

LOOK WHO'S DRIVING

When Charlie didn't start off fast at a light, he got bumped from behind.

Then the driver passed but had to cut in fast, forcing Charlie to stop short.

Charlie saw R-E-D. He gave in to his emotions, and lost all his self control.

Charlie sped ahead and told this wise guy he'd teach him a thing or two.

STARRING CHARLIE YOUNGHEAD

Veterans' Aid Man Coming
VFW Official To Be Available
To Aid Veterans With Problems

Department of Oregon Service Officer, G. O. Pike, Veterans of Foreign Wars, will be in Coquille Thursday, December 16th and will assist any veteran claimants, whether members of the VFW or not, and their dependents, in any matter concerning veteran's affairs. Service officer Pike has his office adjoining the Veterans Administration in Portland so has ready contact with them and can be of great assistance to anyone needing his services. He will be at the Coquille hotel the afternoon and evening of December 16th.

The post service officer of any local post has an exceptional heavy work load in performing the duties of his office, hours that generally aren't realized even by the members of his own post as most of the work he does is carried on directly between him and the veterans or veterans dependents that he is helping. Unfortunately Coos county doesn't have a full time paid service officer, so the work that the post service officer does should be even greater appreciated.

Coquille Post 965, VFW, from time to time has sent the post service officer to service officer's school to make himself more valuable to those needing his services. The visit of the Department Service officer greatly helps.

Liquor Licenses
Expire December 31

All current license certificates expire at midnight December 31, the Oregon liquor control commission reminded licensees this week. Renewal application forms have been sent to Coos county's 166 retail licensees and should be returned to the commission with the proper license fee not later than December 15 to allow ample time for issuance of 1955 license certificates by the first of the year. The act of filing an application for a 1955 license will not legally permit an operator to sell alcoholic beverages after December 31 unless he has a valid license certificate in his possession, the commission emphasized. Renewal applications also should bear the approval of the licensee's local governing body, which is either the city council or county court.

ber, Sandra Stuller, Renee Mar-ineau, Kay Rosenagle and Sandra Hartley.

Brownie Scout troop 1 invested its 15 members on November 17th in the parlors of the Methodist church. Mrs. Phil Albom and Mrs. Lee Mizer served refreshments to the guests and girls.

Leaders of this second grade troop are Mrs. Ray Hunsaker and Mrs. Lee Mizer and Mrs. Dan Sage. Girls invested as Brownie Scouts are Loraine Parent, Helen Hunsaker, Lee Anne Mizer, Judy Albom, Diane Ray, Nancy Powers, Linda Meek, Pat Riedel, Joan Finnegan, Vicki Graham Norma Atwell, Mary Farr, Kathie Day, Mary Van Doren and Nancy Mintonye.

See "Spike" Leslie for insurance of all kinds, phone 4891.

Sentences Given
By Judge Dal King

Ole Weitlola Melton and Raymond George Spaur both received suspended sentences when they appeared before the Hon. Judge Dal M. King last week.

Melton pleaded guilty to a charge of obtaining money under false pretenses and Spaur entered the same plea to a charge of taking and using a motor vehicle without permission. Neither will report to the parole board.

Summers Serves
On Motel Group

Clarence Summers, Myrtle Lane Motel, Coquille, attended a meeting of the legislative committee of the Oregon Motor Court Asso-

ciation, of which he is a member, in Eugene last week.

Enforcement of the muffler law of Oregon, to reduce highway noise, was discussed. Members of the Association, motel owners in various parts of the state, report many complaints from tourists and travelers that unnecessary truck noises disturb the rest and cause annoyance to those who must sleep near the highway. Faulty mufflers and unskilled or careless operation of heavy trucks were blamed.

Effective highway directional signs, relocation and new construction of highways, hunting and fishing licenses and trailer taxation were among other subjects discussed by the committee.

Gift Box Opened
On West Main St.

As a result of the recent Pomona Grange Hobby show, several local hobbyists are sponsoring the Christmas Gift Box which opened last week on West Main Street. The store will be open every day but Sunday from 10 a.m. to 6 p.m.

