A large number of friends of the late Mrs. Olga Alfaretta McDaniel attended the funeral services held from the Holman & Pace funeral parlors Sunday afternoon.

Mrs. E. A. Wilkinson, a friend of the family, officiated, at the request of Mrs. McDaniel shortly before her death. Mrs. Wilkinson spoke highly of the deceased and took for her text "Write, Blessed are the dead, which die in the Lord, and gave a brief outline of her life as follows:

Schools of County in Good Condition

Brenton Vedder, county school supervisor, has visited over 10 schools since taking up his work this fall. The last school to visit was Union Mills district No. 98. Mr. Vedder has found most of the schools in good condition, and there is a better school spirit this year than at any previous time.

All the schools are provided with teachers, the last to secure a teacher was the Union Mills district. Mrs. Gladys Hargreaves, a former teacher of the Oregon City schools, and a teacher of much experience, was placed in charge there. Mrs. Hargreaves had decided to discontinue her teaching, but a salary of \$100 per month was offered her, and being near her home, she decided to accept. Mrs. Hargreaves taught during her husband's absence in France.

No Cure for the "Flu"

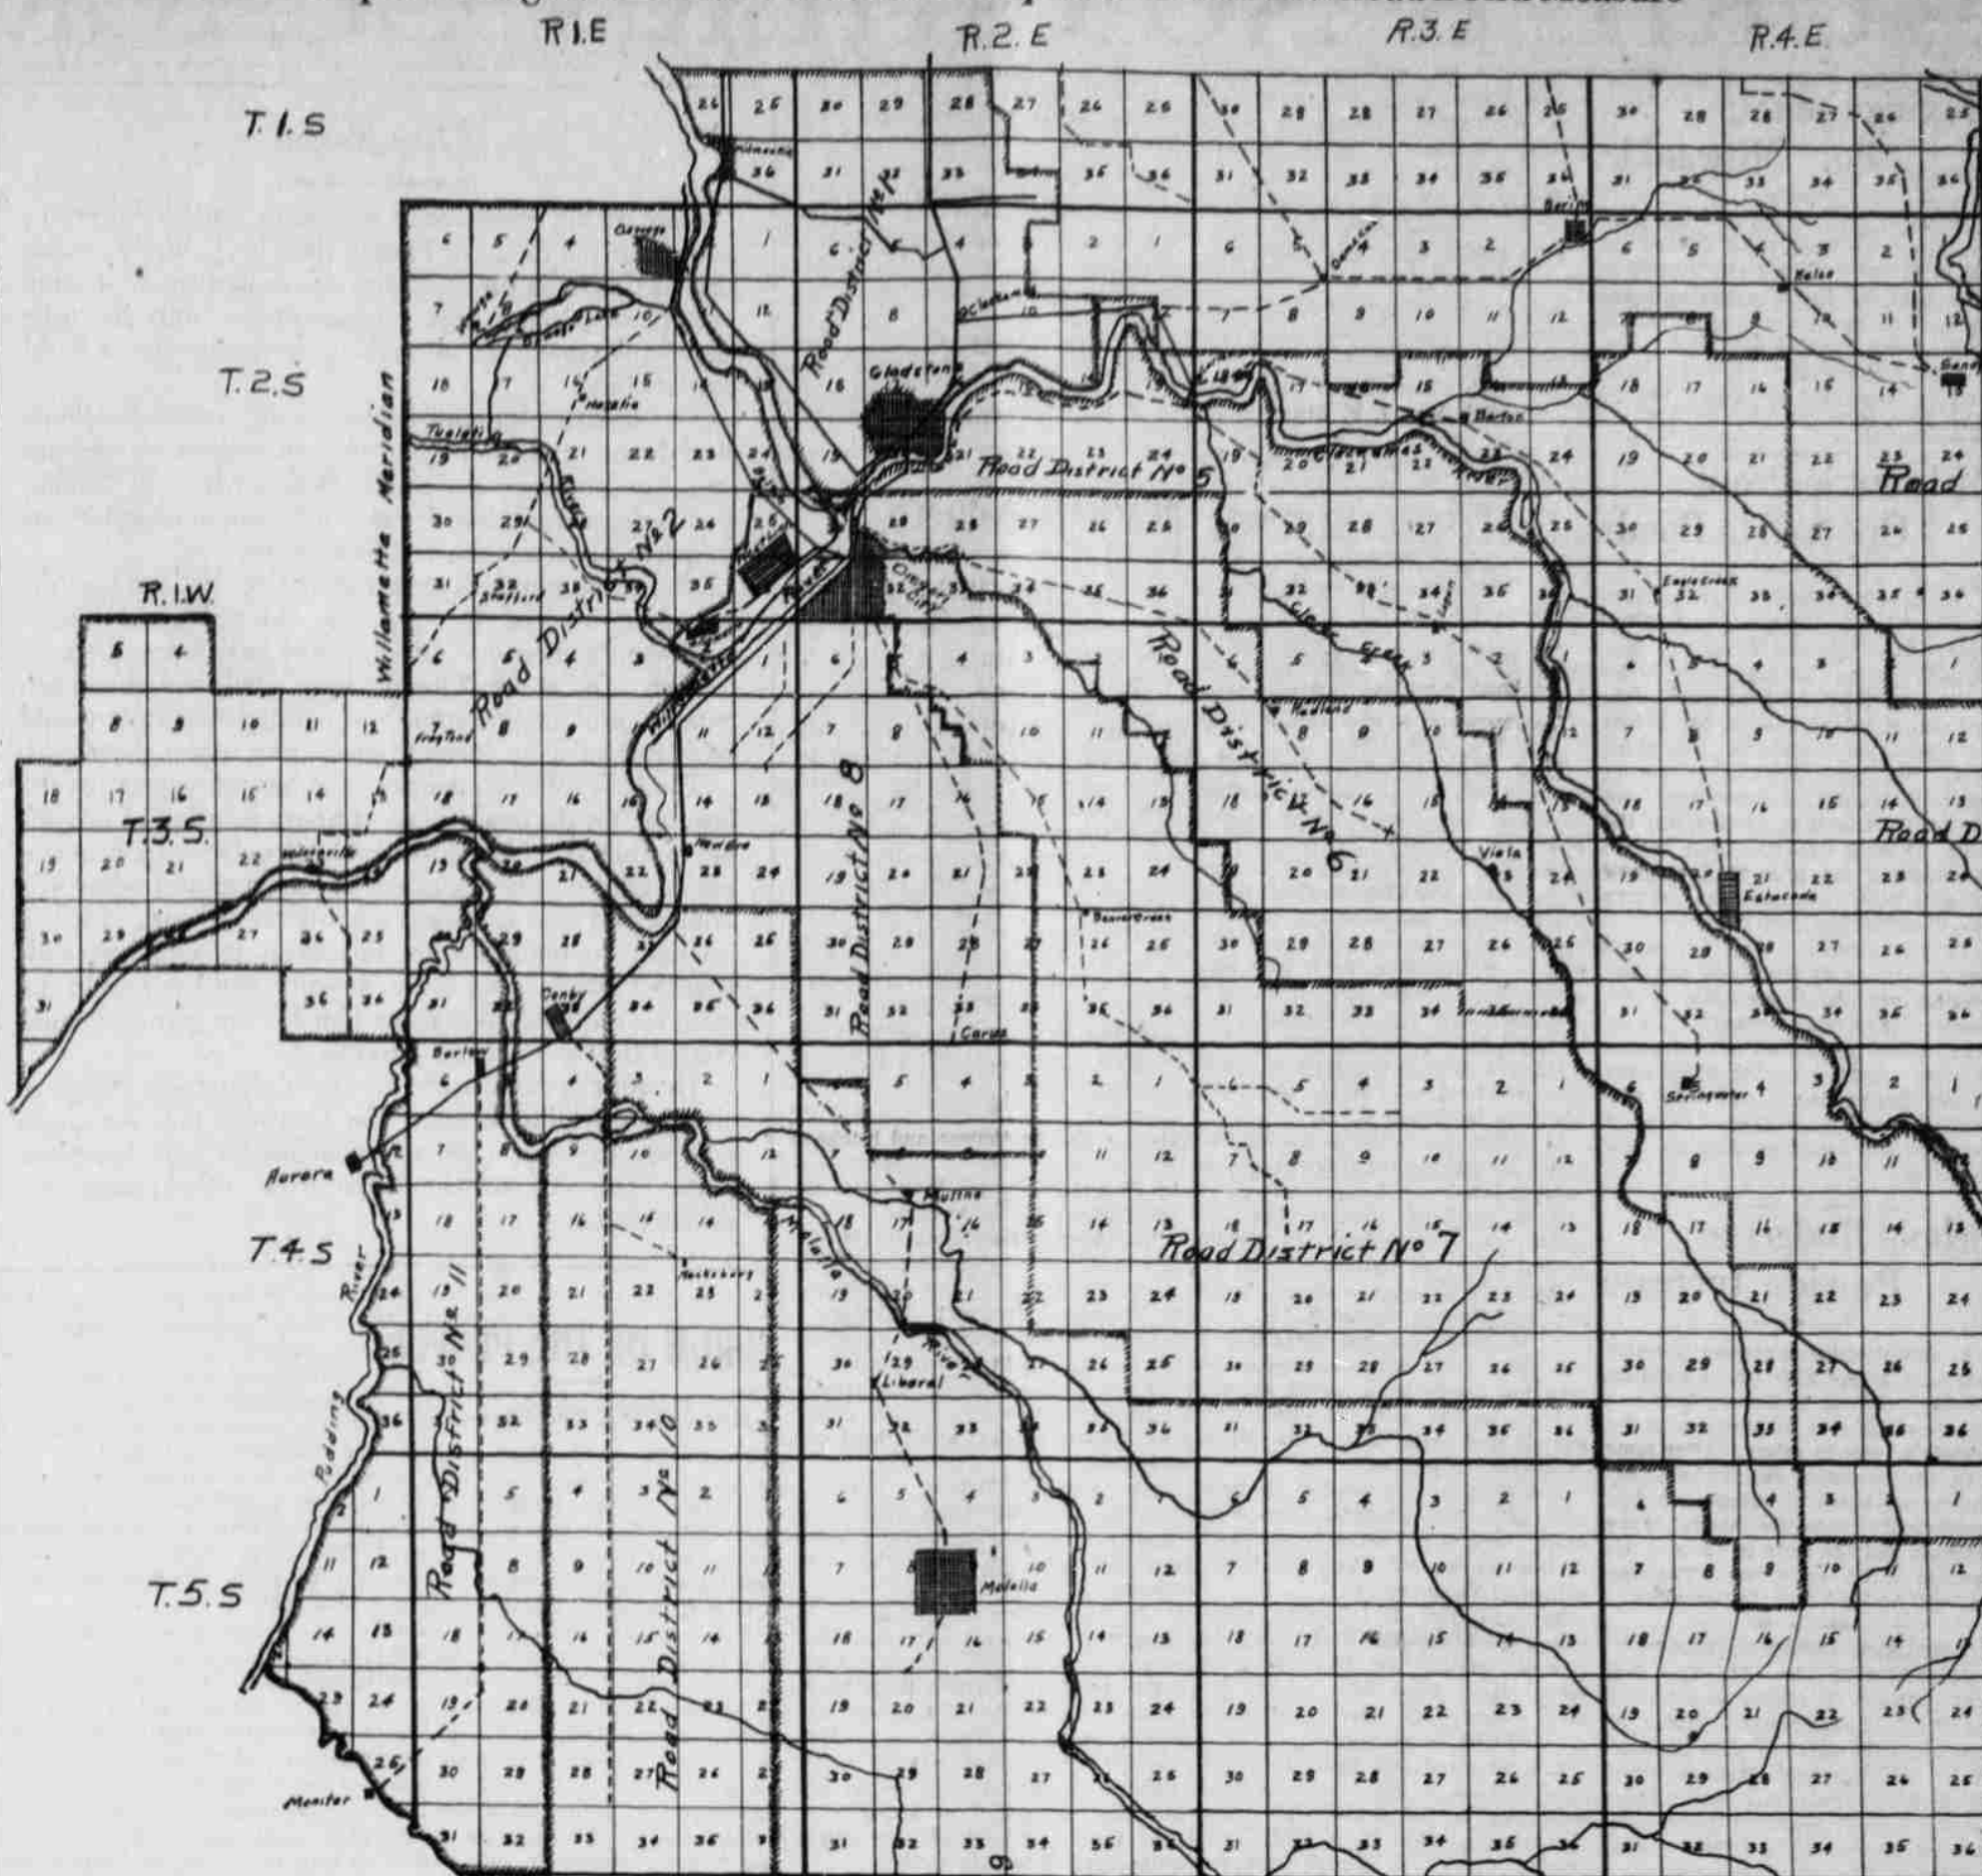

Although this dreaded Disease ravaged the Country last year yet a cure has really not been found for it, and Medical Authorities say another Epidemic will occur.

We urge everybody, the minute you feel a cold coming on, have fever or chills, dull aches or constipation, to take a THORO, CLEANSING, PURIFYING LAXATIVE.

Bathe your feet in hot salt water, take a good big cup of HOLLISTER'S ROCKY MOUNTAIN TEA (warm), and go to bed for the night—chances are you will feel fine the next morning and it won't be so easy for the "flu" or Grippe to get you.

