send me a letter with a self-addressed stamped envelope.

SPRING FEVER

Following Colds, Grippe, Thin, Watery or Poisoned Blood

(By DR. VALENTINE MOTE.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and herbs.

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets.

Los Angeles, Cal.—"I will gladly tell of the relief and cure Dr. Pierce's Golden Medical Discovery gave me. I was sick with all troubles of stomach, liver, etc., and La Grippe with all its attending ailments. When all else failed Dr. Pierce's Golden Medical Discovery did the good work. I also took 'Pleasant Pellets' for biliousness, with great success. I write with gratitude to tell others of the relief that is in store for them. Do not delay but hasten to get the above remedies if suffering from any ailment."—Samuel Katsky, 978 E. 4th St.

ADVENTURES OF JIMMY COON

The artist was painting a great picture for a prize, and he was finishing the wool of a sheep. Cousin Bruin and Jimmy Coon were looking right over his shoulder, but he was so busy he didn't know it. He thought that Cousin Bruin's breath was a warm wind blowing, but suddenly Cousin Bruin gave a deep sigh. The man turned a little and looked into Cousin Bruin's little black eyes. Now you have heard people say that something or other gave them a shock; well Cousin Bruin certainly gave that man a shock. He dropped his palette and his brushes and ran as if a thousand fiends were after him. He did not stop until he was on the other side of a deep ravine. He acted as though he expected to feel claws in his shoulder every minute, never giving a thought of the great prize he was to win.

Now wasn't he a foolish man? Dear Cousin Bruin only wanted to see what he was doing and Jimmy Coon wouldn't hurt a fly!

"Now Jimmy Coon, what is the matter with all those silly people? Any one would think I had the small pox, and I only want to see what they are doing," said Cousin Bruin as he stood on his hind legs, and gave a low growl.

Then he pushed over the easel, stepped on the paint box, and licked off all the paint from those lovely sheep. Jimmy Coon took a taste too, but he found he didn't have a taste for art. He screwed up his mouth, made a wry face and ran to the brook to rinse out his mouth, and Cousin Bruin found the artist's gun, and hugged it to him. As he did, both the barrels went off with a bang and scared all the hunters nearly to death. They didn't like the smell of the powder at all, and so they followed the artist over the ravine. When the poor man turned and saw those hunters after him, he thought his last hour had come. He ran faster than ever, but those animals weren't after him at all. They were just running away from the gun and the powder. After a while Cousin Bruin stopped, for he came to a tall tree with scratched and torn places on its sides.

NEW TEAM ORGANIZED

Although somewhat late in the season a base ball team is being organized here that should make a good showing with the semi-professional teams of the state. Several of the players have made good reputations in the California State league, the Tri-State league and the old Kirkpatrick's of Portland.

The first game for this team will be next Sunday at Canemah Park with some fast team from Portland. These boys are preparing to take part in the Chautauqua games this season and intend to challenge all teams in the county for the championship.

Those trying out for outfield will be Lang, Herion, Lacey, and Hankins. Lang and Hankins are old-time Oregon City players and are well known here for their work in former years. Lacey is a former star of the Kirkpatrick's, and Herion is a new comer, who from indications shown at practice, will give a good account of himself.

Ed Lavier, former player of the Tri-State league and the fast Woodburn team, will hold down the initial sack. Lavier is a good man in this position and is a good hitter.

"Squeak" Hamlin, a former Gresham Giant player, will be stationed at second.

Ward, an Oregon City boy, will play short stop. He covers a world of ground and has a nice peg to first.

Andy Mattee, a former California State league player, will cover the difficult corner. He is also fast and should work well with Ward.

RURAL CARRIER IS SUMMARILY FIRED BY WIRE

Frank Whiteman, for 15 years a rural mail carrier out of Oregon City, was summarily dismissed about a week ago upon telegraphic instructions from the postoffice department.

Postmaster Cooke admitted that a carrier had been discharged, and said that one of the carriers had been discovered placing literature of a Bolshevik nature in the rural mail boxes on his route, and that he had warned the offender. It is presumed that Whiteman persisted, however, as the federal authorities demanded his immediate removal.

Whiteman was asked to make a statement, but failed to do so.

Jurors of Circuit Court Dismissed

Owing to so many of the circuit jurors being ill or out of the county Judge Campbell discharged the jury Saturday and told them he would call a special session of the circuit court and draw a new jury.

Judge Campbell says he does not know of another case of this kind in the history of Oregon.

MEETING AT ROCK CREEK

At the Rock Creek church, northeast of Hubbard in Clackamas county, a meeting is to be held next Tuesday night, at the church, to arrange for a clean-up of the adjoining cemetery and to build a new fence around it. A number of Oregon City people are interested in this property. This meeting convenes at 8 o'clock.

Arant in the high school, John R. Bowland in the Barclay building, and N. W. Bowland in the Eastham building have been engaged for the next school year and the following high school teachers chosen: Lydia Doolittle, Luther A. King, Lois McQuaid, Georgia Prather, Burr E. Tatro, Evelyn Todd, Elizabeth Wagner, Coy B. Woodward and Burnice Zimmerman. Three high school teachers, Zoe Brown, Elizabeth Lewis and Rose Price did not apply.

In the grades Mrs. Eva Scott, Mrs. Gussie Hull, Mrs. Ethel Landsdowne, Miss Emma Roen, Mrs. Marjorie Stipp, Esther Harris, Lela Reed, Grace Crooks, Clara Wiewesiek, and Cordelia Wiewesiek were reelected, and the following grade teachers did not seek positions: Jennie Perkins, Lucille Roe, Mrs. Helen Purcell, Agnes Harris, Mrs. Gladys Hargraves, Lillian Holmworth, Mrs. Stella Edwards, Elfreda Eppling, and Mrs. Nedette Theroux.

Mrs. Laura Mack was reelected to the position of drawing supervisor. Mrs. Nieta Barlow Lawrence will not be an applicant for reelection as supervisor of music in the grades.

Under the new salary schedule adopted by the school board for the grades all of the grade teachers will receive increased pay. The scale provides that teachers with one years experience shall receive \$75 per month; two years, \$80; three years, \$85; four years, \$87.50; five

years or more, \$90. This scale applies to grades from the third to eighth inclusive, but for the first and second grades the monthly salary will be \$2.50 less for teachers with three years experience or more. Teachers with one or two years experience will receive the same in the first and second as in the other grades.

Nine vacancies in the grades and three in the high school will have to be filled.

OTTO HOGG HOME AFTER SERVICE IN FRANCE AND BELGIUM

Otto T. Hogg, who has been in the army for the past 19 months, ten months of which was spent in France and Belgium, arrived in Oregon City Friday.

Otto Hogg is the third son of Mr. and Mrs. Fred Hogg of Clackamas Heights, Oregon City, to enter the service, his brother, Carl, who also returned from France a short time ago. Oscar Hogg, who is anxiously awaiting for orders to return home, is in New York.

Otto Hogg was in some of the heaviest engagements while stationed in France. He was in the battle of Argonne Forest, and St. Mihiel, besides seeing active duty in other sectors. Many places in France were visited by this young man, and he enjoyed his furlough spent in Paris, also at La Havre. Mr. Hogg says that in all his travels he prefers Oregon to them all. After a few weeks rest, he will resume his position with the Hogg Brothers hardware and Furniture store.
