13, Town Plats.

Scale: 320 feet to the Inch

This (the original) Plat is on a scale of two hundred and forty feet to the inch. So much of the town as lies between Washington street and the River was surveyed in the spring of 1844 by Jesse Applegate. The remainder of the town from Block numbered ninety-three (93) to one hundred and seventy-nine inclusive was surveyed by Robert R. Short in the Autumn of 1849. All streets except 6th Street are 60 feet wide and cross each other at right angles. 6th Street is 60 feet wide on the hill or bluff and at the River but is only (about) 30 feet wide at the foot of the bluff. All lots in that part of the town surveyed by Jesse Applegate are at least 66 feet front and 100 feet back. The valleys in this part of the town are 10 feet wide. Portions of lots as marked on the plat. All lots in that part of the town surveyed by Robert R. Short are 60 feet front and 105 feet back, the alleys in this part of the town are 20 feet wide. Blocks numbered 96 to 102 and 152 are public squares. That part of the town set apart by red lines has been donated to the Probate Judge of Clackamas County in trust and upon conditions specified in the deed conveying it. Some lots are more than 60 feet front in consequence of an allowance made because of difficulty of measuring the blocks being in some instances made more than full. The space between the edge of the bluff and Blocks numbered 93, 92, 91, 90, 89, 88, 87, 86, 85, 84, 83, 82, 81, 80, 79, 78, 77, 76, 75, 74, 73, 72, 71, 70, 69, 68, 67, 66, 65, 64, 63, 62, 61, 60, 59, 58, 57, 56, 55, 54, 53, 52, 51, 50, 49, 48, 47, 46, 45, 44, 43, 42, 41, 40, 39, 38, 37, 36, 35, 34, 33, 32, 31, 30, 29, 28, 27, 26, 25, 24, 23, 22, 21, 20, 19, 18, 17, 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1, is donated for a promenade for the inhabitants of Oregon City. All the space in front of the blocks on water street not covered by the width of the street (sixty feet) is reserved as private property. All the space below the edge of the bluff along in front of Blocks numbered 13, 14, 15, 16 and 17 is reserved as private property. The place of beginning for that part of the town which lies immediately along the River and under the bluff is at the North East corner of Block numbered one (1) as marked in the plat. The land mark being a black paved stone planted in the ground at the place designated by the streets in this portion of the town parallel with the River from the southern end of Block numbered one (1) to the Northern end of Block numbered four, bear North 35° 30' East, from Block numbered five to Block numbered nine (9) they bear North 55° East. The place of beginning for that portion of the town lying on the hill in back of the bluff is at the North West corner of Block numbered thirty-seven (not owned by Judge Thornton) distinguished by a black paved stone placed in the ground. Streets in this part of the town parallel with the River bear North 34° East. All streets, alleys and squares are donated to the City Corporation for the public, the streets to be forever kept open, the squares to be enclosed if deemed expedient. All ferry rights are reserved along the entire front of the town.

(signed) John Mc Loughlin

I do hereby certify that the above plat representing the Town of Oregon City and distances are correct.

(signed) R. R. Short, Surveyor
