GERMANS ARE AROUSED OVER TERMS OF TREATY

BERLIN, May 12.—Big demonstrations against the signing of the peace treaty by Germany were held Sunday in Berlin, Breslau, Danzig, Koenigsberg, Cassel, Bochum and other places. The demonstrations were organized by the national people's party.
"If this treaty comes to pass, I will bring up my children in hatred," said Deputy Traub, speaking in Berlin.
"Germany has seized and unfurled a new banner, on which are inscribed President Wilson's 14 points, which the president apparently has deserted," said Friedrich Ebert, the German president, in a statement to the Associated Press today.
President Ebert called the peace treaty a "monstrous document." He declared that history holds no precedent for such determination to annihilate vanquished peoples.

LICENSE TO WED

Minnie Schicklesier, 36, and Carl Ulrich, 48, both of Wilsonville, were issued a marriage license by the county clerk Monday.

ALLIES CAN ADMIT NO DISCUSSION OF TERMS

PARIS, May 10.—The allies can admit of no discussion of their right to insist upon the terms of the peace treaty substantially as drafted.
This is the reply to Count von Brockdorff-Rantzau, head of the German peace delegation, who submitted a note to Premier Clemenceau declaring the peace treaty contains demands which could be borne by no people, and many of them incapable of accomplishment.
Count von Brockdorff-Rantzau has also been informed, in answer to his complaint that Germany was asked to sign the allied plan for a league of nations, although not among the states invited to enter it; that the admission of additional member states has not been overlooked but has been explicitly provided for in the covenant.

Tennessee Is "Dry," but Governor's Daughter Uses Champagne at Launching

MISS HELEN LEONA ROBERTS

Tennessee is a dry state. When the Tennessee slid down the ways at the Brooklyn Navy Yard Miss Helen Leona Roberts, daughter of Governor A. H. Roberts of Tennessee, smashed a perfectly good bottle of champagne against the superdreadnaught's prow. Miss Roberts is athletic and she swung the bottle so hard that drops of champagne were sprinkled on members of her father's staff. Among them was Colonel Ely Riddelshimer, who, when Miss Roberts apologized for wetting him, said gallantly: "That's all right, but I would rather have it inside me."

PRESIDENT REMOVES BARRIER ON SHIPYARDS

WASHINGTON, May 13.—Orders for possibly 3,000,000 gross tons of ships to be built for foreign account in American shipyards may be placed as the result of an order by President Wilson permitting the building of such ships provided it could be done without interfering with the construction of the American merchant marine.

The president's action was announced in a statement issued today at the White House.
Officials of the shipping board to date would not venture more than a guess as to the tonnage American shipbuilders might contract as the result of the president's order, which it was said at the White House, had been issued at the suggestion of Chairman Hurley of the shipping board.

SALMON RUN HEAVY

SALEM, May 14.—Royal chinook salmon by the thousands are now passing over the fishways at Oregon City, according to Master Fish Warden Clanton, and he looks for successful trolling in the upper Willamette river in the next few days. The rush of the big fish over the falls is somewhat later than usual because of the condition of the water. Improvements made in the fishways at Oregon City, Mr. Clanton says, are satisfactory. The run at Astoria is well up to the average.

PRESIDENT MAINTAINS POSITION ON FUME

PARIS, May 9.—The Italian difficulty is as far from settlement as ever, according to the French press, which asserts that President Wilson maintains his position and it is not believed that he will depart from it in the slightest. He has not adhered, it is said, to the proposed compromise by Italy would "administer Fiume as mandatory of the league of nations until 1923, after which Fiume would revert to Italian sovereignty, the Jugo-Slavs being given a port a few miles lower down the Adriatic coast.
The impression in French conference circles is that Italy is temporarily abandoning her claim to Fiume and will exact full execution of the pact of London, which, as it involves not only Dalmatia but the Dodecanese islands, will raise the whole Greek problem and singularly complicate the situation.

REPUBLICANS SELECT CUMMINS OF IOWA SENATE PRESIDENT

WASHINGTON, May 14.—The senate Republican conference today selected Senator Cummins of Iowa, as president pro tem of the senate on nomination by the Progressives. STOCKHOLM, May 12.—A Helsingfors dispatch to Afton Tidningen (Evening Journal) today reported that all foreigners had been ordered to leave the city (Helsingfors) immediately. The order, it was stated, was believed to have resulted from preparation for an allied move on Petrograd and Helsingfors. Several French warships were said to be lying off Helsingfors and 20 British warships are expected there.