Buy a package today, have it in the House and use it at the very first warning. Mothers should closely watch the children and treat them without delay.

Map Showing Location of Roads to Be Improved Under the Road Bond Measure

The map section of Clackamas county shown above conveys a very good impression of the roads to be permanently improved under the proposed \$1,700,000 bond issue. REAL ESTATE FUTURE IS BRIGHT

Healthy Tone is Indicated by Records in Tax Collector's Office

That Oregon City and Clackamas county real estate is not only showing a healthy tone but is actually on the move is the opinion given by County Tax Collector Taylor. He bases his opinion upon recent occurrences in his office. In 1916 a certain corporation which owned at that time considerable acreage and plotted territory in the city, like many other concerns, allowed their taxes to become delinquent. A number of persons took advantage of the opportunity and secured delinquent certificates against the property, consisting of about forty blocks.

About two weeks ago the corporation came and asked that the amounts against the property be figured out and stated that they were ready to pay the taxes. Now Mr. Taylor is having his hands full with the detail of figuring the interest on the various pieces of property. The taxes will amount to something like \$2,000.

Just last week one of the farms of the county, the taxes on which had gone delinquent for some time, was redeemed, the county being enriched to the amount of \$2,900 on the tract which comprised about 150 acres.

Mr. Taylor says that the above instances are not the only ones by any means but that there have been many property owners who have come in and paid their taxes on many tracts which have been put on the delinquent list. He says that this year's list will be smaller in delinquencies than for many years past.

COAL STRIKE CLOSES SCHOOL

MARSHFIELD, Nov. 10.—The Coquille high school will be closed after tomorrow night, unless the railroad administration should release coal on the tracks in that city.

How About Overalls

Local clothing dealers say that before next spring the price of a good suit of clothes will be around \$60 in Oregon City.

If this is true, we may expect to return to the good old days when, as boys, we wore patches on our pants, and donned overalls on Saturdays and after school.

It will require some considerable stretch of imagination to enable the man with the ordinary income to pay that much money for his next suit. It just can't be done.

It is reported that in the east there is a movement on foot for men to wear shoddy, or to sport a suit of outing goods, with wool as a negligible quantity. The administration appears to be mighty slow to curb the H. C. of L., with such prognostications staring up in the face.

Kozer Would be Next Secretary of State

SALEM, Nov. 8.—Sam. A. Kozer, who, through the eight years of Ben W. Olcott's incumbency as secretary of state, has been his deputy, yesterday made formal announcement of his candidacy to succeed Mr. Olcott. He will seek the republican nomination at the primary election in May, 1920.

Mr. Kozer's experience in the state house dates from January, 1899, when he was appointed auditing clerk in the secretary of state's office by F. I. Dunbar. Mr. Kozer stakes his candidacy on his long experience and his knowledge of state affairs.

When Dunbar retired from the secretary of state's office in January, 1907, he was succeeded by Frank W. Benson, who appointed Mr. Kozer as his chief clerk. He held this place until March 1, 1909, when Mr. Benson appointed him state insurance commissioner.

ATHLETICS AND DEBATES TO BE RENEWED IN COUNTY SCHOOLS

Superintendent Calavan is Arranging To Renew Activities Among County Children

Arrangements are being made by J. E. Calavan, county school superintendent, and Brenton Vedder, county school supervisor, for renewing the athletics in the schools of the county, and also renewing the debates. Owing to the war of last year these were discontinued, and as there are many important subjects now coming up where debates would be of interest, these will be started within a short time.

There are a number of cups that have been awarded in athletics and debates, and these will again be sought for by the various schools to participate in the same.

There are six cups in the grammar and high schools. Kelso has the cup at the present time for track and field meet for the grammar school; Gladstone for the debate in the grammar school, while Molalla has the cup given in the baseball games played by the schools.

In the high school contests Estacada has the cup for track and field meet; Molalla, baseball and Milwaukee for debate.

Arithmetic and spelling contests are also being taken up in the various schools.

WASHINGTON STATE DEFEATS UNIVERSITY OF OREGON, SCORE 7-0

Although outplayed in most departments of the game, Washington State college practically eliminated the University of Oregon as a contender for the Pacific Coast Intercollegiate conference championship on Multnomah field Saturday afternoon by beating the varsity 7 to 0.

When Stan Anderson fumbled on a cross-back after five minutes of play in the third quarter luck smiled serenely on the defenders of the crimson and gray.