Featured will be ceramics, textile paintings, wood fiber corsages, novelties, etched aluminum trays, hand painted myrtlewood gifts, fancy work, stationery and all-occasion cards.

ATTENDS MEETING

Mrs. Perry Pinkston, national junior vice-president of the Military Order of the Ladybugs, and Mrs. Florence DeNoma, Coquille, drove to Portland last week to at-

tend a Department Council of Administration of the Ladies Auxiliary of the VFW. Mrs. DeNoma is president of District 6.

Milt Ashton returned last week from a five day visit in Portland where he had been through the Portland Clinic.

Scholarship Voted
For Dairy Study

Officers and directors in a meeting of the Oregon Dairy Assn. at Corvallis voted to sponsor one full scholarship to encourage students to specialize in dairy industries courses.

The action was taken due to a critical shortage of technically trained personnel, reported Ellis Rackleff, treasurer.

Investiture Rites
Held By Brownies

Several Brownie Scout troops have held investiture ceremonies during the past few weeks. On Monday, November 22 at the Community building, the members of Troop 18 were invested by their leaders, Mrs. Al Reiner and Mrs. Mike Huddleston.

Mrs. John Gearhart, Mrs. John Harley and Mrs. Lee Marshall, troop committee, served refreshments to the girls and their families who attended.

Members of this troop are LaVerne Sergeant, Katherine Wher-eat, Carol Goodwin, Bonnie North-up, Sharon Hogate, Louise Gearhart, Maureen Reese, Merrily We-

Maybe once in a car-buying lifetime, you come across something that breaks all the old patterns and establishes new ones. This is that kind of car. This is the true story of how Chevrolet and General Motors shaped a new idea in steel.

Like most good ideas, this one is pretty simple. But it wasn't an easy one to carry out. For Chevrolet and General Motors set out with the idea of building the first low-priced car that would do all these things:

- bring you the very freshest and finest styling to be had.
- bring you the most advanced engine design and engineering features.
- bring you the kind of performance and the kind of ride that have never been available before in a low-priced car.
- bring you the highest quality of manufacture and materials.

All this in Chevrolet's price field? That *did* take some doing! And isn't it logical that only Chevrolet and General Motors have the people, the skills, the resources and facilities, to carry out this exciting new concept? Here is how this new Chevrolet changes all your own ideas about cars!

Real Show-Car Styling!

Your eye tells you the Motoramic Chevrolet is no styling "patch-up" job. A rakish, low profile... soft swiftness from its sleek rear fenders to its wide-eyed Sweep-Sight windshield... a new outlook for motoring. And that outlook doesn't change when you slip inside... there's more room for hats and hips... exciting fabrics and trim harmonized with the whole car... as carefully as a bride matches carpet to curtains.

A Sensational Ride!

You live the new idea instantly... you glide... actually glide because spherical joints "roll with the punch" of the road in Chevrolet's new Glide-Ride front suspension. And outrigger rear springs mean new balance in turns... turns made so effortless by new ball-race steering.

And when you stop suddenly, new Anti-Dive braking control checks that nosing down in front... you get more level stopping. Tubeless tires mean much greater protection against blowouts. And with new high-level ventilation there's fresher air.

Power Beyond Compare!

You also feel the new idea quickly... quick power like a panther's paw with the new "Turbo-Fire V8" (162 h.p.) and two new "Blue-Flame" 6's. And sparking this performance is a 12-volt electrical system giving you better ignition, faster starting, greater electrical reserve for any of the power assists you might

desire. You have a transmission choice of economical Overdrive and improved, automatic Powerglide (optional at extra cost) or standard shift.

Even Air Conditioning!

And if you desire the convenience of power assists (optional at extra cost)... you'll find new power-steering and improved power brakes on all models. Power-controlled windows and

powershift seat are available on the Bel Air and "Two-Ten" models, while air conditioning may be added on V8 models.

Won't You Try It?

Here, we can only tell you how successfully the Motoramic Chevrolet expresses the new idea behind it. But the car itself can quickly show you! Come in for a demonstration drive, won't you, first chance you get.

MORE THAN A NEW CAR, A NEW
CONCEPT OF LOW-COST MOTORING

Everything's new in the