British Labor Claim Peace Terms Hard

LONDON, May 8.—After meeting to consider the terms of peace imposed upon Germany by the allied and associated nations, the national executive committee of the British Labor party tonight issued a manifesto declaring the treaty in some essential particulars "opposed to the declarations of President Wilson, of the inter-allied labor conference and the Berne conference, and very defective from the standpoint of world peace."

Troops In Russia To Soon Depart

ARCHANGEL, May 10.—Tentative arrangements are being made to begin withdrawal of American troops from North Russia early in June, but no definite orders have as yet been received by the American commander. American troops have not been engaged on a large scale in the past month's fighting.

GERMAN PRESIDENT MAKES ATTACK ON TERMS OF TREATY

BERLIN, May 11.—Declaring that the terms of peace presented by the allied and associated governments to Germany "contemplate the physical, moral and intellectual paralysis of the German people," that Germans were "hypnotized" by statements made by President Wilson, and that he himself is looking forward to the future "with gravest apprehensions," President Ebert said today that he still hoped that American democracy would not accept the treaty framed at the peace conference. He rejected with disdain the suggestion that the present German government would resign rather than accept or reject the terms, saying that the government would hold out to the end.

HOUSEHOLD HINTS

A heated lemon yields more juice than a cold one—about twice as much.

To prevent odor of boiling cabbage, add pinch of baking soda.

Use old whisk brooms, trimmed down, to clean pans when food sticks on bottom.

Before boiling milk, rinse saucepan with hot water, and milk will not stick to pan.

When boiling sage or rice add a spoonful of lemon juice; the kernels will be whiter and of more delicate flavor.

To keep moths from furs and woolen fabrics, sprinkle spirit of turpentine over sheets of paper and lay the

first sheet on the bottom of drawer or chest, followed with the fabric and sheets every six or eight inches. This method is effective.

Paint, however old and dry it may be, can be removed from carpets and draperies by a liberal use of chloroform. Saturate the spot, keep it close covered for half an hour, then brush out. The liquid destroys the oil in the paint, leaving only a powder, that usually comes out with no stain, unless on very delicate fabrics. In obstinate cases the application may need to be repeated several times. Be careful not to inhale it.

Lamps that Smoke—The best means of preventing lamps from smoking is to saturate the wicks with strong vinegar and allow them to dry before using them. Following this little device one will be astonished to see how clear and brilliant a flame is produced by this very simple procedure.

To Remove Old Putty Out of Window Frames—Paint the putty with a camel's hair pencil dipped in nitric or muriatic acid. It soon becomes soft enough to remove with the fingers.

To Clean Plaster Casts—In their natural state they are best freed from dust by covering them with a thick layer of starch, when the starch is dry brush thoroughly with a stiff brush.

When making coffee, sprinkle a little salt on the coffee before pouring on boiling water, and the flavor will be wonderfully improved. Always see that the pot is warmed before making coffee.

Grated Chocolate may be used in a cake to take the place of some of the butter. The fat in one cup of grated chocolate will equal one-fifth of a cup of butter.

Furniture Polish—Curd soap, 4 parts, spirits turpentine 5 parts, boiled linseed oil 5 parts, water 50 parts. Mix.

Floor Gloss or Polish—Rosin 2 parts, Venice turpentine 1 part, red shellac 4 parts, strong alcohol 20 parts.

Black Varnish for Iron Stoves and Fire Places—Stir Ivory black into ordinary shellac varnish. Apply when article is perfectly cold.

To Clean Marble or Tin—Powdered oxalic acid 4 ounces, baking soda 4 ounces, powdered pumice stone 4 ounces, sifted whiting 3-4 pound. Mix well together. Moisten and rub on with a rag.

Transparent Cement for Mending Crockery Ware, etc.—Gelatin 1

ounce, acetic acid 2-12 ounces. Dissolve by putting in a vessel and placing in boiling water.

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

The cool fighter always wins and so there is no need to become panicky-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Ironics" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.
Astoria, Oregon—"After having had the Grippe I could not regain my strength; my blood was poor, I was nervous and also had rheumatism. I tried everything but just could not get any relief. Finally I decided to take Dr. Pierce's Golden Medical Discovery and it cured me. I think it is simply great. I use the 'Pleasant Pellets', too, for constipation.
"I always recommend Dr. Pierce's remedies and am glad to do so at this time."
G. R. Spicer, 373 Exchange St.
